Notice of Annual Stockholders' Meeting

Notice is hereby given that the Annual Stockholders' Meeting (ASM or Meeting) of Metropolitan Bank & Trust Co. will be conducted virtually via the Cisco Webex Platform on Wednesday, April 27, 2022 at 2:00 P.M. The following items will be taken up:

AGENDA

- 1. Call to Order
- 2. Certification of Notice and Quorum
- 3. Approval of the Minutes of the Annual Meeting Held on April 28, 2021
- President's Report to the Stockholders
 Ratification of All Acts and Resolutions of the Board of Directors, Management and All Committees
- from April 28, 2021 to April 26, 2022
- Election of Directors for 2022-2023
- 7. Appointment of External Auditors for 2022-2023
- 8. Other Matters
- 9. Adjournment

Record Date. Stockholders of record as of March 11, 2022 shall be entitled to attend and vote at the Meeting.

Stockholders may attend the Meeting either through remote communication or by proxy. The Meeting will also be recorded. All of the votes cast shall be validated by SGV & Co.

Registration, Joining and Voting Procedures for the ASM.

Pre-Registration. Stockholders who will participate remotely/electronically should pre-register using a valid and active e-mail address and send a message to <u>ASMregistration@metrobank.com.ph</u> on or before April 20, 2022 and submit the following requirements:

For Certified Stockholders:

- (a) Individual Stockholders
 - i. A scanned copy of the Stockholder's valid government-issued ID showing photo, signature and personal details,
 - preferably with residential address (in JPG format). The file size should be no larger than 2MB:
 - ii. A valid and active contact number.
- (b) Corporate Stockholders
 - A Secretary's Certificate attesting to the authority of the representative to participate by remote communication for and on behalf of the Corporation (in JPG format). The file size should be no larger than 2MB;
 - A scanned copy of the valid government-issued ID of the Stockholder's representative showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
 - iii. A valid and active-mail address and contact number of the Stockholder's representative.
- (c) Stockholders under Joint Accounts

In addition to the above requirements, a scanned copy of an authorization letter signed by all Stockholders jointly owning the shares designating who among them is authorized to cast the vote for the account, has to be submitted. The authorization letter must also be in a digital, JPG format with a file size no larger than 2MB.

For Stockholders under PCD Participant/Broker account or "Scripless Shares"

- A broker certification on the Stockholder's number of shareholdings (in JPG format). The file size should be no larger than 2MB;
- ii. A scanned copy of the Stockholder's valid government-issued ID showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
- iii. A valid and active-mail address and contact number.

Important Note: Due to the continuing threat of the covid-19 pandemic, the Company shall continue to accept documents executed by individual stockholders via electronic signature, pursuant to relevant laws. However, documents required to be submitted by corporations (such as the Secretary's Certificate and Broker's Certification) must be notarized. The Company reserves the right to request additional information, including submission of original signed and notarized copies of these documents at a later time. Incomplete or inconsistent information may result in an unsuccessful event registration. As a result, Stockholders will not be allowed to participate in the virtual ASM.

Successful registrants will receive email event information from the following addresses:

Email address	Information/Instructions to be received
ASMregistration@metrobank.com.ph	An electronic invitation with complete guide on how to join the Meeting.
	(you will be asked to click a link which will lead you to the WEBEX registration page. As in any streaming platform, only your name and email address will be asked. You are not required to give any other personal information)
messenger@webex.com	Official WEBEX event link

For registration concerns and questions related to the meeting and about Metrobank, please get in touch with us through <u>ASMregistration@metrobank.com.ph</u>.

For technical assistance on registration you may call our ASM Hotline @ +639459777057 (Globe) or +639287002968 (Smart).

Proxy. Stockholders who are unable to join the virtual Meeting may appoint an authorized representative on their behalf, download, fill-up and sign the sample Proxy Form found on <u>https://metrobank.com.ph/annual-stockholders-meeting-2022</u> and send a copy to <u>ASMregistration@metrobank.com.ph</u> on or before Friday, April 22, 2022.

The submitted proxies are subject to the joint validation of the Company's Stock and Transfer Agent and SGV and Co.

Electronic Copies of Relevant Documents. Pursuant to SEC Notice dated February 16, 2022, copies of the Notice of Meeting, Definitive Information Statement and other related documents in connection with the Meeting may be accessed through the Company's website https://metrobank.com.ph/annual-stockholders-meeting-2022 and through the PSE Edge Portal https://metrobank.com.ph/annual-stockholders-meeting-2022

REGIS V. PUNO Corporate Secretary

Annual Meeting of the Stockholders April 27, 2022 at 2:00 P.M. VIRTUAL MEETING

EXPLANATORY NOTES TO AGENDA ITEMS THAT WILL BE SUBMITTED FOR RATIFICATION / APPROVAL OF THE STOCKHOLDERS

<u>Agenda Item 1</u>

Call to order

At 2:00 in the afternoon on April 27, 2022, Mr. Arthur V. Ty, Chairman of the Metrobank Board of Directors, will call the Meeting to order.

<u>Agenda Item 2</u>

Certification of Notice and Quorum

The Corporate Secretary, Atty. Regis V. Puno, will certify that the Notice for the 2022 Annual Stockholders Meeting has been duly published and distributed to the Stockholders as of Record Date of March 11, 2022 pursuant to existing regulations of the Securities and Exchange Commission (SEC). He will also attest whether the required quorum is present for the transaction of the business included in the Agenda.

Agenda Item 3

- 1. Approval of the Minutes of the annual meeting of stockholders held on April 28, 2021:
 - i. Call to Order and Certification of Quorum. The meeting was called to order by Chairman Arthur Ty at 2:00 o'clock in the afternoon. The Corporate Secretary, Regis V. Puno, certified that there were 3,027,167,206 common shares actually present in person or by proxy, out of the 4,497,415,555 common shares outstanding. This constituted 67.31% of the outstanding capital stock.

Voting Results Per Resolution

ii. Approval of the Minutes of the Annual Stockholders' Meeting held on May 28, 2020 via the following:

99.87% of shareholders virtually present and represented voted in favor of the proposal, none voted against while 0.13% abstained.

RESOLUTION NO. 071-MBTC-SH-2021

RESOLVED, that the Minutes of the Annual Stockholders' Meeting on May 28, 2020 are hereby approved.

iii. President's Report on the performance of Metrobank for 2020, as further detailed in the Annual Report for 2020.

During the Meeting, the Host-Moderator Minda A. Olonan picked questions received via email and/or sent via the Q&A panel at <u>https://conveneagm.com/ph/metrobank_asm2021</u>.

- 1. From Antonio C. Acpal (PHILSTOCKS):
 - a. Considering the impact of this COVID 19 pandemic and the corresponding economic recession, how much is the worst possible write–off in total loans?
 - b. When do we expect the economy to start to recover to pre-COVID levels?

President Dee replied that currently, it is encouraging to note that the Bank's NPL formation has thus far remained manageable at 2.4% as of the end of 2020. However, with the COVID-19 pandemic still ongoing, it is also possible that it could peak to 5% by the end of this year. He opined

that the true NPL picture would not really be seen until the 2nd half of 2021 as the nation is still undergoing stricter quarantines these days. The amount of write-offs will then actually depend on the trajectory of the NPL.

On the second query, he mentioned that Metrobank expects GDP to rebound by 5.5% from the 9.6% decline in 2020. Hopefully, the economy should recover back to pre-COVID levels by 2022 and the Bank can return to its normal trajectory. However, such recovery will depend on how the progress of the nationwide vaccination program and easing of quarantine restrictions play out.

2. From Molave Erik G. Nazaret (COL):

One of the biggest sources of income for some of the banks during the pandemic is securities trading. Are there any plans to boost MBT's securities trading in the short term?

President Dee explained that for the whole industry basically, the favorable trading results that came out last year were attributed largely to the 200bps drop in interest rates as BSP loosened monetary policy to support the economy and enabled most players in the industry to realize trading gains. Going forward, the move is not likely to be replicated this year as trading gains are expected to be more normal and will primarily be steered from customer-driven demand.

- 3. From Ishmael Sam D. Canua (COL):
 - a. Is Metrobank interested in the retail and consumer banking operations of Citibank Philippines?
 - b. How many employees will be given COVID-19 vaccines and what are COVID 19 vaccine brands?
 - c. There are several Amendment Bills in Congress such as (1) the amendment of the PDIC Charter that proposes to increase the deposit insurance from PhP500,000 to PhP1,000,000; (2) The Foreign Investment Act and the economic provisions in the 1987 Constitution including the 60/40 (Filipino to Foreign Equity Rule). There are also bills that have been passed into law such as the CREATE and FIST laws.

What is the bank's response to these amendments and proposals?

President Dee replied that the Bank is open to seeking opportunities that will expand the overall business and the sale of Citibank's consumer assets offers that unique opportunity. The bank is currently evaluating the business case for this transaction as it anticipates a lot of other interested parties exploring the potentials of acquiring that business.

For the vaccination program of the Bank, survey results show 90% of the employee population expressed willingness to be inoculated. Vaccines shall be procured through the bank's parent holding company, GT Capital which will basically involve Astra Zeneca, Moderna and Covovax/Novavax brands. Gradual deliveries are expected to arrive starting June of 2021.

In closing, President Dee conveyed that Metrobank has always been supportive of banking laws and regulations as well as any amendments to the PDIC Charter as long as it will be for the greater good. Also noteworthy is that based on the PhP500,000 insurance coverage, 97% of the Bank's deposit accounts in 2020 are already covered. The Bank also welcomes the amendments regarding easing of foreign ownership now that potential investors are thinking of diversifying localities where they establish their manufacturing bases. Given that traditional sources and bases for manufacturing are likewise experiencing labor cost increases, this presents a very good opportunity for the country to generate substantial job openings aside from the prospects of a great amount of technology transfer. With the CREATE law, the lower tax rate should provide the much-needed relief to corporations and will help spur economic recovery. Finally, the FIST law is viewed as a positive break to the banking sector as this will facilitate transfer of non-performing assets to third parties, hence easing burden of NPLs on capital and improving the bank's ability to lend.

iv. Ratification of All Acts and Resolutions of Management, Board and Management Committees including among others, the approval from May 28, 2020 to April 27, 2021.

99.89% of shareholders virtually present and represented voted in favor, none voted against while 0.11% abstained.

RESOLUTION NO. 072-MBTC-SH-2021

RESOLVED, that all acts, transactions and resolutions of Management, Board and Management Committees and the Board of Directors, including among others, the approval of loans, investments, new Bank products and services and related party transactions, from May 28 to April 27, 2021, are hereby ratified and confirmed.

v. Election of Twelve (12) Directors for the Year 2021 - 2022

Mr. Edgar O. Chua of the Nominations Committee, explained that the Nominations Committee and the Corporate Governance and Compensation Committee chaired by Atty. Angelica H. Lavares jointly evaluated the qualifications of all nominees to the Board of Directors, and that the Committees found that the nominees had all the qualifications and none of the disqualifications prescribed by law and regulations, and that out of the twelve (12) nominees, five (5) were nominated as independent directors. Twelve (12) directors were elected for the year 2021-2022.

Each Director received at least 97.28% votes from shareholders present and represented.

RESOLUTION NO. 073-MBTC-SH-2021

RESOLVED, that the following are hereby elected as directors of Metrobank effective immediately and until the successors are elected and qualified:

1)	Mr. Arthur Ty	7)	Mr. Solomon S. Cua
2)	Mr. Francisco C. Sebastian.	8)	Mr. Francisco F. Del Rosario, Jr.*
3)	Mr. Fabian S. Dee	9)	Mr. Edgar O. Chua*
4)	Mr. Alfred V. Ty	10)	Atty. Angelica H. Lavares*
5)	Mr. Edmund A. Go	11)	Mr. Philip G. Soliven*
6)	Mr. Vicente R. Cuna, Jr.	12)	Mr. Marcelo C. Fernando, Jr.*

* Independent directors

vi. Appointment of Sycip Gorres Velayo & Co. as External Auditors via the following:

97.96% of shareholders present and represented voted in favor, 2.04% voted against while none abstained.

RESOLUTION NO. 074-MBTC-SH-2021

RESOLVED, that as recommended by the Audit Committee and approved by the Board of Directors, Sycip Gorres Velayo & Co. is hereby appointed as the External Auditors of Metrobank for the year 2021.

There being no other matters for discussion, the meeting was adjourned.

Agenda Item 4

President's Report to the Stockholders

The President will report the highlights of Metrobank's Performance for the year 2021.

<u>Agenda Item 5</u>

Ratification of Corporate Acts

The matters for ratification include all acts, transactions and resolutions of the Board of Directors, management and all Committees done in the ordinary course of business from April 28, 2021 until April 26, 2022, including, among others, the approval of loans, investments, new Bank products and services and significant related party transactions as reflected in the Definitive Information Statement.

<u>Agenda Item 6</u>

Election of Directors for 2022-2023

The persons listed in the table below have been nominated to become directors for 2022-2023. All directors are elected for a term of one year and until their successors shall have been elected and qualified. The table below indicates their current board position (Chairman, Vice-Chairman, President, Director, Independent Director) board committee assignments, age, academic qualification, date of first appointment, experience, and directorships in other listed companies. With the exception of Jose Vicente L. Alde and Juan Miguel D. Escaler, all of them are incumbent directors of Metrobank.

	Laude, in Computer Science from the University of the Philippines and a Master's Degree in Business Management from the Asian Institute of Management (AIM).
JUAN MIGUEL D. ESCALER New Nominee as Independent Director	Mr. Juan Miguel D. Escaler, 56 years old, is the Country CEO and Director of Trusting Social AI Philippines. He also holds several Directorship positions in other companies like PASUDECO, Pointwest Technologies, Inc. and M. De Leon Inc. He was a former Co-Head of Investment Banking at Credit Suisse Philippines from 2012 to 2017 and was an Executive Director at Goldman Sachs Singapore from 2008 to 2012. His vast banking experience includes his previous roles in Merill Lynch Singapore as Director, ING Bank Manila as a Vice President, and ING Bank New York as a trader. He also holds a degree in BS Management, with Honors from the Ateneo De Manila University and an MBA from Columbia University.

The following were nominated as Independent Directors, namely, Mr. Edgar O. Chua, Atty. Angelica H. Lavares, Mr. Philip G. Soliven, Mr. Marcelo C. Fernando, Jr. and Mr. Juan Miguel D. Escaler. The corresponding Certificates that they have individually executed as independent director-nominees are attached as EXHIBITS 1,2 3, 4 & 5 of the Information Statement.

<u>Agenda Item 7</u>

Appointment of External Auditors

SyCip Gorres Velayo & Co., CPAs (SGV) has been the external auditors of the Bank since 1962. Representatives of SGV are expected to be present at the Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to answer appropriate questions from the stockholders.

Ms. Janeth T. Nuñez-Javier, SGV Partner, reviewed/audited the Group's financial statements as of December 31, 2021 and 2020 and for each of the three years ended December 31, 2021. In compliance with the amended SRC Rule 68 (3) (b) (ix), the signing partners are rotated after every five years reckoned from the year 2002 (increased to seven cumulative years effective August 2019 per Professional Regulatory Board of Accountancy Resolution No. 53, Series of 2019).

The Bank intends to retain SGV as its external auditors for the year 2022 and is submitting the same to the stockholders for ratification as endorsed by the Audit Committee with the approval of the Board of Directors.

<u>Agenda Item 8</u>

Other Matters

The Stockholders may raise questions and comments as may be relevant to the Annual Stockholders Meeting.

<u>Agenda Item 9</u>

Adjournment

After consideration of all business in the Agenda, the Chairman will adjourn the 2022 Annual Stockholders Meeting.

P R O X Y¹

The undersigned stockholder of Metropolitan Bank & Trust Company (Metrobank) hereby appoint/s _________² or in his absence, the Chairman of the meeting, as my/our proxy, to act for me/us and on my/our behalf at the Metrobank Annual Stockholders' Meeting to be held on April 27, 2022 (and as may be rescheduled and / or adjourned) and to vote for me/us as indicated below or, if no such indication is given, as my/our proxy thinks fit:

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

Item 2. Dissenter's Right of Appraisal

There is no matter included in the Agenda of the Annual Stockholders' Meeting ("Meeting") which may give rise to the exercise by the stockholders of the right of appraisal.

In general, any stockholder of a corporation shall have the right to dissent and demand payment of the fair value of his shares in case any amendment to the articles of incorporation has the effect of changing or restricting the rights of any stockholder or class of shares, or of authorizing preferences in any respect superior to those of outstanding shares of any class, or of extending or shortening the term of corporate existence. Appraisal right is also available in case of merger or consolidation, sale, lease, exchange, transfer, mortgage, pledge or other disposition of all or substantially all of the corporate property and assets of the corporation.

In the above instances, the appraisal right may be exercised by any stockholder who shall have voted against the proposed corporate action by making a written demand on the corporation for payment of the fair value of his shares within thirty (30) days after the date on which the vote was taken: Provided, that failure to make the demand within such period shall be deemed a waiver of the appraisal right. If the proposed corporate action is implemented or effected, the corporation shall pay to such stockholder, upon surrender of the certificate(s) of stock representing his shares, the fair value thereof as of the day prior to the date on which the vote was taken, excluding any appreciation or depreciation in anticipation of such corporate action.

Item 3. Interests of Certain Persons in or Opposition to Matters to be Acted Upon

- (a) No director, officer or nominee for election as director, or any associate of the foregoing persons has any substantial interest, direct or indirect, by security holdings or otherwise, which needs to be acted upon during the Meeting, other than the election of the nominees to the 2022-2023 Board of Directors.
- (b) No director has informed Metrobank that he intends to oppose any action to be taken up at the Meeting.

B. CONTROL AND COMPENSATION INFORMATION

Item 4. Voting Securities and Principal Holders Thereof

(a) Number of shares outstanding as of March 11, 2022	:	4,497,415,555 shares
Number of votes entitled	:	One (1) vote per share

(b) Record date to determine stockholders entitled to notice and to vote at the regular meeting		March 11, 2022
	·	,
(c) Number of holders as of March 11, 2022	:	2,969 holders

All of the securities of the issuer are listed in the Philippine Stock Exchange (PSE).

(d) Election of Directors

Majority vote is required for the election of directors. Stockholders shall have the right to cumulative voting. Cumulative voting is allowed provided that the total number of votes cast by a stockholder does not exceed the number of shares registered in his name in the books of Metrobank as of the record date multiplied by the number of directors to be elected. There is no condition precedent to the exercise of the right to cumulative voting.

- (e) Security Ownership of Certain Record and Beneficial Owners and Management
 - (1) Security Ownership of Certain Record and Beneficial Owners

As of March 11, 2022, the following stockholders own more than 5% of the common shares of stock:

Class of Shares	Name, address of record owner and relationship with issuer	Name of Beneficial Owner and Relationship with Record Owner	Citizenship	No. of Shares Held	Percentage
1 Common	GT CAPITAL HOLDINGS, INC. Stockholder 43/F GT Tower International Ayala Avenue Corner H.V. Dela Costa Street, Makati City Arthur Ty is authorized to vote the shares of GT Capital Holdings, Inc.(GTCAP) in Metrobank.	Beneficial and Record Owner The following persons own more than 5% of the outstanding voting shares of GTCAP as of March 11, 2022: Grand Titan Capital Holdings, Inc. – 55.93% PCD Nominee Corporation (Non- Filipino) – 19.64% PCD Nominee Corporation (Filipino) – 24.02% GTCAP is a publicly-listed company that is majority-owned and controlled by the family of the late George S.K. Ty through Grand Titan Capital Holdings, Inc.	Filipino	1,670,611,010	37.146%

	Class of Shares	Name, address of record owner and relationship with issuer	Name of Beneficial Owner and Relationship with Record Owner	Citizenship	No. of Shares Held	Percentage
2	Common	PCD NOMINEE CORPORATION (Filipino) 29 th Floor, BDO Equitable Tower, 8751 Paseo de Roxas, 1226, Makati City	Various Scripless Stockholders There is no participant of PCD who holds more than 5% of the common stock of Metrobank.	Filipino	1,159,666,161	25.785%
3	Common	PCD NOMINEE CORPORATION (Non- Filipino) 29 th Floor, BDO Equitable Tower, 8751 Paseo de Roxas, 1226, Makati City	Various Scripless Stockholders There is no participant of PCD who holds more than 5% of the common stock of Metrobank.	Foreign	917,040,489	20.390%
	•	TOTAL			3,747,317,660	83.321%

PCD Nominee Corporation (Filipino and Non-Filipino) (PNC) is a wholly-owned subsidiary of the Philippine Central Depository (PCD) and acts as trustee-nominee for all shares lodged in the PCD system where trades effected on the PSE are finally settled and lodged. Persons who opt to trade through the PCD do not receive stock certificates as an evidence of ownership as trading using the PCD is completely scripless. Beneficial ownership of shares lodged with the PCD remains with the lodging stockholder.

(2) Security Ownership of Directors and Management

As of March 11, 2022, the registrant's directors and officers as a group held a total of 34,873,193 common voting shares, broken down as follows:

The above executive officers are not related to each other or to the directors either by consanguinity or affinity.

None of the Bank's directors and officers works with the government.

C. Significant Employee

Except for the above list of executive officers, there are no other significant employees as contemplated under the Securities Regulation Code.

Nomination Procedure

- 1. Any stockholder may submit nominations for directorial positions to the Nominations Committee.
- 2. The nominating stockholder is required to submit his proposed nomination to the Nominations Committee, together with the bio-data, acceptance and conformity of the would-be nominee. In the case of a nominee for the position of an independent director, the would-be nominee is also required to submit a Certification that he/she has all the qualifications and none of the disqualifications to become an independent director.

3. The Nominations Committee will screen the nominations of directors prior to the submission of the Definitive Information Statement and come up with a Final List of Candidates.

The Nominations Committee is composed of independent directors Marcelo C. Fernando, Jr., Committee Chairman, with Edgar O. Chua and Philip G. Soliven as Committee Members.

4. Only nominees whose names appear in the Final List of Candidates shall be eligible for election as director.

Nominee Directors - Final List of Candidates

Based on the Bank's Articles of Incorporation and By-laws, the total number of directors is twelve (12). Out of this number, existing regulations as well as the Bank's Corporate Governance Manual provide that at least twenty percent (20%) but not less than two (2) members of the Board shall be independent directors.

As of the date of this report, there are five (5) nominees for independent directors, namely, Messrs. Edgar O. Chua, Atty. Angelica H. Lavares, Philip G. Soliven, Marcelo C. Fernando, Jr. and Juan Miguel D. Escaler. They were nominated by stockholders Nicholas Antonio T. Mapa, Marie T. Yu, Elvira M. Cruz, Margaret Rose T. Lim and Adela T. Mapa, respectively. The nominees for independent directors are not related either by consanguinity or affinity to the persons who nominated them. Likewise, there are seven (7) nominees for non-independent director positions, namely, Messrs. Arthur Ty, Francisco C. Sebastian, Fabian S. Dee, Alfred Ty, Vicente R. Cuna Jr., Solomon S. Cua and Jose Vicente L. Alde.

The nominees, with the exception of Messrs. Jose Vicente L. Alde and Juan Miguel D. Escaler are incumbent directors of the Bank. All twelve (12) nominees confirmed and accepted their nomination to become directors.

Mr. Jose Vicente L. Alde, 56 years old, is the current President (since 2018) and a Director (since 2016) of Philippine Savings Bank (PSBank). He is also the Chairman of Sumisho Finance Corporation and a Trustee of Chamber of Thrift Banks. He also served as a Director for Metrobank Card Corporation from 2015 to 2016 and also held various executive positions in ABN AMRO Bank from 1995 to 2007. He holds a Bachelor's Degree, Cum Laude, in Computer Science from the University of the Philippines and a Master's Degree in Business Management from the Asian Institute of Management (AIM).

Mr. Juan Miguel D. Escaler, 56 years old, is the Country CEO and Director of Trusting Social AI Philippines. He also holds several Directorship positions in other companies like PASUDECO, Pointwest Technologies, Inc. and M. De Leon Inc. He was a former Co-Head of Investment Banking at Credit Suisse Philippines from 2012 to 2017 and an Executive Director at Goldman Sachs Singapore from 2008 to 2012. His vast banking experience includes his previous roles in Merill Lynch Singapore as Director, ING Bank Manila as Vice President, and ING Bank New York as trader. He holds a degree in BS Management, with Honors from the Ateneo De Manila University and an MBA from Columbia University.

For a complete background information on the other nominee directors, please refer to item 5, Directors and Executive Officers.

Based on an evaluation made by the Nominations Committee, all nominees have the qualifications and none of the disqualifications provided by law. The evaluation was made following the requirements of the Securities Regulation Code, the applicable regulations of the Bangko Sentral ng Pilipinas and the Securities and Exchange Commission (including SEC Memorandum Circular No. 4, series of 2017 on the term limit of independent directors), as well as the Bank's Corporate Governance Manual.

Pursuant to the requirements of SEC Circular No. 5, series of 2017, please refer to the attached certificates of qualification from the nominated independent directors as EXHIBITS "1", "2", "3", "4" and "5".

Legal Proceedings

To the Bank's best knowledge and information, there are no material legal proceedings filed by or against Metrobank's directors and executive officers during the past five years such as:

- (a) Any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;
- (b) Any conviction by final judgment, including the nature of the offense, in a criminal proceeding, domestic or foreign, or being subject to a pending criminal proceeding, domestic or foreign, excluding traffic violations and other minor offenses;
- (c) Being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities, commodities or banking activities; and
- (d) Being found by a domestic or foreign court of competent jurisdiction (in a civil action), the Commission or comparable foreign body, or a domestic or foreign Exchange or other organized trading market or selfregulatory organization, to have violated a securities or commodities law or regulation, and the judgment has not been reversed, suspended, or vacated.

Certain Relationships and Related Transactions

The Group has several business relationships with related parties. Transactions with such parties are made in the ordinary course of business and on substantially same terms, including interest and collateral, as those prevailing at the time for comparable transactions with other parties. These transactions also did not involve more than the normal risk of collectibility and did not present other unfavorable conditions.

The Bank has a Related Party Transactions Committee (RPTC) and a Related Party Transactions Management Committee (RPTMC), both of which are created to assist the BOD in ensuring that transactions with related parties are reviewed to assess risks and are subjected to appropriate restrictions to ensure that these are conducted at arm's-length terms and that corporate or business resources of the Bank are not misappropriated or misapplied. After appropriate review, RPTMC (through RPTC) and RPTC disclose all information and endorses to the BOD with recommendations, the proposed related party transactions. Major subsidiaries, which include FMIC, PSBank and MBCL, have their own respective RPTCs which assist their respective BODs in ensuring that transactions with related parties are reviewed to assess risks and are subjected to appropriate restrictions to ensure that these are conducted at arm's-length terms and that their corporate or business resources are not misappropriated or misapplied.

Moreover, in the ordinary course of business, the Group has loan transactions with investees and with certain directors, officers, stockholders and related interests (DOSRI) based on BSP Circular No. 423 dated March 15, 2004, as amended. Existing banking regulations limit the amount of individual loans to DOSRI, 70.00% of which must be secured, to the total of their respective deposits and book value of their respective investments in the lending company within the Group. In the aggregate, loans to DOSRI generally should not exceed the respective total equity or 15.00% of the respective total loan portfolio, whichever is lower, of the Bank, PSBank, FMIC, and ORIX Metro.

Transactions with related parties and with DOSRI are discussed in Note 32 and 37 of the audited financial statements of the Group as presented in Exhibit 6.

In 2021, none of the Bank's directors had self-dealing/related party transactions with the Bank directly by themselves that required disclosure.

Others

No director has resigned or declined to stand for re-election because of disagreement with Metrobank.

No director has informed Metrobank in writing that he intends to oppose any action to be taken up at the Annual Stockholders' Meeting.

Item 6. Executive Compensation

* Inclusive of directors per diem and transportation allowances amounting to P41.64 million, P42.72 million and P37.57 million as of December 31, 2022, 2021, and 2020, respectively, or an average of P289,166.67, P296,645.83 and P260,888.89 per month/per director in 2022, 2021 and 2020, respectively.

For the protection and security of its directors and officers, the Bank is unable to provide their individual compensation.

The directors receive other fees that are already included in the amounts stated above. Aside from the said amounts, they have no other compensation plan or arrangement with the registrant. The directors receive compensation based on their banking or finance experience and their attendance in the meetings of the board and the committees where they are members or chairs of.

The executive officers receive salaries, bonuses and other usual cash benefits that are also already included in the amounts stated above. Aside from the said amounts, they have no other compensation plan or arrangement with Metrobank.

None of the directors and officers holds any warrant or option related to Metrobank.

Item 7. Independent Public Accountants

SyCip Gorres Velayo & Co., CPAs (SGV) has been the external auditors of the Bank since 1962. Representatives of SGV are expected to be present at the Meeting and will have the opportunity to make a statement if they desire to do so, and will be available to answer appropriate questions from the stockholders.

Ms. Janeth T. Nuñez-Javier, SGV Partner, reviewed/audited the Group's financial statements as of December 31, 2021 and 2020 and for each of the three years ended December 31, 2021. In compliance with the amended SRC Rule 68 (3) (b) (ix), the signing partners are rotated after every five years reckoned from the year 2002 (increased to seven years effective August 2019 per Professional Regulatory Board of Accountancy Resolution No. 53, Series of 2019).

The Bank intends to retain SGV as its external auditors for the year 2022 and is submitting the same to the stockholders for ratification as endorsed by the Audit Committee with the approval of the Board of Directors.

C. OTHER MATTERS

I. Proposed Action

1. Approval of the minutes of the annual meeting of stockholders held on April 28, 2021:

Stockholders in Attendance Either Electronically Through <u>https://conveneagm.com/ph/metrobank_asm2021</u> or by Proxy

i. Call to Order and Certification of Quorum. The meeting was called to order by Chairman Arthur Ty at 2:00 o'clock in the afternoon. The Corporate Secretary, Regis V. Puno, certified that there were 3,027,167,206 common shares actually present in person or by proxy, out of the 4,497,415,555 common shares outstanding. This constituted 67.31% of the outstanding capital stock.

Voting Results Per Resolution

ii. Approval of the Minutes of the Annual Stockholders' Meeting held on May 28, 2020 via the following:

99.87% of shareholders virtually present and represented voted in favor of the proposal, none voted against while 0.13% abstained.

RESOLUTION NO. 071-MBTC-SH-2021

RESOLVED, that the Minutes of the Annual Stockholders' Meeting held on May 28, 2020 be, as they are hereby approved.

iii. President's Report on the performance of Metrobank for 2020, as further detailed in the Annual Report for 2020.

During the Meeting, the Host-Moderator Minda A. Olonan picked questions received via email and/or sent via the Q & A panel at <u>https://conveneagm.com/ph/metrobank_asm2021</u>.

- 1. From Antonio C. Acpal (PHILSTOCKS):
 - a. Considering the impact of this COVID 19 pandemic and the corresponding economic recession, how much is the worst possible write-off in total loans?
 - b. When do we expect the economy to start to recover to pre-COVID levels?

President Dee replied that currently, it is encouraging to note that the Bank's NPL formation has thus far remained manageable at 2.4% as of the end of 2020. However, with the COVID-19 pandemic still ongoing, it is also possible that it could peak to 5% by the end of this year. He opined that the true NPL picture would not really be seen until the 2nd half of 2021 as the nation is still undergoing stricter quarantines these days. The amount of write-offs will then actually depend on the trajectory of the NPL.

On the second query, he mentioned that Metrobank expects GDP to rebound by 5.5% from the 9.6% decline in 2020. Hopefully, the economy should recover back to pre-COVID levels by 2022 and the Bank can return to its normal trajectory. However, such recovery will depend on how the progress of the nationwide vaccination program and easing of quarantine restrictions play out.

2. From Molave Erik G. Nazaret (COL):

One of the biggest sources of income for some of the banks during the pandemic is securities trading. Are there any plans to boost MBT's securities trading in the short term?

President Dee explained that for the whole industry basically, the favorable trading results that came out last year were attributed largely to the 200bps drop in interest rates as BSP loosened monetary policy to support the economy and enabled most players in the industry to realize trading gains. Going forward, the move is not likely to be replicated this year as trading gains are expected to be more normal and will primarily be steered from customer-driven demand.

- 3. From Ishmael Sam D. Canua (COL):
 - a. Is Metrobank interested in the retail and consumer banking operations of Citibank Philippines?
 - b. How many employees will be given COVID-19 vaccines and what are COVID 19 vaccine brands?
 - c. There are several Amendment Bills in Congress such as (1) the amendment of the PDIC Charter that proposes to increase the deposit insurance from PhP500,000 to PhP1,000,000; (2) The Foreign Investment Act and the economic provisions in the 1987 Constitution including the 60/40 (Filipino to Foreign Equity Rule). There are also bills that have been passed into law such as the CREATE and FIST laws.

What is the bank's response to these amendments and proposals?

President Dee replied that the Bank is open to seeking opportunities that will expand the overall business and the sale of Citibank's consumer assets offers that unique opportunity. The bank is currently evaluating the business case for this transaction as it anticipates a lot of other interested parties exploring the potentials of acquiring that business.

For the vaccination program of the Bank, survey results show 90% of the employee population expressed willingness to be inoculated. Vaccines shall be procured through the bank's parent holding company, GT Capital which will basically involve Astra Zeneca, Moderna and Covovax/Novavax brands. Gradual deliveries are expected to arrive starting June of 2021.

In closing, President Dee conveyed that Metrobank has always been supportive of banking laws and regulations as well as any amendments to the PDIC Charter as long as it will be for the greater good. Also noteworthy is that based on the PhP500,000 insurance coverage, 97% of the Bank's deposit accounts in 2020 are already covered. The Bank also welcomes the amendments regarding easing of foreign ownership now that potential investors are thinking of diversifying localities where they establish their manufacturing bases. Given that traditional sources and bases for manufacturing are likewise experiencing labor cost increases, this presents a very good opportunity for the country to generate substantial job openings aside from the prospects of a great amount of technology transfer. With the CREATE law, the lower tax rate should provide the much-needed relief to corporations and will help spur economic recovery. Finally, the FIST law is viewed as a positive break to the banking sector as this will facilitate transfer of non-performing assets to third parties, hence easing burden of NPLs on capital and improving the bank's ability to lend.

- iv. Ratification of All Acts and Resolutions of Management, Board and Management Committees including among others, the approval from May 28, 2020 to April 27, 2021.
 - 99.89% of shareholders virtually present and represented voted in favor, none voted against while 0.11% abstained.

RESOLUTION NO. 072-MBTC-SH-2021

RESOLVED, that all acts, transactions and resolutions of Management, Board and Management Committees and the Board of Directors, including among others, the approval of loans, investments, new Bank products and services and related party transactions, from May 28 to April 27, 2021, are hereby ratified and confirmed.

v. Election of Twelve (12) Directors for the Year 2021 - 2022

Mr. Edgar O. Chua of the Nominations Committee, explained that the Nominations Committee and the Corporate Governance and Compensation Committee chaired by Atty. Angelica H. Lavares had jointly evaluated the qualifications of all nominees to the Board of Directors, and that the Committees found that the nominees had all the qualifications and none of the disqualifications prescribed by law and regulations, and that out of the twelve (12) nominees, five (5) were nominated as independent directors. Twelve (12) directors were elected for the year 2021-2022:

Each Director received at least 97.28% votes from shareholders present and represented.

RESOLUTION NO. 073-MBTC-SH-2021

RESOLVED,	, that the followin	g are hereby	elected as	directors	of Metrobank
effective immediately	and until the succe	ssors are elec	cted and qua	alified:	

1)	Mr. Arthur Ty	7)	Mr. Solomon S. Cua
2)	Mr. Francisco C. Sebastian.	8)	Mr. Francisco F. Del Rosario, Jr.*
3)	Mr. Fabian S. Dee	9)	Mr. Edgar O. Chua*
4)	Mr. Alfred V. Ty	10)	Atty. Angelica H. Lavares*
5)	Mr. Edmund A. Go	11)	Mr. Philip G. Soliven*
6)	Mr. Vicente R. Cuna, Jr.	12)	Mr. Marcelo C. Fernando, Jr.*

* Independent directors

vi. Appointment of SyCip Gorres Velayo & Co. as External Auditors via the following:

97.96% of shareholders present and represented voted in favor, 2.04% voted against while none abstained.

RESOLUTION NO. 074-MBTC-SH-2021

RESOLVED, that as recommended by the Audit Committee and approved by the Board of Directors, SyCip Gorres Velayo & Co. is hereby appointed as the External Auditors of Metrobank for the year 2021.

There being no other matters for discussion, the meeting was adjourned.

Description of the Voting and Voting Tabulation Procedures during the 2021 Annual Stockholders' Meeting

- a. Stockholders were allowed to vote by submitting an accomplished proxy or electronically by registering and joining the Meeting through <u>https://conveneagm.com/ph/metrobank_asm2021</u>
- b. Votes were counted by shares and not per capita. Each outstanding share of stock entitled the registered stockholder to one vote.
- c. Majority vote was required for the following:
 - a. Approval of the minutes of the annual meeting of the stockholders held on May 28, 2020
 - b. Ratification of Corporate Acts
 - c. Appointment of External Auditors
- d. For the purpose of the election of the directors, cumulative voting was allowed provided that the total votes cast by a stockholder did not exceed the number of shares registered in the stockholders' name as of the record date multiplied by the number of directors to be elected.
- e. Votes received via the validated proxy and through <u>https://conveneagm.com/ph/metrobank_asm2021</u> were tabulated by the Company's Stock and Transfer Agent.
- f. The voting results were validated by SGV & Co.
- 4. President's Report to the Stockholders

The President will report the highlights of Metrobank's Performance for the year 2021.

5. Ratification of Corporate Acts

The matters for ratification include all acts, transactions and resolutions of the Board of Directors, management and all Committees done in the ordinary course of business from April 28, 2021 until April 26, 2022, including, among others, the approval of loans, investments, new Bank products and services and significant related party transactions as reflected in the Information Statement.

- 4. Election of Directors Please refer to the list of nominees under Item 5 "Directors and Executive Officers Nominee Directors" for the details.
- 5. Appointment of SyCip Gorres Velayo & Co. (SGV) as External Auditors Please refer to the write-up under Item 7 –"Independent Public Accountants" for the details.

Votes Required for Approval or Election

1. Majority vote is required for the following:

- a) Approval of the minutes of the annual meeting of the stockholders held on April 28, 2021
- b) Ratification of Corporate Acts
- c) Appointment of External Auditors

On the election of directors, nominees receiving the highest number of votes shall be declared elected following the provisions of the Revised Corporation Code of the Philippines.

- 2. Every stockholder entitled to vote on a particular question or matter involved shall be entitled to one (1) vote for each share of stock in his name. Cumulative voting is allowed provided that the total votes cast by a stockholder shall not exceed the number of shares registered in his name as of the record date multiplied by the number of directors to be elected. Matters submitted to stockholders for ratification shall be decided by the required vote of stockholders present in person or by proxy.
- 3. Metrobank has not solicited any discretionary authority to cumulative voting.
- 4. Votes cast at the meeting shall be counted by the Bank's Stock Transfer Agent and validated by SGV.

Please refer below to the detailed procedures for the registration, viewing of the Meeting, and voting during the Meeting.

Registration, Joining and Voting Procedures for the Meeting

Record Date. Stockholders of record as of March 11, 2022 shall be entitled to attend and vote at the Meeting.

Stockholders may attend the Meeting either through remote communication or by proxy. The Meeting will also be recorded. All of the votes cast shall be validated by SGV & Co.

Pre-Registration. Stockholders who will participate remotely/electronically should pre-register using a valid and active e-mail address and send a message to <u>ASMregistration@metrobank.com.ph</u> on or before April 20, 2022 and submit the following requirements:

For Certified Stockholders:

i.

(a) Individual Stockholders

- i. A scanned copy of the Stockholder's valid government-issued ID showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
- ii. A valid and active contact number.
- (b) Corporate Stockholders
- A Secretary's Certificate attesting to the authority of the representative to participate by remote communication for and on behalf of the Corporation (in JPG format). The file size should be no larger than 2MB;
 - ii. A scanned copy of the valid government-issued ID of the Stockholder's representative showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
 - iii. A valid and active-mail address and contact number of the Stockholder's representative.
 - (c) Stockholders under Joint Accounts

In addition to the above requirements, a scanned copy of an authorization letter signed by all Stockholders jointly owning the shares designating who among them is authorized to cast the vote for the account, has to be submitted. The authorization letter must also be in a digital, JPG format with a file size no larger than 2MB.

For Stockholders under PCD Participant/Broker account or "Scripless Shares"

- i. A broker certification on the Stockholder's number of shareholdings (in JPG format). The file size should be no larger than 2MB;
- ii. A scanned copy of the Stockholder's valid government-issued ID showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
- iii. A valid and active-mail address and contact number.

Important Note: Due to the continuing threat of the covid-19 pandemic, the Company shall continue to accept documents executed by individual stockholders via electronic signature pursuant to relevant laws. However, documents required to be submitted by corporations (such as the Secretary's Certificate and Broker's

Certification) must be notarized. The Company reserves the right to request additional information, including submission of original signed and notarized copies of these documents at a later time. Pursuant to SEC Notice dated February 16, 2022, copies of the Notice of Meeting, Definitive Information Statement and other related documents in connection with the Meeting may be accessed through the Company's website <u>https://metrobank.com.ph/annual-stockholders-meeting-2022</u> and through the PSE Edge Portal <u>https://edge.pse.com.ph</u>.

Metrobank's Dividend Policy Statement

The Bank's dividend policy is an integral component of its capital management framework. Dividends are declared and paid out of unrestricted retained earnings of the Bank as the BOD may determine and in accordance with the provisions of the law and the regulations of the BSP and the SEC.

Declaration of Cash Dividends are subject to approval by at least a majority of the BOD, with the record date not being earlier than 10 trading days from declaration, and the payment date not later than 18 trading days from the record date. On the other hand, stock dividends require prior clearance from the BSP, SEC, and the PSE.

In February 2022, the BOD approved a new dividend policy. The annual "regular" cash dividends will be equal to Php1.60 per common share which is equivalent to 8% of par value. The policy also provided that the 'regular' cash dividend of Php1.60 shall be paid in two (2) equal semi-annual tranches, in March and in September. In addition, for 2022, a special cash dividend of Php1.40 per common share was also declared for a total of Php3.00 per common share for the current year.

The payment of cash dividends in the future will depend on the Bank's earnings, cash flows, financial condition, regulatory requirements for capital and other factors. Circumstances which could restrict the payment of cash dividend include, but not limited to, when the Bank undertakes major projects and developments requiring substantial cash expenditures. In such cases, the BOD may, at any time, modify the Bank's dividend payout ratio depending on the results of operations, future projects and plans of the Bank.

The Board of Directors may, the above mentioned notwithstanding, also approve special cash dividends in addition to the regular cash dividends from time to time, as conditions and regulations allow.

SIGNATURES

After reasonable inquiry and to the best of my knowledge and belief, I certify that the information set forth in this report is true, complete and correct. This report is signed in Makati City on March 18, 2022.

Pursuant to the requirements of the Securities Regulation Code, the registrant has duly caused this statement to be signed on its behalf by the undersigned hereunto duly authorized.

METROPOLITAN BANK & TRUST COMPANY

PART I – BUSINESS

DESCRIPTION OF BUSINESS

1. Business Development

Metropolitan Bank & Trust Company ("Metrobank" or "the Bank") was incorporated on April 6, 1962 by a group of Filipino businessmen to provide financial services to the Filipino-Chinese community. Since its formation, the Bank has diversified its business, and to date provides a broad range of banking and collateral services to all sectors of the Philippine economy. The original Certification of Incorporation of the Bank was issued by the Securities and Exchange Commission (SEC) for a 50-year corporate term. The SEC approved the renewal on November 19, 2007.

The Bank opened its first office in Binondo, Manila on September 5, 1962. Within a year, the Bank opened its second branch in Divisoria, Manila. Soon after, the Bank started expanding outside Manila with the opening of its first provincial branch in Davao. In 1975, the Bank rolled out its first international branch in Taipei, followed by offices in New York, Guam, Hong Kong, and Tokyo towards the early 1980s. Initially, the role of the Bank's foreign offices was to tap expanding Overseas Filipino Workers (OFW) remittance business and to complement its corresponding branch network. This strategy proved successful as the OFW market grew strongly and the political turbulence in the Philippines made access to foreign exchange difficult. It was during this period that the Bank started its Foreign Currency Deposit Unit (FCDU) operations. The Philippine Central Bank authorized Metrobank to operate its FCDU on April 15, 1977.

In November 1980, the SEC approved and certified the listing of 500,000 common shares of Metrobank's capital stock. On February 26, 1981, Metrobank's common shares were listed on the Makati Stock Exchange Inc. and the Manila Stock Exchange (which has since unified to become The Philippine Stock Exchange, Inc. or PSE), with the trading symbol of *MBT*.

On August 21, 1981, Metrobank became one of the first to be granted a universal banking license by the Philippine Central Bank, now Bangko Sentral ng Pilipinas (BSP). This license allowed the Bank to engage in "non-allied undertakings" which include automobile manufacturing, travel services and real estate, as well as finance-related businesses such as insurance, savings and retail banking, credit card services and leasing.

On August 13, 2013, the SEC approved the amendment of the Articles of Incorporation of the Bank increasing its authorized capital stock from \pm 50 billion to \pm 100 billion composed of 4.0 billion common shares and 1.0 billion non-voting preferred shares, each with a par value of \pm 20 per share. The Bank declared a 30% stock dividend equivalent to 633.4 million common shares (approved for listing by PSE on September 10, 2013) which was applied as payment for the required minimum 25% subscription to the increase in authorized capital stock. Total outstanding shares increased to 2,744,801,066 after the stock dividend.

On February 24, 2015, the SEC confirmed the exemption of a rights offer for up to P32.0 billion worth of common shares from the registration requirements under Section 8 of the Securities Regulation Code. Subsequently, in April 2015, the Bank completed a rights offer for 435,371,720 common shares with par value of P20.00. Total outstanding shares increased to 3,180,172,786 after the transaction. On April 12, 2018, the Bank completed another stock rights offer for 799,842,250 common shares with par value of P20.00. Total outstanding shares increased to 3,980,015,036 after the transaction.

On October 4, 2019, the SEC approved the amendment of the Articles of Incorporation of the Bank increasing its authorized capital stock from P100 billion to P140 billion composed of 6.0 billion common shares and 1.0 billion non-voting preferred shares, each with a par value of P20 per share. The Bank declared a 13% stock dividend equivalent to 517.4 million common shares (approved for listing by PSE on November 19, 2019) which was applied as payment for the required minimum 25% subscription to the increase in authorized capital stock. Total outstanding shares increased to 4,497,415,555 after the stock dividend.

2. Business of Registrant

Services/Customers/Clients

Metrobank offers a complete range of commercial and investment banking services. The Bank's customer base covers a cross section of the top Philippine corporate market. The Bank has always been particularly strong in the middle market corporate sector, a significant proportion of which consists of Filipino-Chinese business.

The Bank's principal business activities involve deposit-taking and lending, trade finance, remittances, treasury, investment banking and thrift banking. The Bank is also a major participant in the Philippine foreign exchange market. It is accredited as a Government Securities Eligible Dealer (GSED) and has played an active role in the development of the domestic capital markets.

The Bank provides investment banking services through First Metro Investment Corporation (FMIC) and retail banking through the Bank and its subsidiaries Philippine Savings Bank (PSBank) and Metrobank Card Corporation (MCC) (before the merger). On March 13, 2019, the respective BODs of the Bank and MCC approved the proposal to merge MCC into the Bank which will unlock the value of MCC and help realize the following objectives: (1) improve synergy and cross-sell; (2) increase the profitability and improve capital efficiency; and (3) enable the Bank to be more competitive in the credit card business. The proposed merger was ratified by the stockholders of the Bank on April 24, 2019, approved by the BSP on October 23, 2019, and approved by the SEC on January 3, 2020.

Contribution to Sales/Revenues

The net interest income derived from lending, investment and borrowing activities represents 73.98%, 70.64% and 72.01% of the Group's revenue net of interest and finance charges in 2021, 2020 and 2019, respectively. Other operating income (consisting of service charges, fees and commissions; net trading and securities gains; net foreign exchange gain; leasing income; profit from assets sold; income from trust operations; dividend income; gain on disposal of investment securities at amortized cost and miscellaneous income) and share in net income of associates and a joint venture account for 26.02%, 29.36% and 27.99% of the Group's revenue net of interest and finance charges in 2021, 2020 and 2019, respectively.

Contribution of Foreign Offices

The percentage contributions of the Group's offices in Asia, the United States and Europe to the Group's revenue, net of interest and finance charges, and external net operating income for the years 2021, 2020 and 2019 are as follows:

		Percentage Contribution to		
Offices in	Year	Revenue, Net	External Net Operating Income	
Asia	2021	3.18	3.35	
(Other than	2020	2.39	3.34	
Philippines)	2019	2.62	2.68	
	2021	0.49	0.55	
United States	2020	0.36	0.54	
	2019	0.41	0.46	
	2021	0.03	0.04	
Europe	2020	0.03	0.05	
	2019	0.04	0.05	

Significant Subsidiaries

1. First Metro Investment Corporation

FMIC is the investment banking arm of the Metrobank Group. It is an investment house incorporated in the Philippines on June 25, 1963 with principal place of business at 45th Floor, GT Tower International, Ayala Avenue corner H.V. dela Costa Street, Makati City. On September 22, 2000, FMIC was merged with Solidbank Corporation (Solidbank). Solidbank became the surviving entity and was subsequently renamed First Metro Investment Corporation. FMIC's shares of stocks (originally Solidbank) were listed on the PSE on October 25, 1963 and were subsequently delisted effective December 21, 2012. FMIC is a 99.27%-owned subsidiary of Metrobank.

FMIC is primarily engaged in investment banking. FMIC and its subsidiaries offer a wide range of services, from debt and equity underwriting to loan syndication, project finance, financial advisory, government securities and corporate debt trading, equity brokering, online trading, asset management and research. It operates through its two main strategic business units:

• **Investment Banking Group** - the Group manages the investment banking business of the company. FMIC stands at the forefront of the Philippine capital markets as the investment bank of choice for prominent corporations and government agencies. Its track record in debt and equity underwriting rests on its key strength in origination, structuring and execution. The investment bank perennially engages in the lion's share of transactions in the debt and equites markets.

FMIC is widely recognized as a leader in debt capital market issuances. The company provides debt financing solutions to help achieve client objectives that normally include expansion plans, refinancing, strategic acquisitions or buy-outs, or complex project financing. For years, it has been actively involved in originating and underwriting Philippines equity issuances, whether private placement or public offering. The investment bank integrates its expertise and experience in structuring, execution, and distribution to provide optimal solutions for its clients' capital requirements. FMIC is also a PSE-accredited financial advisor providing strategic advice on enhancing corporate value, selecting optimal fundraising structure, and addressing valuation issues.

- Sales & Distribution Group the Group is primarily responsible for offering the various FMIC underwritten products to the investing public. As an active brokering participant, SDG makes available to its clients the wide range of tradeable fixed income securities in the market. Driving the success of our underwritten deals is the dynamic synergy between the Investment Banking Group and SDG. FMIC's underwriting strength is complemented by its ability to distribute securities widely.
- **Treasury Group** the Group is responsible for the trading of financial instruments such as peso- and dollardenominated government securities and corporate papers, as well as managing the liquidity requirements of the company. It is an SEC and BTr-authorized Government Securities Eligible Dealer (GSED) and one of the most active dealing participants in the industry. It has been selected as one of the market makers of the Bureau of Treasury. As a market maker for most corporate issues, it provides counterparties and clients with active two-way quotes, delivering financial solutions that address their specific funding requirements. Its traders are consistently recognized as top dealers by prestigious publications and organizations.

On November 24, 2020, the BOD of FMIC approved the proposal to return the quasi banking license of FMIC with BSP in line with the Company's transformation initiative. This was approved by the BSP on March 25, 2021.

2. Philippine Savings Bank (PSBank)

PSBank was incorporated on June 30, 1959 to primarily engage in savings and mortgage banking. PSBank is the country's first publicly listed thrift bank. Its principal office is located at the PSBank Center, 777 Paseo de Roxas corner Sedeño Street, Makati City. PSBank is 88.38% - owned subsidiary of Metrobank.

It has outpaced some of its key competitors and is the country's second largest thrift bank in terms of assets. It mainly caters the retail and consumer markets and offers a wide range of products and services such as deposits, loans, treasury and trust functions. PSBank's network comprises 250 branches and 547 ATMs in strategic locations nationwide.

PSBank has a 30% interest in Sumisho Motor Finance Corporation (SMFC), a joint venture with Sumitomo Corporation of Japan. SMFC is not listed in the stock exchange.

3. ORIX METRO Leasing and Finance Corporation (ORIX METRO)

ORIX METRO was incorporated in the Philippines and was registered with the SEC on June 28, 1977. Its primary purpose is to engage in financing by leasing all kinds of real and personal property; to extend credit facilities to consumers and enterprises by discounting commercial papers or accounts receivable, or by buying or selling evidences of indebtedness; and to underwrite securities. On August 24, 2007, ORIX METRO was authorized by the BSP to engage in quasi-banking functions. ORIX METRO engaged in quasi-banking functions effective January 1, 2008 as agreed to by the BSP subject to certain conditions.

ORIX METRO is owned by Orix Corporation, Metrobank and FMIC, with shareholdings of 40%, 40%, and 20%, respectively. ORIX METRO and its subsidiaries' parent company is Metrobank. The registered office address of ORIX METRO is at 21st Floor, GT Tower International, Ayala Avenue corner H.V. Dela Costa Street, Makati City.

4. Metropolitan Bank (China) Ltd. (MBCL)

MBCL is a wholly-owned subsidiary of Metrobank established in the People's Republic of China with the approval of China Banking Regulatory Commission (CBRC) (now China Banking Regulatory and Insurance Commission) on January 14, 2010. Within the territory of China, MBCL may engage in provision of all kinds of foreign exchange services to all types of customers and except for PRC citizens, provide all kinds of Renminbi services to all types of customers, with the business scope to include: accepting deposits; granting short-term, medium-term and long-term loans; handling acceptance and discount of negotiable instruments; buying and selling treasury bonds, financial bonds and other foreign exchange securities (other than stocks); offering L/C services and guarantees; arranging settlements of both domestic and overseas accounts; buying and selling foreign exchange either for itself or on behalf of its clients; handling insurance business as an agent; undertaking inter-bank borrowing or lending; providing service of safety deposit box; providing credit standing investigation and consultation service; and other business activities as approved by CBRC.

MBCL started its operations on March 2, 2010. Its headquarters is located in Nanjing, Jiangsu Province. It is the first wholly foreign-owned bank incorporated in Jiangsu Province, China. The former Metrobank Shanghai Branch and Pudong Sub-Branch were absorbed by MBCL. At present, aside from its Head Office, MBCL has nine (9) branches/sub-branches as follows: Nanjing Branch, Shanghai Branch, Shanghai-Pudong Sub-Branch, Changzhou Branch, Quanzhou Branch, Changzhou Xinbei Sub-Branch, Changzhou Wujin Sub-Branch, Xiamen Branch and Suzhou Branch.

5. First Metro International Investment Company Limited (FMIIC)

FMIIC is a Hong Kong-registered company incorporated in 1972. It was engaged mainly in deposit-taking, loans, and remittances. However, since 2008, its activity was limited to investment; non-operating entity. Metrobank acquired majority shares in FMIIC in 1978. FMIIC is 100% owned by Metrobank.

6. Metro Remittance (Hong Kong) Limited

A wholly-owned subsidiary of Metrobank incorporated in October 1994 to provide money transmission services in Hong Kong. At present, MRHKL has five (5) branches located in United Centre, Worldwide House, Shatin, Tsuen Wan and Tsueng Kwan O.

7. Metro Remittance (Singapore) Pte. Ltd.

A wholly-owned remittance subsidiary of Metrobank established in April 2004 to conduct money-changing businesses and provide remittance services to Filipinos and other nationals in Singapore. The Company started commercial operations on November 12, 2004.

8. Metro Remittance (USA), Inc. (MRUSA)

A wholly-owned remittance subsidiary of Metrobank was initially established to pursue the plan of expanding its remittance operations in California, U.S.A. MRUSA merged with Metro Remittance Center, Inc. (MRCI) effective December 28, 2017. MRCI was a wholly-owned subsidiary of Metrobank incorporated under the General Corporation Law of the State of Delaware on November 12, 1992. MRUSA, as a surviving company reclassified its type of business from a money service business to a holding company effective August 1, 2019. Its subsidiaries are:

- Metro Remittance (Canada), Inc.
 The Company was established to further strengthen the Bank's presence and address the remittance needs of the growing number of Filipinos in Canada. Its branches are located in Vancouver and Toronto which opened on August 1 and November 6, 2006, respectively.
- MB Remittance Center Hawaii, Ltd. The Company, established in 2002 and acquired by MRCI in 2005, provides money transmission services to Filipinos in Hawaii.

9. Metro Remittance (UK) Limited (MRUK)

Metrobank acquired all of the outstanding shares of MRUK in May 2004. It was incorporated on September 24, 2002 in England as a private limited company and commenced trading at its premises at Kensington Church Street in London on June 4, 2003. The Company provides fast, secure and affordable money transmission services to the Philippines. It utilizes on-line, real-time computerized links with Metrobank which completes the funds delivery processes to named beneficiaries.

10. Metro Remittance (Japan) Co. Ltd. (MR Japan)

A wholly-owned subsidiary of Metrobank incorporated in Yokohama, Japan on May 8, 2013. It started its remittance operations on October 31, 2013. The Company was established to expand the Bank's presence as well as to strengthen its remittance business in Japan.

Distribution Methods of Products and Services

To remain strongly positioned and retain its leadership, Metrobank continued to upgrade and expand its distribution channels:

1. Branches

Metrobank ended 2021 and 2020 with 701 and 706 branches, respectively. The Bank believes that it has reached its optimal state in terms of its branch network and is confident that it has the size and scale to pursue its growth plans.

2. Remittance Centers

To further expand the remittance business of the Bank and its presence in the international market, remittance alliances were established between the Bank and several well-established businesses in the country.

Metrobank Online (onlinebanking.metrobank.com.ph) is Metrobank's new online banking platform with an enhanced user experience and interface. This allows clients to have instant access to their accounts and do banking transactions in the most convenient way anytime, anywhere, using any device. Features include: Balance Inquiry, Transaction History, Fund Transfers, Bill Payments, Online Time Deposits, UITF Online, QR Code Transfers, and more.

- 6. MBOS (Metrobank Business Online Solution) is a web-based application that provides real-time access to client account statement and transaction history. Corporate enrolled in the facility can likewise initiate transactions at their own convenience. A fully integrated platform that supports latest technology that the market needed. MBOS embodied new functionalities for Cash and Trade solution for corporate clients.
- 7. E-Government Facilities
 - Tax Direct facility is a web based payment facility of Metrobank that allows both retail and corporate clients to pay their tax dues on tax returns filed through the BIR EFPS website.
 - Bancnet's eGov Payment facility is a highly convenient online service that allows clients to electronically remit their monthly SSS, Philhealth and PAG-IBIG contributions and loan payments.

Competition

The Bank faces competition from both domestic and foreign banks. The number of foreign banks operating in the country has increased in recent years, in part as a result of the liberalization of the banking industry by the Government in 1994 and again in 2014.

As of December 31, 2021, the Philippine universal/commercial banking sector consisted of 46 banks, including 26 foreign bank entities. In terms of classification, there are 21 universal banks and 25 commercial banks. Of the 21 universal banks, 12 are private domestic banks, three are government banks and six are branches of foreign banks. Of the 25 commercial banks, five are private domestic banks, two are subsidiaries of foreign banks and 18 are branches of foreign banks. The ten largest universal/commercial banks in the country accounted for over 80% of total assets, loans and total deposits of the universal/commercial banking system based on published statements of condition as of September 30, 2021.

Products and services offered by the larger commercial banks are fairly similar, and banks have used competitive pricing to attract clients. Customer coverage, accessibility and customer experience also act as other key differentiating factors. The smaller domestic banks and foreign banks, on the other hand usually operate in smaller niche markets.

The BSP has been encouraging consolidation among banks in order to strengthen the Philippine banking system. Mergers and consolidations may result in greater competition as it strengthens the financial capabilities of a smaller group of "top tier" banks. In December 2016, the BSP issued a memorandum providing regulatory incentives for mergers, consolidations and acquisition of majority or all outstanding shares of stock of a bank or quasi bank.

Innovations and Promotions

In 2021, the Metrobank Group continued to introduce campaigns and promotions to address the market's needs.

- Metrobank continues to enhance clients' online banking experience through Metrobank Online, the revamped online banking facility. The platform is an upgrade with new and enhanced features from *Metrobankdirect Personal* which was closed on October 2021. The new features include, among others, online time deposit account opening; online UITF access that allows clients to view, add and redeem investments; and online wealth management services through which clients can request a call with an investment specialist.
- In its commitment to make banking more meaningful to customers, the Bank introduced *Cash Pick-Up* through the Metrobank Mobile App. This service expanded the Bank's reach, enabling clients to send up to PHP 30,000 anywhere in the Philippines through over 10,200 remittance partner outlets.
- Lowered PESONet fees to Php 50.00 from Php 100.00 per transaction for online bank transfers using Metrobank Online and the Metrobank Mobile App for transactions worth up to Php 200,000 a day. PESONet is an online bank transfer solution that can be used by small to large businesses to facilitate secure and convenient payments for salaries, supplier, government goods and services, and other similar transactions.

- Partnered with Western Union to expand direct bank account payout partners for inbound money transfers in the Philippines. Global senders can send money using Western Union's digital services in more than 75 countries and territories or via Western Union's retail Agent network in more than 200 countries and territories.
- Metrobank Cashback Visa Card, wherein cardholders were given up to 8% rebate on their essential spend groceries, telecoms, school and bookstore purchases. Credit card clients also enjoyed promos with several food and grocery delivery providers such as GrabFood, Pick-A-Roo, PureGo as the Bank helped clients make purchases in a safe manner. Clients were also given perks through shopping platforms such as Lazada and The SM Store. When travel restrictions were eased in the latter part of the year, the Bank offers clients with discounts, stay packages, and other deals with hotels and resorts.
- Promoted Home and Auto Loan Deals that helped clients purchase their dream homes and dream cars through low interest rates, waived fees, and included a pre-qualified Metrobank Credit Card or Metrobank Toyota Mastercard.
- Encouraged migration to online channels through Metrobank Online and Metrobank Mobile App accounts through raffles of electronic Gift Certificates and electronic vouchers for new enrollments.
- Launched a Metro Multi-Themed Equity Fund of Funds that allow clients to invest in overseas digital industries. This UITF enables clients to invest in multiple, high-growth potential industries such as digital health, disruptive innovation, digital security, technology, and consumer trends.
- Metrobank donated to various organizations in support of economic recovery of the Philippines. Since the beginning of the pandemic, more than Php 346 million pesos have been released towards various pandemic aid programs. As part of Metrobank's 59th anniversary, Php 15 million worth of grants was extended to 12 partner organizations whose programs are aligned with the thrusts in health, education, and livelihood.
- Partnership with AXA Philippines to offer a free AXA Personal Accident Insurance worth Php 100,000coverage, daily in-hospital benefit of Php 500 per day due to accident-related confinement, and free access to emergency services such as roadside ambulance, fire and police assistance via AXA Rescue Line. This is available to for retail and payroll clients who will open a qualified Savings or Checking deposit account with Metrobank during the promotion period.
- PSBank introduced online account opening through its Mobile App, with just one government ID and a selfie, making banking simpler and safer. Customers can open up to two accounts online and new customers may also request a PSBank Debit or Prepaid Mastercard for their newly opened deposit account and have it ready for pick up at any PSBank branch or delivered to their registered mailing address. PSBank likewise partnered with Electronic Commerce Payments Inc. (ECPay), the leading electronic payment service provider in the Philippines. With this, customers can now pay their Auto Loan, Home Loan, Flexi Personal Loan, and Business Loan through 7-Eleven, one of ECPay's merchant partners, the biggest convenience store chain in the country with more than 3,000 branches nationwide or through the 7-Eleven CLiQQ app.
- AXA Philippines continued its partnership with Cebu Pacific for customers to get a free life and personal accident insurance coverage as it celebrates the first anniversary of the launch of *CEB Health Protect*. The special promo covers three months, worth Php 25,000 for life insurance, and Php 25,000 for personal accident insurance. AXA also launched the *Adopt a Mangrove Seedling* promo to allow customers to give back and help raise mangroves with their registration on Emma by AXA. This was for the benefit of the non-profit organization, Communities Organized for Resource Allocation (CORA)'s program, *CORA WoMANGROVE Warriors*, an environment and livelihood program for women communities in Leyte.
- First Metro Investment Corporation (FMIC) launched *The Trading Room*, a virtual business talk show that gathered an audience of about 300 institutional and retail investors, and corporate issuers. FMIC enabled clients to engage with market experts, foremost executives, policymakers, and market movers and shakers in an insightful and informative but less formal conversation about prevailing market issues and developments. FMIC closed 22 investment banking deals with different private companies and facilitated Retail Treasury Bonds with the government.
- First Metro Securities Brokerage Corporation (FMSBC) launched several investment literacy webinars to provide clients with economic and market information, analysis and guidance. In 2021, FMSBC continued to innovate to best serve the needs of its growing customers. It introduced a newly redesigned standard trading

platform optimized to provide exceptional user experience for desktop and laptop, featuring a fresh look and additional tools to give investors the edge they need to reach their investment goals. FMSBC was awarded as the *Best Online Broker* and *Best Online Trading Platform* by London-based publishing firm International Finance. It was also awarded as *Best Brokerage House* and *Most Innovative Online Trading Platform* by Global Economics. It named the *Best Stock Brokerage House, Most Innovative Online Broker* and *Best Trading Platform* by The Global Brands Magazine Awards.

• First Metro Asset Management Inc. (FAMI) conducted financial literacy online sessions to guide clients on financial management. FAMI also launched a *You Always Remember Your Firsts* online campaign, which aims to highlight one's firsts, considered as milestones and memorable in a person's life. Since one's firsts are unforgettable, FAMI wants to ensure you're doing it right the first time when it comes to investing. The series feature guests who share their firsts and also imparted financial advice and tips to FAMI viewers.

Transactions with and/or Dependence on Related Parties

Transactions with related parties and with certain directors, officers, stockholders and related interests (DOSRI) are discussed in Notes 32 and 37 of the audited financial statements of the Group as presented in Exhibit 6.

Patents, Trademarks, Copyrights, Licenses, Franchises, Concessions, and Royalty Agreements Held

The Bank's major products and service lines are sold through Metrobank trade names or trademarks, among others:

- 1. For ATMs: Metrobank Prime Debit Card, Metrobank Debit Card and Metrobank Prepaid Card
- For credit cards: Metrobank Rewards Plus Visa; Metrobank Titanium Mastercard; Metrobank Cashback Visa; Metrobank Femme Signature Visa; Metrobank Travel Platinum Visa; Metrobank Peso Platinum Mastercard; Metrobank World Mastercard; Metrobank ON Mastercard; Metrobank MFree Mastercard; Toyota Mastercard; PSBank Credit Mastercard. Features: Cash2Go; Balance Transfer; Bills2Pay; M Here (Shopping Perks & Privileges); Rewards and PayNow.

Prepaid Card: YAZZ Reloadable Prepaid Visa; Victory Liner Premiere Visa; NWorld Prepaid Visa; PisoPay Prepaid Visa; AXA Rewards Card; Ardeur Bonus Card; JAC Liner My Ride Prepaid VISA; WeEvolve Prepaid VISA; UniPrint Elite Prepaid VISA; IAM Worldwide Prepaid VISA; GMBT Premier Prepaid VISA; Synergreens Prepaid Visa; Rusty Lopez Rewards Prepaid VISA; Metrobank Prepaid Mastercard; Metrobank PayCard; Sta. Ana Multipurpose Cooperative Prepaid Mastercard and STI Alumni Association Prepaid Mastercard.

- 3. For internet banking: Online Banking and MBOS
- 4. For mobile banking: Metrobank Mobile Banking
- 5. For remittance services: Metro Remit, PayStation, CollectAnywhere, PayAnywhere and Payroll Plus
- 6. For consumer lending: MetroHome and MetroCar
- 7. For special current account: AccountOne
- 8. For special savings account for kids below 18 years old.: Fun Savers Club
- 9. For Trust products: Metro Money Market Fund; Metro Short Term Fund; Metro Max-3 Bond Fund; Metro Max-5 Bond Fund; Metro Corporate Bond Fund; Metro Balanced Fund; Metro Unit Paying Fund; Metro Equity Fund; Metro Philippine Equity Index Tracker Fund; Metro High Dividend Yield Fund; Metro Multi-Themed Equity Fund of Funds; Metro\$ Money Market Fund; Metro\$ Short Term Fund; Metro\$ Max-3 Bond Fund; Metro\$ Max-5 Bond Fund; Metro\$ Asian Investment Grade Bond Fund; Metro \$ World Equity Feeder Fund; Metro\$ Eurozone Equity Feeder Fund; Metro\$ US Equity Feeder Fund; Metro\$ Japan Equity Feeder Fund; Metro\$ US Investment Grade Corporate Bond Feeder Fund; Metro Aspire Bond Feeder Fund; Metro Aspire Equity Feeder Fund; Metro Aspire Balanced Feeder Fund, Metro Aspire Equity Feeder Fund; Metrobank PERA Bond Fund and Metrobank PERA Equity Fund.

Corporate licenses include the following:

- 1. For Metrobank: expanded commercial banking license, FCDU license, license for trust operations, type 2 limited dealer authority, government securities eligible dealer (GSED) with broker-dealer of securities functions
- 2. For PSBank: thrift banking license, FCDU license, license for trust operations, GSED (non-market maker) as dealer-broker, type 3 limited user authority and quasi-banking license
- 3. For FMIC: investment house and investment company adviser (ICA)
- 4. For ORIX Metro: financing company and quasi-banking license
- 5. For MBCL: financial license to expire on January 13, 2040

All the Bank's trademark registrations are valid for 10 years. The Bank closely monitors the renewal dates of registrations to protect and secure its rights to these trademarks. Corporate licenses issued by different regulatory bodies have no specific expiration dates except for the GSED licenses of Metrobank and PSBank which is renewable annually every November.

Government Approval of Principal Products or Services

The Group regularly obtains approvals and permits from regulatory bodies and agencies, as applicable, prior to the offering of its products and services to the public.

Effect of Existing or Probable Government Regulations

BSP Reporting

Regulatory Qualifying Capital

Under existing BSP regulations, the determination of the compliance with regulatory requirements and ratios is based on the amount of the "unimpaired capital" (regulatory net worth) as reported to the BSP, which is determined on the basis of regulatory accounting policies that differ from PFRS in some respects.

The Group complied with BSP Circular No. 781, *Basel III Implementing Guidelines on Minimum Capital Requirements*, which provides the implementing guidelines on the revised risk-based capital adequacy framework particularly on the minimum capital and disclosure requirements for universal banks and commercial banks, as well as their subsidiary banks and quasi-banks, in accordance with the Basel III standards. BSP Circular No. 781 sets out a minimum CET1 ratio of 6.00% and Tier 1 capital ratio of 7.50%; capital conservation buffer of 2.50% comprised of CET1 capital and Total Capital Adequacy Ratio (CAR) of 10.00%. These ratios shall be maintained at all times. Further, BSP Circular No. 856 covers the implementing guidelines on the framework for dealing with domestic systemically important banks (DSIBs) in accordance with the Basel III standards. Banks identified as DSIBs shall be required to have higher loss absorbency, on top of the minimum CET1 capital and capital conservation buffer.

Qualifying capital and risk-weighted assets (RWA) are computed based on BSP regulations. The Group and its individually regulated operations have complied with all externally imposed capital requirements throughout the year.

The Internal Capital Adequacy Assessment Process (ICAAP) supplements the BSP's risk-based capital adequacy framework. In compliance with this, the Group has adopted and developed its ICAAP framework to ensure that appropriate level and quality of capital are maintained by the Group. Under this framework, the assessment of risks extends beyond the Pillar 1 set of credit, market and operational risks and onto other risks deemed material by the Group. The level and structure of capital are assessed and determined in light of the Group's business environment, plans, performance, risks and budget as well as regulatory edicts.

Basel III Leverage Ratio (BLR)

BSP Circular Nos. 881 and 990 cover the implementing guidelines on the BLR framework designed to act as a supplementary measure to the risk-based capital requirements and shall not be less than 5.00%. Effective July 1, 2018, the monitoring of the leverage ratio was implemented as a Pillar I minimum requirement.

Liquidity Coverage Ratio (LCR)

BSP Circular No. 905 provides the implementing guidelines on LCR and disclosure standards that are consistent with the Basel III framework. The LCR is the ratio of high-quality liquid assets to total net cash outflows which should not be lower than 100.00%. Compliance with the LCR minimum requirement commenced on January 1, 2018 with the prescribed minimum ratio of 90.00% for 2018 and 100.00% effective January 1, 2019.

Net Stable Funding Ratio (NSFR)

On June 6, 2018, the BSP issued BSP Circular No.1007 covering the implementing guidelines on the adoption of the Basel III Framework on Liquidity Standards – NSFR. The NSFR is aimed to promote long-term resilience against liquidity risk by requiring banks to maintain a stable funding profile in relation to the composition of its assets and off-balance sheet activities. It complements the LCR, which promotes short term resilience of a bank's liquidity profile. Banks shall maintain an NSFR of at least 100 percent (100%) at all times. The implementation of

the minimum NSFR shall be phased in to help ensure that covered banks can meet the standard through reasonable measures without disrupting credit extension and financial market activities. An observation period was set from July 1 to December 31, 2018. Effective, January 1, 2019, banks shall comply with the prescribed minimum ratio of 100%.

The details of CAR, BLR, LCR and NSFR of the Group and the Bank, as reported to the BSP, are discussed in Note 4 of the Audited Financial Statements as presented in Exhibit 6.

Applicable Tax Regulations

Under Philippine tax laws, the RBU of the Bank and its domestic subsidiaries are subject to percentage and other taxes (presented as 'Taxes and licenses' in the statements of income) as well as income taxes. Percentage and other taxes paid consist principally of gross receipts tax (GRT) and documentary stamp tax (DST). Income taxes include regular corporate income tax (RCIT) and 20.00% final taxes paid, which is a final withholding tax on gross interest income from government securities and other deposit substitutes.

On March 26, 2021, Republic Act (RA) No. 11534, otherwise known as Corporate Recovery and Tax Incentives for Enterprises (CREATE) was signed into law. CREATE reduced the RCIT rate from 30% to 25% depending on the criteria set by the law effective July 1, 2020. With the implementation of this Act, interest expense allowed as a deductible expense shall be reduced by 20.0% of the interest income subjected to final tax compared to the 33.0% reduction prior to the Act.

The regulations also provide for MCIT of 2.0% (prior to CREATE) and 1.0% from (July 1, 2020 to June 30, 2023 before reverting to 2.0%) on modified gross income and allow a NOLCO. The MCIT and NOLCO may be applied against the Group's and the Bank's income tax liability and taxable income, respectively, over a three-year period from the year of inception. For the taxable years 2020 and 2021, the NOLCO incurred can be carried over as a deduction for the next five consecutive taxable years, pursuant to Revenue Regulation (RR) No. 25-2020. Current tax regulations also provide for the ceiling on the amount of EAR expense (Note 25) that can be claimed as a deduction against taxable income. Under the regulation, EAR expense allowed as a deductible expense for a service company like the Parent Company and some of its subsidiaries is limited to the actual EAR paid or incurred but not to exceed 1.00% of net revenue.

FCDU offshore income (income from non-residents) is tax-exempt while gross onshore income (income from residents) is subject to 10.00% income tax. In addition, interest income on deposit placements with other FCDUs and offshore banking units (OBUs) is taxed at 15.00%. Income derived by the FCDU from foreign currency-denominated transactions with non-residents, OBUs, local commercial banks including branches of foreign banks, is tax-exempt while interest income on foreign currency loans from residents other than OBUs or other depository banks under the expanded system is subject to 10.00% income tax.

The applicable taxes and tax rates for the foreign branches of the Bank are discussed in Note 28 of the Audited Financial Statements as presented in Exhibit 6.

Research and Development Costs

For the last three fiscal years, the Bank has not incurred any expenses for research and development.

Employees

Metrobank had 13,651 employees (including foreign branches) as of December 31, 2021. By year-end 2022, the Bank projects to have 14,451 employees.

	Officers	Rank and File	Total
As of year-end 2021:			
AVPs and up	590		590
Senior Managers and down	6,158	6,903	13,061
	6,748	6,903	13,651
By year-end 2022 (projected):			
AVPs and up	569		569
Senior Managers and down	6,204	7,678	13,882
	6,773	7,678	14,451

Majority of the registrant's rank and file employees are members of the employees' union. Benefits or incentive arrangements of the rank and file employees are covered by the Collective Bargaining Agreement (CBA) that is effective for three years. The Bank continues to ensure that its employees are properly compensated. The latest CBA that is effective for three years beginning January 2022 will end in December 2024. The Bank has not experienced any labor strikes and the management of the Bank considers its relations with its employees and the Union to be harmonious.

Risk Management

The Group has exposure to the following risks from its use of financial instruments: (a) credit; (b) liquidity; and (c) market risks. Detailed discussions and analysis on Risk Management of the Group are disclosed in Note 4 of the Audited Financial Statements as presented in Exhibit 6.

Risk management framework

The Board of Directors (BOD) has overall responsibility for the oversight of the Bank's risk management process. On the other hand, the risk management processes of the subsidiaries are the separate responsibilities of their respective BOD. Supporting the BOD in this function are certain Board-level committees such as Risk Oversight Committee (ROC), Audit Committee (AC) and senior management committees through the Executive Committee (EXCOM) and Asset and Liability Committee (ALCO) among others.

The ROC, which is composed primarily of independent members of the BOD, is responsible for overseeing the Bank's risk infrastructure, the adequacy and relevance of risk policies, and the compliance to defined risk appetite and levels of exposure. The ROC is assisted in this responsibility by the Risk Management Group (RSK). The RSK undertakes the implementation and execution of the Bank's Risk Management framework which involves the identification, assessment, control, monitoring and reporting of risks.

The Bank and its subsidiaries manage their respective financial risks separately. The subsidiaries have their own risk management processes but are structured similar to that of the Bank. To a certain extent, the respective risk management programs and objectives are the same across the Group. The risk management policies adopted by the subsidiaries and affiliates are aligned with the Bank's risk policies. To further promote compliance with PFRS and Basel III, the Bank created a Risk Management Coordinating Council (RMCC) composed of risk officers of the Bank and its financial institution subsidiaries.

Credit Risk

Credit risk is the risk of financial loss to the Group if a counterparty to a financial instrument fails to meet its contractual obligations. The Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, related groups of borrowers, market segments, and industry concentrations, and by monitoring exposures in relation to such limits, among others. The same is true for treasury-related activities. Each business unit is responsible for the quality of its credit portfolio and for monitoring and controlling all credit risks in its portfolio. Regular reviews and audits of business units and credit processes are undertaken by the RSK and Internal Audit Group, respectively.

Liquidity Risk

Liquidity risk is the current and prospective risk to earnings or capital arising from the inability to meet obligations when they become due. This may be caused by the inability to liquidate assets or to obtain funding to meet the liquidity needs. The Group manages its liquidity risk by holding adequate stock of high-quality liquid assets, analyzing net funding requirements over time, diversifying funding sources and contingency planning. To measure the prospective liquidity needs, the Group uses Maximum Cumulative Outflow (MCO), a liquidity gap tool to project short-term and long-term cash flow expectations on a business-as-usual condition. The MCO is generated by distributing the cash flows of the Group's assets, liabilities and off-balance sheet items to time bands based on cash flow expectations such as contractual maturity, nature of the account, behavioral patterns, projections on business strategies, and/or optionality of certain products. The incorporation of behavioral cash flow assumptions and business projections or targets results in a dynamic gap report that realistically captures the behavior of the products and creates a forward-looking cash flow projection.

Cash flows from assets are considered as cash inflows, while cash flows from liabilities are considered cash outflows. The net cash flows are determined for each given time period. If the inflows exceed the outflows, the Group is said to have a positive liquidity gap or excess funds for the given time bucket. Conversely, if the outflows exceed the inflows, the Group is said to have a negative liquidity gap or has funding need for the given time bucket.

The MCO is monitored regularly to ensure that it remains within the set limits. The Bank generates and monitors daily its MCO, while the subsidiaries generate the report at least monthly. The liquidity profile of the Group is reported monthly to the Parent Company's ALCO and ROC. To supplement the business-as-usual scenario parameters reflected in the MCO report, the Group also conducts liquidity stress testing to determine the impact of extreme factors, scenarios and/or events to the Group's liquidity profile. Liquidity stress testing exercise is performed quarterly on a per firm basis, and at least annually on the Group-wide level.

Market Risk

Market risk is the possibility of loss to future earnings, fair values, or future cash flows that may result from changes in the price of a financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates, and other market factors. Market risk originates from holdings in foreign currencies, debt securities, and derivatives transactions. Depending on the business model for the product, that is, whether they belong to the trading book or banking book, the Group applies different tools and processes to manage market risk exposures. Risk limits, approved by the BOD, are enforced to monitor and control this risk. RSK, as an independent body under the ROC, performs daily market risk analyses to ensure compliance to policies and limits, while Treasury Group manages the asset/liability risks arising from both banking book and trading operations in financial markets. The ALCO, chaired by the President, manages market risks within the parameters approved by the BOD.

As part of group supervision, the Bank regularly coordinates with subsidiaries to monitor their compliance to their respective risk tolerances and to ensure alignment of risk management practices. Each subsidiary has its own risk management unit responsible for monitoring its market risk exposures. The Bank, however, requires regular submission of market risk profiles from subsidiaries which are presented to ALCO and ROC in both individual and consolidated forms to provide senior management and ROC a holistic perspective, and ensure alignment of strategies and risk appetite across the Group.

Market Risk - Trading Book

In measuring the potential loss in its trading portfolio, the Bank uses Value-at-Risk (VaR). VaR is an estimate of the potential decline in the value of a portfolio, under normal market conditions, for a given "confidence level" over a specified holding period. The Bank measures and monitors the Trading Book VaR daily and this value is compared against the set VaR limit. Meanwhile, the Group VaR is monitored and reported monthly. The limitations of the VaR methodology are recognized by supplementing VaR limits with other position and sensitivity limit structures and by doing stress testing analysis. These processes address potential product concentration risks, monitor portfolio vulnerability and give the management an early advice if an actual loss goes beyond what is deemed to be tolerable to the Group and the Bank, even before the VaR limit is hit.

Stress testing is performed by the Bank on a quarterly basis and the results are reported to the ALCO and, subsequently, to the ROC and BOD. On a group-wide perspective, stress testing is done, at least, annually. The results are reported by the Bank's Risk Management Group to the BOD through ROC.

Market Risk - Banking Book

The Group has in place their own risk management system and processes to quantify and manage market risks in the banking book. To the extent applicable, these are generally aligned with the Bank's framework/tools.

Interest rate risk

The Group assesses interest rate risk in the banking book using measurement tools such as Interest Rate Repricing Gap, Earnings-at-Risk (EaR), Delta Economic Value of Equity (ΔEVE) and Sensitivity Analysis.

Interest Rate Repricing Gap is a tool that distributes rate-sensitive assets and liabilities into pre-defined tenor buckets according to time remaining to their maturity (if fixed rate) or repricing (if floating rate). Items lacking definitive repricing schedules (for example, current and savings account) and items with actual maturities that could vary from contractual maturities (for example, securities with embedded options) are assigned to repricing tenor buckets based on an analysis of historical patterns, past experience and/or expert judgment.

The Group calculates EaR using Historical Simulations (HS) approach, with one-year horizon and using five years data. EaR is then derived as the 99th percentile biggest drop in net interest income.

Foreign currency risk

Foreign exchange risk is the probability of loss to earnings or capital arising from changes in foreign exchange rates. Foreign currency liabilities generally consist of foreign currency deposits in the Group's FCDU account. Foreign currency deposits are generally used to fund the Group's foreign currency-denominated loan and investment portfolio in the FCDU. Banks are required by the BSP to match the foreign currency liabilities with the

foreign currency assets held in FCDUs. Outside the FCDU, the Group has additional foreign currency assets and liabilities in its foreign branch network. The Group's policy is to maintain foreign currency exposure within acceptable limits and within existing regulatory guidelines.

PART II - SECURITIES OF THE REGISTRANT

MARKET PRICE OF AND DIVIDENDS ON REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Market Information

In November 1980, the SEC approved and certified the listing of 500,000 common shares of Metrobank's capital stock with par value of P100.00 each. On February 26, 1981, the listing and trading of Metrobank's common shares with the Makati Stock Exchange Inc. and Manila Stock Exchange (which unified) took effect with the trading symbol of *MBT*. Today, the Bank's common shares are all listed at the PSE.

Average market prices per share for each quarter within the last two years and subsequent interim period were as follows:

	QUARTER/ PERIOD	MA	MARKET PRICES		
YEAR	ENDED	HIGH	LOW	CLOSE	AVERAGE
2022	February 28	60.75	53.50	57.10	58.00
	January 31	59.20	53.50	58.90	56.67
2021	March 31	51.60	44.40	44.40	47.77
	June 30	50.10	43.55	48.70	46.46
	September 30	49.50	43.00	43.70	45.88
	December 31	57.00	43.70	55.70	50.34
2020	March 31	67.00	35.30	40.00	56.16
	June 30	43.00	33.20	37.00	37.77
	September 30	39.20	33.10	38.20	35.65
	December 31	51.75	38.60	49.05	45.02

Holders

The Bank has a total of 2,969 stockholders as of March 11, 2022, all of whom have the same voting rights. Due to the huge number of certificated stockholders (2,969) and an even bigger number of scripless stockholders, the Company shall provide herein the list of the Top 20 stockholders. Stockholdings of the members of the majority owners (Ty Family and their related companies) were aggregated so as to include both the certificated and scripless shares. Stockholdings held by the PCD Nominee Corporation are broken down into nationality. All in all, the list of stockholders provided here represents approximately 98.087% of the total outstanding capital stock.

Pursuant to Article III, Section 4 of the Bank's By-Laws, at each meeting of the stockholders, every stockholder entitled to vote on the particular question or matter involved shall be entitled to one (1) vote for each share of stock standing in his name on the books of the Bank at the time of the closing of the transfer books for each meeting.

Top Twenty Stockholders

Following are the top 20 stockholders as of March 11, 2022:

	NAME OF STOCKHOLDER	TOTAL NO. OF COMMON SHARES HELD	PERCENT TO TOTAL NO. OF OUTSTANDING COMMON SHARES
1	GT Capital Holdings, Inc. ^a	1,670,611,010	37.146
2	PCD Nominee Corporation (Filipino) ^b	1,159,666,161	25.785
3	PCD Nominee Corporation (Non-Filipino)	917,040,489	20.390
4	Grand Titan Capital Holdings, Inc.	203,246,909	4.519
5	Philippine Securities Corp.	113,000,000	2.513
6	Nove Ferum Holdings, Inc.	76,226,918	1.695

	NAME OF STOCKHOLDER	TOTAL NO. OF COMMON SHARES HELD	PERCENT TO TOTAL NO. OF OUTSTANDING COMMON SHARES
7	82 Alpha Holdings Corporation	54,871,292	1.220

As of March 11, 2022, public ownership on the Bank was at 48.15%. Of the total shares issued, 20.423% represents foreign ownership.

Dividends

There are no restrictions that limit the ability of the Bank to pay cash dividends. Details of cash dividend distribution from 2019 to 2022 follow:

Date of Declaration	Per Share	Amount (In Millions)	Record Date	Payment Date
February 23, 2022	₽0.80 (regular)	₽3,598	March 17, 2022	March 31, 2022
February 23, 2022	₽1.40 (special)	₽6,296	March 17, 2022	March 31, 2022
February 17, 2021	₽1.00 (regular)	₽4,497	March 5, 2021	March 18, 2021
February 17, 2021	₽3.00 (special)	₽13,492	March 5, 2021	March 18, 2021
February 19, 2020	₽1.00 regular	₽4,497	March 6, 2020	March 20, 2020
February 13, 2019	₽1.00 regular	₽3,980	March 1, 2019	March 14, 2019

The computation of surplus available for dividend declaration in accordance with SEC Memorandum Circular No. 11 issued in December 2008 differs to a certain extent from the computation following BSP guidelines.

Recent Sales of Unregistered or Exempt Securities

The information required under Part II paragraph (A) (4) of Annex C of the Securities Regulation Code (SRC) under SRC Rule 12 is not applicable to the Bank.

Compliance with Lead Practice on Corporate Governance

Businesses must have learned from painful lessons in 2020 when the coronavirus arose to wreak havoc on operations. However, just like the virus, the financial and operational challenges faced by the business leaders also evolved while they continue to promptly address the needs of people, customers and suppliers. Indeed, running a business remains to be an unprecedented challenge for business leaders in the midst of this pandemic, including significant challenges as regards to corporate governance. The pandemic presented complex issues on business operations like disruptions to meetings, risk management, internal control, disclosure, etc. It is therefore imperative to ensure that appropriate strategies remain in place to anticipate and to mitigate further impact and ensure compliance with the rapidly evolving regulatory landscape.

Integrity, accountability, fairness and transparency, the four pillars upon which the Bank's governance policies rest, are maintained during these difficult times. The corporate governance framework as embodied in the Corporate Governance Manual setting out the roles and responsibilities within the Bank as well as the practices and procedures that are adopted is sustained to ensure that the organization remains to be governed with the highest standards of good governance. These principles and values are continued to be observed in all our operations and dealings.

Board of Directors

A competent Board of Directors (Board) that has collective responsibilities for leadership and control of the Bank's affair ensuring its long-term sustainability and success heads the Bank. The Board sets the Corporate Governance tone in the Bank by collectively directing the company's affairs, whilst meeting the appropriate interest of all stakeholders. It leads the process of developing and reviewing the Bank's strategies annually. It oversees the development, review and approval of the Bank's mission vision, a sound corporate governance framework, strategic and business plans, risk management, internal control system, financial performance and environmental, social and governance issues. The detailed responsibilities of the Board are disclosed in the Corporate Governance Manual posted on the Bank's website through the Corporate Governance page.

The Board is comprised of a diverse group of proficient people who combine insight and good judgment in implementing good governance. Diversity takes various forms and is inclusive of different elements such as gender, expertise, policy-making experience, ethnicity and independence. The members of the Board possess integrity, probity, physical & mental fitness, competence, education, financial literacy, training, diligence, knowledge and experience relevant to the banking industry.

To adequately fulfill their responsibilities, the Board has separate and independent access to the Corporate Secretary who manages the flow of information to the Board prior to the meetings.

Board Composition

The Bank consistently maintained the Board composition of twelve (12) directors. Ten (10) are non-executive directors of which five (5) are independent including one (1) female independent director, a deliberate stance to promote objectivity and strong element of independence in the Board. The number of independent director constitutes 42% of the Board, bringing focus, clear perspective and the ability to lead objective board discussions and better decision-making.

The members of the Board are elected annually. In accordance with Bank's By-Laws, any stockholder may submit nominations for directorial positions to represent their interest in promoting long-term value creation. The Nominations Committee is responsible for screening and recommending candidates to the full Board, based on its screening policies and parameters, including among others, alignment with the strategic directions of the Bank. The Nominations Committee assesses the qualifications of the nominees as defined in the Bank's By-laws and Corporate Governance Manual and with due consideration of the relevant regulations of Bangko Sentral ng Pilipinas (BSP) and Securities and Exchange Commission (SEC). The Board through its Nominations Committee strives to ensure the optimal mix of skills and talent and balanced membership of the Board to achieve its strategic objectives.

When identifying or screening potential candidates, the Committee may use whatever resources it deems appropriate, including but not limited to, referrals from existing directors and officers, recommendations and suggestions from stockholders. To the extent possible, they also make use of external databases or external search firms. Only nominees whose names appear in the Final List of Candidates shall be eligible for election as director.

The directors are committed to actively engage in their role in the Board, with sufficient time to carry out the duties of the Board and their Board committee memberships. As a rule, the non-executive directors of the Board may concurrently serve as directors only to a maximum of five (5) publicly listed companies, making sure however that the shareholders' legal right to vote and be voted directors remains inviolable. None of the Bank's directors serve in more than five (5) publicly listed companies.

The independent directors are independent of management and major shareholders. They have not engaged and do not engage in any transaction with the institution or with any of its related companies or with any of its substantial shareholders, whether by themselves or with other persons or through a firm of which they are partners or a company of which they are directors or substantial shareholders, other than transactions which are conducted at arm's-length and could not materially interfere with or influence the exercise of their judgment. The independent directors, as a rule, may serve for a maximum cumulative term of nine (9) years. After which, the independent director shall be perpetually barred from re-election as such, but may continue to qualify for nomination and election as a regular director. Reckoned from 2012 election, none of the independent directors have reached the maximum cumulative term of more than nine (9) years.

In 2021, the Board approved the retirement of Mr. Jesli A. Lapus. In his replacement, the Board welcomed Mr. Marcelo C. Fernando, Jr. as Independent Director effective April 28, 2021. With extensive experience in banking and finance, he brings valuable contributions, capabilities and exceptional leadership in the Board.

The Chairman of the Board and the President

The roles of the Chairman of the Board and the President are separate but complementary positions that work together for the good of the Bank. This split balances power, responsibility and accountability while preserving the independent decision-making of the Board. Each has clearly defined responsibilities in the Bank's By-Laws and Corporate Governance Manual.

The Chairman of the Board provides leadership in the Board. He ensures effective functioning of the Board, including maintaining a relationship of trust with Board members. In addition, the Chairman ensures a sound decision making process and encourages and promotes critical discussions and makes sure that dissenting views can be expressed within the decision-making process. On the other hand, the President exercises direct and active management of the business and operations of the Bank, conducting the same according to the orders, resolutions and instructions of the Board and according to his own discretion whenever the same is not expressly limited by such orders, resolutions and instructions. He communicates and implements the vision, mission, values and overall strategy of the Bank and promotes any organization change in relation to the same. He exercises general superintendence and direction over the other officers and the employees of the Bank and to see to it that their respective duties are properly performed.

The Chairman of the Board is Arthur Ty while the President is Fabian S. Dee.

Board Meetings

Directors of companies have a continuing duty to carry out their responsibilities no matter what the situation is. The pandemic forced most corporate boards to change how they work. In Metrobank, since face-to-face meetings have not yet resumed, virtual meeting practices still continue. The Bank still holds the Board as well as the committee meetings virtually with the use of WebEx video conferencing tool. Board meetings are held to keep directors up to date on the Bank's performance as well as approve strategies, appointments, and other decisions requiring their attention. The Regular Board meetings are held every second Wednesday of each month. Special meetings may be called at any time by the Chairman, or, in his absence, by the Vice Chairman, or pursuant to the written request of any four (4) directors. An organizational meeting is held immediately after the Annual Stockholder's Meeting (ASM) and the Board-level committees are reconstituted during this meeting.

As COVID-19 continues to dominate our lives, virtual meetings tend to be more efficient where the decisions are made and time is saved. To keep the virtual meeting running smoothly, the pertinent meeting materials are provided to the directors five (5) days in advance via a website URL's to address the administrative, technical and logistical issues of the current situation.

In 2021, the Board held a total of twelve (12) meetings. The Board meeting attendance, which is at 100%, exhibits active participation among the directors. The Office of the Corporate Secretary, which plays a significant role in supporting the Board in discharging its responsibilities, prepares the agenda and sends out notices and materials at least five (5) business days before the meeting dates. It also prepares and distributes the minutes of the previous meeting and keeps full minutes of all Board and stockholder meetings.

***Dir. EAGo passed away in October 2021

The Bank's Non-Executive Directors (NEDs) also met separately and conducted its annual meeting virtually, together with the Bank's External Auditors, Risk Officer, Compliance Officer and Chief Audit Executive, without the presence of any executive directors. The meeting is organized by the Compliance Officer, Mr. Arnulfo B. Pascioles, Jr., in coordination with various stakeholders. For 2021, the NED meeting was conducted on November 17, 2021 and led for the first time by a Lead Independent Director, Dir. Philip G. Soliven. All NEDs were present in the meeting and they invited the Head of Investor Relations Department, Ms. Minda Olonan, to expound on matters related to investors perception and expectations from the Bank. Also in the meeting are representatives from SGV who shared insights on sustainable finance and environmental, social and governance matters. Moreover, the Heads of Compliance, Risk and Internal Audit provided updates on their respective areas.

The Annual Stockholders' Meeting was also held exclusively in digital form without requiring the physical presence of the Board members and shareholders via WebEx Events on April 28, 2021. All Board members were present in the meeting.

Board-level Committees

The Board assigns specific tasks to committees to help them fulfill their diverse range of responsibilities. It delegates particular matters or affairs of the Bank to the committees to prepare the groundwork for decision-making and eventually report to the Board for notation or approval. In 2021, the Bank has ten (10) board-level committees that assist the Board in the optimal performance of its roles and responsibilities. Seven (7) committees namely Anti-Money Laundering Committee, Audit Committee, Corporate Governance and Compensation Committee, Nominations Committee, Related Party Transactions Committee, Risk Oversight Committee and Trust Committee, are chaired by an independent director. The Board-level committees have their own respective charters which set out their mandate, scope and working procedures and can be found in the Bank's website.

The *Anti-Money Laundering Committee (AMLACOM)* is tasked to assist the Board in fulfilling its oversight responsibility over the Bank's AML Compliance Management to make sure that the Bank complies with the provisions of the AMLA, as amended, its Revised Implementing Rules and Regulations (RIRR), and BSP regulations. This committee is comprised of four members, of which three (3) are independent directors. The Committee conducted six (6) meetings in 2021.

Charlotte T. Bilongilot*	Regular Member	29/51

*Ms. Bilongilot joined the committee in June 2021

The *Information Technology Steering Committee* provides governance and oversight in the management of the Bank's information technology (IT) resources. Its principal function is to ensure that IT strategies are consistent with the overall business objectives. It shall have oversight of the IT Risk Management Program of the Bank and the development of policies, controls, and specific accountabilities consistent with the Bank's IT Risk Management Framework. As delegated by the Board, it shall also approve IT-related requests and other IT-related services/arrangements, including outsourcing/insourcing activities. It should regularly render periodic report to the Board regarding overall IT performance, status of major projects and other significant issues related to IT risks. The Committee is composed of a non-executive director, Heads of Financial and Control Sector and Information Technology Group. The Committee convened five (5) times in 2021.

Members	Committee Membership	Attendance

**Director MCFernando Jr. elected director on April 28, 2021

Company's Policies

Orientation Program for New Directors

In accordance with applicable SEC rules and as expressly stated in the Bank's CGM, orientation for first time directors shall be for at least eight (8) hours. Each first-time director is provided with orientation kit, which contains a copy of the Bank's Articles of Incorporation, By-Laws, Code of Conduct, Bank's CGM and applicable Board Committee Charters. They are also provided with the general responsibilities and specific duties of the Board and of an individual director. Directors are required to certify under oath that they have received copies and fully understand and accept the general responsibilities and specific duties. In addition, each director certifies that he or she has all the prescribed qualifications and none of the disqualification as a director in compliance with the requirements of Sec.136 of the BSP Manual of Regulations for Banks.

Continuing Education

The Covid-19 global pandemic crisis is an adaptive and transformative challenge especially in keeping the Board well informed of developments in the evolving corporate governance norms as well as being attuned to the rapidly changing external situation. Given these challenges, the Bank still recognizes the value of continuing education for its Directors.

The Bank arranged two sessions for the annual corporate governance seminar. The directors, Corporate Secretary, and key officers have attended the online four (4)-hour training requirement facilitated by the Institute of Corporate Directors (ICD) on March 5 and 12, 2021 via Zoom meeting platform. Among the topics presented by the ICD facilitators focused on the Risk Management in the Age of COVID-19 and Building Resilience in the Corporate Strategy. The certification for the list of attendees was submitted online to the SEC on 19 March 2021.

Corporate Governance Manual

Metrobank has a strong corporate governance framework that is embodied in the Corporate Governance Manual (CGM), which sets out the roles and responsibilities within the Bank and the practices and procedures that are adopted to ensure that the organization is directed with the highest standards of good governance. The Corporate Governance Department regularly conducts review and evaluation of the CGM to ensure that it remains relevant and align with the new regulatory issuances and best industry practices. The CGM has been revised and approved by the Board in August 2021. The Bank enjoins everyone, the Board, Management, Officers and Staff of the Bank to fully commit themselves to the principles contained in the manual and acknowledge that the same will guide them in the development and achievement of the Bank's corporate goals. The Board-approved CGM has been uploaded in the Bank's intranet (Insight Online) and publicly-disclosed and accessible in the Bank's website.

In 2021, the Bank has fully complied with the provisions of the Bank's Corporate Governance Manual.

Compliance System

The Bank's Compliance Division implements an enterprise-wide compliance program which is an integral part of the Bank's culture and risk governance framework. It provides reasonable assurance that the Bank and its directors, officers and employees comply with all banking and corporate laws, regulations, rules, and standards. The Chief Compliance Officer is the lead Senior Officer in the administration of the Bank's Compliance Policy Manual.

Compliance Division is headed by the Chief Compliance Officer, Mr. Arnulfo B. Pascioles, Jr, who functionally reports to the Board of Directors through Corporate Governance and Compensation Committee. He exercises functional supervision over the designated Compliance Coordinators of the Head Office units and domestic branches relative to the compliance functions being performed/handled by them, as well as the Compliance Officers of the financial subsidiaries and affiliates.

Compliance Division performs a robust and periodic risk-based independent compliance testing in various forms using its own sampling methodology as basis to identify/select the risk areas/activities subject to testing. It performs an independent assessment of compliance with relevant laws, rules and regulations, as well as internal policies to identify and mitigate risks that may erode the franchise value of the Bank such as risk of legal, or regulatory sanctions, material financial loss, or loss to reputation. The Board of Directors through the Corporate Governance and Compensation Committee and the President are advised on a regular basis, or as necessary, of material regulatory breaches, if any and the general status of the Bank's level of regulatory compliance.

Code of Conduct and Ethics for Bank Directors

The Bank is unwavering on the conduct of its business with the highest ethical standard of fairness, accountability and transparency, taking into account the interest of all stakeholders. These values are the guiding principles of good corporate governance adopted by the Bank in its Code of Conduct and Ethics for Directors.

The Code of Conduct and Ethics for Directors articulates the standards of conduct for ensuring the proper discharge of duties and responsibilities befitting their position. It imposes guidelines which meet the requirements of the organization and regulators that remind directors not to use their position to make profit, or acquire a benefit or prioritize self-interests, and avoid situations that may compromise their impartiality. It reiterates the need to maintain professional integrity, enhancement of skills and knowledge and understanding of bank-related activities.

The Code is incorporated in the Bank's Corporate Governance Manual and should be read in conjunction of Articles of Incorporation, By-laws and applicable internal policies and procedures. The Code can be accessed by both internal and external stakeholders as it is posted in the Bank's intranet and company's website through the Corporate Governance page.

Code of Conduct for Employees

The Code of Conduct for Employees emphasizes the performance of duties and responsibilities, avoidance of conflict of interest between the Bank's business and personal activities, preservation of confidential information and the prohibition of accepting any form of gift or gratuity from any person which may influence the employee's judgement or action in performing the responsibilities.

The Human Resource Management Group (HRMG) has disseminated the Bank of Code of Conduct to all employees including the new hires. Employees are required to acknowledge in writing that they have read, understood and will observe the code of conduct. HRMG also regularly circulates core advisories which serve as a reminder on the values that the Bank wishes to foster by its employees. An annual refresher course was also conducted on November 12, 2021 to monitor compliance with the code and the required acknowledgement was done electronically. Both internal and external stakeholders can access the Bank's Code of Conduct for Employees as it is posted in the Bank's intranet and company's website through the Corporate Governance page.

Performance Evaluation and Self-Assessment

The best measure of the Board effectiveness is through an assessment process. Metrobank conducts its annual performance assessment of the Board, Chairman of the Board, President, Board Committees and each of the individual directors using Board-approved rating sheets through the Corporate Governance and Compensation Committee.

It has adopted an internal self-rating system and procedures to determine and measure compliance vis-à-vis good corporate governance principles and practices as prescribed in the Code of Corporate Governance: (i) Each Director self-rates and collectively rates the Board, the Chairman of the Board and the President; (ii) Corporate Governance, Audit, Risk Oversight and other Board committees conduct self-rating. The performance rating sheet normally circulated on paper or online using questionnaires that are tailor-made to the Bank's needs and objectives. This evaluation process allows the Board to consider the accomplishments of individuals and the group of individuals within the Board and this serves as an avenue to revisit existing process or areas in need of improvement within the Board.

In line with the SEC rules and best practices for Publicly-Listed Companies, the annual performance evaluation covering the period of 2020 was assessed by an external facilitator, Reyes Tacandong & Co. (R&T), in February to May 2021. The principal objective of the review was to provide an independent assessment of the effectiveness of the Board, Board Committees and Chairman of the Board and the efficiency of the execution of the roles and responsibilities of the board in conformance with the requirements of the SEC related to the Code of Corporate Governance for Publicly Listed Companies and requirements of the BSP for Board of Directors based on the Manual of Regulations for Banks.

As reported by R&T, on the overall, the Bank's corporate governance is effective, with substantially all the regulatory requirements being met by the Board, Board Committees and Chairman of the Board.

The results of the self-assessment were presented to the Board in its May meeting and various recommendations had been addressed in the same year. As part of the improvement of the self-assessment forms and based on the recommendations of R&T, CGCC endorsed to the Board in its November meeting the revised self-assessment forms which will be used in 2021 performance evaluation. The assessment forms will be having a five-point rating system.

Fair Business Transactions & Managing Conflicts of Interest

The Bank has adopted the Anti-Bribery and Corruption Policy, which requires the directors and employees to conduct business in accordance with the highest possible standards of ethics, honesty, accountability and good governance. The Bank does not tolerate any form of bribery or corruption to obtain an unfair advantage. Directors, officers and employees are prohibited in taking advantage of their positions in the Bank to directly or indirectly derive personal gain or profit.

The members of the Board conduct fair business transactions with the Bank and ensure that personal interest does not bias Board decisions. All directors are expected to act ethically at all times, notify promptly of any material facts or potential conflict of interest and take appropriate corrective action. Employees are expected to effectively manage their personal affairs and avoid any situation or business endeavors arising from associations, interest or relationships that may lead to conflict or potential conflict between their personal interest and of the Bank.

It is also part of the Bank's corporate governance framework that all related parties are properly identified and related party transactions are vetted and approved either by Related Party Transactions Management Committee (RPTMC), a management-level committee composed of senior officers or the Related Party Transactions Committee (RPTC), a Board-level committee composed of independent directors, depending on the materiality threshold set by the Bank. Directors and officers with personal interest in the transaction abstain from the discussion, approval and management of transaction. No director or officer participates in the RPTC or RPTMC or Board discussion of a related party transactions of subordinates, except in order to provide material information on the related party transaction. The material related party transactions that reach ten percent (10%) or higher of the Bank's total consolidated assets are required to be evaluated by an appointed external independent party to ensure the fairness of the terms. All acts of the Board, including related party transactions, are confirmed by the majority vote of the Bank's stockholders during the Annual Stockholders' Meeting.

Policy on Insider Trading

As a publicly listed company, Metrobank is regulated by measures and regulations under the SEC. It dutifully complies with its Insider Trading Policy to uphold applicable laws and ensure the protection of its shareholders from individuals who may take advantage of information not readily available in the market. The policy calls for the disclosure of material, non-public information about any of the companies within the Metrobank Group or any partner shall be on a need-to-know basis, based on a legitimate business agenda.

The policy prohibits trading during blackout periods by specific individuals which include all directors and specific employees within the Metrobank Group, and their immediate family members residing in the same household, and corporations, other entities, and funds subject to their influence or control. It mandates the reporting insiders to disclose their respective beneficial ownership of listed shares of stock in their various companies, if any, and report any changes on the next trading day following the date of the change, as per SEC and the PSE requirements.

Whistle Blowing Policy

The Whistleblowing policy is a sign of strong corporate governance and company culture that takes such claims seriously. In strengthening the Bank's integrity, all employees and stakeholders are encouraged to participate in an atmosphere of openness and trust and seize opportunities to raise concerns or immediately report whenever there are acts of fraud, malpractice, conflict of interest, or violation of internal or regulatory policies, procedures, and control, to the Chief Audit Executive. The policy requires that the Bank secures the identity of the reporting entity and protects the person from any undue retaliation. Complaints or concerns may be filed through the Bank's website or sent via email (whistleblowing@metrobank.com.ph) or text hotline (+639427471359).

Customer/Creditor's Welfare

In Metrobank, Customer Protection is part of the Bank's culture. It is not a responsibility of only one person or a single unit. It is a collective and shared responsibility of each and everyone, from the Board, to Management, and to all employees.

The five pillars of consumer protection standards namely: a) Disclosure and Transparency; b) Protection of client information; c) Fair treatment; d) Effective Recourse and e) Financial Education and Awareness, govern the conduct of the Bank in dealing with its customers and creditors. As such, the Customer Protection Policy Manual is created to ensure that customer protection is inherent in the day-to-day operations, providing the foundation in ensuring the Bank's adherence to customer protection standards of conduct. The Board, through the Executive Committee, provides effective oversight of the Bank's Financial Customer Protection while the Senior Management, through the Customer Experience Committee, ensures that the Bank developed a Customer Protection Risk Management System.

The Bank continuously adapts to regulatory requirements particularly on standardizing the process in the handling of complaints across all segments, redefining the turnaround time in resolving incidents to meet the client's expectation. In compliance with BSP Circular No. 949, the Bank also has a Social Media Risk Management Policy that provides guidance to covered individuals in the business and legal risks associated with the use of social media. Specifically, these rules require respecting co-workers privacy, respecting customer privacy, protecting confidentiality and security, safeguarding and proper use of the Bank's information and assets.

Stockholders' Rights and Protection of Minority Stockholders' Interests

In accordance with the Bank's CGM, the Bank treats all its shareholders fairly and equitably, and also recognize, protects and facilitates the exercise and their rights. The Board respects the rights of the stockholders as provided for in the Corporation Code. It promotes transparency and fairness in conducting annual and special stockholders' meeting. The Bank encourages active shareholders to participate in the meeting by sending Notice of Annual and Special Shareholders' meeting (ASM) was published and distributed to all stockholders as of record date of March 12, 2021 pursuant to the SEC rules of sending notices of at least twenty (21) days before the meeting. If they cannot attend, they are apprised ahead of time of their right to appoint a proxy. Subject to the requirements of the By-Laws, the exercise of the right shall not be unduly restricted and any doubt about the validity of a proxy should be resolved in the stockholder's favor. For 2021, there is no physical venue for the meeting and held on purely virtual mode due to the COVID-19 pandemic. The stockholders who participated pre-registered at ASMRegistration@metrobank.com.ph. The Minutes of the Annual Stockholders' Meeting.

Every stockholder entitled to vote on a particular question or matter involved is entitled to one (1) vote for each share of stock in his name. Minority stockholders have the right to vote on all matters that require their consent or approval including but not limited to the approval of shareholders on sale of corporate assets. Cumulative voting is allowed provided that the total votes cast by a stockholder shall not exceed the number of shares registered in his name. Matters submitted to stockholders for the ratification shall be decided by the required vote of stockholders present in person or by proxy. The Bank has not solicited any discretionary authority to cumulative voting.

Majority vote is required for the following: (a) approval of the minutes of the annual meeting of the stockholders; (b) ratification of corporate acts; (c) election of external auditors. On the election of directors, nominees receiving the highest number of votes shall be declared elected following the provision of the Corporation Code. SGV & Co. validated all votes cast in the Bank's ASM in 2021.

Policy on Health, Safety and Welfare of Employees

The Bank understands the magnitude of a safe and healthy workplace during a pandemic; as such, the Bank has instituted health and safety protocols that are aligned with Department of Health and the Centers for Disease Control and Prevention on the onset of the Covid-19 pandemic. It is committed to mitigation and prevention strategies in response to the Covid-19 pandemic to ensure the health and safety of each Metrobanker. Employees have been properly guided through various communications on good hygiene and appropriate disinfection procedures; available personal protective equipment (PPE) for employees and how to wear, use, clean and store it properly and disinfectant supplies such as alcohol, hand soaps etc.; social distancing strategies, including avoiding close physical contact and large gathering of people.

Metrobank has been very adaptive to the change brought upon by the pandemic. The Bank has modified immediately the work environment and changes the work practices to provide additional protection for its employees, clients and other stakeholders such as providing physical barriers, installation of temperature checking machines, installation of hand sanitizers and additional disinfection methods such as UV filtration and improve social distancing set-up. It has provided options to employees on flexible working schedules and working remotely. It implemented work-from-home policies and revises work schedules and/or create staggered shifts to limit the number of workers on-site at a given time.

It actively promotes a safe and healthy work environment that is conducive to the well-being and professional development of its employees. Among the programs instituted are wellness check of employees, results of which are the basis of choosing relevant health interventions for the workforce. Medical services have been properly set up for all employees and the availability of Bank's health partner from ActiveOne was made sure to answer common questions about COVID-19. The Bank has also provided series of webinars to employees which focuses on active and healthy lifestyle habits to combat diseases (e.g. hypertension, diabetes and obesity) through SEED (Sleep, Eat Right, Exercise and De-stress) Campaign.

The Bank acknowledges that it has a responsibility to ensure the safety and security of its employees and clients. The Bank also believes that providing them with a secure and safe work environment greatly enhances business and work productivity. In particular, the Bank ensures a drug-and alcohol-free work environment at all times. The Bank also conducted lectures on bank security to equip personnel.

The Bank also strives to empower Metrobankers with the right skills, knowledge, work ethics and expertise that are relevant to the stakeholders. It is fully committed to ensure that all employees perform their work consistently to high standards and achieve their full potential. It recognizes that training and development is fundamental to the improvement of the Bank's operational performance and the achievement of strategies and goals. The Metrobank Academy provides all employees with a wide range of suitable programs to assist in their continuing professional development, so that the organization will have the right quality of people for the business to grow and achieve its goals.

Supplier & Contractor Selection

To mitigate the risk of dealing with unqualified suppliers/contractor, the Bank maintains policies and guidelines in the accreditation/re-accreditation and selection process of supplier and contractor that is in accordance and compliant with BSP regulations. Annual performance evaluation is being conducted as part of appropriate control in determining the ability and performance of the contractor/service provider.

The Bank practices also the policy of canvassing and bidding services in the conduct of purchase of products or contracts for services to ensure that Bank secure the best deal in terms of price, quality of materials or work services, delivery time frame and related terms and conditions.

The Bank also maintains an Outsourcing Policy that serves as reference whenever the business unit intends to outsource an activity or function. The policy is aligned with the outsourcing regulations of BSP to ensure that all outsourced activities are conducted in compliance with the applicable laws.

Environment Protection

Metrobank is committed to sound environmental stewardship. It consistently strives to look for areas to improve its operations towards the conservation of energy, water and resources. Various policies on optimizing the use of paper, power shutdown of office equipment to minimize resource usage and to save on electricity costs, use of vehicles for carpool and regular maintenance and servicing of vehicles to reduce transportation cost and carbon emissions are in place.

24

As part of Metrobank's core value of being a responsible corporate citizen, it believes that sustainable development is a fundamental aspect of sound business management and recognizes that this must rank among the top priorities of its lending portfolio. Metrobank is focused on developing a loan portfolio that directly protects and promotes environmental and social care, and likewise instilling in the borrowers, the awareness that social and environmental care are inextricable to economic growth in order to achieve sustainable development.

The Metrobank Purple Hearts Club (PHC) has "You're In Green Hands" (YIGH), an environmental stewardship program which centers on combating various environmental issues faced by the country through restoration activities such as tree planting, mangrove planting, seashore, and coastal clean-up drives.

Corporate Governance Scorecard

The Bank's Integrated Annual Corporate Governance Report (I-ACGR) was submitted to SEC on May 26, 2021 and a copy was posted in the Bank's website. The I-ACGR provides a consolidated reporting tool to disclose compliance/non-compliance with the recommendations provided under the Corporate Governance Code for Publicly-Listed Companies as well as practices under the PSE CG Guidelines and the ASEAN Corporate Governance Scorecard.

As of December 31, 2021, the Bank has substantially complied with the recommendations of the Code of Corporate Governance for Publicly-Listed Companies.

Plans for Improvement of Corporate Governance

Commitment to having good corporate governance remains at the heart of the Bank's overall strategy and strong risk culture. The Board plays a key role in overseeing management performance and ensuring that controls and systems of check and balance are in place and effective. Hence, continuous adoption of best practices in corporate governance coupled with the aim of facilitating sustained growth and steady improvement of the corporate value in the medium and long term will be the foremost focus.

A separate schedule showing financial soundness indicators of the Group as of December 31, 2021 and 2020 is presented in Exhibit "7" as an attachment to this report.

2021 Performance

Financial Position

As of December 31, 2021, the Metrobank Group posted a total assets of P2.50 trillion or higher by P47.65 billion compared with P2.46 trillion as of December 31, 2020. Total liabilities of the Group increased to P2.18 trillion from P2.12 trillion or by P53.10 billion. On the other hand, equity attributable to equity holders of the Parent Company was lower by P5.70 billion from P324.20 billion to P318.51 billion.

Cash and Other Cash Items increased by P2.83 billion or 7.36%. Due from BSP which represents 10.12% of the Group's total assets decreased by 16.94% on account of lower level of overnight deposit facility placement partially offset by the increases in term deposit and reserve requirement. Due from Other Banks increased by P10.60 billion or 27.72% as a result of the net movements in the balances maintained with various local and foreign banks. Interbank Loans Receivable and SPURA went down by P8.95 billion or 11.27% due to the P22.12 billion decrease in SPURA offset by the P13.17 billion increase in interbank loans receivable.

Total investment securities which consisted of FVTPL, FVOCI and securities at amortized cost and represents 31.30% and 27.30% of the Group's total assets as of December 31, 2021 and 2020, respectively, went up by P113.12 billion or 16.88%. The increase was due to the net effect of the growth in FVOCI and securities at amortized cost and decrease in FVTPL securities. FVOCI securities increased by P79.36 billion particularly on treasury notes and bonds (P90.88 billion) and BSP bonds (P48.42 billion) offset by the decrease in treasury bills (P63.44 billion). Securities at amortized cost went up by P60.52 billion particularly on treasury bills, notes and bonds. In 2020, the Group disposed of investment securities at amortized cost with total carrying value of P113.5 billion as disclosed in Note 8 of the audited financial statements of the Group as presented in Exhibit 6. FVTPL securities consist of HFT securities and derivative assets amounting to P40.94 billion and P9.85 billion, respectively, as of December 31, 2021.

Net loans and receivables, representing 49.39% and 51.03% of the Group's total assets as of December 31, 2021 and 2020, respectively, went down by P16.86 billion or 1.35% due to lower portfolio of consumer loans offset by the higher portfolios of corporate loans. Investments in Associates and a Joint Venture went down by P0.40 billion or 6.35% due to lower net income of the associates and additional impairment recognized on the investment in LCMC (as discussed on Note 11 of the audited financial statements of the Group as presented in Exhibit 6). Deferred Tax Assets decreased by P0.93 billion or 6.66% due to net effect of the decrease in tax rate under the CREATE Law and movements on temporary tax differences. Other Assets decreased by P0.94 billion or 7.09% from P13.18 billion to P12.25 billion primarily due to movements in miscellaneous assets, chattel properties acquired in foreclosures, amortization of software cost and prepaid expenses.

Deposit liabilities represent 88.75% and 84.69% of the consolidated total liabilities as of December 31, 2021 and 2020, respectively, wherein, low cost deposits represent 75.78% and 72.97% of the Group's total deposits, respectively. The Group's deposit level, sourced by the Bank, PSBank and MBCL reached P1.93 trillion as of December 31, 2021, an increase of P133.07 billion or 7.40% from P1.80 trillion as of December 31, 2020. The increment came from demand and savings deposits by P73.06 billion and P78.30 billion, respectively, while time deposits went down by P12.06 billion. Further, the P6.25 billion LTNCD of the Parent Company had matured in November 2021.

Bills Payable and SSURA representing 3.23% and 6.58% of the Group's total liabilities as of December 31, 2021 and 2020, respectively, went down by P69.28 billion or 49.62% due to the P42.26 billion decrease in SSURA and lower borrowings from foreign banks, local banks and deposit substitutes by P12.09 billion, P10.66 billion and P4.27 billion, respectively. Derivative Liabilities which represent mark-to-market of foreign currency forwards, interest rate swaps, cross currency swaps, credit default swaps and foreign currency options with negative fair value decreased by P5.12 billion or 37.99%.

The decrease of P0.63 billion or 10.42% in Manager's Checks and Demand Drafts Outstanding resulted from normal banking operations of the Bank and PSBank. Income taxes payable decreased by P0.96 billion or 35.49% due to lower tax base and new tax rate and Accrued Interest and Other Expenses went up by P0.71 billion or 7.75% due to the increase in accruals of other bank expenses. Total bonds payable decreased by P11.57 billion on account of the movements on the fixed rate bonds issued by the Parent Company - P19.0 billion additional bonds issued in June 2021 and redemption of the P11.25 billion and P10.5 billion bonds in July and September of this year, respectively; and the redemption of the P6.3 billion fixed rate bonds of PSBank in July 2021 and the P4.16 billion fixed rate bonds of ORIX METRO. Details of these bonds are discussed in Note 19 of the audited financial statements of the Group as presented in Exhibit 6.

Non-equity Non-controlling Interest representing the portion of net income and net assets of the mutual fund subsidiaries of FMIC not attributed to the Group went up by P2.30 billion or 27.71% on account of the net increase in income of these mutual funds. Other Liabilities increased by P4.57 billion or 8.64% primarily due to the P7.83 billion increase in marginal deposits offset by the P4.76 billion decrease in bills purchased contra.

Equity attributable to equity holders of the Parent Company decreased by P5.70 billion or 1.76% primarily due to the P17.99 billion total cash dividends paid by the Bank, net unrealized loss on investments securities at FVOCI recognized during the year offset by the P22.16 billion net income for the year.

Results of Operations

For the year ended December 31, 2021, interest income went down by P20.61 billion or 19.12% mainly due to lower interest income on loans and receivables by P20.17 billion (volume related and interest rate cap on credit card) and interest income on investment securities by P0.96 billion partially offset by the P0.52 billion increase in interest income on deposit with banks and others. Meanwhile, lower interest expense on deposit liabilities by P5.82 billion and on borrowings by P3.73 billion accounted for the decrease of P9.55 billion or 44.06% in interest and finance charges. These resulted to a P11.06 billion or 12.84% decline on net interest income.

Other operating income of P25.83 billion decreased by P9.30 billion or 26.47% from P35.13 billion in 2020 on account of lower net trading and securities gain by P11.38 billion (due to last year's disposal of investment securities at amortized cost by the Group with total carrying value of P113.5 billion as discussed in Note 8 of the audited financial statements of the Group as presented in Exhibit 6) and the P2.46 billion decrease in foreign exchange gain offset by the increases in fee-based income by P1.71 billion, profit from assets sold by P0.37 billion and miscellaneous income by P2.33 billion.

Total operating expenses was maintained at same level with slight decrease of P0.65 billion or 1.08% from P60.12 billion to P59.47 billion with lower occupancy and equipment-related costs by P0.13 billion or 6.35% and taxes and licenses by P2.0 billion or 20.09% offset by the increases in miscellaneous expenses by P0.21 billion or 1.21% and compensation and fringe benefits by P0.38 billion or 1.52%. Total provision for credit and impairment losses of the Group amounted to P11.83 billion for the year ended December 31, 2021 or P28.93 billion lower compared with P40.76 billion provision in 2020. Provision for income tax, after considering the net impact of the new tax rate under CREATE Law, was higher by P0.73 billion from P7.05 billion to P7.78 billion due to net movements in corporate, final and deferred income taxes.

Income attributable to non-controlling interests went up to P0.21 billion from P0.14 billion or by P0.07 billion or 45.45% due to higher net income of majority owned subsidiaries.

As a result, net income attributable to equity holders of the Parent Company for the year ended December 31, 2021 improved by P8.33 billion or 60.19% to P22.16 billion from the P13.83 billion net income reported in 2020.

Total comprehensive income went down by P6.62 billion from P19.32 billion to P12.70 billion for the year ended December 31, 2021 and 2020, respectively, due to the net effect of the net unrealized loss recognized this year on FVOCI investments compared with gain in previous year, mitigated by the higher net income and increase in translation adjustment and others. This caused the total comprehensive income attributable to equity holders of the Parent Company to decrease by P6.84 billion from P19.14 billion in 2020 to P12.30 billion for the year ended December 31, 2021.

Market share price as of December 31, 2021 was at P55.70 (from P49.05 as of December 31, 2020) with a market capitalization of P250.51 billion.

2020 Performance

Financial Position

As of December 31, 2020, the Metrobank Group posted a total assets of $\cancel{P}2.46$ trillion or higher by $\cancel{P}4.35$ billion compared with $\cancel{P}2.45$ trillion as of December 31, 2019. Total liabilities of the Group decreased to $\cancel{P}2.12$ trillion from $\cancel{P}2.13$ trillion or by $\cancel{P}10.33$ billion. On the other hand, equity attributable to equity holders of the Parent Company was higher by $\cancel{P}14.65$ billion from $\cancel{P}309.55$ billion to $\cancel{P}324.20$ billion.

Cash and Other Cash Items increased by $\cancel{P}5.51$ billion or 16.73%. Due from BSP which represents 12.42% of the Group's total assets increased by 38.60% due to the net effect of the increase in overnight deposit facility placement

30

and term deposit with the BSP and lower reserve requirement. Due from Other Banks decreased by ± 16.53 billion or 30.19% as a result of the net movements in the balances maintained with various local and foreign banks. Interbank Loans Receivable and SPURA went up by ± 7.22 billion or 10.0% due to the ± 20.25 billion increase in interbank loans receivable reduced by the ± 13.03 billion decrease in securities under resale agreement with the BSP.

Total investment securities which consisted of FVTPL, FVOCI and securities at amortized cost and represents 27.30% and 21.05% of the Group's total assets as of December 31, 2020 and 2019, respectively, went up by P154.27 billion or 29.90%. FVTPL securities consist of HFT securities and derivative assets amounting to P65.71 billion and P11.85 billion, respectively, as of December 31, 2020 and P53.38 billion and P8.49 billion, respectively, as of December 31, 2019. The P366.93 billion increase in FVOCI securities was mainly due to the net effect of the increases in investments in treasury notes and bonds (P230.56 billion), treasury bills (P81.50 billion) and BSP bonds (P30.05 billion). In 2020, the Group disposed of investment securities at amortized cost as discussed in Note 8 of the audited financial statements of the Group as presented in Exhibit 6.

Net loans and receivables, representing 51.03% and 60.53% of the Group's total assets as of December 31, 2020 and 2019, respectively, went down by P230.64 billion or 15.55% due to lower portfolios of corporate, commercial and consumer loans. Investments in Associates and a Joint Venture went down by P0.34 billion or 5.20% due to lower net income and other comprehensive income of the associates and a joint venture. Deferred Tax Assets increased by P3.52 billion or 33.45% due to movements on temporary tax differences. Other Assets decreased by P2.39 billion or 15.35% from P15.57 billion to P13.18 billion primarily due to the decreases in interoffice float items and creditable withholding tax.

Deposit liabilities represent 84.69% and 80.39% of the consolidated total liabilities as of December 31, 2020 and 2019, respectively, wherein, low cost deposits represent 72.97% and 62.86% of the Group's total deposits, respectively. The Group's deposit level, sourced by the Bank, PSBank and MBCL reached P1.80 trillion as of December 31, 2020, an increase of P83.07 billion or 4.85% from P1.71 trillion as of December 31, 2019. The increment came from demand and savings by P103.51 billion and P130.35 billion, respectively, while time deposits went down by P142.79 billion. Further, the P8.00 billion long-term negotiable certificates of deposits of the Parent Company had matured in April 2020.

Bills Payable and SSURA representing 6.58% and 11.17% of the Group's total liabilities as of December 31, 2020 and 2019, respectively, went down by P98.67 billion or 41.41% due to the net effect of lower borrowings from foreign banks by P38.43 billion, local banks by P7.81 billion and deposit substitutes by P53.99 billion offset by the P1.57 billion increase in SSURA. Derivative Liabilities which represent mark-to-market of foreign currency forwards, interest rate swaps, cross currency swaps, credit default swaps and foreign currency options with negative fair value increased by P6.04 billion or 81.30%.

The decrease of P0.78 billion or 11.49% in Manager's Checks and Demand Drafts Outstanding resulted from normal banking operations of the Bank and PSBank. Income taxes payable decreased by P1.48 billion or 35.27% and Accrued Interest and Other Expenses went down by P1.35 billion or 12.86% due to decrease in accruals of interest expenses. Bonds payable increased by P10.91 billion or 13.56% on account of the P4.65 billion fixed rate bonds issued by PSBank, the P10.50 billion fixed rate bonds and USD500 million senior unsecured notes net of the maturity of P28.0 billion fixed rate bonds issued by the Parent Company. Details of these bonds are discussed in Note 19 of the audited financial statements of the Group as presented in Exhibit 6. On August 8, 2020, the Parent Company redeemed its 2025 Notes ahead of its maturity, which caused the decrease in Subordinated Debts.

Non-equity Non-controlling Interest representing the portion of net income and net assets of the mutual fund subsidiaries of FMIC not attributed to the Group went up by $\cancel{P}1.76$ billion or 26.89% due to the net effect of the increase in income and the decrease in ownership of these mutual funds. Other Liabilities decreased by $\cancel{P}3.35$ billion or 5.95% primarily due to the decreases in bills purchased contra ($\cancel{P}3.10$ billion), notes payable (maturity in 2020 of the unsecured notes issued by ORIX Metro amounting to $\cancel{P}2.59$ billion) and marginal deposits ($\cancel{P}0.77$ billion) offset by the increases in accounts payable ($\cancel{P}2.59$ billion) and miscellaneous liabilities ($\cancel{P}2.84$ billion).

Equity attributable to equity holders of the Parent Company increased by P14.65 billion or 4.73% mainly due to the net income reported during the year and improvement in net unrealized gain on investment securities at FVOCI.

Results of Operations

For the year ended December 31, 2020, interest income went down by $\clubsuit8.40$ billion or 7.23% resulting from lower interest income on loans and receivables by $\clubsuit10.16$ billion partially offset by the improvements in interest income on investment securities by $\clubsuit0.54$ billion and on interbank loans receivable, deposit with banks and others by $\clubsuit1.22$ billion. Meanwhile, lower interest expense on deposit liabilities by \$12.08 billion and on borrowings by \$5.43 billion

accounted for the decrease of P17.51 billion or 44.67% in interest and finance charges. These resulted to a P9.11 billion or 11.83% improvement on net interest income.

Other operating income of P35.13 billion increased by P6.08 billion or 20.91% from $\Huge{P29.05}$ billion in 2019 on account of higher net trading and securities and gain by $\Huge{P9.27}$ billion and foreign exchange gain by $\Huge{P0.61}$ billion net of the decreases in fee-based income by $\vcenter{P2.56}$ billion and miscellaneous income by $\vcenter{P0.73}$ billion. The disposal of investment securities at amortized cost by the Group in 2020 (as discussed in Note 8 of the audited financial statements of the Group as presented in Exhibit 6) resulted to a gain of $\vcenter{P8.18}{P8.18}$ billion.

Total operating expenses increased by P2.21 billion or 3.82% from P57.91 billion to P60.12 billion with higher compensation and fringe benefits by P1.18 billion or 4.99%, occupancy and equipment-related costs by P0.21 billion or 11.41% and miscellaneous expenses by P1.10 billion or 6.66%. To recognize the impact of the current COVID-19 pandemic, the Group's provision for credit and impairment losses was increased to P40.76 billion from P10.08 billion in previous year. Provision for income tax was lower by P3.02 billion from P10.06 billion to P7.05 billion due to net movements in corporate, final and deferred income taxes.

Income attributable to non-controlling interests went down to P0.14 billion from P0.82 billion or by P0.68 billion or 82.54% due to lower net income. The audited income attributable to equity holders of the Parent Company for the year 2020 went down by P14.22 billion or 50.70% to P13.83 billion from the P28.06 billion net income reported in 2019.

Total comprehensive income went down by P13.22 billion from P32.54 billion to P19.32 billion for the year ended December 31, 2020 and 2019, respectively, due to the net effect of the decrease in net income, lower net unrealized gain recognized this year on FVOCI investments and the gain recognized in retirement liability. Total comprehensive income attributable to equity holders of the Parent Company for the year ended December 31, 2020, went down to P19.14 billion or by P12.07 billion from P31.21 billion for the same year in 2019.

Market share price was at P49.05 from P66.30 as of December 31, 2019 with a market capitalization of P220.60 billion as at December 31, 2020.

2019 Performance

Financial Position

As of December 31, 2019, the Metrobank Group posted a 9.23% growth in total assets from $\cancel{P}2.24$ trillion as of December 31, 2018 to $\cancel{P}2.45$ trillion. Total liabilities of the Group increased to $\cancel{P}2.13$ trillion from $\cancel{P}1.95$ trillion or by 9.18%. Moreover, equity attributable to equity holders of the Parent Company was higher by 9.40% from $\cancel{P}282.96$ billion to $\cancel{P}309.55$ billion.

Due from BSP which represents 8.98% of the Group's total assets decreased by 8.39% due to the various reserve cuts in 2019. Due from Other Banks increased by \pm 8.97 billion or 19.57% as a result of the net movements in the balances maintained with various local and foreign banks. Interbank Loans Receivable and SPURA went up by \pm 21.46 billion or 42.30% primarily due to the increase in securities under resale agreement with the BSP.

Total investment securities which consisted of FVTPL, FVOCI and securities at amortized cost went up by $\cancel{P}99.66$ billion or 23.94%. The increase was mainly due to the net effect of the $\cancel{P}91.23$ billion increase in investments in FVOCI securities particularly on government securities and treasury notes and bonds; the $\cancel{P}13.75$ billion decrease in hold-to-collect securities; and the $\cancel{P}22.18$ billion increase in investment in FVTPL securities.

Loans and Receivables, representing 60.53% and 62.0% of the Group's total assets as of December 31, 2019 and 2018, respectively, went up by $\cancel{P}92.53$ billion or 6.65% driven by the strong demand for loans from all segments. Non-performing loans were at 1.30% of the total receivables from customers as of December 31, 2019. Investments in Associates and a Joint Venture went up by $\cancel{P}0.64$ billion or 10.83% due to the share in net income and other comprehensive income of the associates of FMIC. Property and equipment increased by $\cancel{P}3.75$ billion or 17.06% from $\cancel{P}21.95$ billion to $\cancel{P}25.70$ billion resulting from the adoption of PFRS 16 effective January 1, 2019 which requires recognition by lessees of the assets and related liabilities for most leases on their balance sheets and subsequently depreciates the lease assets and recognizes interest on the lease liabilities in their profit or loss. Upon adoption, initial recognition of right-of-use asset classified under "Property and Equipment" amounted to $\cancel{P}4.2$ billion and lease liability classified under "Other Liabilities" amounted to $\cancel{P}4.5$ billion.

Deposit liabilities represent 80.39% and 79.71% of the consolidated total liabilities as of December 31, 2019 and 2018, respectively, wherein, low cost deposits represent 62.86% and 61.98% of the Group's total deposits, respectively. The Group's deposit level, sourced by the Bank, PSBank and MBCL reached P1.71 trillion as of December 31, 2019, an

increase of $\neq 157.39$ billion or 10.11% from $\neq 1.56$ trillion as of December 31, 2018. The increment came from CASA by $\neq 112.56$ billion or 11.67% and time deposits by $\neq 44.88$ billion or 8.19%.

Bills Payable and SSURA representing 11.17% and 13.29% of the Group's total liabilities as of December 31, 2019 and 2018, respectively, went down by P21.33 billion or 8.21% due to the net effect of lower borrowings from local banks by P23.95 billion, from BSP by P21.50 billion and SSURA by P3.76 billion offset by the increases in borrowings from foreign banks by P19.90 billion and deposits substitutes by P7.97 billion. Derivative Liabilities which represent mark-to-market of foreign currency forwards, cross currency swaps and foreign currency options with negative fair value increased by P0.89 billion or 13.61%.

The decrease of $\mathbb{P}0.76$ billion or 10.03% in Manager's Checks and Demand Drafts Outstanding resulted from normal banking operations of the Bank and PSBank. Income taxes payable increased by $\mathbb{P}1.36$ billion or 47.99% while Accrued Interest and Other Expenses went up by $\mathbb{P}0.88$ billion or 9.15% due to increase in accruals of other bank expenses. Bonds payable increased by $\mathbb{P}49.74$ billion or 161.80% on account of the $\mathbb{P}17.50$ billion, $\mathbb{P}11.25$ billion and $\mathbb{P}13.75$ billion fixed rate bonds issued by the Parent Company on April 11, 2019, July 3, 2019 and October 24, 2019, respectively; the $\mathbb{P}6.30$ billion fixed rate bonds issued by PSBank on July 24, 2019; and the $\mathbb{P}4.16$ billion fixed rate bonds of FMIC in August 2019. Details of these bonds are discussed in Note 19 of the audited financial statements of the Group as presented in Exhibit 6. On June 27, 2019 and August 23, 2019, the Parent Company and PSBank redeemed their 2024 Peso Notes amounting to $\mathbb{P}16.0$ billion and $\mathbb{P}3.0$ billion, respectively, ahead of its maturity, which caused the decrease in Subordinated Debts.

Other Liabilities increased by P10.31 billion or 22.42% primarily due to the recognition of lease liability as a result of the adoption of PFRS 16 (P4.04 billion) and increases in marginal deposits (P2.14 billion), bills purchased contra (P1.92 billion) and accounts payable (P1.81 billion).

The P1.19 billion or 15.41% increase in equity of non-controlling interest was attributed to the net income generated by the majority-owned subsidiaries for the year ended December 31, 2019 and the net effect of PSBank's stock rights in January 2019 and the increase in the ownership of the Bank. Equity attributable to equity holders of the Parent Company increased by P26.59 billion or 9.40% mainly due to the net effect of the net income reported during the year and improvement in net unrealized gain on FVOCI.

Results of Operations

Net income attributable to equity holders of the Bank amounted to $\cancel{P}28.06$ billion for the year 2019 or 27.48% higher compared with $\cancel{P}22.01$ billion net income for the year 2018.

Interest income improved by P19.0 billion or 19.55% resulting from higher interest income on loans and receivables by P16.19 billion, on investment securities at FVTPL and FVOCI by P2.73 billion and on deposit with banks and others by P0.23 billion. Meanwhile, higher interest expense on deposit liabilities by P4.44 billion and on borrowings by $\Huge{P}6.38$ billion accounted for the increase of $\Huge{P}10.82$ billion or 38.15% in interest and finance charges. These resulted to a $\vcenter{P}8.18$ billion or 11.88% improvement on net interest income.

Other operating income of $\cancel{P}29.05$ billion increased by $\cancel{P}6.14$ billion or 26.82% from $\cancel{P}22.91$ billion in 2018 on account of higher net trading and securities and foreign exchange gains by $\cancel{P}6.52$ billion and fee-based income by $\cancel{P}1.57$ billion reduced by the $\cancel{P}1.01$ billion lower miscellaneous income.

Total operating expenses increased by $\mathbb{P}4.25$ billion or 7.92% from $\mathbb{P}53.66$ billion to $\mathbb{P}57.91$ billion with higher compensation and fringe benefits by $\mathbb{P}1.34$ billion or 5.98%, taxes and licenses by P1.44 billion or 16.44%, depreciation and amortization of $\mathbb{P}1.45$ billion or 35.60%, of which $\mathbb{P}1.30$ billion pertains to the depreciation expense recognized in 2019 due to the adoption of PFRS 16 (resulted in the decline in occupancy and equipment related expenses by $\mathbb{P}1.33$ billion), and miscellaneous expenses by $\mathbb{P}1.34$ billion or 8.80%. Provision for credit and impairment losses increased by $\mathbb{P}2.31$ billion from $\mathbb{P}7.77$ billion to $\mathbb{P}10.08$ billion and provision for income tax was higher by $\mathbb{P}2.32$ billion from $\mathbb{P}7.75$ billion to $\mathbb{P}10.06$ billion due to net movements in corporate, final and deferred income taxes.

Income attributable to non-controlling interests went down to P0.82 billion from P1.43 billion or by P0.61 billion or 42.61% due to decrease in ownership of minority particularly on MCC and PSBank.

Total comprehensive income went up by $\neq 11.76$ billion from $\neq 20.78$ billion to $\neq 32.54$ billion for the year ended December 31, 2018 and 2019, respectively, due to the net effect of the increase in net income; the net unrealized gain recognized this year on FVOCI investments compared with the net unrealized loss recognized in previous year; and the loss recognized in retirement liability. Total comprehensive income attributable to equity holders of the Parent Company for the year ended December 31, 2019, went up to P31.21 billion or by P11.55 billion from P19.67 billion for the same year in 2018.

Market share price was at P66.30 from P80.95 as of December 31, 2018 with a market capitalization of P298.18 billion as at December 31, 2019.

Key Variable and Other Qualitative and Quantitative Factors

Plans for 2022

Amid global economic rebound and expectations of a continued recovery, Metrobank remains focused on providing Meaningful Banking services by sustaining and increasing market relevance through continuous improvement in customer experience, operational efficiency and people development. These efforts are anchored on the Bank's Core Values program, reinforcing its commitment to deliver the "You're in Good Hands" promise to each client.

As business activities increase, Metrobank looks forward to grow alongside the economy in support of client needs. Key strategies include building capacity to improve operational efficiency, maximize cross-selling opportunities, and enhance customer experience. The Bank likewise continues its financial education initiatives across new and underserved markets, offering a range of services through traditional face-to-face banking relations to electronic channels such as ATMs, Cash Accept Machines, mobile applications and online capabilities. As the Bank pivots towards recovery, it continues to support CSR activities, recognizing its role of being an active participant in the pursuit of nation-building.

The Bank believes that the evolving operating environment calls for a robust IT infrastructure and strong control and risk management practices. Thus, the Bank's investments in its people are supported by investments in IT and information security, process efficiencies, as well as risk and control systems.

Capital position

The Bank will continue to actively improve on the Group's strong capital position. The Bank has benefited from a series of capital markets transactions to raise Tier 1 and Tier 2 capital.

In 2006, the Bank issued US\$125.0 million Hybrid Tier 1 capital security in February and 173,618,400 common shares at P38.00 per common share in October. In May 2010, the Bank raised an additional P5.0 billion in capital through a private placement of common shares. In January 2011, the Bank raised approximately US\$220.0 million through a rights offer for 200 million common shares at the offer price of P50.00 per rights share. In August 2013, the Bank increased its capital stock from P50 billion to P100 billion and on September 16, 2013, it issued a stock dividend equivalent to 633,415,049 common shares (with a par value of P20) that was applied as payment of the required subscription to the increase in capital stock. In April 2015, the Bank raised P32.0 billion through a rights offer for 435,371,720 common shares with par value of P20.00 priced at P73.50 per share. The newly issued shares were listed on the PSE on April 7, 2015. Further, in April 2018, the Bank raised P60.0 billion through a rights offer for 799,842,250 common shares with par value of P20.00 priced at P75.00 per share. The newly issued shares were listed on the PSE on April 12, 2018. In October 2019, the Bank increased its capital stock from P100 billion to P140 billion and on November 26, 2019, it issued a stock dividend equivalent to 517,401,955 common shares (with a par value of P20) that was applied as payment of the required subscription to the increase in capital stock dividend equivalent to 517,401,955 common shares (with a par value of P20) that was applied as payment of the required subscription to the increase in capital stock dividend equivalent to 517,401,955 common shares (with a par value of P20) that was applied as payment of the required subscription to the increase in capital stock, which further improved the Bank's capital position.

The Bank also issued Tier 2 instruments to boost its capital adequacy ratio. The Bank issued Basel II compliant Tier 2 subordinated notes in October 2007 for \clubsuit 8.5 billion with a coupon of 7.0%; in October 2008 for \clubsuit 5.5 billion with a coupon of 7.75%; and in May 2009 for \clubsuit 4.5 billion with a coupon of 7.5%. With the advent of Basel III, the Bank subsequently redeemed these previously issued subordinated debt issuances as they would not have been considered as capital beginning January 1, 2014. The Bank exercised the call option on its \clubsuit 8.5 billion 7.0%; \clubsuit 5.5 billion 7.75% and \clubsuit 4.5 billion 7.5% Lower Tier 2 Notes on October 22, 2012, October 4, 2013 and May 6, 2014, respectively. The early redemptions of these instruments were in accordance with the terms and conditions of the notes when they were originally issued. By redeeming the notes, the Bank avoided a step-up in the interest rate and the capital decay from the instruments. In 2014, the Bank raised a total of \clubsuit 2.5 billion on August 8, 2014 at 5.25%. The terms of the notes contain a loss absorption feature, allowing them to be recognized as bank capital in accordance with Basel III standards. The transactions were done in part to replace the Basel II Tier 2 notes which were redeemed on their call option dates. As approved by the BSP on April 25, 2019, on June 27, 2019, the Bank redeemed its 2024 Peso Notes amounting to \clubsuit 16.0 billion, ahead of its maturity. Likewise, on August 8, 2020, the Bank redeemed the 2025 Peso Notes amounting to P6.5 billion, ahead of its maturity after approval by the BSP on May 7, 2020.

As part of the Group's capital efficiency initiatives, the Group has been active in optimizing its allied and non-allied undertakings. Among the initiatives include the sale of the Bank's ownership in Toyota Motor Philippines Corporation in tranches between 2012 and 2013 as well as the sale of FMIC's holdings in Global Business Power Corporation in tranches between 2013 and 2016 and FMIC's holdings in Charter Ping An Insurance Corporation in 2014. In 2014, the Bank and PSBank also disposed of its holdings in Toyota Financial Services Philippines Corporation. Altogether, these sales further improved the Bank's capital adequacy under Basel III. As discussed in Part I - Business item number 2 "Description of Business-Business of Registrant", on March 13, 2019, the respective BODs of the Bank and MCC approved the proposal to merge MCC into the Bank. The proposed merger was ratified by the stockholders of the Bank on April 24, 2019, approved by the BSP on October 23, 2019, and approved by the SEC on January 3, 2020.

As of December 31, 2021, the Group's Capital Adequacy Ratio (CAR) and Common Equity Tier 1 (CET1) Ratio are 20.13% and 19.28%, respectively, both well above the regulatory requirements.

2021 Economic Performance

2021 saw the global economy rebound from the 2020 slump as countries started to re-open and mobility restrictions were eased. The Philippines, along with most of the world's economies, was on a sustained climb out of the recession. Second quarter growth posted the sharpest increase in a year, mostly on base effects. The positive expansion continued well into the last quarter, wherein growth was reported to be one of the highest in Asia. Compared to 2020, the economy has adapted and adjusted in terms of dealing and living with the surge and lockdown cycle.

Full-year average inflation came in higher at 4.5% compared to 2.6% in 2020 amid the faster annual increases in some commodity groups, especially food, transportation, and oil. The price of food, a heavily-weighted commodity, was persistently higher through most the year as weather-related disturbances and the African Swine Fever outbreak adversely affected domestic supply conditions. Furthermore, global commodity prices surged mid-2020 amid supply chain disruptions alongside increased global demand.

Movement of domestic interest rates were mixed on factors such as ample liquidity condition, inflation fears, and expectations of higher interest rates. Short-term rates were pinned within the 1% levels as the Bangko Sentral ng Pilipinas kept policy rates steady throughout 2021. Meanwhile, tenors above 1 year inched up towards their 2019 levels amid more issuances of longer-dated debt securities, rising global bond yields, and still elevated inflation.

Surging inflation and expectations of a more hawkish Federal Reserve are the factors that supported the US dollar versus its peers. US consumer prices rose at the highest rate since 1990, while money markets are said to be pricing in a high probability of Fed rate hikes in 2022. The Philippine peso generally stayed within the P50:\$1 level in the second half of last year amid tapering signals from the Fed, higher global crude oil prices, and the gradual reopening of the domestic economy. As of the last day of 2021, the domestic currency depreciated by 6% from the start of the year close.

Currently, the near-term outlook for the global economy remains highly uncertain as a resurgence in Covid infections, amid the highly contagious omicron variant, is likely to disrupt economic activity. Furthermore, global growth could see a slowdown this year as more economies start exiting unprecedented levels of fiscal and monetary policy support.

For the Philippine economy, while rebound back to pre-pandemic nominal GDP levels is likely to happen this year, the economy is not expected to reach full capacity just yet given the lingering risks. The threat posed by omicron and other emerging virus variants continues to loom over our heads, especially as potential super spreader events like the campaign period and national elections could exacerbate our current Covid situation.

Liquidity

To ensure that funds are more than adequate to meet its obligations, the Bank proactively monitors its liquidity position daily. Based on this system of monitoring, the Bank does not anticipate having any cash flow or liquidity problem within the next twelve months. As of December 31, 2021, the contractual maturity profile shows that the Bank has at its disposal about P1.046 trillion of cash inflows in the next twelve (12) months from its portfolio of cash, placements with banks, debt securities and receivable from customers. This will cover 63.84% of the P1.639 trillion total deposits that may mature during the same period. These cash inflows exclude securities booked in FVOCI whose maturities beyond one (1) year but may easily be liquidated in an active secondary market. Inclusive of these securities, the total current assets will cover 93.41% of the total deposits that may mature within one (1) year. On the other hand, historical balances of deposits showed that no substantial portion has been withdrawn in one year.

Events That Will Trigger Material Direct or Contingent Financial Obligation

In the normal course of the Group's operations, there are various outstanding commitments and contingent liabilities which are not reflected in the accompanying financial statements. No material losses are anticipated as a result of these transactions.

Several suits and claims relating to the Group's lending operations and labor-related cases remain unsettled. In the opinion of management, these suits and claims, if decided adversely, will not involve sums having a material effect on the Group's financial statements.

Material Off-Balance Sheet Transactions, Arrangements or Obligations

The following is a summary of contingencies and commitments of the Group at their peso-equivalent contractual amounts arising from off-balance sheet items as of December 31, 2021 and 2020 (in millions):

	2021	2020
Trust Banking Group accounts	₽589,145	₽567,841
Credit card lines	188,099	205,815
Unused commercial letters of credit	48,813	42,283
Undrawn commitments – facilities to lend	14,898	17,413
Bank guaranty with indemnity agreement	14,563	8,591
Credit line certificate with bank commission	5,116	4,262
Outstanding guarantees	4,598	3,826
Inward bills for collection	3,165	1,909
Outstanding shipside bonds/airway bills	1,208	2,594
Outward bills for collection	848	821
Confirmed export letters of credits	781	964
Late deposits/payments received	185	1,756
Others	25,475	11,488
	₽896,894	₽869,563

Other Relationships of the Registrant with Unconsolidated Entities or Other Persons

The Group has ownership in the following significant unconsolidated entities as of December 31, 2021:

	Effective <u>% of Ownership</u>
Taal Land, Inc.	35.00%
Cathay International Resources Corporation	34.49%
Sumisho Motor Financing Corporation*	26.52%
SMBC Metro Investment Corporation	30.00%
Philippine AXA Life Insurance Corporation	27.97%
Northpine Land, Inc.	20.00%
Lepanto Consolidated Mining Company	13.35%

* Represents investments in a joint venture of the Group and effective ownership interest of the Bank through PSBank.

Material Commitments for Capital Expenditures

For the year 2022, the Bank estimates to incur capital expenditures of about $\cancel{P}3.0$ to $\cancel{P}5.0$ billion, of which 70% is estimated to be incurred for information technology.

Significant Elements from Continuing Operations

Standards Issued But Not Yet Effective

Standards issued but not yet effective up to date of issuance of the Group's financial statements are listed in Note 2 of the audited financial statements of the Group as presented in Exhibit 6. The listing consists of standards and interpretations issued, which the Group reasonably expects to be applicable at a future date. The Group intends to adopt these standards when they become effective. Except as otherwise indicated, the Group does not expect the adoption of these new and amended PFRS and Philippine Interpretations to have significant impact on its financial statements. The Group will assess impact of these amendments on its financial position or performance when they become effective.

Information on Independent Accountant

SGV has been the external auditors of the registrant since 1962. In compliance with the revised SRC Rule 68 (3) (b) (ix), the signing partners are rotated after every five years reckoned from the year 2002 (increased to seven cumulative years effective August 2019 per Professional Regulatory Board of Accountancy Resolution No. 53, Series of 2019). The following SGV Partners have reviewed/audited the financial statements of the registrant and signed the reports of the independent auditors for the years ended as indicated below:

SGV Partner	Years Ended December 31
Ms. Janeth T. Nuñez-Javier	2021 and 2020
Ms. Josephine Adrienne A. Abarca	2020 and 2019
	2019 and 2018
Ms. Janeth T. Nuñez-Javier	2018 and 2017
	2017 and 2016
	2016 and 2015
	2015 and 2014
	2014 and 2013
Mr. Aris C. Malantic	2013 and 2012
	2012 and 2011
	2011 and 2010
	2010 and 2009
	2009 and 2008

- 2. The Bank intends to retain SGV as its external auditors for the year 2022. The external auditors are appointed annually by the registrant's Board of Directors in its organizational meeting held immediately after the Annual Stockholders' Meeting.
- 3. The aggregate fees billed and paid for each of the last two fiscal years for professional services rendered by the registrant's external auditors are summarized below:

Nature of Services Rendered		Aggregate Fees (in millions)	
		2021	2020
Audit and Audit-Related Fees	Annual and interim audit of the Consolidated, Parent Company and FCDU Financial Statements in connection with statutory and regulatory filings; annual audit of the Combined Financial Statements of Trust and Managed Funds Operated by the Trust Banking Group with Supplementary Combined Information; limited review of financial statements and offering circulars based on agreed-upon procedures and issuance of comfort letters relative to the issuances of debt securities (MTN, bonds).	₽20.27	₽24.50
Tax Fees		-	-
All Other Fees	Seminars and others	0.53	0.89
Total Fees		₽20.80	₽25.39

Audit Committee's Approval Policies and Procedures for Above Services

The Institutional Accounting Division of the Bank's Controllership Group, upon consultation with the Controller, the Financial and Control Sector Head and the President, reviews the continuing eligibility of the Bank's external auditor and/or other probable candidates, considering certain criteria.

Upon selection by the Controller, the Financial and Control Sector Head and the President, the recommendation for engaging the preferred external auditor shall be presented by the Controller to the Audit Committee, which shall then evaluate and endorse the appointment of the external auditor to the Board of Directors for approval.

On March 24, 2021, the Board of Directors approved the endorsement of the Audit Committee re-appointing SyCip Gorres Velayo & Co. (SGV) as the external auditors for 2021, and it was ratified by the stockholders during the Annual Stockholders' Meeting on April 28, 2021.

Appointment of Members and Composition of the Audit Committee

The members of the Audit Committee are appointed annually by the Board of Directors. It shall be composed of at least three (3) qualified non-executive directors, and majority of whom shall be independent directors, including the Chairperson. All of the members of the Audit Committee must have relevant background, knowledge, skills and/or experience in the areas of accounting, auditing and finance commensurate with the size, complexity of operations and risk profile of the bank. It shall have access to independent experts to assist them in carrying out its responsibilities. The Chairman of the Audit Committee should not be the chairman of the board or of any other board-level committees.

Each member shall serve for a maximum tenure of nine years. If a member does not serve the position of director within the term, his/her Audit Committee membership is automatically removed; the vacancy should then be filled up by the remaining Board of Directors, if still constituting a quorum. Once an independent director loses his/her independent director's position within the term, he/she will automatically lose qualification of Audit Committee chairperson. A new chairperson shall be appointed subject to the approval of the Board of Directors. The Audit Committee chairperson or member so appointed to fill a vacancy shall be appointed only for the unexpired term of his predecessor in office. The committee members, including the chairperson, may also be occasionally rotated.

Name of Member	Designation - Audit Committee	Designation - Registrant
Edgar O. Chua	Chairman	Independent Director
Francisco F. Del Rosario, Jr.	Regular Member	Independent Director
Solomon S. Cua	Regular Member	Director
Atty. Angelica H. Lavares	Regular Member	Independent Director

Metrobank's Audit Committee is composed of the following:

As provided for in its amended charter, among the duties and responsibilities of the Audit Committee is the exercise of an effective oversight of external audit function. With respect to the registrant's independent external auditor, the Audit Committee is responsible to:

- 1. Recommend the appointment or selection, re-appointment and dismissal of the independent external auditor based on fair and transparent criteria. The external auditor shall be selected from the List of Selected External Auditors for Bangko Sentral Supervised Financial Institutions and the recommendation should be approved by the Board and ratified by the stockholders. If the external auditor resigns or communicates an intention to resign, the Audit Committee should follow up the reasons or explanations giving rise to such resignation, and should consider whether it needs to take any action in response to those reasons. For removal of the external auditor, the reasons for removal or change should be disclosed to the regulators and the public through the company website and required disclosures. The external auditor, including the engagement and quality control partners, shall be periodically rotated in accordance with the relevant regulatory requirements.
- 2. Discuss and agree to the terms of the engagement letter issued by the external auditor prior to the approval of the engagement; obtain an understanding of the nature, audit approach, and scope of work covering areas specifically prescribed by the Bangko Sentral ng Pilipinas and other regulators and those relevant to the Bank's operations and risk exposures. These include (i) review of the adoption of applicable reporting framework as well as the assessment of the accuracy, adequacy, and reliability of accounting records and financial reports; (ii) assessment of the propriety and adequacy of disclosures in the financial statements; (iii) assessment of the adequacy and effectiveness of internal controls and risk management systems; (iv) assessment of the quality of capital in relation to risk exposures; and (v) evaluation of the quality of corporate governance, among others.

- 3. Set compensation of the external auditor in relation to the scope of its duties upon recommendation of Controller and ensure coordination where more than one audit firm is involved in the activity to secure proper coverage and minimize duplication of efforts.
- 4. Ensure that the external auditor shall have free and full access to all the Bank's records, properties and personnel relevant to the audit activity, and that audit be given latitude in determining the scope of auditing examinations, performing work, and communicating results and shall be free from interference by outside parties in the performance of work.
- 5. Assess the extent of cooperation provided by the management during the conduct of external audit.
- 6. Evaluate and determine non-audit work by external auditor and keep under review the non-audit fees paid to the external auditor both in relation to the significance to the total annual income of the external auditor and in relation to the Bank's total expenditure on consultancy and disallow any non-audit work that will conflict with or pose a threat to the independence of the external auditor. The non-audit work, if allowed, should be disclosed in the Annual Report and Annual Corporate Governance Report.
- 7. Review management representation letters before these are transmitted to the external auditor to ensure that items in the letter are complete and appropriate.
- 8. Review the disposition of the recommendations in the external auditor's management letter.
- 9. Review and monitor the overall suitability and effectiveness and conduct of regular performance appraisal of external auditor on an annual basis. These shall involve assessing and monitoring the integrity, independence and objectivity of external auditor, and the effectiveness of the audit process, taking into consideration relevant Philippine professional and regulatory requirements.
- 10. Continually engage external auditor on matters concerning audit quality and enhancements in audit processes.
- 11. Oversee the financial reporting process, practices, and controls; and ensure that the reporting framework enables the generation and preparation of accurate and comprehensive information and reports. The Audit Committee shall perform review of independent external auditor's report on the results of the financial statements audit, focusing particularly on any change/s in accounting policies and procedures; major estimates, assumptions and judgmental areas; unusual or complex transactions; significant adjustments, material errors and fraud; going concern assumption; compliance with accounting standards, and tax, legal and regulatory requirements; and, fully funding of employee pension funds or recognition of corresponding liability in the books; and conduct discussion with external auditor and management to decide on the appropriate action to be taken to address issues noted before these are submitted to the Board of Directors for approval.
- 12. Understand and assess the external auditor's opinion regarding the capability of the management and the adequacy of accounting or information systems to comply with the financial and prudential reporting responsibilities.
- 13. Meet with external auditor every semester or as the need arises.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

SGV has been the external auditors of the Bank since 1962 with engagement partner being changed every five (5) years effective 2002 (increased to seven cumulative years effective August 2019 per Professional Regulatory Board of Accountancy Resolution No 53, Series of 2019) in accordance with SEC and BSP regulations. There have been no disagreements with the Bank's independent accountants on any matter of accounting principles or practices, financial statement disclosures, or auditing scope or procedure.

Material Subsequent Events

- a. On January 17, 2022, the BOD of PSBank declared 7.50% regular cash dividend for the fourth quarter of 2021 amounting to ₱320.14 million or ₱0.75 per share, payable on February 16, 2022 to all stockholders of record as of February 2, 2022.
- b. On February 23, 2022, the BOD of the Bank approved a new dividend policy of increasing the regular cash dividends from ₽1.00 to ₽1.60 per share for the year, payable on a semi-annual basis at ₽0.80 per share. In addition, a special cash dividend of ₽1.40 per share was also declared. The first tranche of the regular cash

dividend of P0.80 per share and the special cash dividend of P1.40 per share are payable on March 31, 2022 to all stockholders of record as of March 17, 2022.

Others

As of December 31, 2021, the Group has no significant matters to report on the following:

- Known trends, events or uncertainties that would have material impact on liquidity and on the sales or revenues except that in order to anticipate the impact of COVID-19 pandemic, as required by the expected credit loss model of PFRS 9, the Group recorded provisions for credit and impairment losses by ₽11.8 billion for the year ended December 31, 2021.
- 2. Explanatory comments about the seasonality or cyclicality of operations.
- 3. Issuances, repurchases and repayments of debt and equity securities except for (a) issuance of the ₽19.0 billion fixed rate bonds and redemptions of ₽11.25 billion and ₽10.5 billion fixed rate bonds and ₽6.25 billion LTNCD of the Bank; (b) redemption of the ₽6.3 billion fixed rate bonds of PSBank, and (c) redemption of the ₽4.16 billion fixed rate bonds of ORIX METRO, as discussed in Notes 16 and 19 of the audited financial statements of the Group as presented in Exhibit 6.
- 4. Unusual items as to nature, size or incidents affecting assets, liabilities, equity, net income or cash flows except for the payment of cash dividends by the Bank, as discussed in Note 23 of the audited financial statements of the Group as presented in Exhibit 6; and
- 5. Effect of changes in the composition of the Group during the year, including business combinations, acquisition or disposal of subsidiaries and long-term investments, restructurings, and discontinuing operations (except as discussed in Note 11 of the audited financial statements of the Group as presented in Exhibit 6).

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The management of Metropolitan Bank & Trust Company and Subsidiaries (the Group) and of Metropolitan Bank & Trust Company (the Parent Company) is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, as of December 31, 2021 and 2020 and for each of the three years in the period ended December 31, 2021, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Parent Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders.

SyCip Gorres Velayo & Co., the independent auditors, appointed by the stockholders has audited the financial statements of the Group and of the Parent Company in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

INDEPENDENT AUDITOR'S REPORT

The Board of Directors and Stockholders Metropolitan Bank & Trust Company Metrobank Plaza, Sen. Gil Puyat Avenue Urdaneta Village, Makati City Metro Manila, Philippines

Report on the Consolidated and Parent Company Financial Statements

Opinion

We have audited the consolidated financial statements of Metropolitan Bank & Trust Company and its subsidiaries (the Group) and the parent company financial statements of Metropolitan Bank & Trust Company (the Parent Company), which comprise the consolidated and parent company statements of financial position as at December 31, 2021 and 2020, and the consolidated and parent company statements of income, consolidated and parent company statements of comprehensive income, consolidated and parent company statements of cash flows for each of the three years in the period ended December 31, 2021, and notes to the consolidated and parent company financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated and parent company financial statements present fairly, in all material respects, the financial position of the Group and the Parent Company as at December 31, 2021 and 2020, and their financial performance and their cash flows for each of the three years in the period ended December 31, 2021, in accordance with Philippine Financial Reporting Standards (PFRS).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated and Parent Company Financial Statements* section of our report. We are independent of the Group and the Parent Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the consolidated and parent company financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and parent company financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and parent company financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Consolidated and Parent Company Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated and parent company financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated and parent company financial statements.

Applicable to the audit of the consolidated and parent company financial statements

Allowance for Credit Losses

The Group's and the Parent Company's application of the expected credit loss (ECL) model in calculating the allowance for credit losses on loans and receivables is significant to our audit as it involves the exercise of significant management judgment. Key areas of judgment include: segmenting the Group's and the Parent Company's credit risk exposures; determining the method to estimate ECL; defining default; identifying exposures with significant deterioration in credit quality, taking into account extension of payment terms and payment holidays provided as a result of the coronavirus pandemic; determining assumptions to be used in the ECL model such as the counterparty credit risk rating, the expected life of the financial asset, expected recoveries from defaulted accounts, and impact of any financial support and credit enhancements extended by any party; and incorporating forward-looking information, including the impact of the coronavirus pandemic, in calculating ECL.

Allowance for credit losses on loans and receivables as of December 31, 2021 for the Group and the Parent Company amounted to P52.73 billion and P41.21 billion, respectively. Provision for credit losses of the Group and the Parent Company in 2021 amounted to P11.65 billion and P7.68 billion, respectively.

Refer to Notes 2, 3 and 15 of the financial statements for the disclosure on the details of the allowance for credit losses using the ECL model.

Audit response

We obtained an understanding of the board approved methodologies and models used for the Group's and the Parent Company's different credit exposures and assessed whether these considered the requirements of PFRS 9, *Financial Instruments*, to reflect an unbiased and probability-weighted outcome, and to consider time value of money and the best available forward-looking information.

We (a) assessed the Group's and the Parent Company's segmentation of its credit risk exposures based on homogeneity of credit risk characteristics; (b) tested the definition of default and significant increase in credit risk criteria against historical analysis of accounts, credit risk management policies and practices in place, and management's assessment of the impact of the coronavirus pandemic on the counterparties; (c) tested the Group's and the Parent Company's application of internal credit risk rating system, including the impact of the coronavirus pandemic on the borrowers, by reviewing the ratings of sample credit exposures; (d) assessed whether expected life is different from the contractual life by testing the maturity dates reflected in the Group's and the Parent Company's records and considering management's assumptions regarding future collections, advances, extensions, renewals and modifications; (e) tested loss given default by inspecting historical recoveries and related costs, write-offs and collateral valuations, and the effects of any financial support and credit enhancements provided by any party; (f) tested exposure at default considering outstanding commitments and repayment scheme; (g) checked

the forward-looking information used for overlay through statistical test and corroboration using publicly available information and our understanding of the Group's and the Parent Company's lending portfolios and broader industry knowledge, including the impact of the coronavirus pandemic; and (h) tested the effective interest rate used in discounting the expected loss.

Further, we checked the data used in the ECL models by reconciling data from source system reports to the data warehouse and from the data warehouse to the loss allowance analysis/models and financial reporting systems. To the extent that the loss allowance analysis is based on credit exposures that have been disaggregated into subsets of debt financial assets with similar risk characteristics, we traced or re-performed the disaggregation from source systems to the loss allowance analysis. We also assessed the assumptions used where there are missing or insufficient data.

We recalculated impairment provisions on a sample basis. We involved our internal specialists in the performance of the above procedures. We reviewed the completeness of the disclosures made in the financial statements.

Realizability of Deferred Tax Assets

As of December 31, 2021, the deferred tax assets of the Group and the Parent Company amounted to ₱13.09 billion and ₱11.89 billion, respectively. The recognition of deferred tax assets is significant to our audit because it requires significant judgment and is based on assumptions such as availability of future taxable income and the timing of the reversal of the temporary differences that are affected by expected future market or economic conditions and the expected performance of the Group and the Parent Company. The estimation uncertainty on the Group's and Parent Company's expected performance has increased as a result of the uncertainties brought about by the coronavirus pandemic.

The disclosures in relation to deferred income taxes are included in Notes 3 and 28 of the financial statements.

Audit Response

We involved our internal specialist in interpreting the tax regulations, testing the temporary differences identified by the Group and the Parent Company and the applicable tax rate. We also re-performed the calculation of the deferred tax assets. We reviewed the management's assessment on the availability of future taxable income in reference to financial forecast and tax strategies. We evaluated management's forecast by comparing the loan portfolio and deposit growth rates to the historical performance of the Group and Parent Company and the industry, including future market circumstances and taking into consideration the impact associated with the coronavirus pandemic.

Applicable to the audit of the consolidated financial statements

Recoverability of Investments in Associates and a Joint Venture

The Group assesses the impairment of its investments in associates and a joint venture whenever events or changes in circumstances indicate that the carrying amount of the investments may not be recoverable. As of December 31, 2021, the Group has an investment in associate amounting to $\mathbb{P}1.24$ billion whose fair value has declined significantly from acquisition cost. The Group performed impairment testing by calculating both the fair value less costs to sell (FVLCTS) and value-in-use (VIU) to determine the higher amount that should be used as the recoverable amount. We considered the impairment testing of the Group's investment in this associate as a key audit matter as significant judgment and estimates are involved in the determination of the investment's VIU.

The disclosures relating to investments in associates and a joint venture are included in Notes 3 and 11 to the financial statements.

Audit response

We discussed with management the investee's current business performance and prospects and how these were reflected in the Group's VIU calculation. We involved our internal specialist in evaluating the methodology and assumptions used. We compared the expected production volume and capital expenditures used in the calculation to the historical performance and plans of the investee, and the price assumption, exchange rates and long-term growth rate to available industry, economic and financial data including consensus market forecasts and the impact of the coronavirus pandemic. We also tested whether the discount rate used represents current market assessment of risks associated with the investment.

Recoverability of Goodwill

As of December 31, 2021, the Group has goodwill amounting to P5.19 billion as a result of various business acquisitions. Under PFRS, the Group is required to annually test the amount of goodwill for impairment. The Group performed the impairment testing using the cash generating unit's (CGU) FVLCTS. The annual impairment test is significant to our audit because the determination of the CGU's FVLCTS requires significant judgment and is based on assumptions which are subject to higher level of estimation uncertainty due to the current economic conditions which have been impacted by the coronavirus pandemic. The CGU's assets include significant investments in unquoted equity shares and their fair values were determined using price-to-earnings (P/E) ratios of comparable companies and adjusted net asset valuation (NAV) method. Other assets of the CGU include investments in quoted equity shares and debt financial assets, and real properties, while liabilities include unquoted debt financial liabilities.

The disclosures relating to goodwill are included in Notes 3 and 11 to the financial statements.

Audit response

We involved our internal specialist in evaluating the assumptions and methodology used by the Group in determining the FVLCTS of the CGU, in particular those relating to the use of P/E ratios of comparable companies and adjusted NAV method in the valuation of the unquoted equity shares. We tested the fair value of the other assets and liabilities by referring to the quoted prices of listed equity and debt instruments, agreeing the appraised values of real estate properties to the appraisal reports, comparing the future cash flows of unquoted debt instruments to the related contracts, and comparing the discount rates used against prevailing interest rates for similar instruments, taking into consideration the impact associated with the coronavirus pandemic. We also re-performed the calculation of the FVLCTS.

Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2021, but does not include the consolidated and parent company financial statements and our auditor's report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2021 are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and parent company financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated and parent company financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated and parent company financial statements or our knowledge obtained in the audits, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Parent Company Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated and parent company financial statements in accordance with PFRS, and for such internal control as management determines is necessary to enable the preparation of consolidated and parent company financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and parent company financial statements, management is responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Parent Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Parent Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated and Parent Company Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and parent company financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and parent company financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the consolidated and parent company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Parent Company's internal control.

- 6 -

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and parent company financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Parent Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and parent company financial statements, including the disclosures, and whether the consolidated and parent company financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and parent company financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Supplementary Information Required Under Bangko Sentral ng Pilipinas (BSP) Circular No. 1074 and Revenue Regulations No. 15-2010

- 7 -

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under BSP Circular No. 1074 in Note 37 and Revenue Regulations No. 15-2010 in Note 38 to the financial statements is presented for purposes of filing with the BSP and Bureau of Internal Revenue, respectively, and is not a required part of the basic financial statements. Such information is the responsibility of the management of the Parent Company. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The engagement partner on the audit resulting in this independent auditor's report is Janeth T. Nuñez-Javier.

METROPOLITAN BANK & TRUST COMPANY AND SUBSIDIARIES NOTES TO FINANCIAL STATEMENTS

1. Corporate Information

Metropolitan Bank & Trust Company (the Parent Company) is a universal bank incorporated in the Philippines on April 6, 1962. The Securities and Exchange Commission (SEC) approved the renewal on November 19, 2007. The Parent Company's shares were listed with the Philippine Stock Exchange, Inc. (PSE) on February 26, 1981, as approved by the SEC in November 1980. It has a universal banking license granted by the Bangko Sentral ng Pilipinas (BSP) on August 21, 1981.

The Parent Company and its subsidiaries (the Group) are engaged in all aspects of banking, financing, leasing, real estate and stock brokering through a network of over 2,000 local and international branches, subsidiaries, representative offices, remittance correspondents and agencies. As a bank, the Parent Company, which is the ultimate parent of the Group, provides services such as deposit products, loans and trade finance, domestic and foreign fund transfers, treasury, foreign exchange, trading and remittances, and trust services. Its principal place of business is at Metrobank Plaza, Sen. Gil Puyat Avenue, Urdaneta Village, Makati City, Metro Manila, Philippines.

2. Summary of Significant Accounting Policies

Basis of Preparation

The accompanying financial statements have been prepared on a historical cost basis, except for financial assets and financial liabilities at fair value through profit or loss (FVTPL) and fair value through other comprehensive income (FVOCI) that have been measured at fair value.

The financial statements of the Parent Company and Philippine Savings Bank (PSBank) include the accounts maintained in the Regular Banking Unit (RBU) and Foreign Currency Deposit Unit (FCDU). The functional currency of RBU and FCDU is Philippine Peso (PHP or ₱) and United States Dollar (USD), respectively. For financial reporting purposes, FCDU accounts and foreign currency-denominated accounts in the RBU are translated into their equivalents in PHP (see accounting policy on Foreign Currency Translation). The financial statements of these units are combined after eliminating inter-unit accounts.

Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. The respective functional currencies of the subsidiaries are presented under Basis of Consolidation. The financial statements are presented in PHP, and all values are rounded to the nearest million pesos (₱000,000), except when otherwise indicated.

Statement of Compliance

The financial statements of the Group and the Parent Company have been prepared in compliance with Philippine Financial Reporting Standards (PFRS).

Presentation of Financial Statements

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. This is not generally the case with master netting agreements, and the related assets and liabilities are presented gross in the statement of financial position. Income and expense are not offset in the statement of income unless required or permitted by any accounting standard or interpretation, and as specifically disclosed in the accounting policies of the Group.

Basis of Consolidation

The consolidated financial statements include the financial statements of the Parent Company and of its subsidiaries and are prepared for the same reporting period as the Parent Company using consistent accounting policies. The following are the wholly and majority-owned foreign and domestic subsidiaries of the Parent Company in 2021 and 2020 (Note 11):

* In process of dissolution			
** In process of liquidation			
*** Fully liquidated in January 2021			

****Fully liquidated in December 2021

All significant intra-group balances, transactions, income and expenses and profits and losses resulting from intra-group transactions are eliminated in full at consolidation (Note 32). Subsidiaries are fully consolidated from the date on which control is transferred to the Group. Control is achieved where the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Consolidation of subsidiaries ceases when control is transferred out of the Group or the Parent Company. The results of subsidiaries acquired or disposed of during the year are included in the consolidated statements of

income and consolidated statements of comprehensive income from the date of acquisition or up to the date of disposal, as appropriate.

Changes in the Parent Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for within equity. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid (or to be paid) or received is recognized directly in equity included as part of 'Translation adjustment and others' and attributed to the owners of the Parent Company.

When a change in ownership interest in a subsidiary occurs which results in a loss of control over the subsidiary, the Parent Company:

- a. Derecognizes the assets (including goodwill) and liabilities of the subsidiary;
- b. Derecognizes the carrying amount of any non-controlling interest;
- c. Derecognizes the related other comprehensive income (OCI) recorded in equity and recycles the same to statement of income or 'Surplus';
- d. Recognizes the fair value of the consideration received;
- e. Recognizes the fair value of any investment retained;
- f. Recognizes any surplus or deficit in the statement of income; and
- g. Reclassifies the Parent Company's share of components' gains (losses) previously recognized in OCI to profit or loss or surplus, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

Entity with Significant Influence over the Group

GT Capital Holdings, Inc. (GT Capital) holds 37.15% interest in the Parent Company as of December 31, 2021 and 2020 (Note 32).

Non-controlling Interest

Non-controlling interest represents the portion of profit or loss and the net assets of the funds not held by the Group and is presented separately in the consolidated statement of income, consolidated statement of comprehensive income and within equity in the consolidated statement of financial position, separately from equity attributable to the Parent Company. Any losses applicable to the non-controlling interests in excess of the non-controlling interests are allocated against the interests of the non-controlling interest even if this results in the non-controlling interest having a deficit balance. Acquisitions of non-controlling interests are accounted for as equity transactions.

Non-equity Non-controlling Interest

The Group has seed capital investments in a number of funds where it is in a position to be able to control those funds. These funds are consolidated.

Non-equity non-controlling interest represents the portion of net assets of the consolidated funds not attributed, directly or indirectly, to the Parent Company and is presented separately in the liability section in the consolidated statement of financial position. This liability is accounted for at FVTPL and measured using net asset value per unit with changes recognized in 'Trading and securities gain - net' in the consolidated statement of income.

Legal Merger between Parent Company and Subsidiary

In the parent company financial statements, the legal merger between the Parent Company and its subsidiary, with the Parent Company as the surviving entity, is accounted for as follows:

• The acquired assets and assumed liabilities are recognized at the carrying amounts in the consolidated financial statements as of the date of the legal merger;

- The difference between the carrying amount of the net assets of the subsidiary and the carrying amount of the investment in the merged subsidiary before the legal merger is recognized under "Translation adjustment and others" account in the equity section of the parent company statement of financial position; and
- The comparative financial information in the parent company financial statements for period prior to the legal merger is not restated. The financial position and results of operations of the merged subsidiary are reflected in the parent company financial statements only from the date of the legal merger.

The legal merger has no impact in the consolidated financial statements.

Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of new standards effective in 2021. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Unless otherwise indicated, adoption of these new standards did not have an impact on the consolidated financial statements of the Group.

Amendment to PFRS 16, *COVID-19-related Rent Concessions beyond June 30, 2021* The amendment provides relief to lessees from applying the PFRS 16 requirement on lease modifications to rent concessions arising as a direct consequence of the COVID-19 pandemic. A lessee may elect not to assess whether a rent concession from a lessor is a lease modification if it meets all of the following criteria:

- The rent concession is a direct consequence of COVID-19;
- The change in lease payments results in a revised lease consideration that is substantially the same as, or less than, the lease consideration immediately preceding the change;
- Any reduction in lease payments affects only payments originally due on or before June 30, 2022; and
- There is no substantive change to other terms and conditions of the lease.

A lessee that applies this practical expedient will account for any change in lease payments resulting from the COVID-19 related rent concession in the same way it would account for a change that is not a lease modification, that is, as a variable lease payment.

Amendments to PFRS 9, PFRS 7, PFRS 4 and PFRS 16, *Interest Rate Benchmark Reform – Phase 2* The amendments provide the following temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free rate (RFR):

- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform;
- Relief from discontinuing hedging relationships; and
- Relief from the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component.

The Group shall also disclose information about:

- The nature and extent of risks to which the entity is exposed arising from financial instruments subject to IBOR reform, and how the entity manages those risks; and
- Their progress in completing the transition to alternative benchmark rates, and how the entity is managing that transition.

Significant Accounting Policies

Foreign Currency Translation

Transactions and balances

For financial reporting purposes, the foreign currency-denominated monetary assets and liabilities in the RBU are translated in Philippine peso based on the Bankers Association of the Philippines (BAP) closing rate prevailing at the statement of financial position date and foreign currency-denominated income and expenses, at the prevailing exchange rates as at the date of transaction. Foreign exchange differences arising from revaluation and translation of foreign currency-denominated assets and liabilities are credited to or charged against operations in the year in which the rates change. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

FCDU, foreign branches and subsidiaries

As at the reporting date, the assets and liabilities of foreign branches and subsidiaries and FCDU of the Parent Company and PSBank are translated into the Parent Company's presentation currency (the PHP) at BAP closing rate prevailing at the statement of financial position date, and their income and expenses are translated at historical rate. Exchange differences arising on translation are taken to the statement of comprehensive income under 'Translation adjustment and others'. Upon disposal of a foreign entity or when the Parent Company ceases to have control over the subsidiaries or upon actual remittance of FCDU profits to RBU, the deferred cumulative amount recognized in the statement of comprehensive income is recognized in the statement of income.

Fair Value Measurement

The Group measures certain financial instruments, such as derivatives, at fair value at each statement of financial position date. Also, fair values of financial instruments measured at amortized cost and investment properties are disclosed in Note 5.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (that is, an exit price). The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability; or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible to the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

If an asset or a liability measured at fair value has a bid price and an ask price, the price within the bid - ask spread that is most representative of fair value in the circumstances shall be used to measure fair value regardless of where the input is categorized within the fair value hierarchy.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For assets and liabilities not listed in an active market, the Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each statement of financial position date. The Group determines the policies and procedures for both recurring fair value measurement, such as financial assets and liabilities at FVTPL, and for non-recurring measurement, such as investment properties.

External valuers are involved for valuation of significant assets, such as investment properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Financial Instruments - Initial Recognition and Subsequent Measurement

Date of recognition

Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the settlement date. Derivatives are recognized on trade date basis. Deposits, amounts due from banks and customers and loans and receivables are recognized when cash is received by the Group or advanced to the borrowers.

Initial recognition of financial instruments

All financial instruments are initially measured at fair value. Except for financial assets and financial liabilities at FVTPL, the initial measurement of financial instruments includes transaction costs.

'Day 1' difference

Where the transaction price in a non-active market is different from the fair value from other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Group recognizes the difference between the transaction price and fair value (a 'Day 1' difference) in the statement of income. In cases where the transaction price used is made of data which is not observable, the difference between the transaction price and model value is only recognized in the statement of income when the inputs become observable or when the instrument is derecognized. For each transaction, the Group determines the appropriate method of recognizing the 'Day 1' difference amount.

Classification and subsequent measurement

Financial assets are measured at FVTPL unless these are measured at FVOCI or at amortized cost. Financial liabilities are classified as either financial liabilities at FVTPL or financial liabilities at amortized cost. The classification of financial assets depends on the contractual terms and the business model for managing the financial assets. Subsequent to initial recognition, the Group may reclassify its financial assets only when there is a change in its business model for managing these financial assets. Reclassification of financial liabilities is not allowed.

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios. If cash flows after initial recognition are realized in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

As a second step of its classification process, the Group assesses the contractual terms of financial assets to identify whether they pass the contractual cash flows test (SPPI test). For the purpose of the SPPI test, principal is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortization of the premium or discount). The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. In contrast, contractual terms that introduce a more than de minimis exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are SPPI. In such cases, the financial asset is required to be measured at FVTPL.

Financial assets at FVTPL

These are recorded in the statements of financial position at fair value with changes in fair value recognized in 'Trading and securities gain - net'. Interest earned is recorded in 'Interest income' while dividend income is recorded in 'Dividends' when the right to receive payment has been established. Included in this classification are debt and equity securities which have been acquired principally for the purpose of selling or repurchasing in the near term.

Derivatives recorded at FVTPL

The Parent Company and some of its subsidiaries are counterparties to derivative contracts, such as currency forwards, currency swaps, interest rate swaps (IRS), call options, non-deliverable forwards (NDF) and other interest rate derivatives. These derivatives are entered into as a service to customers and as a means of reducing or managing their respective foreign exchange and interest rate exposures, as well as for trading purposes. Such derivative financial instruments are initially recorded at fair value on the date at which the derivative contract is entered into and are subsequently remeasured at fair value. Any gains or losses arising from changes in fair values of derivatives (except those accounted for as accounting hedges) are taken directly to the statement of income and are included in 'Trading and securities gain - net'. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

Investment securities at FVOCI

Investment securities at FVOCI include debt and equity securities. After initial measurement, investment securities at FVOCI are subsequently measured at fair value. The unrealized gains and losses arising from the fair valuation of investment securities at FVOCI are excluded, net of tax as applicable, from the reported earnings and are included in the statement of comprehensive income as 'Change in net unrealized gain (loss) on investment in debt securities at FVOCI' or 'Change in net

unrealized gain (loss) on equity securities at FVOCI'. Debt securities at FVOCI are those that meet both of the following conditions:

- a. The asset is held within a business model whose objective is to hold the financial assets in order to both collect contractual cash flows and sell financial assets; and
- b. The contractual terms of the financial asset give rise on specified dates to cash flow that are SPPI on the outstanding principal amount.

The effective yield component of debt securities at FVOCI, as well as the impact of restatement on foreign currency-denominated debt securities at FVOCI is reported in the statement of income. Interest earned on holding debt securities at FVOCI are reported as 'Interest Income' using the effective interest rate (EIR) method. When the debt securities at FVOCI are disposed of, the cumulative gain or loss previously recognized in the statement of comprehensive income is recognized as 'Trading and securities gain - net' in the statement of income. The expected credit loss (ECL) arising from impairment of such investments are recognized in OCI with a corresponding charge to 'Provision for credit and impairment losses' in the statement of income.

Equity securities designated at FVOCI are those that the Group made an irrevocable election to present in OCI the subsequent changes in fair value. Dividends earned on holding equity securities at FVOCI are recognized in the statement of income as 'Dividends' when the right of the payment has been established, except when the Group benefits from such proceeds as a recovery part of the cost of the instrument, in which case, such gains are recorded in OCI. Gains and losses on disposal of these equity securities are never recycled to profit or loss, but the cumulative gain or loss previously recognized in the statement of comprehensive income is reclassified to 'Surplus' or any other appropriate equity account upon disposal. Equity securities at FVOCI are not subject to impairment assessment.

Financial assets at amortized cost

Financial assets at amortized cost are debt financial assets that meet both of the following conditions:

- a. These are held within a business model whose objective is to hold the financial assets in order to collect contractual cash flows; and
- b. The contractual terms give rise on specified dates to cash flows that are SPPI on the outstanding principal amount.

This accounting policy relates to the statement of financial position captions 'Due from BSP', 'Due from other banks', 'Interbank loans receivable and securities purchased under resale agreements (SPURA)', 'Investment securities at amortized cost' and 'Loans and receivables'.

After initial measurement, financial assets at amortized cost are subsequently measured at amortized cost using the EIR method, less impairment in value. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the EIR. The amortization is included in 'Interest income' in the statement of income. Gains and losses are recognized in statement of income when these investments are derecognized or impaired, as well as through the amortization process. The ECL are recognized in the statement of income under 'Provision for credit and impairment losses'. The effects of revaluation on foreign currency-denominated investments are recognized in the statement of income.

Financial liabilities at FVPL

These are recorded in the statements of financial position at fair value with changes in fair value recognized in 'Trading and securities gain - net', with the exception of movements in fair value of liabilities designated at FVPL due to changes in the Group's own credit risk. Such changes in fair value are recorded in OCI and do not get recycled to the statement of income. Interest incurred is

accrued in 'Interest expense' using the EIR, taking into account any discount/premium and qualifying transaction costs being an integral part of the instrument.

Financial liabilities at amortized cost

Issued financial instruments or their components, which are not designated at FVTPL, are classified as liabilities under 'Deposit liabilities', 'Bills payable and securities sold under repurchase agreements (SSURA)', 'Bonds payable', or 'Subordinated debts' or other appropriate financial liability accounts, where the substance of the contractual arrangement results in the Group having an obligation either to deliver cash or another financial asset to the holder, or to satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares. The components of issued financial instruments that contain both liability and equity elements are accounted for separately, with the equity component being assigned the residual amount after deducting from the instrument as a whole the amount separately determined as the fair value of the liability component on the date of issue.

After initial measurement, bills payable and similar financial liabilities not qualified as and not designated at FVTPL, are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the EIR.

Financial guarantees and undrawn loan commitments

The Group issues financial guarantees and loan commitments. Financial guarantees are those issued by the Group to creditors as allowed under existing rules and regulations whereby it guarantees third party obligations by signing as guarantor in the contract/agreement. Undrawn loan commitments and letters of credit are commitments under which over the duration of the commitment, the Group is required to provide a loan with pre-specified terms to the customer. The nominal contractual value of financial guarantees and undrawn loan commitments, where the loan agreed to be provided is on market terms, are not recorded in the statement of financial position. These contracts are in the scope of the ECL requirements where the Group estimates the expected portion of the undrawn loan commitments that will be drawn over their expected life. The ECL related to financial guarantees and undrawn loan commitments is recognized in 'Miscellaneous liabilities' under 'Other liabilities'.

Derecognition of Financial Assets and Financial Liabilities

Financial assets

A financial asset (or, when applicable, a part of a financial asset or part of a group of financial assets) is derecognized when:

- The rights to receive cash flows from the asset have expired; or
- The Group retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or
- The Group has transferred its rights to receive cash flows from the asset and either:
 - a. Has transferred substantially all the risks and rewards of the asset; or
 - b. Has neither transferred nor retained the risks and rewards of the asset but has transferred the control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Group's continuing involvement in the asset. The extent of the Group's continuing involvement in the transferred asset is the extent to which it is exposed to changes in the value of the transferred asset.

When the Group's continuing involvement takes the form of guaranteeing the transferred asset, the extent of the Group's continuing involvement is the lower of:

- a. The amount of the asset; and
- b. The maximum amount of the consideration received that the Group could be required to repay ('the guarantee amount').

When the Group's continuing involvement takes the form of a written or purchased option (or both) on the transferred asset, the extent of the Group's continuing involvement is the amount of the transferred asset that the Group may repurchase. However, in case of a written put option to an asset that is measured at fair value, the extent of the Group's continuing involvement is limited to the lower of the fair value of the transferred asset and the option exercise price. When the Group's continuing involvement takes the form of a cash-settled option or similar provision on the transferred asset, the extent of the Group's continuing involvement is measured in the same way as that which results from non-cash settled options.

The Group derecognizes a financial asset such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognized as a derecognizing gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognized loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be purchased or originated credit impaired (POCI) assets.

When assessing whether or not to derecognize a loan to a customer, amongst others, the Group considers the following factors:

- Change in currency of the loan
- Introduction of an equity feature
- Change in counterparty
- If the modification is such that the instrument would no longer meet the SPPI criterion

If the modification does not result in cash flows that are substantially different as set out below, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded. The Group considers a modification substantial based on qualitative factors.

Financial assets are written off either partially or in their entirety only when the Group has stopped pursuing the recovery. If a write-off is later recovered, any amounts formerly charged are credited to 'Recovery on charged-off assets' under 'Miscellaneous income' in the statement of income.

Financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the statement of income.

The Group considers a modification substantial based on qualitative factors and if it results in a difference between the adjusted discounted present value and the original carrying amount of the financial liability of or greater than ten percent (10%).

Similar with financial assets, when the modification of a financial liability is not considered substantial, the Group records a modification gain or loss based on the change in cash flows discounted at the original EIR.

Repurchase and reverse repurchase agreements

Securities sold under agreements to repurchase at a specified future date ('repos') are not derecognized from the statement of financial position. The corresponding cash received, including accrued interest, is recognized in the statement of financial position as SSURA included in 'Bills payable and SSURA' and is considered as a loan to the Group, reflecting the economic substance of such transaction.

Conversely, securities purchased under agreements to resell at a specified future date ('reverse repos') are not recognized in the statement of financial position. The corresponding cash paid including accrued interest, is recognized in the statement of financial position as SPURA, and is considered a loan to the counterparty. The difference between the purchase price and resale price is treated as interest income and is accrued over the life of the agreement using the EIR method.

Reclassification of Financial Assets

The Group reclassifies its financial assets when there is a change in its business model for managing financial assets. A change in business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. The Group applies the reclassification prospectively from the reclassification date (that is, the first day of the next quarterly reporting period following the change in business model) and does not restate any previously recognized gains, losses or interest.

Impairment of Financial Assets

The adoption of PFRS 9 has changed the Group's loss impairment method on financial assets by replacing the previous incurred loss approach with a forward-looking ECL approach which covers all loans and other debt financial assets not held at FVTPL, together with loan commitments and financial guarantee contracts.

Overview of the ECL principles

ECL represents credit losses that reflect an unbiased and probability weighted amount which is based on reasonable and supportable information about past events, current conditions and forecasts of future economic conditions, and time value of money. The ECL allowance is based on the credit losses expected to arise on a 12-month duration if there has been no significant increase in credit risk (SICR) of the financial asset since origination. Otherwise, if a SICR is observed, then the ECL estimation is extended until the end of the life of the financial asset. The 12-month ECL represents the losses that result from default events on a financial asset which may happen within 12 months after the statement of financial position date. The Lifetime ECL on the other hand represents the losses that result from default events on a financial asset which may happen over its life. Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments.

The major portfolios of financial assets identified upon initial analysis of the Group's credit exposure are loan receivables, treasury accounts, and other receivables. Loan receivables may be availed by specific individuals, corporations or organizations. Hence, these portfolios can be further segmented to commercial, consumer and credit card portfolios. After segmentation, financial assets are grouped into Stage 1, Stage 2, and Stage 3 as described below.

Definition of "default" and "cure"

The Group defines a financial instrument as in default, which is fully aligned with the definition of non-performing loans that is, credit impaired, in all cases when the borrower becomes more than ninety (90) days past due on its contractual payments. As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate unlikeliness to pay. When such events occur, the Group carefully considers whether the event should result in treating the customer as defaulted. An instrument is considered to be no longer in default (that is, to have cured) when it no longer meets any of the default criteria and has exhibited a satisfactory track record.

Treasury exposures are considered in default upon occurrence of a credit event such as but not limited to bankruptcy of counterparty, restructuring, failure to pay on agreed settlement date, or request for moratorium.

SICR

In order to determine whether an instrument is subject to 12-month or Lifetime ECL, the Group assesses whether there has been a SICR since initial recognition. The criteria for determining whether credit risk has increased significantly vary by portfolio and include quantitative and qualitative factors. The credit risk of a particular exposure is deemed to have increased significantly since initial recognition if, based on the Group's internal credit assessment, the borrower or counterparty is determined to have well-defined credit weaknesses (that is, with internal credit rating of 6 due to financial or repayment concerns or lower). These may include adverse trends or developments of financial, managerial, economic or political nature, or a significant weakness in collateral. Credit weakness may be manifested by unfavorable record or unsatisfactory characteristics or may only be potential that deserves management's close attention and may lead to significant losses or may result in collection or liquidation of the outstanding loan amount to be highly improbable. For exposures without internal credit grades, if contractual payments are more than 30 days past due, the credit risk is deemed to have increased significantly since initial recognition. The days past due (dpd) are determined by counting the number of days since the earliest elapsed due date in respect of which at least a partial payment has not been received. In subsequent reporting periods, if the credit risk of the financial asset improves over an observable period such that there is no longer a SICR since initial recognition, the Group reverts to recognizing a 12-month ECL.

Staging assessment

For non-credit-impaired financial assets:

- Stage 1 is comprised of all non-impaired financial assets which have not experienced a SICR since initial recognition. The Group recognizes a 12-month ECL for Stage 1 financial assets.
- Stage 2 is comprised of all non-impaired financial assets which have experienced a SICR since initial recognition. The Group recognizes a lifetime ECL for Stage 2 financial assets.

For credit-impaired financial assets:

• Financial assets are classified as Stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a financial asset or a portfolio of financial assets. ECL for Stage 3 exposure is computed per account, taking into consideration the present value of the expected recoverable cash flows from each transaction.

Financial assets that are credit-impaired on initial recognition are classified as POCI assets. These are recorded at fair value at original recognition and interest income is subsequently recognized based on a credit-adjusted EIR. ECL is only recognized or released to the extent that there is a subsequent change in the ECLs.

Assessment of ECL on a collective basis

The Group calculates ECL either on an individual or a collective basis. The Group performs collective impairment by grouping exposures into smaller homogenous portfolios based on a combination of borrower and account characteristics. Accounts with similar risk attributes (that is, facility, security, credit rating, months-on-books, utilization and collateral type, etc.) are pooled together for calculating provisions based on the ECL models.

ECL parameters and methodologies

ECL is a function of the probability of default (PD), exposure-at-default (EAD), and loss-given default (LGD), with the timing of the loss also considered, and is estimated by incorporating forward-looking economic information and through the use of experienced credit judgement.

The PD represents the likelihood that a credit exposure will not be repaid and will go into default in either a 12-month horizon for Stage 1 or lifetime horizon for Stage 2. The PD for each individual financial asset is modelled based on historical data and is estimated based on current market conditions and reasonable and supportable information about future economic conditions. The Group segmented its credit exposures based on homogenous risk characteristics and developed a corresponding PD methodology for each portfolio. The PD methodology for each relevant portfolio is determined based on the underlying nature or characteristic of the portfolio, behavior of the accounts and materiality of the segment as compared to the total portfolio.

LGD is the amount that may not be recovered in the event of default and is modelled based on historical cash flow recovery and reasonable and supportable information about future economic conditions, where appropriate. LGD takes into consideration the amount and quality of any collateral held.

EAD consists of the amortized cost and any accrued interest receivable. For off-balance sheet and undrawn committed amounts, EAD includes a credit conversion factor which is an estimate of any further amount to be drawn at the time of default. For the credit card business, EAD is modelled based on historical data on card limit utilization.

The Group applies a simplified ECL approach for its accounts receivables wherein the Group uses a provisioning matrix that considers historical changes in the behavior of the portfolio to predict conditions over the span of a given observation period.

The Parent Company offers credit card facilities, in which it has the right to cancel and/or reduce the facilities with one-day notice. It does not limit its exposure to credit losses to the contractual notice period, but instead, calculates ECL over a period that reflects its expectations of the customers' behavior, their likelihood of default, and its future risk mitigation procedures, which could include reducing or cancelling the facilities. Based on past experience and expectations, the period over which ECL is calculated for these products is two (2) years. The interest rate used to discount the ECL for credit cards is based on contractual interest rate. These rates are also used to discount future recoveries over a period of five years as these cover the cost of securing an equivalent fund. The contractual interest rate is used as discounting factor since the Parent Company estimates that this rate is reflective of the EIR.

Forward-looking information

The Group incorporates forward-looking information into both its assessment of whether the credit risk of a financial asset has increased significantly since its initial recognition and its measurement of ECL. A broad range of forward-looking information are considered as economic inputs, such as growth of the gross domestic product, inflation rates, unemployment rates, interest rates and BSP statistical indicators. The inputs and models used for calculating ECL may not always capture all

characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

In 2020, the Parent Company expanded its set of macroeconomic overlays to better capture the characteristics of specific financial asset classes (for example, mortgage and auto loan exposures) and industry clusters (for example, essential industries, secondary needs). The following economic inputs were determined to be statistically significant in measuring ECL:

- GDP growth
- Inflation rate
- Unemployment rate
- Minimum wage
- USDPHP exchange rate
- Consumer confidence index

In 2021, additional economic inputs were determined to be statistically significant in measuring ECL:

- Peso interest rate
- USD interest rate
- WTI crude oil price
- Business confidence index
- GVA of some industries

Debt investment securities measured at FVOCI

The ECL for debt securities at FVOCI does not reduce the carrying amount of these financial assets in the statement of financial position, which remains at fair value. Instead, an amount equal to the allowance that would arise if the assets were measured at amortized cost is recognized in 'Net unrealized gain (loss) on investment securities at FVOCI' as an accumulated impairment amount, with a corresponding charge to profit or loss. The accumulated loss recognized in OCI is recycled to profit or loss upon derecognition of these financial assets.

Restructured Loans

Where possible, the Group seeks to restructure loans rather than to take possession of collateral. This may involve extending the payment arrangements and the agreement of new loan conditions. Once the terms have been renegotiated, the loan is no longer considered past due. Management continuously reviews and monitors restructured loans until derecognition to ensure that all criteria are met and that future payments are likely to occur. The loans continue to be subject to an individual or collective impairment assessment, calculated using the loan's original EIR. The difference between the recorded value of the original loan and the present value of the restructured cash flows, discounted at the original EIR, is recognized in 'Provision for credit and impairment losses' in the statement of income. When the loan has been restructured but not derecognized, the Group also reassesses whether there has been a SICR and considers whether the assets should be classified as Stage 3. If the restructuring terms are substantially different, the loan is derecognized and a new 'asset' is recognized at fair value using the revised EIR.

Collateral Valuation of Financial Assets

Collateral, unless repossessed, is not recorded in the Group's statement of financial position. However, the fair value of collateral affects the calculation of ECLs. It is generally assessed, at a minimum, at inception and re-assessed every other year. However, some collaterals, for example, cash or securities relating to margining requirements, are valued daily.

Revenue Recognition

Revenue from contracts with customers is recognized upon transfer of services to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those services.

The Group assesses its revenue arrangements against specific criteria in order to determine if it is acting as a principal or agent. The Group concluded that it is acting as a principal in all of its revenue arrangements except for certain brokerage transactions. The following specific recognition criteria must also be met before revenue is recognized.

Fee and commission income

The Group earns fee and commission income from a diverse range of services it provides to its customers, which are divided into the following two categories:

a. Fee income earned from services that are provided over a certain period of time Fees earned for the provision of services over a period of time are accrued over that period as the customer simultaneously receives and consumes the benefits provided by the Group. Using an output method, revenue is recognized if the Group has a right to invoice the customer for services directly corresponding to performance completed to date. These fees include investment fund fees, custodian fees, fiduciary fees, asset management fees, and income from trust operations.

b. Fee income from providing transaction services

Fees arising from negotiating or participating in the negotiation of a transaction for a third party such as commission income, underwriting fees, corporate finance fees, advisory fees and brokerage fees for the arrangement of the acquisition of shares or other securities or the purchase or sale of businesses are recognized on completion of the underlying transaction. Fees or components of fees that are linked to a certain performance are recognized after fulfilling the corresponding criteria.

Discounts earned, membership fees and awards revenue on credit cards

The following table provides information about the nature and timing of the satisfaction of performance obligations for the Parent Company's credit card business (under MCC prior to merger - see Note 11), including significant payment terms, and the related revenue recognition policies.

Type of Product/Service	Nature and Timing of Satisfaction of Performance Obligations, including Significant Payment Terms	Revenue Recognition under PFRS 15
Discounts earned	Charges arising from credit availments by the Parent Company's and other credit companies' cardholders when the Parent Company is acting as an acquirer. These discounts are computed based on certain agreed rates. These also include interchange income from transactions processed by other acquirers through VISA and Mastercard and fees from cash advance transactions of cardholders.	Recognized as revenue upon receipt from member establishments of charges arising from credit availments by the Parent Company's cardholders and other credit companies' cardholders when the Parent Company is acting as an acquirer.
Membership fees and dues	Periodically charged to cardholders upfront.	Deferred and recorded under 'Deferred revenue' and recognized on a straight-line basis over the period the fee entitles the cardholders to use the card.
Awards revenue	The Parent Company operates a loyalty points program, which allows customers to accumulate points when they purchase from member establishments using the issued card of the Parent Company. The points accumulate and do not expire.	The Parent Company allocates a portion of the consideration received from discounts earned and interchange fees from credit cards to the reward points based on the estimated stand-alone selling prices. The amount allocated to the loyalty program is deferred, and is recognized as revenue when loyalty points are redeemed or the likelihood of the customer redeeming the loyalty points becomes remote.

Revenues outside the scope of PFRS 15

Interest income

For all financial instruments measured at amortized cost and interest-bearing financial instruments classified as investment securities at FVOCI investments, interest income is recorded at the EIR, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options), including any fees or incremental costs that are directly attributable to the instrument and are an integral part of the EIR. The adjusted carrying amount is calculated based on the original EIR. The change in carrying amount is recorded as 'Interest income'. Loan commitment fees that are likely to be drawn down are deferred (together with any incremental costs) and recognized as an adjustment to the EIR of the loan.

Under PFRS 9, when a financial asset becomes credit-impaired and is, therefore, regarded as Stage 3 (as discussed in "Impairment of Financial Assets" above), the Group calculates interest income by applying the EIR to the net amortized cost of the financial asset. If the financial asset cures and is no longer credit-impaired, the Group reverts to calculating interest income on a gross basis.

Purchases by credit cardholders, collectible on an installment basis, are recorded at the cost of the items purchased plus a certain percentage of cost. The excess over cost is credited to 'Unearned discount' and is shown as a deduction from 'Loans and receivables' in the statement of financial position. The unearned discount is taken up to interest income over the installment terms and is computed using the EIR method.

Recovery on charged-off assets

Income arising from collections on accounts or recoveries from impairment of items previously written off are recognized in the year of recovery.

Leasing income - Finance lease

The excess of aggregate lease rentals plus the estimated residual value over the cost of the leased equipment constitutes the unearned lease income. Residual values represent estimated proceeds from the disposal of equipment at the time lease is estimated. The unearned lease income is amortized over the term of the lease, commencing on the month the lease is executed using the EIR method.

Dividend income

Dividend income is recognized when the Group's right to receive payment is established.

Gain on disposal of investment securities at amortized cost

Results arising from gains and losses from disposal of investment securities at amortized cost.

Trading and securities gain - net

Results arising from trading activities include all gains and losses from changes in fair value for financial assets and financial liabilities at FVTPL and gains and losses from disposal of debt securities at FVOCI.

Rental income

Rental income arising on leased properties is accounted for on a straight-line basis over the lease terms on ongoing leases and is recorded in the statement of income under 'Leasing'.

Income on receivables financed

Income on loans and receivables financed with short-term maturities is recorded in 'Interest income' and is recognized using the EIR method. Interest and finance fees on finance leases and loans and receivables financed with long-term maturities and the excess of the aggregate lease rentals plus the estimated terminal value of the leased equipment over its cost are credited to unearned discount and amortized over the term of the note or lease using the EIR method.

Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash and other cash items, amounts due from BSP and other banks, and interbank loans receivable and SPURA with original maturities of three months or less from dates of placements and that are subject to insignificant risk of changes in value.

Property and Equipment

Land is stated at cost and depreciable properties, including buildings, furniture, fixtures and equipment and leasehold improvements, are stated at cost less accumulated depreciation and amortization, and allowance for impairment losses. Such cost includes the cost of replacing part of the property and equipment when that cost is incurred, if the recognition criteria are met but excludes repairs and maintenance costs. Building under construction (BUC) is stated at cost and includes cost of construction and other direct costs. BUC is not depreciated until such time that the relevant asset is completed and put into operational use.

Depreciation is calculated on the straight-line method over the estimated useful life of the depreciable assets. Leasehold improvements are amortized over the shorter of the terms of the covering leases and the estimated useful lives of the improvements. The range of estimated useful lives of property and equipment follows:

Buildings	25 to 50 years
Furniture, fixtures and equipment	2 to 5 years
Leasehold improvements	5 to 20 years

The depreciation and amortization method and useful life are reviewed periodically to ensure that the method and period of depreciation and amortization are consistent with the expected pattern of economic benefits from items of property and equipment.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of income under 'Profit from assets sold' in the year the asset is derecognized.

Investments in Subsidiaries, Associates and a Joint Venture (JV)

Investment in subsidiaries

Subsidiaries pertain to all entities over which the Group has control. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements; and
- The Group's voting rights.

Investment in associates

Associates pertain to all entities over which the Group and the Parent Company have significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies. Investment in associates is accounted for under the equity method of accounting.

Investment in a JV

A JV is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the JV. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. Investment in a JV is accounted for under the equity method of accounting. The Group's investment in a JV represents the 30% interest of PSBank in Sumisho Motor Finance Corporation (SMFC) (Note 11).

Upon loss of significant influence over the associate or joint control over the JV, the Group and the Parent Company measure and recognize any retained investment at its fair value. Any difference between the carrying amount of the associate or JV upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognized in the statement of income.

Under the equity method, investments in associates and a JV are carried in the statement of financial position at cost plus post-acquisition changes in the Group's and the Parent Company's share of the net assets of the associate or JV less allowance for impairment losses. Post-acquisition changes in the share of net assets of the associate or a JV include the share in the:

- a. Income or losses; and
- b. Unrealized gain or loss on investment securities, remeasurement of retirement plans and others.

Dividends received are treated as a reduction in the carrying values of the investments. Goodwill relating to the associate and a JV is included in the carrying value of the investment and is not amortized.

When the Group and the Parent Company increase its ownership interest in an associate or a JV that continues to be accounted for under the equity method, the cost for the additional interest is added to the existing carrying amount of the associate or JV and the existing interest in the associate or JV is not remeasured. The share in an associate or a JV's post-acquisition profits or losses is recognized in the statement of income as 'Share in net income of subsidiaries, associates and a joint venture' while its share of post-acquisition movements in the associate or JV's equity reserves is recognized directly in the statement of comprehensive income. When the share of losses in an associate or a JV equals or exceeds its interest in the associate or JV, including any other unsecured receivables, the Group and the Parent Company do not recognize further losses, unless it incurred obligations or made payments on behalf of the associate or JV which is recognized as miscellaneous liabilities. Profits and losses resulting from transactions between the Group or the Parent Company and an associate or JV are eliminated to the extent of the Group or the Parent Company's interest in the associate or JV.

Investments in subsidiaries in the separate financial statements are accounted for under the equity method similarly as investments in associates and JV. Equity in other comprehensive income (losses) of subsidiaries and changes therein are included in 'Remeasurement losses on retirement plans', 'Net unrealized gain (loss) on investment securities at FVOCI', and 'Translation adjustments and others', as appropriate, together with the Parent Company in the separate statement of financial position and statement of comprehensive income.

Investment Properties

Investment properties are measured initially at cost, including transaction costs. An investment property acquired through an exchange transaction is measured at fair value of the asset acquired unless the fair value of such an asset cannot be measured, in which case, the investment property acquired is measured at the carrying amount of asset given up. The difference between the fair value of the asset received and the carrying amount of the asset given up is recorded as 'Gain on initial recognition of investment properties' under 'Miscellaneous income'. Foreclosed properties are classified under 'Investment properties' upon:

- a. Entry of judgment in case of judicial foreclosure;
- b. Execution of the Sheriff's Certificate of Sale in case of extra-judicial foreclosure; or
- c. Notarization of the Deed of Dacion in case of dation in payment (dacion en pago).

Subsequent to initial recognition, investment properties are carried at cost less accumulated depreciation (for depreciable investment properties) and allowance for impairment losses.

Investment properties are derecognized when they have either been disposed of or when the investment property is permanently withdrawn from use and no future benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognized in the statement of income under 'Profit from assets sold' in the year of retirement or disposal.

Expenditures incurred after the investment properties have been put into operations, such as repairs and maintenance costs, are normally charged to operations in the year in which the costs are incurred. Depreciation is calculated on a straight-line basis using the remaining useful lives from the time of acquisition of the investment properties based on appraisal reports but not to exceed 50 years for buildings and condominium units.

Transfers are made to investment properties when, and only when, there is a change in use evidenced by ending of owner occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is a change in use evidenced by commencement of owner occupation or commencement of development with a view to sale.

Interest in Joint Operations

The Group is a party to joint operations whereby it contributed parcels of land for development into residential and commercial units. In respect of the Group's interest in the joint operations, the Group recognizes the following:

- a. The assets that it controls and the liabilities that it incurs; and
- b. The expenses that it incurs and its share of the income that it earns from the sale of units by the joint operations.

The assets contributed to the joint operations are measured at the lower of cost or net realizable value. Net realizable value is the estimated selling price in the ordinary course of business less estimated costs necessary to make the sale (Note 14).

Chattel Mortgage Properties

Chattel mortgage properties comprise of repossessed vehicles. Chattel mortgage properties are stated at cost less accumulated depreciation and allowance for impairment losses. Depreciation is calculated on a straight-line basis using the remaining useful lives from the time of acquisition of the vehicles. The useful lives of chattel mortgage properties are estimated to be five (5) years.

Subordinated Notes

Subordinated notes issued by Special Purpose Vehicles (SPV) (presented as 'Investment in SPVs' under 'Other assets') are stated at amortized cost reduced by an allowance for credit losses. The allowance for credit losses is determined based on the difference between the outstanding principal amount and the recoverable amount which is the present value of the future cash flow expected to be received as payment for the subordinated notes.

Intangible Assets

Software costs

Software costs (presented under 'Other assets') are capitalized on the basis of the cost incurred to acquire and bring to use the specific software. These costs are amortized over three to five years on a straight-line basis. Costs associated with maintaining the computer software programs are recognized as expense when incurred. Software costs are carried at cost less accumulated amortization.

Exchange trading right

Exchange trading right (included in 'Miscellaneous assets' presented under 'Other assets') is a result of the PSE conversion plan to preserve access of First Metro Securities Brokerage Corporation (FMSBC), a subsidiary of FMIC, to the trading facilities and continue transacting business in the PSE. The exchange trading right has an indefinite useful life as there is no foreseeable limit to the period over which this asset is expected to generate net cash inflows. It is carried at the amount allocated from the original cost to the exchange membership seat (after a corresponding allocation was made to the value of the PSE shares) less any allowance for impairment losses. FMSBC does not intend to sell the exchange trading right in the near future.

Goodwill

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost of the business combination over the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities. With respect to investments in associates and a JV, goodwill is included in the carrying amounts of the investments. Following initial recognition, goodwill is measured at cost, net of allowance for impairment losses (see accounting policy on "Impairment of Non-financial Assets").

Customized System Development Cost

Customized system development cost consists of payments for customization of various banking systems. This account will be reclassified to appropriate accounts upon completion and will be depreciated and amortized from the time the asset is ready for its intended use (Note 14).

Impairment of Non-financial Assets

Property and equipment, investments in subsidiaries, associates and a JV, investment properties, chattel mortgage properties, intangible assets with finite useful lives and other assets At each statement of financial position date, the Group assesses whether there is any indication that its non-financial assets may be impaired. When an indicator of impairment exists or when an annual impairment testing for an asset is required, the Group makes a formal estimate of recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell (FVLCTS) and its value-in-use (VIU) and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is assessed as part of the cash generating unit to which it belongs. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing VIU, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to operations in the year in which it arises.

An assessment is made at each statement of financial position date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation and amortization, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of income. After such a reversal, the depreciation and amortization expense is adjusted in future years to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining life.

Intangible assets with indefinite useful lives and customized system development cost not yet available for use

Intangible assets with indefinite useful lives such as exchange trading right and customized system development cost not yet available for use are tested for impairment annually at statement of financial position date either individually or at the cash generating unit (CGU) level, as appropriate.

Goodwill

Goodwill is reviewed for impairment, annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of the CGU (or group of CGUs) to which the goodwill relates. Where the recoverable amount of the CGU (or group of CGUs) is less than the carrying amount of the CGU (or group of CGUs) to which goodwill has been allocated, an impairment loss is recognized immediately in the statement of income. The Group uses the higher of FVLCTS and VIU using cash flow projections from financial budgets approved by the Board of Directors (BOD) in determining the recoverable amount.

Leases

Group as lessee

The Group assesses at contract inception whether a contract is, or contains a lease. A contract contains a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use (ROU) assets representing the right-of-use the underlying assets.

ROU assets

The Group recognizes ROU assets (included in 'Property and Equipment') at the commencement date of the lease (that is, the date the underlying asset is available for use). ROU assets are measured at cost less any accumulated depreciation and allowance for impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of ROU assets includes the amount of lease liabilities recognized and lease payments made at or before the commencement date less any lease incentives received. ROU assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Office space	1 to 29 years
ATM site and equipment	1 to 5 years

Lease liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest (included in 'Interest expense on bills payable and SSURA, bonds payable, subordinated debts and others') and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term or a change in the lease payments.

The Group's lease liabilities are included in Other Liabilities (Note 21).

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of office spaces and ATM sites (that is, those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of ATM site and other equipment that are considered to be of low value (that is, those with value of less than ₱250,000). Lease payments on short-term leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

Residual value of leased assets and deposits on lease contracts

The residual value of leased assets, which approximates the amount of guaranty deposit paid by the lessee at the inception of the lease, is the estimated proceeds from the sale of the leased asset at the end of the lease term. At the end of the lease term, the residual value of the leased asset is generally applied against the guaranty deposit of the lessee when the lessee decides to buy the leased asset.

Group as lessor

Finance leases, where the Group transfers substantially all the risks and benefits incidental to the ownership of the leased item to the lessee, are included in the statement of financial position under 'Loans and receivables'. All income resulting from the receivable is included in 'Interest income' in the statement of income.

Leases where the Group does not transfer substantially all the risks and benefits of ownership of the assets are classified as operating leases. Initial direct costs incurred in negotiating operating leases are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as the rental income. Contingent rents are recognized as revenue in the year in which they are earned.

Retirement Cost

The Group has a non-contributory defined benefit retirement plans, except for FMIIC and its subsidiary which follow the defined contribution retirement benefit plan and the Mandatory Provident Fund Scheme (MPFS). The retirement cost of the Parent Company and most of its subsidiaries is determined using the projected unit credit method. Under this method, the current service cost is the present value of retirement benefits payable in the future with respect to services rendered in the current year. The net defined benefit liability or asset is the aggregate of the present value of the defined benefit obligation (DBO) at the end of the statement of financial position date reduced by the fair value of plan assets, adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan. The cost of providing benefits under the defined benefit plans is actuarially determined using the projected unit credit method.

Defined benefit costs comprise the following:

- Service cost; and
- Net interest on the net defined benefit liability or asset.

Service costs which include current service costs, past service costs and gains or losses on nonroutine settlements are recognized as expense in the statement of income. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuaries. Net interest on the net defined benefit liability or asset is the change during the year in the net defined benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net defined benefit liability or asset. Net interest on the net defined benefit liability or asset is recognized as expense or income in the statement of income. Retirement expense is presented under 'Compensation and fringe benefits' in the statement of income.

Remeasurements comprising actuarial gains and losses, return on plan assets and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to the statement in income in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the Group, nor can they be paid directly to the Group. Fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations).

If the fair value of the plan assets is higher than the present value of the DBO, the measurement of the resulting defined benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The Group's right to be reimbursed of some or all of the expenditure required to settle a DBO is recognized as a separate asset at fair value when and only when reimbursement is virtually certain. Payments to the defined contribution retirement benefit plans and the MPFS are recognized as expenses when employees have rendered service entitling them to the contributions.

Equity

When the shares are sold at a premium, the difference between the proceeds and par value is credited to 'Capital paid in excess of par value', net of direct costs incurred related to the equity issuance. If 'Capital paid in excess of par value' is not sufficient, the excess is charged against 'Surplus'. When the Group issues more than one class of stock, a separate account is maintained for each class of stock and the number of stocks issued.

Surplus represents accumulated earnings of the Group less dividends declared.

Own equity instruments which are reacquired or Parent Company's shares acquired by its subsidiaries (treasury stock) are recognized at cost and deducted from equity. No gain or loss is recognized in the statement of income on the purchase, sale, issue or cancellation of the Parent Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in 'Capital paid in excess of par value'. Voting rights related to treasury stocks are nullified and no dividends are allocated. When the stocks are retired, the Common stock account is reduced by its par value and the excess of cost over par value upon retirement is debited to 'Capital

paid in excess of par value' at the time the stocks were issued and to 'Surplus' for the remaining balance.

Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of income, net of any reimbursement. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as 'Interest expense'.

Contingent Liabilities and Contingent Assets

Contingent liabilities are not recognized in the financial statements but are disclosed in the notes to financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized but are disclosed in the notes to financial statements when an inflow of economic benefits is probable.

Income Taxes

Current taxes

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the statement of financial position date.

Deferred taxes

Deferred tax is provided on temporary differences at the statement of financial position date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- a. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- b. In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, carryforward of unused tax credits from the excess of minimum corporate income tax (MCIT) over the regular income tax, and unused net operating loss carryover (NOLCO), to the extent that it is probable that taxable income will be available against which the deductible temporary differences and carryforward of unused tax credits from MCIT and unused NOLCO can be utilized except:

- a. Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- b. In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each statement of financial position date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each statement of financial position date and are recognized to the extent that it has become probable that future taxable income will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the statement of financial position date.

Current tax and deferred tax relating to items recognized directly in equity are recognized in OCI and not in the statement of income.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to offset current tax assets against current tax liabilities and deferred taxes relate to the same taxable entity and the same tax authority.

Earnings Per Share

Basic earnings per share is computed by dividing net income for the year attributable to equity holders of the Parent Company by the weighted average number of common shares outstanding during the year after giving retroactive effect to stock dividends declared and stock rights exercised during the year. The Group does not have dilutive potential common shares.

Dividends on Common Shares

Cash dividends on common shares are recognized as a liability and deducted from the equity when approved by the BOD of the Parent Company while stock dividends are deducted from equity when approved by BOD and shareholders of the Parent Company. Dividends declared during the year but are paid or issued after the statement of financial position date are dealt with as a subsequent event.

Debt Issuance Costs

Issuance, underwriting and other related costs incurred in connection with the issuance of debt instruments are deferred and amortized over the terms of the instruments using the EIR method. Unamortized debt issuance costs are included in the related carrying amount of the debt instrument in the statement of financial position.

Capital Securities Issuance Costs

Issuance, underwriting and other related costs incurred in connection with the issuance of the capital securities are treated as a reduction of equity against 'Capital paid in excess of par value'.

Events after the Statement of Financial Position Date

Post year-end events that provide additional information about the Group's position at the statement of financial position date (adjusting event) are reflected in the financial statements. Post year-end events that are not adjusting events, if any, are disclosed when material to the financial statements.

Segment Reporting

The Group's operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Financial information on business segments is presented in Note 6.

Fiduciary Activities

Assets and income arising from fiduciary activities together with related undertakings to return such assets to customers are excluded from the financial statements where the Parent Company and PSBank act in a fiduciary capacity such as nominee, trustee or agent.

Standards Issued but not yet Effective

The list below consists of standards and interpretations issued, which the Group reasonably expects to be applicable at a future date. The Group intends to adopt these standards when they become effective. Except as otherwise indicated, the Group does not expect the adoption of these new and amended standards and interpretations to have significant impact on its financial statements.

Effective beginning on or after January 1, 2022

Amendments to PFRS 3, *Business Combinations, Reference to the conceptual framework* The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements. The amendments added an exception to the recognition principle of PFRS 3 to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of PAS 37, *Provisions, Contingent Liabilities and Contingent Assets*, or Philippine-IFRIC 21, *Levies*, if incurred separately.

At the same time, the amendments add a new paragraph to PFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022 and apply prospectively.

Amendments to PAS 16, Plant and Equipment, Proceeds before intended use

The amendments prohibit entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the costs of producing those items, in the statement of income.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 and must be applied retrospectively to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity first applies the amendment.

Amendments to PAS 37, *Provisions, Contingent Liabilities and Contingent Assets, Onerous contract* – costs of fulfilling a contract

The amendments specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a "directly related cost approach". The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022.

Annual Improvements to PFRSs 2018-2020 Cycle

Amendments to PFRS 1, *First-time Adoption of Philippines Financial Reporting Standards, Subsidiary as a first-time adopter*

The amendment permits a subsidiary that elects to apply paragraph D16(a) of PFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent's date of transition to PFRS. This amendment is also applied to an associate or JV that elects to apply paragraph D16(a) of PFRS 1.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022 with earlier adoption permitted.

Amendments to PFRS 9, Financial Instruments, Fees in the '10 percent' test for derecognition financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022, with early adoption permitted.

Amendments to PAS 41, *Agriculture, Taxation in fair value measurements* The amendment removes the requirement in paragraph 22 of PAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of PAS 41.

The amendment is effective for annual reporting periods beginning on or after January 1, 2022, with early adoption permitted.

Effective beginning on or after January 1, 2023

Amendments to PAS 12, *Income Taxes, Deferred tax related to assets and liabilities arising from a single transaction*

The amendments narrow the scope of the initial recognition exception under PAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments also clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognized in the financial statements (and interest expense) or to the related asset component (and interest expense).

The amendment is effective for annual reporting periods beginning on or after January 1, 2023 to transactions that occur on or after the beginning of the earliest comparative period presented.

Amendments to PAS 8, Accounting Policies, Changes in Accounting Estimates and Errors, Definition of accounting estimates

The amendments introduce a new definition of accounting estimates and clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, the amendments clarify that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023, with early adoption permitted.

Amendments to PAS 1, *Presentation of Financial Statements*, and PFRS Practice Statement 2, *Disclosure of Accounting Policies*

The amendments provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by:

- Replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies; and
- Adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments to PAS 1 are effective for annual periods beginning on or after January 1, 2023, with early adoption permitted.

Effective beginning on or after January 1, 2024

Amendments to PAS 1, Presentation of Financial Statements, Classification of liabilities as current or non-current

The amendments clarify paragraphs 69 to 76 of PAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement;
- That a right to defer must exist at the end of the statement of financial position date;
- That classification is unaffected by the likelihood that an entity will exercise its deferral right; and
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023 and must be applied retrospectively. However, in November 2021, the International Accounting Standards Board (IASB) tentatively decided to defer the effective date to no earlier than January 1, 2024.

Effective beginning on or after January 1, 2025

PFRS 17, Insurance Contracts

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, *Insurance Contracts*. This new standard on insurance contracts applies to all types of insurance contracts (that is, life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach); and
- A simplified approach (the premium allocation approach) mainly for short-duration contracts.

On December 15, 2021, the Financial Reporting Standards Council (FRSC) amended the mandatory effective date of PFRS 17 from January 1, 2023 to January 1, 2025. This is consistent with Circular Letter No. 2020-62 issued by the Insurance Commission, which deferred the implementation of PFRS 17 by two (2) years after its effective date as decided by the IASB.

PFRS 17 is effective for reporting periods beginning on or after January 1, 2025, with comparative figures required. Early application is permitted.

Deferred effectivity

Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Investments in Associates and Joint Ventures, Sale or contribution of assets between an investor and its associate or JV* The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or JV. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or JV involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investor's interests in the associate or JV.

On January 13, 2016, the FRSC postponed the original effective date of January 1, 2016 of the said amendments until the IASB has completed its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and JVs.

3. Significant Accounting Judgments and Estimates

The preparation of the financial statements in compliance with PFRS requires the Group to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the disclosures of contingent assets and contingent liabilities. Future events may occur which can cause the assumptions used in arriving at the estimates to change. The effects of any change in estimates are reflected in the financial statements as they become reasonably determinable. Judgments and estimates are continuously evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The following are the critical judgments and key assumptions that have a significant risk of material adjustment to the carrying amounts of assets and liabilities within the next financial year:

Judgments

a. Classification of financial assets

The Group classifies its financial assets depending on the business model for managing those financial assets and whether the contractual terms of the financial asset are SPPI on the principal

amount outstanding. The Group performs the business model assessment based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Group's key management personnel
- Risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed
- Compensation of business units whether based on the fair value of the assets managed or on the contractual cash flows collected
- Expected frequency, value and timing of sales

In performing the SPPI test, the Group applies judgment and considers relevant factors such as the currency in which the financial asset is denominated, the period for which the interest rate is set, contingent events that would change the amount and timing of cash flows, leverage features, prepayment and extension terms and other features that may modify the consideration for the time value of money.

In 2020, the Parent Company disposed investment securities at amortized cost and assessed that this resulted from a change in business model. PSBank also disposed investment securities at amortized cost and assessed that the disposal was not inconsistent with the hold-to-collect (HTC) business model (see Note 8).

In 2019, FMIC disposed all of its investment securities at amortized cost and assessed that this resulted from unanticipated market changes that are significant to its operations (see Note 8).

b. Consolidation of subsidiaries

The determination whether the Group has control over an investee company requires significant judgment. The Group considers that the following criteria are all met, including:

- An investor has the power over an investee;
- The investor has exposure, or rights, to variable returns from its involvement with the investee; and
- The investor has the ability to use its power over the investee to affect the amount of the investor's return.

In accordance with PFRS 10, the Group included the accounts of First Metro Save and Learn Balance Fund, Inc. (FMSALBF), First Metro Save and Learn Equity Fund, Inc. (FMSALEF), First Metro Save and Learn Fixed Income Fund, Inc. (FMSLFIF), First Metro Philippine Equity Exchange Traded Fund, Inc. (FMPETF), First Metro Save and Learn F.O.C.C.U.S. Dynamic Fund, Inc. and First Metro Save and Learn Money Market Fund, Inc., collectively the "Funds", in its consolidated financial statements. The Group re-assessed the control conclusion for these Funds. Although the ownership is less than half of the voting power of these investees, the Group has control due to its power to direct the relevant activities of the Funds through First Metro Asset Management Inc. (FAMI), a subsidiary of FMIC, which acts as the fund manager of the Funds. Further, the Group has the exposure to variable returns from its investments and its ability to use its power over the Funds to affect their returns.

- c. Existence of significant influence over an associate with less than 20.00% ownership As discussed in Note 11, there are instances that an investor exercises significant influence even if its ownership is less than 20.00%. The Group applies significant judgment in assessing whether it holds significant influence over an investee and considers the following:
 - Representation in the BOD or equivalent governing body of the investee;
 - Participation in policy-making processes, including participation in decisions about dividends or other distributions;
 - Material transactions between the investor and the investee;
 - Interchange of managerial personnel;
 - Joint voting agreement with other investors; or
 - Provision of essential technical information.

d. Fair value of financial instruments

Where the fair values of financial assets and financial liabilities recorded in the statement of financial position or disclosed in the notes to financial statements cannot be derived from active markets, these are determined using internal valuation techniques using generally accepted market valuation models. The inputs to these models are taken from observable markets where possible, but when this is not feasible, a degree of judgment is required in establishing fair values. These judgments may include considerations of liquidity and volatility for longer dated derivatives (Note 5).

e. Leases

Group as lessor

Operating leases

The Group has entered into commercial property leases on its investment properties portfolio and over various items of furniture, fixtures and equipment. The Group has determined, based on an evaluation of the terms and conditions of the arrangements (that is, the lease does not transfer ownership of the asset to the lessee by the end of the lease term, the lessee has no option to purchase the asset at a price that is expected to be sufficiently lower than the fair value at the date the option is exercisable and the lease term is not for the major part of the asset's economic life), that it retains all the significant risks and rewards of ownership of these properties which are leased out on operating leases.

Finance leases

The Group has entered into leases on its transportation and office equipment portfolio. The Group has determined that it has transferred all the significant risks and rewards of ownership of the properties to the lessees, that at the inception of the lease, the present value of the minimum lease payments amounts to at least substantially all of the fair value of the lease asset.

Group as lessee

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

Extension and termination options

The Group has several lease contracts that include extension and termination options. The Group applies judgment in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors such as leasehold improvements and location that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassess the lease term if there is a

significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

Estimating the incremental borrowing rate (IBR) for lease liabilities

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its IBR to measure lease liabilities. The IBR for lease liabilities is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the ROU asset in a similar economic environment. The Group estimates the IBR for lease liabilities using observable inputs (by reference to prevailing risk-free rates) adjusted to take into account the entity's credit risk (that is, credit spread).

f. Contingencies

The Group is currently involved in legal proceedings. The estimate of the probable cost for the resolution of claims has been developed in consultation with and the aid of the outside legal counsel handling the Group's defense in this matter and is based upon an analysis of potential results. It is probable, however, that future results of operations could be materially affected by changes in the estimates or in the effectiveness of the strategies relating to these proceedings (Note 30).

Estimates

- a. Credit losses on financial assets
 - The Group reviews its debt financial assets subject to ECL at least on a semi-annual basis with updating provisions made during the intervals as necessary based on the continuing analysis and monitoring of individual accounts by credit officers, as has been the case since 2020 when quarterly reviews and ECL adjustments are made in response to the changing credit environment brought about by the COVID-19 pandemic. The measurement of credit losses under PFRS 9 across all categories of such financial assets requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining credit losses and the assessment of a SICR. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Group's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgments and estimates include, among others:

- Segmentation of the portfolio, where the appropriate model or ECL approach is used.
- Criteria for assessing if there has been a SICR and so allowances for debt financial assets should be measured on a lifetime ECL basis and the qualitative assessment.
 - In 2020, exposures that were granted payment reprieve strictly as provided for by laws and relevant regulations were retained under Stage 1, while exposures that were granted extended reprieve, provided not impaired or not non-performing under relevant rules, were included under Stage 2. This approach was maintained in 2021.
 - The Group likewise performed quarterly reviews of its credit exposures to determine the occurrence of SICR notwithstanding said reprieves. Exposures belonging to sectors widely determined to be most at-risk and non-essential (for example, tourism, entertainment and leisure, hotels and restaurants, airlines), and projected to experience significant revenue and liquidity strain in the event of prolonged economic inactivity, were also included under Stage 2.
- Segmentation of debt financial assets when their ECL is assessed on a collective basis.
- Development of ECL models, including the various formulas and the choice of inputs. The Parent Company and the Group as a whole continuously review and calibrate their models based on the results of the model validation and regular backtesting.

- Determination of associations between macroeconomic scenarios and economic inputs, such as unemployment levels and collateral values, and the effect on PDs, LGDs and EADs.
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models.

The gross carrying amounts of financial assets subject to ECL as of December 31, 2021 and 2020 are disclosed in Note 4, while the related allowances for expected credit losses are disclosed in Note 15. In 2021, 2020 and 2019, provision for credit losses on these financial assets amounted to P11.7 billion, P40.8 billion and P9.6 billion, respectively, for the Group, and P7.7 billion, P32.7 billion and P1.6 billion, respectively, for the Parent Company (Note 15). With the merger of MCC into the Parent Company in 2020 (Note 11), the Parent Company's provision for credit losses starting in 2020 includes the provision for credit losses on credit card receivables.

b. Recognition of deferred income taxes

Deferred tax assets are recognized for all unused tax losses and deductible temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits together with future tax planning strategies. The estimates of future taxable income indicate that certain temporary differences will be realized in the future. The Group and the Parent Company have considered the impact of the COVID-19 pandemic on future taxable income and on the recognized tax assets. The recognized net deferred tax assets and unrecognized deferred tax assets for the Group and the Parent Company are disclosed in Note 28.

c. Present value of retirement liability

The cost of defined retirement pension plan is determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, salary increase rates, and turnover rates. Due to the complexities involved in the valuation and the long-term nature of these plans, such estimates are subject to significant uncertainty.

The assumed discount rates were determined using the market yields on Philippine government bonds with terms consistent with the expected employee benefit payout as of the statement of financial position date. Salary increase rates are based on historical annual merit, market and promotional increase and future inflation rates. Turnover rates are based on the Group's historical experience.

The present values of the retirement liability of the Group and the Parent Company are disclosed in Note 27.

d. Impairment of non-financial assets

The Group assesses impairment on non-financial assets (property and equipment, investments in subsidiaries, associates and a JV, investment properties, software costs, chattel mortgage properties and other assets) whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The factors that the Group considers important which could trigger an impairment review include the following:

- Significant underperformance relative to expected historical or projected future operating results;
- Significant changes in the manner of use of the acquired assets or the strategy for overall business; and
- Significant negative industry or economic trends.

The Group uses the higher of FVLCTS and VIU in determining the recoverable amount of the asset. As of December 31, 2021 and 2020, there has been a significant and prolonged decline in the fair value of an associate. The recoverable amount of the investment in associate has been determined based on FVLCTS as it was higher than the VIU. The FVLCTS was based on the quoted price of the shares less expected selling costs. In 2021 and 2020, the Group considered the impact of the COVID-19 pandemic in determining the VIU. Based on the Group's impairment testing as of December 31, 2021 and 2020, allowance for impairment losses on investment on this associate amounted to P570.8 million and P439.2 million, respectively.

The carrying values of the property and equipment, investments in subsidiaries, associates and a JV, investment properties, software costs, chattel mortgage properties, and other assets of the Group and the Parent Company are disclosed in Notes 10, 11, 12 and 14, respectively.

Goodwill

Goodwill is reviewed for impairment, annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of the CGU (or group of CGUs) to which the goodwill relates. Where the recoverable amount of the CGU (or group of CGUs) is less than the carrying amount of the CGU (or group of CGUs) to which goodwill has been allocated, an impairment loss is recognized immediately in the statement of income. The recoverable amount of the CGU is determined based on FVLCTS.

The fair value of the CGU is determined using the cost approach, specifically the adjusted Net Asset Value (NAV) method. This method requires the measurement of the fair value of the individual assets and liabilities recognized in the CGU, as well as the fair value of any unrecognized assets and liabilities at the measurement date. The resulting net fair values of the assets and liabilities represent the fair value of the CGU. In determining the fair value of the CGU's net assets, the Group used the discounted cash flow method for unquoted debt financial assets/liabilities at the appropriate market rate, the price-to-earnings (P/E) valuation and adjusted NAV model for unquoted equity investments, and the appraisal reports for the valuation of real properties. Fair values of listed debt and equity securities are based on their quoted market prices. The Group applied the P/E valuation model by reference to P/E ratios of listed comparable companies of the investee company. The FVLCTS calculation of the CGU is most sensitive to the P/E ratios of listed comparable companies of the investee company. As of December 31, 2021 and 2020, based on the sensitivity analysis performed, a four percent (4%) and one percent (1%) reduction, respectively, in the P/E ratio used will result in impairment of the goodwill. The Group considered the impact of the COVID-19 pandemic in determining the recoverable amount. As of December 31, 2021 and 2020, the Group's goodwill amounted to ₽5.2 billion (Note 11).

4. Financial Risk and Capital Management

Introduction

The Group has exposure to the following risks from its use of financial instruments:

- a. Credit;
- b. Liquidity; and
- c. Market risks.

Risk management framework

The BOD has overall responsibility for the oversight of the Parent Company's risk management process. On the other hand, the risk management processes of the subsidiaries are the separate responsibilities of their respective BOD. Supporting the BOD in this function are certain Board-level committees such as Risk Oversight Committee (ROC), Audit Committee (AC) and senior management committees through the Executive Committee (EXCOM) and Asset and Liability Committee (ALCO) among others.

The ROC, which is composed primarily of independent members of the BOD, is responsible for overseeing the Parent Company's risk infrastructure, the adequacy and relevance of risk policies, and the compliance to defined risk appetite and levels of exposure. The ROC is assisted in this responsibility by the Risk Management Group (RSK). The RSK undertakes the implementation and execution of the Parent Company's Risk Management framework which involves the identification, assessment, control, monitoring and reporting of risks.

The Parent Company and its subsidiaries manage their respective financial risks separately. The subsidiaries have their own risk management processes but are structured similar to that of the Parent Company. To a certain extent, the respective risk management programs and objectives are the same across the Group. The risk management policies adopted by the subsidiaries and affiliates are aligned with the Parent Company's risk policies. To further promote compliance with PFRS and Basel III, the Parent Company created a Risk Management Coordinating Council (RMCC) composed of risk officers of the Parent Company and its financial institution subsidiaries.

Credit Risk

Credit risk is the risk of financial loss to the Group if a counterparty to a financial instrument fails to meet its contractual obligations. The Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, related groups of borrowers, market segments, and industry concentrations, and by monitoring exposures in relation to such limits, among others. The same is true for treasury-related activities. Each business unit is responsible for the quality of its credit portfolio and monitoring and controlling all credit risks in its portfolio. Regular reviews and audits of business units and credit processes are undertaken by the RSK and Internal Audit Group, respectively.

Management of credit risk

The Group faces potential credit risks every time it extends funds to borrowers, commits funds to counterparties, guarantees the paying performance of its clients, invests funds to issuers (for example, investment securities issued by either sovereign or corporate entities) or enter into either market-traded or over-the-counter derivatives, either through implied or actual contractual agreements (that is, on- or off-balance sheet exposures). The Parent Company manages its credit risk at various levels (that is, strategic level, portfolio level down to individual obligor or transaction) by adopting a credit risk management environment that has the following components:

- Formulating credit policies in consultation with business units, covering collateral requirements, credit/financial assessment, risk grading and reporting, and compliance with regulatory requirements;
- Establishment of authorization limits for the approval and renewal of credit facilities;
- Limiting concentrations of exposure to counterparties and industries (for loans), and by the issuer (for investment securities);

- Utilizing the Internal Credit Risk Rating System (ICRRS) to categorize exposures according to their risk profile. The risk grading system is used for determining impairment provisions against credit exposures. The current risk grading framework consists of ten grades reflecting varying degrees of risk of default and the availability of collateral or other credit risk mitigation; and
- Monitoring compliance with approved exposure limits.

Borrowers, counterparties, or groups of related accounts across the Group are aggregated and managed by the Parent Company's Institutional Banking Sector as the "Control Unit". Group Limits for conglomerates are set-up and approved to guide subsidiaries and affiliates of the Group. Consolidated exposures are regularly reported to senior management, the EXCOM, and the ROC.

Credit risk at initial recognition

The Group uses internal credit assessment and approvals at various levels to determine the credit risk of exposures at initial recognition. Assessment can be quantitative or qualitative and depends on the materiality of the facility or the complexity of the portfolio to be assessed.

Modification

In certain circumstances, the Group modifies the original terms and conditions of a credit exposure to form a new loan agreement or payment schedule. The modifications can be given depending on the borrower's or counterparty's current or expected financial difficulty. The modifications may include, but are not limited to, change in interest rate and terms, principal amount, maturity date, date and amount of periodic payments and accrual of interest and charges.

On March 24, 2020, Republic Act (RA) No. 11469 or the "Bayanihan to Heal as One Act" (Bayanihan 1) was enacted declaring a state of national emergency over the entire country to control the spread of the COVID-19. Among the provisions of Bayanihan 1 is the implementation of a 30-day grace period for all loans with principal and/or interest falling due within the period of the Enhanced Community Quarantine without incurring interest on interest, on penalties, fees and other charges. Further, on September 11, 2020, RA No. 11494 or the "Bayanihan to Recover as One Act" (Bayanihan 2) was enacted and part of the provisions of the Bayanihan 2 is the implementation of a one-time 60-day grace period to be granted for the payment of all existing, current and outstanding loans falling due, or any part thereof, on or before December 31, 2020, without incurring interest on interest, penalties, fees and other charges, thereby extending the maturity of said loans. In addition, Bayanihan 2 allows loans to be settled on a staggered basis without interest on interests, penalties, fees or other charges until December 31, 2020 or as may be agreed upon by both parties.

As of December 31, 2020, the impact of loan modifications as a result of the Bayanihan 1 and Bayanihan 2 Acts amounted to a loss of $\mathbb{P}1.7$ billion for the Group and $\mathbb{P}1.2$ billion for the Parent Company. For the year ended December 31, 2021 and 2020, the net impact of the loan modifications (that is, after subsequent accretion of the modified loans) amounted to a gain/(loss) of $\mathbb{P}134.6$ million and ($\mathbb{P}461.3$ million), respectively, for the Group, and nil for the Parent Company.

Maximum exposure to credit risk

An analysis of the maximum credit risk exposure (net of allowance for ECL) relating to financial assets with collateral or credit enhancements is shown below:

				Consolid	ated			
			2021				2020

The maximum exposure to credit risks for the other financial assets is limited to their carrying values as of December 31, 2021 and 2020.

Collaterals on loans and receivables includes real estate and chattel mortgages, guarantees, and other registered securities over assets. Generally, collateral is not held over loans and advances to banks, except for reverse repurchase agreements and certain due from other banks. Collateral usually is not held against investment securities, and no such collateral was held as of December 31, 2021 and 2020. Estimates of fair values of the collateral are based on the value of collateral assessed at the time of borrowing and are regularly updated according to internal lending policies and regulatory guidelines. The Group is not permitted to sell or repledge the collateral in the absence of default by the counterparty.

The following tables show the effect of rights of set-off associated with the recognized financial assets

Excessive risk concentration

Credit risk concentrations can arise whenever a significant number of borrowers have similar characteristics and are affected similarly by changes in economic or other conditions. The Parent Company analyzes the credit risk concentration to an individual borrower, related group of accounts, industry, internal rating buckets, and security. For risk concentration monitoring purposes, the financial assets are broadly categorized into (1) loans and receivables and (2) trading and financial investment securities. To mitigate risk concentration, the Parent Company constantly checks for breaches in regulatory and internal limits.

Concentration of risks of financial assets with credit risk exposure

Below is an analysis of concentrations of credit risk at the statement of financial position date based on carrying amount:

Credit quality per class of financial assets

The credit quality of financial assets is assessed and managed using external and internal ratings (applying ICRRS).

The ICRRS contains the following:

 Borrower Risk Rating (BRR) - an assessment of the credit worthiness of the borrower (or guarantor) without considering the type or amount of the facility and security arrangements. It is an indicator of the probability that a borrower cannot meet its credit obligations when they fall due. The components of the assessment are described below:

Component	Description	Credit Factor Weight
Financial Condition	Refers to the financial condition of the borrower based on audited financial statements as indicated by certain financial ratios. The Financial Factor Evaluation is conducted manually.	40.00%
Industry Analysis	Refers to the prospects of the industry, as well as the company's performance and position in the industry.	30.00%
Management Quality	Refers to the management's ability to run the company successfully.	30.00%

- b. Facility Risk Factor (FRF) determined for each individual facility considering the term of the facility, security arrangement and quality of documentation. This factor can downgrade or upgrade the BRR based on the elements relating to cover (collateral including pledged cash deposits and guarantee), quality of documentation and structure of transactions.
- c. Adjusted Borrower Risk Rating combination of BRR and FRF.

Loans and receivables

The credit quality is generally monitored using the 10-grade ICRRS, which is integrated in the credit process. The validation of the individual borrower's risk rating is performed by the Credit Group to maintain accurate and consistent risk ratings across the credit portfolio. For commercial loans, the credit quality with the corresponding ICRRS Grade and description follows:

<u>High Grade</u>

1 - Excellent

An excellent rating is given to a borrower with a very low probability of going into default and with high degree of stability, substance and diversity. Borrower has access to raise substantial amounts of funds through public market at any time; very strong debt service capacity and has conservative balance sheet ratios. Track record in profit terms is very good. Borrower exhibits highest quality under virtually all economic conditions.

2 - Strong

This rating is given to borrowers with low probability of going into default in the coming year. Normally has a comfortable degree of stability, substance and diversity. Under normal market conditions, borrower has good access to public markets to raise funds. Have a strong market and financial position with a history of successful performance. Overall debt service capacity is deemed very strong; critical balance sheet ratios are conservative. Concerned multinationals or local corporations are well capitalized.

Standard Grade

3 - Good

This rating is given to smaller corporations with limited access to public capital markets or to alternative financial markets during favorable economic and/or market conditions. As it bears characteristics of some degree of stability and substance, probability of default is quite low. However, susceptibility to cyclical changes and more concentration of business risk, by product or market, may be present. Typical is the combination of comfortable asset protection and an acceptable balance sheet structure. Debt service capacity is strong.

4 - Satisfactory

A 'satisfactory' rating is given to a borrower where clear risk elements exist and probability of default is somewhat greater. Due to volatility of earnings and overall performance, borrower normally has limited access to public markets. Borrower should be able to withstand normal business cycles, but any prolonged unfavorable economic period would create deterioration beyond acceptable levels. With the combination of reasonable sound asset and cash flow protection, the debt service capacity is adequate. Reported profits in the past year and is expected to report a profit in the current year.

5 - Acceptable

An 'acceptable' rating is given to a borrower whose risk elements are sufficiently pronounced although borrower should still be able to withstand normal business cycles. Any prolonged unfavorable economic and/or market period would create an immediate deterioration beyond acceptable levels. Risk is still acceptable as there is sufficient cash flow either historically or expected in the future from new business or projected finance transaction; an existing borrower where the nature of the exposure represents a higher risk because of extraordinary developments but for which a decreasing risk within an acceptable period can be expected.

Watchlist Grade

5 - Watchlist

This rating is given to a borrower that belongs to an unfavorable industry or has company-specific risk factors which represent a concern. Operating performance and financial strength may be marginal and it is uncertain if borrower can attract alternative course of finance.

6 - Watchlist

Borrower finds it hard to cope with any significant economic downturn and a default in such a case is more than a possibility. Credit exposure is not at risk of loss at the moment but performance of the borrower has weakened which, unless present trends are reversed, could lead to losses.

Classified Grade

7 - Especially Mentioned

This rating is given to a borrower that exhibits pronounced weaknesses that deserve management's close attention. These potential weaknesses, if left uncorrected, may affect the repayment of the loan and thus, increase credit risk of the Group. Classification can be worsened if borrower is endorsed to Special Accounts Management Group for collection.

8 - Substandard

These are loans or portions thereof which appear to involve a substantial and unreasonable degree of risk to the Group because of unfavorable record or unsatisfactory characteristics. There exists the possibility of future losses to the Group unless given closer supervision. Borrower has well-defined weaknesses or weaknesses that jeopardize loan liquidation. Such well-defined weaknesses may include adverse trends or development of financial, managerial, economic or political nature, or a significant weakness in collateral.

Classified - Impaired

9 - Doubtful

This rating is given to a nonperforming borrower whose loans or portions thereof have the weaknesses inherent in those classified as Substandard, with the added characteristics that existing facts, conditions, and values make collection or liquidation in full, highly improbable and in which substantial loss is probable.

10 - Loss

This rating is given to a borrower whose loans or portions thereof are considered uncollectible or worthless and of such little value that their continuance as bankable assets is not warranted although the loans may have some recoveries or salvage value. The amount of loss is difficult to measure and it is not practical or desirable to defer writing off these basically worthless assets even though partial recovery may be obtained in the future.

The credit quality of consumer loan applicants is currently evaluated using quantitative and qualitative criteria. For booked consumer loans, the description of credit quality is as follows:

High Grade

Good credit rating

This rating is given to a good repeat client with very satisfactory track record of its loan repayment (paid at least 50.00%) and whose account did not turn past due during the entire term of the loan.

Standard Grade

Good

A good rating is given to accounts which did not turn past due for 90 days and over.

Limited

This rating is given to borrowers who have average track record on loan repayment (paid less than 50.00%) and whose account did not turn past due for 90 days and over.

Substandard Grade

Poor

A poor rating is given to accounts who reached 90 days past due regardless of the number of times and the number of months past due.

Poor litigation

This rating is given to accounts that were past due for 180 days and over and are currently being handled by lawyers.

Impaired

Poor repossessed

This rating is given to accounts whose collaterals were repossessed.

Poor written-off

This rating is given to accounts that were recommended for write-off.

For booked credit card receivables, the description of credit quality is as follows:

Excellent

These are customers that have exhibited the best payment behavior and are generally those without history of past due which have been paying the outstanding balance in full over a period of twelve (12) months.

Very Satisfactory

These are customers that have exhibited the good payment behavior and are generally those without history of past due but could have revolved over a period of twelve (12) months.

Satisfactory

These are customers that have shown history of past due but not impaired, and are still within the average level of the credit card portfolio which remains to be profitable.

Poor

These are customers that are past due but not yet impaired and could still be cured by collection mitigation strategies.

Default

These are customers that are already impaired. Recovery strategies are needed to reduce exposure to these customers.

Investment securities

In ensuring quality investment portfolio, the Group uses the credit risk rating from the published data providers like Moody's, Standard & Poor's (S&P) or other reputable rating agencies. The following indicates the levels of equivalent credit quality and its relevant external rating:

Credit Quality	External Rating								
High grade	Aaa	Aa1	Aa2	A1	A2	A3	Baa1	Baa2	Baa3
Standard grade	Ba1	Ba2	Ba3	B1	B2				
Substandard grade	B3	Caa1	Caa2	Caa3	Ca	С			
Impaired	D								

The Group considers a debt security to have low credit risk when its credit risk rating is equivalent to those rated by external rating agencies as 'Investment grade' (that is, those under High grade in the table above).

The following tables show the credit quality of loans and advances to banks, gross of allowance for credit losses, as of December 31, 2021 and 2020. All loans and advances to banks are classified as Stage 1 in 2021 and 2020.

Liquidity Risk

Liquidity risk is the current and prospective risk to earnings or capital arising from the inability to meet its obligations when they become due. This may be caused by the inability to liquidate assets or to obtain funding to meet the liquidity needs. The Group manages its liquidity risk by holding adequate stock of high-quality liquid assets, analyzing net funding requirements over time, diversifying funding sources contingency planning.

To measure the prospective liquidity needs, the Group uses Maximum Cumulative Outflow (MCO), a liquidity gap tool to project short-term and long-term cash flow expectations on a business-as-usual condition.

The MCO is generated by distributing the cash flows of the Group's assets, liabilities and off-balance sheet items to time bands based on cash flow expectations such as contractual maturity, nature of the account, behavioral patterns, projections on business strategies, and/or optionality of certain products. The incorporation of behavioral cash flow assumptions and business projections or targets results in a dynamic gap report that realistically captures the behavior of the products and creates a forward-looking cash flow projection.

Cash flows from assets are considered as cash inflows, while cash flows from liabilities are considered cash outflows. The net cash flows are determined for each given time period. If the inflows exceed the outflows, the Group is said to have a positive liquidity gap or has excess funds for the given time bucket. Conversely, if the outflows exceed the inflows, the Group is said to have a negative liquidity gap or has funding needs for the given time bucket.

The MCO is monitored regularly to ensure that it remains within the set limits. The Parent Company generates and monitors daily its MCO, while the subsidiaries generate the report at least monthly. The liquidity profile of the Group is reported monthly to the Parent Company's ALCO and ROC.

To supplement the business-as-usual scenario parameters reflected in the MCO report, the Group also conducts liquidity stress testing to determine the impact of extreme factors, scenarios and/or events to the Group's liquidity profile. Liquidity stress testing exercise is performed quarterly on a per firm basis, and at least annually on the Group-wide level.

Financial assets

Analysis of debt securities into maturity groupings is based on the expected date on which these assets will be realized. For other financial assets, the analysis into maturity groupings is based on the remaining period from the end of the reporting period to the contractual maturity date or, if earlier, the expected date the assets will be realized.

Financial liabilities

The maturity groupings are based on the remaining period from the end of the reporting period to the contractual maturity date. When a counterparty has a choice of when the amount is paid, the liability is allocated to the earliest period in which the Group can be required to pay.

The table below summarizes the maturity profile of financial instruments and gross-settled derivatives based on contractual undiscounted cash flows:

Market Risk

Market risk is the possibility of loss to future earnings, fair values or future cash flows that may result from changes in the price of a financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates, and other market factors. Market risk originates from holdings in foreign currencies, debt securities and derivatives transactions.

Depending on the business model for the product, that is, whether they belong to the trading book or banking book, the Group applies different tools and processes to manage market risk exposures. Risk limits, approved by the BOD, are enforced to monitor and control this risk. RSK, as an independent body under the ROC, performs daily market risk analyses to ensure compliance to policies and limits, while Treasury Group manages the asset/liability risks arising from both banking book and trading operations in financial markets. The ALCO, chaired by the President, manages market risks within the parameters approved by the BOD.

As part of group supervision, the Parent Company regularly coordinates with subsidiaries to monitor their compliance to their respective risk tolerances and to ensure alignment of risk management practices. Each subsidiary has its own risk management unit responsible for monitoring its market risk exposures. The Parent Company, however, requires regular submission of market risk profiles from subsidiaries which are presented to ALCO and ROC in both individual and consolidated forms to provide senior management and ROC a holistic perspective and ensure alignment of strategies and risk appetite across the Group.

Market risk - trading book

In measuring the potential loss in its trading portfolio, the Parent Company uses Value-at-Risk (VaR). VaR is an estimate of the potential decline in the value of a portfolio, under normal market conditions, for a given "confidence level" over a specified holding period. The Parent Company measures and monitors the Trading Book VaR daily and this value is compared against the set VaR limit. Meanwhile, the Group VaR is monitored and reported monthly.

VaR methodology assumptions and parameters

Historical Simulation (HS) is used to compute the VaR. This method assumes that market rates volatility in the future will follow the same movement that occurred within the 260-day historical period. In calculating VaR, a 99.00% confidence level and a one-day holding period are assumed. This means that, statistically, within a one-day horizon, the trading losses will exceed VaR in 1 out of 100 trading days.

Like any other model, the HS method has its own limitations. To wit, it cannot predict volatility levels which did not happen in the specified historical period. The validity of the VaR model is verified through a daily backtesting analysis, which examines how frequently both actual and hypothetical daily losses exceed VaR. The result of the daily backtesting analysis is reported to the ALCO and ROC monthly.

	Rates and FX	Fixed Income	FX Options
As of December 31, 2021			
December 31	₽70.23	₽111.55	₽1.51
Average	88.42	97.98	7.88
Highest	210.43	300.29	29.64
Lowest	44.37	31.31	0.15
As of December 31, 2020			
December 29	₽182.03	₽286.09	₽9.26
Average	236.42	223.21	25.78
Highest	320.70	399.15	65.58
Lowest	177.83	61.27	4.60

A summary of the VaR levels of the trading portfolio of the Parent Company appears below:

Rates and Foreign Exchange (FX) VaR is the correlated VaR of the following products: FX spot, outright forward, non-deliverable forwards, FX swaps, interest rate swaps, and cross-currency swaps. The Fixed Income VaR is the correlated VaR of these products: peso and foreign currency bonds, bond forwards and credit default swaps (CDS).

Subsidiaries with trading books perform daily mark-to-market valuation and VaR calculations for their exposures. Risk exposures are bounded by a system of risk limits and monitoring tools to effectively manage these risks.

The table below summarizes the VaR levels of FMIC and PSBank:

	FMIC	FMIC		ζ.	
	Bonds		Bonds		
	РНР	USD	PHP	FX	
As of December 31, 2021					
December 29	₽2.05	₽ 0.00	₽0.001	₽0.45	
Average	9.95	0.28	2.18	0.54	
Highest	37.87	3.74	8.31	1.07	
Lowest	2.05	1.02	0.00	0.01	
As of December 31, 2020					
December 29	₽3.22	₽0.00	₽0.00	₽0.85	
Average	9.48	2.74	4.98	0.90	
Highest	72.34	6.84	27.43	1.63	
Lowest	1.88	0.18	0.00	0.00	

The limitations of the VaR methodology are recognized by supplementing VaR limits with other position and sensitivity limit structures and by doing stress testing analysis. These processes address potential product concentration risks, monitor portfolio vulnerability and give the management an early advice if an actual loss goes beyond what is deemed to be tolerable to the Group and the Parent Company, even before the VaR limit is hit.

Stress testing is performed by the Parent Company on a quarterly basis and the results are reported to the ALCO and, subsequently, to the ROC and BOD. On a group-wide perspective, stress testing is done, at least, annually. The results are reported by the Parent Company's Risk Management Group to the BOD through ROC.

Market risk - banking book

The Group has in place their own risk management system and processes to quantify and manage market risks in the banking book. To the extent applicable, these are generally aligned with the Parent's framework/tools.

The Group assesses interest rate risk in the banking book using measurement tools such as Interest Rate Repricing Gap, Earnings-at-Risk (EaR), Delta Economic Value of Equity (Δ EVE) and Sensitivity Analysis.

Interest Rate Repricing Gap is a tool that distributes rate-sensitive assets and liabilities into predefined tenor buckets according to time remaining to their maturity (if fixed rate) or repricing (if floating rate). Items lacking definitive repricing schedules (for example, current and savings account) and items with actual maturities that could vary from contractual maturities (for example, securities with embedded options) are assigned to repricing tenor buckets based on an analysis of historical patterns, past experience and/or expert judgment.

EaR measures the possible decline in the Group's net interest income as a result of adverse interest rate movements, given the current repricing profile. It is a tool used to evaluate the sensitivity of the accrual portfolio to changes in interest rates in the adverse direction over the next twelve (12) months.

EaR methodology assumptions and parameters

The Group calculates EaR using Historical Simulations (HS) approach, with one-year horizon and using five years data. EaR is then derived as the 99th percentile biggest drop in net interest income.

The table below shows the EaR profile of the Parent Company and certain subsidiaries as of December 31, 2021 and 2020:

	Parent				
	Company	FMIC	PSBank	ORIX Metro	Group
2021	(₽1,730.80)	₽-	(₽362.00)	(₽124.00)	(₽2,048.93)
2020	(₽2,795.47)	(₱13.57)	(₱405.28)	(₽72.42)	(₽2,598.13)

The Parent Company generates and monitors daily its EaR exposure while the subsidiaries generate their EaR reports at least monthly.

The Parent Company employs the Delta EVE model to measure the overall change in the economic value of the bank at one point. It reflects the changes in the net present value of its banking book at different interest rate shocks and stress scenarios. ΔEVE is calculated by slotting the notional repricing cash flows arising from rate-sensitive assets and liabilities into pre-defined tenor buckets. The present value of the net repricing cash flows is then calculated using various interest rate scenarios prescribed by Basel, as well as scenarios internally developed by the Parent Company. For 2021 and 2020, the ΔEVE of the Parent Company ranges from (P0.1 billion) to (P25.4 billion) and (P5.26 billion) to (P25.09 billion), respectively. As of December 31, 2021 and 2020, the ΔEVE stood at (P0.5 billion) (0.24% of Common Equity Tier 1 (CET1) Capital) and (P25.09 billion) (11.24% of CET1 Capital), respectively. The Parent Company has adequate capital to support potential change in value of equity even at worst stress scenario.

Aside from the tools above, the Parent Company and its subsidiaries perform regular sensitivity and stress testing analyses on their banking books to broaden their forward-looking analysis. This way, management can craft strategies to address and/or arrest probable risks, if necessary.

Foreign currency risk

Foreign exchange risk is the probability of loss to earnings or capital arising from changes in foreign exchange rates. Foreign currency liabilities generally consist of foreign currency deposits in the Group's FCDU account. Foreign currency deposits are generally used to fund the Group's foreign currency-denominated loan and investment portfolio in the FCDU. Banks are required by the BSP to match the foreign currency liabilities with the foreign currency assets held in FCDUs. Outside the

FCDU, the Group has additional foreign currency assets and liabilities in its foreign branch network. The Group's policy is to maintain foreign currency exposure within acceptable limits and within existing regulatory guidelines.

The following table sets forth, for the year indicated, the impact of reasonably possible changes in the USD exchange rate and other currencies per Philippine peso on pre-tax income and equity:

	Consolidated				Parent Company							
		2021			2020			2021			2020

Information relating to the Parent Company's currency derivatives is included in Note 8. As of December 31, 2021 and 2020, the Parent Company has outstanding foreign currency spot transactions (in equivalent peso amounts) of $\mathbb{P}10.9$ billion and $\mathbb{P}12.3$ billion, respectively (sold), and $\mathbb{P}11.2$ billion and $\mathbb{P}4.0$ billion, respectively (bought).

The impact on the Parent Company's equity already excludes the impact on transactions affecting the statements of income.

Capital Management

The primary objectives of the Group's capital management are to ensure that it complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholders' value.

The Group manages its capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend payment to shareholders, return capital structure, or issue capital securities. No changes were made in the objectives, policies and processes from the previous year.

BSP Reporting

Regulatory Qualifying Capital

Under existing BSP regulations, the determination of the compliance with regulatory requirements and ratios is based on the amount of the "unimpaired capital" (regulatory net worth) as reported to the BSP, which is determined on the basis of regulatory accounting policies that differ from PFRS in some respects.

The Group complied with BSP Circular No. 781, *Basel III Implementing Guidelines on Minimum Capital Requirements*, which provides the implementing guidelines on the revised risk-based capital adequacy framework, particularly on the minimum capital and disclosure requirements for universal banks and commercial banks, as well as their subsidiary banks and quasi-banks, in accordance with the Basel III standards. BSP Circular No. 781 sets out a minimum CET1 ratio of 6.00% and Tier 1 capital ratio of 7.50%; capital conservation buffer of 2.50% comprised of CET1 capital and Total Capital Adequacy Ratio (CAR) of 10.00%. These ratios shall be maintained at all times. Further,

BSP Circular No. 856 covers the implementing guidelines on the framework for dealing with domestic systemically important banks (DSIBs) in accordance with the Basel III standards. Banks identified as DSIBs shall be required to have higher loss absorbency, on top of the minimum CET1 capital and capital conservation buffer (CCB) and countercyclical capital buffer (CCYB).

	Consolid	lated	Parent Com	oany
—	2021	2020	2021	2020

Operational Risk-Weighted Assets	180,534	165,001	122,373	99,592
Total Risk-Weighted Assets	1,466,370	1,492,422	1,176,765	1,184,785
CET1 Ratio*	19.28%	19.28%	18.17%	18.62%
Tier 1 capital ratio	19.28%	19.28%	18.17%	18.62%
Total capital ratio * Of which capital conservation buffer in 202	20.13%	20.15%	19.04%	19.52%

The details of CAR, as reported to the BSP, as of December 31, 2021 and 2020 follow:

Of which capital conservation buffer in 2021 and 2020 is 13.28% for the Group and 12.17% and 12.62%, respectively, for the Parent Company.

Qualifying capital and risk-weighted assets (RWA) are computed based on BSP regulations. Under Basel III, the regulatory qualifying capital of the Parent Company consists of CET1 capital, which comprises paid-up common stock, additional paid-in capital, retained earnings, including current year profit, retained earnings reserves, OCI and non-controlling interest less required regulatory deductions. The other component of regulatory capital is Tier 2 (supplementary) capital, which includes unsecured subordinated debts and general loan loss provision. RWA consist of total assets excluding cash on hand, due from BSP, loans covered by hold-out on or assignment of deposits, loans or acceptances under letters of credit to the extent covered by margin deposits and other non-risk items determined by the Monetary Board (MB) of the BSP. Operational RWA are computed using the Basic Indicator Approach.

The Group and its individually regulated operations have complied with all externally imposed capital requirements throughout the year.

The Internal Capital Adequacy Assessment Process (ICAAP) supplements the BSP's risk-based capital adequacy framework. In compliance with this, the Group has adopted and developed its ICAAP framework to ensure that appropriate level and quality of capital are maintained by the Group. Under this framework, the assessment of risks extends beyond the Pillar 1 set of credit, market and operational risks and onto other risks deemed material by the Group. The level and structure of capital are assessed and determined in light of the Group's business environment, plans, performance, risks and budget as well as regulatory edicts.

Basel III Leverage Ratio (BLR)

BSP Circular Nos. 881 and 990 cover the implementing guidelines on the BLR framework designed to act as a supplementary measure to the risk-based capital requirements and shall not be less than 5.00%. Effective July 1, 2018, the monitoring of the leverage ratio was implemented as a Pillar I minimum requirement.

The details of the BLR, as reported to the BSP, as of December 31, 2021 and 2020 follow:

	Consol	idated	Parent Company		
	2021	2020	2021	2020	
Tier 1 Capital	₽282,682	₽287,708	₽213,811	₽220,632	
Exposure Measure	₽2,579,529	₽2,520,462	₽2,184,771	₽2,167,207	
BLR	10.96%	11.41%	9.79%	10.18%	

Under the framework, BLR is defined as the capital measure divided by the exposure measure. Capital measure is Tier 1 capital. Exposure measure is the sum of on-balance sheet exposures, derivative exposures, security financing exposures and off-balance sheet items.

Liquidity Coverage Ratio (LCR)

BSP Circular No. 905 provides the implementing guidelines on LCR and disclosure standards that are consistent with the Basel III framework. The LCR is the ratio of high-quality liquid assets to total net cash outflows which should not be lower than 100.00%. Compliance with the LCR minimum requirement commenced on January 1, 2018 with the prescribed minimum ratio of 90.00% for 2018 and 100.00% effective January 1, 2019. As of December 31, 2021 and 2020, the LCR in single currency as reported to the BSP, was at 327.33% and 303.47%, respectively, for the Group, and 394.05% and 321.18%, respectively, for the Parent Company.

Net Stable Funding Ratio (NSFR)

On June 6, 2018, the BSP issued BSP Circular No.1007 covering the implementing guidelines on the adoption of the Basel III Framework on Liquidity Standards – NSFR. The NSFR is aimed to promote long-term resilience against liquidity risk by requiring banks to maintain a stable funding profile in relation to the composition of its assets and off-balance sheet activities. It complements the LCR, which promotes short term resilience of a bank's liquidity profile. Banks shall maintain an NSFR of at least 100 percent (100%) at all times. The implementation of the minimum NSFR shall be phased in to help ensure that covered banks can meet the standard through reasonable measures without disrupting credit extension and financial market activities. An observation period was set from July 1 to December 31, 2018. Effective, January 1, 2019, banks shall comply with the prescribed minimum ratio of 100%. As of December 31, 2021 and 2020, the NSFR as reported to the BSP, was at 176.18% and 169.94%, respectively, for the Group, and 175.35% and 173.27%, respectively, for the Parent Company.

5. Fair Value Measurement

Financial Instruments

The methods and assumptions used by the Group and the Parent Company in estimating the fair values of financial assets and financial liabilities are:

Cash and other cash items, due from BSP and other banks and interbank loans receivable and SPURA

Carrying amounts approximate fair values in view of the relatively short-term maturities of these instruments.

Trading and investment securities

Fair values of debt and equity securities are generally based on quoted market prices. Where the debt securities are not quoted or the market prices are not readily available, the Group and the Parent Company obtained valuations from independent parties offering pricing services, used adjusted quoted market prices of comparable investments, or applied discounted cash flow methodologies.

For equity securities that are not quoted, remeasurement to their fair values is not material to the financial statements.

Derivative instruments

Fair values are estimated based on quoted market prices, prices provided by independent parties, or prices derived using acceptable valuation models. The models utilize published underlying rates (for example, interest rates, FX rates, CDS rates, FX volatilities and spot and forward FX rates) and are implemented through validated calculation engines.

Loans and receivables

Fair values of the Group's loans and receivables are estimated using the discounted cash flow methodology, using current incremental lending rates for similar types of loans. Where the instrument reprices on a quarterly basis or has a relatively short maturity, the carrying amounts approximate fair values.

Liabilities

Fair values are estimated using the discounted cash flow methodology using the Group's current borrowing rate for similar borrowings with maturities consistent with those remaining for the liability being valued, if any. The carrying amounts of demand and savings deposit liabilities and other short-term liabilities approximate fair values considering that these are either due and demandable or with short-term maturities.

Non-Financial Assets

Investment properties

Fair value of investment properties is determined based on valuations performed by independent and in-house appraisers using a valuation technique with significant inputs that are not based on observable market data (Level 3). The valuation of investment properties was based on the Sales Comparison Approach and considered recent sales of similar or substitute properties in the same areas where the investment properties are located, taking into account the economic conditions prevailing at the time of the valuation. Other factors considered were the location and shape of the properties, environmental issues, development controls such as the height restrictions, building coverage and floor area ratio restrictions, among others. The fair value of investment properties is based on its highest and best use, which is their current use.

The following tables summarize the carrying amounts and fair values of assets and liabilities, analyzed among those whose fair value is based on:

- Quoted market prices in active markets for identical assets or liabilities (Level 1);
- Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (Level 2); and
- Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

As of December 31, 2021 and 2020, there were no transfers between levels of the fair value hierarchy.

When fair values of listed equity and debt securities, as well as publicly traded derivatives at the statement of financial position date are based on quoted market prices or binding dealer price quotations, without any adjustments for transaction costs, the instruments are included within Level 1 of the hierarchy.

For all other financial instruments, fair value is determined using valuation techniques. Valuation techniques include net present value techniques, comparison to similar instruments for which market observable prices exist and other revaluation models. Instruments included in Level 3 include those for which there is currently no active market.

6. Segment Information

The Group's operating businesses are recognized and managed separately according to the nature of services provided and the different markets served with segment representing a strategic business unit. Operating segments are reported in accordance with internal reporting to the Senior Management who is responsible for allocating resources to the segments and assessing its performance. The financial reporting basis used in the internal reporting is PFRS.

The Group's business segments follow:

- Consumer Banking principally providing consumer type loans and support for effective sourcing and generation of consumer business;
- Corporate Banking principally handling loans and other credit facilities and deposit and current accounts for corporate and institutional customers;
- Investment Banking principally arranging structured financing, and providing services relating to privatizations, initial public offerings, mergers and acquisitions; and providing advisory services primarily aimed to create wealth to individuals and institutions;
- Treasury principally providing money market, trading and treasury services, as well as the management of the Group's funding operations by use of treasury bills, government securities and placements and acceptances with other banks, through treasury and corporate banking;
- Branch Banking principally handling branch deposits and providing loans and other loan related businesses for domestic middle market clients; and
- Others principally handling other services including but not limited to remittances, leasing, account financing, and other support services. Other operations of the Group comprise the operations and financial control groups.

Segment assets are those operating assets that are employed by a segment in its operating activities and that either are directly attributable to the segment or can be allocated to the segment on a reasonable basis. Segment liabilities are those operating liabilities that result from the operating activities of a segment and that either are directly attributable to the segment or can be allocated to the segment on a reasonable basis.

Interest income is reported net, as management primarily relies on the net interest income as performance measure, not the gross income and expense. The Group has no significant customers which contributes 10.00% or more of the consolidated revenue net of interest expense. Transactions between segments are conducted at estimated market rates on an arm's length basis. Interest is charged/credited to business segments based on a pool rate which approximates the cost of funds.

The following table presents revenue and income information of operating segments presented in accordance with PFRS and segment assets and liabilities:

	Consumer	Corporate	Investment	T	Branch		T. (.)

Investment securities at FVOCI as of December 31, 2021 and 2020 consist of the following:

The equity securities are irrevocably designated at FVOCI as these are held for long term-strategic purpose rather than for trading. These equity securities include golf club shares and non-marketable equity securities. In 2021 and 2020, as part of its risk management, the Group disposed equity securities at FVOCI with total carrying value of P7.6 million and P85.0 million, respectively, and recognized a loss on disposal charged against 'Surplus' of P6.1 million and P44.2 million, respectively. Dividends recognized for the disposed equity securities in 2021 and 2020 amounted to nil and P0.5 million, respectively.

Outstanding equity securities at FVOCI as of December 31, 2021 and 2020 generated dividends amounting to P37.6 million and P45.7 million, respectively for the Group, and P11.1 million and P26.4 million, respectively, for the Parent Company.

As of December 31, 2021 and 2020, the ECL on debt securities at FVOCI (included in 'Net unrealized gain (loss) on investment securities at FVOCI') amounted to P357.5 million and P141.0 million respectively, for the Group and the Parent Company (Note 15).

As of December 31, 2021 and 2020, investment securities at FVOCI include floating and fixed rate private notes with total carrying value of USD11.2 million (with peso equivalent of P569.2 million and P536.0 million, respectively) which are pledged by the Parent Company's New York Branch in compliance with the regulatory requirements of the Federal Deposit Insurance Corporation and the Office of the Controller of the Currency in New York.

Movements in net unrealized gains/(losses), including share in net unrealized gains/(losses) of subsidiaries (Note 11), presented under 'Equity' in the statements of financial position are as follows:

	₽83,810	₽23,293	₽57,386	₽7,909

In May 2020, the BOD of the Parent Company approved the change in business model for its debt securities carried at amortized cost in line with its revised balance sheet risk strategy. The Parent Company considered the pandemic a Black Swan scenario as it is unprecedented in all aspects, with the full economic and banking industry impact still unknown. This called for the Parent Company to recalibrate its balance sheet risk strategy given the drastic change in the economic landscape. The revised balance sheet strategy provides a framework for the Parent Company to assess the appropriate mix of assets, liabilities and capital under five economic scenarios, with the objective of ensuring reliable liquidity and steady stream of accruals. Upon assessment of the current economic environment, maturity profile and credit quality of loans, CASA placements and maturity profile of the investment securities portfolio, the Parent Company deemed that the existing business model is no longer appropriate since its objective of supporting a stable growth of deposit liabilities with core holdings of investment securities can no longer be met due to the effect of the global health crisis over the foreseeable future. This resulted in disposal of investment securities at amortized cost in June 2020 with total carrying value of ₱93.9 billion. Trading gains recognized from the disposal amounted to ₱6.9 billion. On July 1, 2020, the remaining debt securities with total carrying value of ₱100.3 billion and fair value of ₱103.9 billion were reclassified to investment securities at FVOCI. As of December 31, 2021 and 2020, the carrying value of the debt securities reclassified to investment securities at FVOCI amounted to ₱95.9 million and ₱56.9 billion, respectively, with net unrealized gain of ₱1.7 million ₱1.6 billion, respectively.

In 2020, PSBank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱19.6 billion resulting in gain on disposal of investment securities at amortized cost totaling ₱1.3 billion. The sale was made as there were changes in PSBank's funding requirements given its assessment on the impact of a prolonged pandemic. In aggregate, the sale in 2020 is not inconsistent with PSBank's HTC business model as the sale was considered infrequent even if significant in value. Accordingly, the remaining investment securities in the affected HTC portfolio continue to be measured at amortized cost. Further, PSBank assessed that the sale did not reflect a change in PSBank's objectives for the HTC business model.

In August 2019, the BOD of FMIC approved the disposal of its debt securities portfolio at amortized cost with total face value of P15.1 billion and the abandonment of the related HTC business models due to external changes that are significant to its operations. Of the P15.1 billion disposal, the Parent Company purchased P6.6 billion and has subsequently sold most of the securities. Trading gains (included in 'Trading and securities gain - net') recognized from the disposal amounted to P0.3 million, P77.1 million and P172.8 million in 2021, 2020 and 2019, respectively. As of December 31, 2021 and 2020, the outstanding balance of the remaining securities in the Parent Company books (classified as 'Investment Securities at FVTPL) amounted to P2.2 million and P13.5 million, respectively.

Interest income on investment securities at FVOCI and at amortized cost consists of:

	Consolidated			Parent Company		
-	2021	2020	2019	2021	2020	2019
Investment securities at FVOCI	₽15,868	₽12,285	₽5,538	₽14,133	₽11,488	₽4,673

Investment in FMIC

In line with its transformation initiative, the BOD of FMIC approved the proposal to return its quasi banking license with the BSP on November 24, 2020. This was approved by the BSP on March 25, 2021.

As of December 31, 2021 and 2020, the carrying amount of goodwill of the Group amounted to P5.2 billion, of which P5.0 billion pertains to the goodwill arising from the acquisition of the then Solidbank Corporation, which was merged with FMIC.

Investment in MCC

On March 13, 2019, the respective BODs of the Parent Company and MCC approved the proposal to merge MCC into the Parent Company which will unlock the value of MCC and help realize the following objectives:

- a. Improve synergy and cross-sell;
- b. Increase the profitability and improve capital efficiency; and
- c. Enable the Parent Company to be more competitive in the credit card business.

This was ratified by the stockholders of the Parent Company on April 24, 2019, and was approved by the BSP on October 23, 2019. The SEC approved the merger of MCC into the Parent Company effective January 3, 2020.

As of January 3, 2020, the following are the assets and liabilities of MCC:

Assets	
Due from BSP	₽5,994
Due from Other Banks	744
Interbank Loans and SPURA	175
Investment Securities at FVOCI	28
Loans and Receivables	83,422
Property and Equipment	766
Investment Properties	1
Deferred Tax Assets	2,088
Other Assets	1,030
Total Assets	₽94,248
Liabilities	
Bills Payable and SSURA	₽65,389
Derivative Liabilities	307
Income Taxes Payable	608
Accrued Interest and Other Expenses	1,478
Subordinated Debts	1,166
Other Liabilities	5,819
Total Liabilities	₽74,767

The difference between the carrying value of the investment in MCC and the net assets of MCC amounting to P9.8 billion was recognized under 'Translation adjustments and others' in the statement of financial position by the Parent Company.

* Represents investment in a JV of the Group and effective ownership interest of the Parent Company through PSBank.

The principal place of business of these associates is in the Philippines.

Investment of FMIC in LCMC

FMIC has the ability to exercise significant influence through a 5-year agreement with Philex Mining Corporation to jointly vote their 16.7% ownership. As of December 31, 2021 and 2020, LCMC-A shares are trading at ≥ 0.140 per share and ≥ 0.160 per share, respectively, and LCMC-B shares are trading at ≥ 0.142 per share and ≥ 0.156 per share, respectively. As of December 31, 2021 and 2020, there has been a significant decline in the fair value of the shares compared to the acquisition cost. In 2021, the Group recognized impairment loss on the investment in LCMC amounting to ≥ 131.6 million (Note 3).

Investment in NLI

On November 27, 2019, the stockholders of NLI approved the shortening of its corporate term to end on December 31, 2021. Following this, the Company is no longer expected to continue its operations for the foreseeable future. Consequently, the management of NLI plans to reduce its workforce and scale-down its business operations with the objective of ceasing business operations by December 31, 2021.

As of December 31, 2021 and 2020, foreclosed investment properties still subject to redemption period by the borrowers amounted to P867.6 million and P661.4 million, respectively, for the Group, and P167.0 million and P57.6 million, respectively, for the Parent Company.

As of December 31, 2021 and 2020, aggregate market value of investment properties amounted to $\mathbb{P}15.0$ billion and $\mathbb{P}14.5$ billion, respectively, for the Group, and $\mathbb{P}8.0$ billion and $\mathbb{P}7.4$ billion, respectively, for the Parent Company, of which $\mathbb{P}8.9$ billion and $\mathbb{P}8.4$ billion, respectively, for the Group, and $\mathbb{P}7.9$ billion and $\mathbb{P}7.3$ billion, respectively, for the Parent Company were determined by independent external appraisers. Information about the fair value measurement of investment properties are also presented in Note 5.

Rental income on investment properties (included in 'Leasing income' in the statements of income) in 2021, 2020 and 2019 amounted to P90.0 million, P88.1 million and P85.1 million, respectively, for the Group (Note 13).

Direct operating expenses on investment properties that generated rental income (included under 'Litigation expenses') in 2021, 2020 and 2019 amounted to $\mathbb{P}0.1$ million for the Group. Direct operating expenses on investment properties that did not generate rental income (included under 'Litigation expenses') in 2021, 2020 and 2019 amounted to $\mathbb{P}223.3$ million, $\mathbb{P}156.0$ million and $\mathbb{P}286.4$ million, respectively, for the Group and $\mathbb{P}57.1$ million, $\mathbb{P}63.3$ million and $\mathbb{P}90.6$ million, respectively, for the Parent Company (Note 25).

Net gains from sale of investment properties (included in 'Profit from assets sold' in the statements of income) in 2021, 2020 and 2019 amounted to P432.6 million, P229.4 million and P605.4 million, respectively, for the Group, and P117.7 million, P81.7 million and P189.5 million, respectively, for the Parent Company (Note 32).

13. Leases

Group as a Lessee

As of December 31, 2021 and 2020, 59.34% and 59.77%, respectively, of the Parent Company's branch sites are under lease arrangements. Also, some of its subsidiaries lease the premises occupied by their Head Offices and most of their branches. The lease contracts are for periods ranging from 1 to 29 years and some are renewable at the Group's option under certain terms and conditions. Various lease contracts include escalation clauses, which bear an annual rent increase of 2% to 20% in 2021 and 2020. As of December 31, 2021 and 2020, the Group has no contingent rent payable.

The carrying amounts of lease liabilities (included in 'Other Liabilities' in Note 21) are as follows:

	Consol	idated	Parent Company		
	2021	2020	2021	2020	
Balance at January 1	₽3,922	₽4,038	₽2,248	₽2,160	
Impact of merger (Note 11)	_	_	_	55	
Additions	2,664	1,204	1,767	816	
Expiry/termination	(57)	(126)	(57)	(100)	
Accretion of interest	244	252	137	127	
Payments	(1,718)	(1,409)	(929)	(773)	
Others	29	(37)	19	(37)	
Balance at December 31	₽ 5,084	₽3,922	₽3,185	₽2,248	

The Group and the Parent Company recognized the following:

	Consolidated		Parent Company			
	2021	2020	2019	2021	2020	2019
Interest expense on lease liabilities	₽244	₽252	₽319	₽137	₽127	₽170
Rent expense from short-term leases and						
leases of low-value assets*	813	872	736	612	708	414
* Included under 'Occupancy and equipment -re	lated cost'					

Future minimum rentals payable under non-cancelable leases follows:

	Consol	lidated	Parent Company		
-	2021	2020	2021	2020	
Within one year	₽1,524	₽1,213	₽88 7	₽705	
After one year but not more than					
five years	3,508	2,593	2,372	1,606	
More than five years	613	666	436	457	
	₽5,645	₽4,472	₽3,695	₽2,768	

As of December 31, 2021 and 2020, the Group and the Parent Company have undiscounted potential future rental payments arising from extension options expected not to be exercised and thus, not included in the calculation of lease liability amounting to P67.7 million and P70.8 million, respectively, for the Group, and P64.9 million for the Parent Company.

Group as a Lessor

The Group has entered into commercial property leases on its investment property portfolio, consisting of the Group's available office spaces and investment properties and lease agreements over various items of machinery and equipment which are non-cancelable and have remaining non-cancelable lease terms of between one to seven years. In 2021, 2020 and 2019, leasing income amounted to P1.9 billion, P2.0 billion and P2.1 billion, respectively, for the Group, and P183.2 million, P200.3 million and P210.0 million, respectively, for the Parent Company.

Future minimum rentals receivable under non-cancelable operating leases follows:

	Consolidated		Parent Company	
	2021	2020	2021	2020
Within one year	₽1,257	₽928	₽68	₽86
After one year but not more than				
five years	1,537	3,263	64	84
More than five years	-	172	-	_
	₽2,794	₽4,363	₽ 132	₽170

Finance Leases

Lease contract receivables under finance leases, which are accounts of ORIX Metro, are due in monthly installments with terms ranging from one to seven years. These are broken down as follows (Note 9):

	₽3,088	₽4,151
Greater than five years	7	172
After one year but not more than five years	2,326	3,153
Within one year	₽755	₽826
	2021	2020

The amounts of "transfers to/(from)" include the changes in the ECL on the exposures transferred from one stage to another during the year.

As of December 31, 2021 and 2020, the ECL allowances on loan commitments and financial guarantees are included in 'Miscellaneous liabilities' under 'Other liabilities' (Note 21).

In 2020, the increase in the ECL allowances was driven by the adoption of supplemental SICR rules to account for the effect of the COVID-19 pandemic on the credit risk exposures, anticipatory credit downgrades, adjustments to projected recovery rates resulting to increasing LGDs and significantly depressed macroeconomic indicators.

The ECL allowance on accounts receivables of the Group and the Parent Company based on their aging as of December 31, 2021 and 2020 follows:

	Conse	olidated	Parent Company		
Age of accounts receivables	2021	2020	2021	2020	
Up to 1 month	₽35	₽218	₽11	₽99	
> 1 to 2 months	13	12	5	12	
> 2 to 3 months	1	4	1	4	
More than 3 months	3,269	2,943	2,727	2,436	
Total ECL	₽3,318	₽3,177	₽2,744	₽2,551	

Below is the breakdown of provision for (reversal of) credit and impairment losses:

	Consolidated			Parent Company		
	2021	2020	2019	2021	2020	2019
Financial assets and other credit-related						
exposures:						
Loans and receivables	₽11,651	₽40,751	₽9,627	₽7,683	₽32,741	₽1,645
Investment securities at FVOCI	18	(13)	11	_	-	_
Interbank loans receivable	27	13	(1)	_	4	(1)
Due from other banks	_	7	_	_	-	-
Loan commitments and financial						
guarantees	_	_	1	_	_	_
T	11,696	40,758	9,638	7,683	32,745	1,644
Non-financial assets:						
Investment properties	₽28	(₽3)	₽-	₽-	₽-	₽-
Investments in associates and a						
joint venture	132	_	439	_	-	-
Other assets	(22)	5	1	_	_	-
	138	2	440	-	-	-
	₽11,834	₽40,760	₽10,078	₽7,683	₽32,745	₽1,644

With the foregoing level of allowance for credit and impairment losses, management believes that the Group has sufficient allowance to take care of any losses that the Group may incur from the non-collection or non-realization of its receivables and other risk assets.

16. Deposit Liabilities

The LTNCDs of the Group and the Parent Company consist of the following:

BSP Approval	Interest Rate	Issue Date	Maturity Date	2021	2020
Parent Company					
September 18, 2014	4.25%	November 21, 2014	November 21, 2021	₽-	₽6,250
August 12, 2016	3.50%	September 19, 2016	September 19, 2023	8,650	8,650
August 12, 2016	3.88%	July 20, 2017	July 20, 2024	3,750	3,750
July 19, 2018	5.38%	October 4, 2018	April 4, 2024	8,680	8,680
			· · · · · · · · · · · · · · · · · · ·	21,080	27,330
PSBank					
December 8, 2016	3.50%	January 30, 2017	April 30, 2022	3,374	3,369
July 13, 2018	5.00%	August 9, 2018	February 9, 2024	5,067	5,056
				8,441	8,425
				₽29,521	₽35,755

On September 18, 2019, the BOD of the Parent Company approved the issuance of PHP LTNCDs of up to P25.0 billion in one or more tranches of at least P2.0 billion per tranche, and tenors of 5.5 years up to 10 years, subject to market conditions. On November 25, 2019, BSP Circular 1059 was issued which placed an indefinite moratorium on the issuance of LTNCD except for those approved by the BSP within the allowable period. On January 10, 2020, the BSP approved the Parent Company's application to issue up to P25.0 billion LTNCD over a period of one year from BSP approval. As of

December 31, 2021, the BSP's approval has lapsed, hence, the Parent Company can no longer issue LTNCD.

As of December 31, 2021 and 2020, 17.86% and 18.59%, respectively, of the total interest-bearing deposit liabilities of the Group, and 11.10% and 14.47%, respectively, of the total interest-bearing deposit liabilities of the Parent Company are subject to periodic interest repricing. In 2021, 2020 and 2019 the remaining peso deposit liabilities (excluding LTNCDs above) earn annual fixed interest rates ranging from 0.00% to 6.59%, while the remaining foreign currency-denominated deposit liabilities of the Parent Company earn annual fixed interest rates ranging from 0.00% to 2.50%, from 0.00% to 2.50%, and from 0.00% to 3.00%, respectively.

Interest expense on deposit liabilities consists of:

	0	Consolidated		Parent Company		
	2021	2020	2019	2021	2020	2019
CASA	₽1,155	₽2,193	₽2,388	₽935	₽1,861	₽1,987
Time	2,803	7,457	19,126	749	4,581	13,806
LTNCD	1,544	1,676	1,893	1,151	1,282	1,500
	₽5,502	₽11,326	₽23,407	₽2,835	₽7,724	₽17,293

Reserve Requirement

In 2020, BSP Circular Nos. 1082 and 1092 were issued reducing the reserve requirements against deposit and deposit substitute liabilities. Non-FCDU deposit liabilities of the Parent Company and deposit substitutes of FMIC and ORIX Metro are subject to required reserves of 12% from 14% effective reserve week April 3, 2020 while non-FCDU deposit liabilities of PSBank are subject to required reserves of 3% from 4% effective reserve week July 31, 2020. Reserves requirement for peso-denominated LTNCDs are still at 4%. The required reserves can be kept in the form of deposits maintained in the demand deposit accounts with the BSP and any government securities used as compliance until they mature. Further, in 2020, BSP Circular No. 1100 was issued allowing banks to use peso denominated loans that are granted after March 15, 2020 to (1) micro-small-and-medium-enterprises (MSMEs) and (2) large enterprises excluding banks and non-bank financial institutions with quasi-banking functions that met the definition of MSME/large enterprise as alternative compliance with the reserve requirements.

Effective March 25, 2021, FMIC is no longer required to maintain a reserve requirement per BSP Circular Letter No. CL-2021-027. The Parent Company, PSBank and ORIX Metro were in compliance with the reserve requirements as of December 31, 2021 and 2020.

The total statutory and liquidity reserves (included in 'Due from BSP' account) as reported to the BSP are as follows:

	2021	2020
Parent Company	₽199,975	₽141,288
PSBank	52,427	5,492
ORIX Metro	855	542
FMIC	_	433
	₽253,257	₽147,755

17. Bills Payable and Securities Sold Under Repurchase Agreements

This account consists of borrowings from:

	Con	Consolidated		Company
	2021	2020	2021	2020
SSURA	₽50,798	₽93,059	₽50,798	₽93,059

Specific terms of these bonds follow:

Parent Company

- ₱19.0 billion fixed rate bonds issued on June 4, 2021 with issue price at 100% face value, which bear an interest rate of 3.60% per annum, payable quarterly in arrears on March 4, June 4, September 4 and December 4 of each year, commencing on September 4, 2021. The bonds will mature on September 4, 2026. Total bond issuance costs amounted to ₱156.0 million.
- ₱13.75 billion fixed rate bonds issued on October 24, 2019 with issue price at 100% face value, which bear an interest rate of 4.50% per annum, payable quarterly in arrears on January 24, April 24, July 24 and October 24 of each year, commencing on October 24, 2019. The bonds will mature on April 24, 2023. Total bond issuance costs amounted to ₱122.1 million.
- ₱17.5 billion fixed rate bonds issued on April 11, 2019 with issue price at 100% face value, which bear an interest rate of 6.30% per annum, payable quarterly in arrears on January 11, April 11, July 11 and October 11 of each year, commencing on July 11, 2019. The bonds will mature on April 11, 2022. Total bond issuance costs amounted to ₱148.47 million.
- ₱11.25 billion fixed rate bonds issued on July 3, 2019 with issue price at 100% face value, which bear an interest rate of 5.50% per annum, payable quarterly in arrears on January 3, April 3, July 3 and October 3 of each year, commencing on July 3, 2019. The bonds matured on July 3, 2021. Total bond issuance costs amounted to ₱94.55 million.
- ₱10.5 billion fixed rate bonds issued on June 24, 2020 with issue price at 100% face value, which bear an interest rate of 3.00% per annum, payable quarterly in arrears on March 24, June 24, September 24 and December 24, of each year, commencing on September 24, 2020. The bonds matured on September 24, 2021. Total bond issuance costs amounted to ₱91.5 million.

• US\$500 million senior unsecured notes issued on July 15, 2020 with issue price at 99.096% face value, which bear an interest rate of 2.125% per annum, payable semi-annually in arrears on January 15 and July 15 of each year, commencing on January 15, 2021. The bonds will mature on January 15, 2026. Total bond issuance costs amounted to ₱484.9 million.

PSBank

- ₱4.65 billion fixed rate bonds issued on February 4, 2020 with issue price at 100% face value, which bear an interest rate of 4.50% per annum, payable quarterly in arrears on February 4, May 4, August 4 and November 4 of each year, commencing on May 4, 2020. The bonds will mature on February 4, 2023. Total bond issuance costs amounted to ₱42.7 million.
- ₱6.30 billion fixed rate bonds issued on July 24, 2019 with issue price at 100% face value, which bear an interest rate of 5.60% per annum, payable quarterly in arrears on January 24, April 24, July 24 and October 24 of each year, commencing on July 24, 2019. The bonds matured on July 24, 2021. Total bond issuance costs amounted to ₱56.9 million.

ORIX Metro

₱4.16 billion fixed rate bonds issued on November 15, 2019 with issue price at 100% face value, which bear an interest rate of 4.55% per annum, payable quarterly in arrears on February 15, May 15, August 15 and November 15 of each year, commencing on November 15, 2019. The matured on November 15, 2021. Total bond issuance costs amounted to ₱44.2 million.

Interest expense on bonds payable (included in 'Interest expense on bills payable and SSURA, bonds payable, subordinated debts and others') in 2021, 2020 and 2019 amounted to $\mathbb{P}4.4$ billion, $\mathbb{P}5.5$ billion and $\mathbb{P}3.6$ billion, respectively, for the Group, and $\mathbb{P}3.8$ billion, $\mathbb{P}4.8$ billion and $\mathbb{P}3.4$ billion, respectively, for the Parent Company. As of December 31, 2021 and 2020, unamortized bond issue costs amounted to $\mathbb{P}576.7$ million and $\mathbb{P}724.9$ million, respectively, for the Group, and $\mathbb{P}560.3$ million and $\mathbb{P}657.0$ million, respectively, for the Parent Company.

Reserve Requirement

Peso-denominated bonds are subject to reserves equivalent to 3% in 2021 and 2020. The Parent Company, PSBank and ORIX Metro were in compliance with such requirements as of December 31, 2021 and 2020.

20. Subordinated Debts

This account consists of the Parent Company's Peso Notes:

			Carryi	ng Value	Mar	ket Value
	Maturity Date	Face Value	2021	2020	2021	2020
2023	December 20, 2023	₽1,170	₽1,168	₽1,167	₽1,061	₽1,232

On April 15, 2013, of the BOD of the Parent Company approved the issuance of Basel III-compliant Tier 2 capital notes of up to USD500 million in one or more tranches, issued as part of its regulatory capital compliance and to proactively manage its capital base for growth and refinancing of maturing capital securities which was also approved by the BSP on July 26, 2013 and the amendment to the terms and conditions on January 30, 2014. Specifically, the BSP approved the issuance of up to USD500 million equivalent in either USD or PHP or combination in one or more tranches over the course of one (1) year. The Peso Notes issued by the Parent Company are unsecured and subordinated obligations.

Specific terms of these Basel III-compliant Peso Notes follow:

Parent Company 2025 Peso Notes - issued on August 8, 2014 at 100.00% of the principal amount of *P6.5 billion*

• Bear interest at 5.25% per annum from August 8, 2014 to but excluding August 8, 2020. Interest will be payable quarterly in arrears on February 8, May 8, August 8 and November 8 of each year, commencing on November 8, 2014. Unless the Notes are previously redeemed, the initial interest rate will be reset at equivalent of the five-year PDST-R2 as of reset date plus a spread of 1.67% per annum and such interest will be payable commencing on August 8, 2020 (call option date) up to and including August 8, 2025. As approved by the BSP on May 7, 2020, on August 8, 2020, the Parent Company redeemed the Notes ahead of its maturity.

2023 Peso Notes - issued by MCC on December 20, 2013 at 100.00% of the principal amount of P1.2 billion (absorbed by the Parent Company on January 3, 2020 relative to the merger as discussed in Note 11)

- Bear interest at 6.21% per annum payable quarterly in arrears every 20th of March, June, September and December each year, commencing on March 20, 2014.
- Basel III compliant unsecured subordinated notes qualified as Tier 2 capital as approved by the BSP on February 17, 2013.
- In case of insolvency or liquidation of MCC, the notes will be subordinated in the right of payment of principal and interest to all depositors and other creditors of MCC, except those creditors expressed to rank equally with, or behind holders of the notes.
- If a non-viability trigger event occurs, MCC shall immediately write down some or all of the notes in accordance with the BSP's determination.
- Subject to the written approval of the BSP, MCC may redeem all and not less than the entire outstanding 2023 Notes, at a redemption price equal to the face value together with the accrued and unpaid interest based on the interest rate.

As of December 31, 2021 and 2020, the Group are in compliance with the terms and conditions upon which these subordinated notes have been issued.

In 2021, 2020 and 2019, interest expense on subordinated debts included in 'Interest expense on bills payable and SSURA, bonds payable, subordinated debts and others' amounted to P73.7 million, P285.6 million and P983.0 million (including amortization of debt issue cost and premium of P1.1 million, P7.1 million and P41.9 million), respectively, for the Group, and P73.7 million, P285.6 million and P784.2 million, respectively (including amortization of debt issue cost and premium of P1.1 million, P7.1 million, P7.1 million, respectively (including amortization of debt issue cost and premium of P1.1 million, P7.1 million, P7.1 million, respectively (including amortization of debt issue cost and premium of P1.1 million, P7.1 million and P22.5 million), respectively, for the Parent Company.

21. Non-equity Non-controlling Interest and Other Liabilities

Non-equity Non-controlling Interest

This account arises when mutual funds are consolidated and where the Group holds less than 100.00% of the investment in these funds. When this occurs, the Group acquires a liability in respect of non-controlling interests in the funds of which the Group has control. Such non-controlling interests are distinguished from equity non-controlling interests in that the Group does not hold an equity stake in such funds. Further, income (loss) attributable to non-equity non-controlling interests amounting to (₱152.4 million), ₱115.0 million, and (₱229.8 million) in 2021, 2020 and 2019, respectively, is included under 'Trading and securities gain - net' in the statements of income (Note 8).

<u>Other Liabilities</u> This account consists of:

23. Capital Stock

As of December 31, 2021 and 2020, this account consists of (amounts in millions, except par value and number of shares):

	Shares	Amount
Authorized		
Common stock – ₽20.00 par value	6,000,000,000	
Preferred stock – ₱20.00 par value	1,000,000,000	
Common stock issued and outstanding		
Balance at January 1 and December 31	4,497,415,555	₽89,948

As of December 31, 2021 and 2020, treasury shares totaling 1,280,855 and 1,134,147, respectively, represent shares of the Parent Company held by FMIC's mutual fund subsidiary (Note 32).

Preferred shares are non-voting except as provided by law; have preference over Common Shares in the distribution of dividends; subject to such terms and conditions as may be determined by the BOD and to the extent permitted by applicable law, may or may not be redeemable; and shall have such other features as may be determined by the BOD at the time of issuance.

On March 15, 2013, the BOD of the Parent Company approved (a) the amendment of the Articles of Incorporation (AOI) to increase the authorized capital stock and (b) the declaration of 30.00% stock dividend, which were ratified by the stockholders representing at least 2/3 of the outstanding capital stock on April 15, 2013. These were subsequently approved by the BSP on May 15, 2013 and by the SEC on August 13, 2013. Following this, the authorized capital stock of the Parent Company increased from P50.0 billion to P100.0 billion consisting of 4.0 billion common shares and 1.0 billion preferred shares, both with par value of P20.00 per share. The 30.00% stock dividend equivalent to 633,415,049 common shares amounting to P12.7 billion represents at least the minimum 25.00% subscribed and paid-up capital for the increase in the authorized capital stock referred to above which was issued/paid on September 16, 2013 with record date on September 3, 2013. On September 10, 2013, the PSE approved the listing of such additional common shares.

On January 21, 2015, the Parent Company's BOD approved the Stock Rights Offer (SRO) by way of issuance from the unissued portion of the authorized capital stock which was noted by BSP with the issuance of a letter of no objection to the Rights Issue on February 17, 2015. On February 24, 2015, the SEC confirmed the exemption of this issuance of $\mathbb{P}32.0$ billion worth of common shares from the registration requirements under Section 8 of the SRC. On February 25, 2015, the PSE approved the listing of up to 500.0 million common shares to cover the SRO to all stockholders of record as of March 18, 2015. On April 7, 2015, following regulatory approvals, the Parent Company concluded the $\mathbb{P}32.0$ billion SRO, involving 435,371,720 common shares with par value of $\mathbb{P}20.00$ priced at $\mathbb{P}73.50$ per share and listed with the PSE on the same date. The difference between the issued price and the par value is recognized as 'Capital paid in excess of par value'.

On January 17, 2018, the Parent Company's BOD approved the SRO by way of issuance of up to a maximum of 819,827,214 common shares to raise additional capital of up to P60.0 billion. This was noted by the BSP with the issuance of a letter of no objection to the rights issue on January 29, 2018. On April 4, 2018, following the regulatory approvals, the Parent Company concluded the P60.0 billion SRO, involving 799,842,250 common shares with par value of P20.00 priced at P75.00 per share and listed on the PSE on April 12, 2018. Transaction costs on the SRO amounting to P878.2 million were charged against 'Capital paid in excess of par value'.

On February 13, 2019, the BOD of the Parent Company approved (a) the amendment of the AOI to increase the authorized capital stock from P100.0 billion to P140.0 billion and (b) the declaration of a 13% stock dividend equivalent to 517,401,955 shares amounting to P10.3 billion representing the minimum 25% subscription and paid-up capital for the increase in the authorized capital stock which were ratified by the stockholders representing at least 2/3 of the outstanding capital stock on April 24, 2019. These were approved by the BSP on August 8, 2019 and by the SEC on October 4, 2019. Following this, the authorized capital stock of the Parent Company increased from P100.0 billion to P140.0 billion consisting of 6.0 billion common shares and 1.0 billion preferred shares, both with par value of P20.0 per share. On October 16, 2019, the Parent Company received the SEC Order fixing the Record Date of the 13% stock dividend on October 31, 2019. The 13% stock dividend was issued on November 26, 2019 with record date on October 31, 2019. On November 19, 2019, the PSE approved the listing of such stock dividend.

All issued and outstanding shares of the Parent Company are listed with the PSE (Note 1). As of December 31, 2021 and 2020, there are 2,979 and 2,999 holders, respectively, of the listed shares of the Parent Company, with share price closed at P55.70 and P49.05 a share, respectively.

The history of share issuances during the last ten years follows:

Year	Issuance	Listing Date	Number of Shares Issued
2019	Stock dividend	November 26, 2019	517,400,519
2018	Stock rights	April 12, 2018	799,842,250
2015	Stock rights	April 7, 2015	435,371,720
2013	Stock dividend	September 16, 2013	633,415,049
2011	Stock rights	January 24, 2011	200,000,000

Details of the Parent Company's cash dividend distributions from 2019 to 2021 follow:

Date of Declaration	Per Share	Total Amount	Record Date	Payment Date
February 17, 2021	₽1.00 (regular)	₽4,497	March 5, 2021	March 18, 2021
February 17, 2021	3.00 (special)	13,492	March 5, 2021	March 18, 2021
February 19, 2020	1.00	4,497	March 6, 2020	March 20, 2020
February 13, 2019	1.00	3,980	March 1, 2019	March 14, 2019

The computation of surplus available for dividend declaration in accordance with SEC Memorandum Circular No. 11 issued in December 2008 differs to a certain extent from the computation following BSP guidelines.

Reserve for self-insurance	545	524
	₽2,442	₽2,260

In compliance with existing BSP regulations, 10.0% of the Parent Company's income from trust business is appropriated to surplus reserves. This yearly appropriation is required until the surplus reserve for trust business equals 20.0% of the Parent Company's regulatory net worth.

Reserve for self-insurance represents the amount set aside to cover losses due to fire, defalcation by and other unlawful acts of the Parent Company's personnel or third parties.

25. Other Operating Income and Expenses

Service Charges, Fees and Commissions

The table below presents the disaggregation of service charges, fees and commission by business segment:

	(Consolidated			Parent Company		
	2021	2020	2019	2021	2020	2019	
Consumer banking	₽5,749	₽5,072	₽5,724	₽5,247	₽4,618	₽110	
Branch banking	3,391	3,040	3,679	2,428	2,306	2,589

Miscellaneous expenses consist of:

* Other expenses mainly include membership fees, donation, freight charges and other business expenses.

26. Notes to Statements of Cash Flows

The amounts of interbank loans receivable and SPURA, gross of allowance for credit losses, considered as cash and cash equivalents follow:

	Consolidated			Parent Company		
	2021	2020	2019	2021	2020	2019
Interbank loans receivable and SPURA Interbank loans receivable and SPURA not considered as cash and cash	₽70,475	₽79,408	₽72,175	₽55,998	₽57,210	₽56,153
equivalents	(14,413)	(32,739)	(4,862)	(9,970)	(27,369)	(1,575)
	₽56,062	₽46,669	₽67,313	₽46,028	₽29,841	₽54,578

Significant non-cash transactions of the Group and the Parent Company include:

- Additions to ROU assets as disclosed in Note 10;
- Foreclosures of properties or additions to investment and chattel properties as disclosed in Notes 12 and 14, respectively;
- Reclassifications of BUC (Note 10);
- Impact of merger (Note 11); and
- Reclassifications of software cost from customized system development costs (Note 14).

The table below provides for the changes in liabilities arising from financing activities in 2021, 2020 and 2019:

	Consolidated					
		Net				
	Beginning	Cash Flows	Others	Ending

Others include the effect of cash flows of liabilities arising from operating activities.

27. Retirement Plan and Other Employee Benefits

The Parent Company and most of its subsidiaries have funded non-contributory defined benefit retirement plans covering all their respective permanent and full-time employees. Benefits are based on the employee's years of service and final plan salary.

For employees of the Parent Company, retirement from service is compulsory upon the attainment of the 55th birthday or 30th year of service, whichever comes first.

The existing regulatory framework, RA No. 7641, *Retirement Pay Law*, requires a provision for retirement pay to qualified private sector employees in the absence of any retirement plan in the entity, provided, however that the employee's retirement benefits under any collective bargaining and other agreements shall not be less than those provided under the law. The law does not require minimum funding of the plan. The Parent Company and most of its subsidiaries meet the minimum retirement benefit specified under RA No. 7641.

The principal actuarial assumptions used in determining retirement liability of the Parent Company and significant subsidiaries are shown below:

	Parent Company	FMIC	PSBank	ORIX Metro
As of January 1, 2021 Average remaining working life Discount rate Future salary increases	9 years 3.58% 6.00%	7 to 9 years 3.38% to 3.68% 4.0% to 5.0%	10 years 3.56% 4.00%	13 to 26 years 3.5% to 3.9% 7.00%
As of January 1, 2020 Average remaining working life Discount rate Future salary increases	9 years 4.74% 7.00%	7 years 4.82% to 4.84% 6.29%	10 years 4.86% 5.80%	13 to 26 years 5.1% to 5.2% 7.00%

Discount rates used in computing for the present value of the DBO of the Parent Company and significant subsidiaries as of December 31, 2021 and 2020 follow:

	Parent			
	Company	FMIC	PSBank	ORIX Metro
2021	5.06%	4.75% to 5.13%	4.94%	5.0% to 5.6%
2020	3.58%	3.38% to 3.68%	3.56%	3.50% to 3.90%

The net retirement liability (asset) of the Group and the Parent Company is presented in the following accounts in the statements of financial position:

	Consolidated		Parent Company	
	2021	2020	2021	2020
Other assets (Note 14)	(₽1,354)	(₽2,441)	(₽ 987)	(₽2,441)
Other liabilities (Note 21)	57	214	_	-
	(₽1,297)	(₱2,227)	(₽987)	(₱2,441)

The defined benefit plan exposes the Group and the Parent Company to actuarial risk, such as longevity risk, interest rate risk and market (investment risk).

In addition, the Parent Company has a Provident Plan which is a supplementary contributory retirement plan to and forms part of the main plan, the Retirement Plan, for the exclusive benefit of eligible employees of the Parent Company in the Philippines. Based on the provisions of the plan, upon retirement or resignation, a member shall be entitled to receive as retirement or resignation benefits 100.00% of the accumulated value of the personal contribution plus a percentage of the accumulated value arising from the Parent Company's contributions in accordance with the completed number of years serviced. The Parent Company's contribution to the Provident Fund in 2021 and 2020 amounted to ₱334.9 million and ₱321.3 million, respectively.

As of December 31, 2021 and 2020, the retirement funds of the Group's employees amounting to $\mathbb{P}26.2$ billion and $\mathbb{P}28.8$ billion, respectively, are being managed by its trust banking unit. The Parent Company has a Trust Committee that is mandated to approve the plan, trust agreement, investment plan, including any amendments or modifications thereto, and other activities of the retirement plan. Certain members of the BOD of the Parent Company are represented in the Trust Committee.

28. Income and Other Taxes

Under Philippine tax laws, the RBU of the Parent Company and its domestic subsidiaries are subject to percentage and other taxes (presented as 'Taxes and licenses' in the statements of income), as well as income taxes. Percentage and other taxes paid consist principally of gross receipts tax (GRT) and documentary stamp tax (DST). Income taxes include regular corporate income tax (RCIT) and 20.00% final taxes paid, which is a final withholding tax on gross interest income from government securities and other deposit substitutes.

On March 26, 2021, Republic Act (RA) No. 11534, otherwise known as Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act was signed into law. CREATE reduced the RCIT rate from 30.00% to 25.00% depending on the criteria set by the law effective July 1, 2020. With the implementation of this Act, interest expense allowed as a deductible expense shall be reduced by 20.00% of the interest income subjected to final tax, compared to the 33.00% reduction prior to the Act.

The regulations also provide for MCIT of 2.00% (prior to CREATE) and 1.00% from (July 1, 2020 to June 30, 2023 before reverting to 2.00%) on modified gross income and allow a NOLCO. The MCIT and NOLCO may be applied against the Group's and the Parent Company's income tax liability and taxable income, respectively, over a three-year period from the year of inception. For the taxable years 2020 and 2021, the NOLCO incurred can be carried over as a deduction for the next five (5) consecutive taxable years, pursuant to Revenue Regulation (RR) No. 25-2020.

Current tax regulations also provide for the ceiling on the amount of EAR expense (Note 25) that can be claimed as a deduction against taxable income. Under the regulation, EAR expense allowed as a deductible expense for a service company like the Parent Company and some of its subsidiaries is limited to the actual EAR paid or incurred but not to exceed 1.00% of net revenue.

FCDU offshore income (income from non-residents) is tax-exempt while gross onshore income (income from residents) is subject to 10.00% income tax. In addition, interest income on deposit placements with other FCDUs and offshore banking units (OBUs) is taxed at 15.00%. Income derived by the FCDU from foreign currency-denominated transactions with non-residents, OBUs, local commercial banks including branches of foreign banks, is tax-exempt while interest income on foreign currency loans from residents other than OBUs or other depository banks under the expanded system is subject to 10.00% income tax.

Following are the applicable taxes and tax rates for the foreign branches of the Parent Company:

Foreign Branches	Tax Rates
USA - New York Branch	21.00% federal income tax; 8.85% state tax; 6.50% city tax
Japan - Tokyo and Osaka Branches	2021 - 23% income tax; 2020 - 23.20% income tax;
	Various rates for business taxes - income tax, local business, sheet value and sheet capital allocations
Korea - Seoul and Pusan Branches	Various rates; 0.50% education tax
Taiwan - Taipei Branch	20.00% income tax; 5.00% gross business receipts tax; 5.0% value-added tax

The provision for income tax consists of:

	Consolidated			Parent Company

	1,225	1,908	460	1,191
Net deferred tax assets	₽13,094	₽14,028	₽11,891	₽11,394

Components of net deferred tax assets of the Group and the Parent Company follow:

In 2021 and 2020, deferred tax credited (charged) to OCI amounted to P650.2 million and (P1.1 billion) respectively, for the Group, and P918.2 million and (P1.0 billion), respectively, for the Parent Company.

The Parent Company and certain subsidiaries did not recognize deferred tax assets on the following temporary differences:

	Consolidated		Parent Company	
	2021	2020	2021	2020
Allowance for credit and impairment losses	₽10,214	₽18,835	₽8,85 7	₽17,532
NOLCO	912	675	58	_
MCIT	13	10	_	_
	₽11,139	₽19,520	₽8,915	₽17,532

The Group believes that it is not reasonably probable that the tax benefits of these temporary differences will be realized in the future.

There are no income tax consequences attaching to the payment of dividends by the Group to its shareholders. There are no temporary differences arising from undistributed profits of subsidiaries, branches, associates and a JV.

Details of the excess MCIT credits of the Group follow:

	Amount	Used/Expired	Balance	Expiry Year

Effect of change in tax rate	(7.29)	_	_	(6.31)	_	_
Others - net	3.52	19.09	3.62		16.96	(5.16)
Effective income tax rate	25.80%	33.52%	25.84%	20.74%	33.32%	19.07%

29. Trust Operations

Properties held by the Parent Company and PSBank in fiduciary or agency capacity for their customers are not included in the accompanying statements of financial position since these are not their resources.

In compliance with current banking regulations relative to the Parent Company and PSBank's trust functions, the following are government securities deposited with the BSP:

	Consolidated		Parent Company	
	2021	2020	2021	2020
Investment securities at amortized cost	₽6,297	₽-	₽6,297	₽
Investment securities at FVOCI	128	6,364	_	6,250
	₽6,425	₽6,364	₽6,297	₽6,250

30. Commitments and Contingent Liabilities

In the normal course of the Group's operations, there are various outstanding commitments and contingent liabilities which are not reflected in the accompanying financial statements. No material losses are anticipated as a result of these transactions. The summary of contingencies and commitments at their peso-equivalent contractual amounts arising from off-balance sheet items follows:

	Consolidated		Parent Company	
-	2021	2020	2021	2020
Trust Banking Group accounts (Note 29)	₽589,145	₽567,841	₽578,216	₽558,273
Credit card lines	188,099	205,815	188,099	205,815
Unused commercial letters of credit (Note 32)	48,813	42,283	47,386	40,930
Undrawn commitments - facilities to lend	14,898	17,413	14,898	17,393
Bank guaranty with indemnity agreement (Note 32)	14,563	8,591	14,563	8,591
Credit line certificate with bank commission	5,116	4,262	5,116	4,262
Outstanding guarantees	4,598	3,826	4,598	3,826
Inward bills for collection	3,165	1,909	3,164	1,908
Outstanding shipside bonds/airway bills	1,208	2,594	1,208	2,594
Outward bills for collection	848	821	847	819
Confirmed export letters of credits	781	964	40	39
Late deposits/payments received	185	1,756	185	1,746
Others	25,475	11,488	744	862
	₽896,894	₽869,563	₽859,064	₽847,058

Several suits and claims relating to the Group's lending operations and labor-related cases remain unsettled. In the opinion of management, these suits and claims, if decided adversely, will not involve sums having a material effect on the Group's financial statements.

31. Earnings per Share

The basis of calculation for earnings per share attributable to equity holdings of the Parent Company follows (amounts in millions, except for earnings per share):

	2021	2020	2019
a. Net income attributable to equity holders of the			
Parent Company	₽22,156	₽13,831	₽28,055
b. Weighted average number of outstanding			
common shares of the Parent Company	4,496	4,496	4,496
c. Basic/diluted earnings per share (a/b)	₽ 4.93	₽3.08	₽6.24

32. Related Party Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions or if they are subjected to common control or common significant influence such as subsidiaries and associates of subsidiaries or other related parties. Related parties may be individuals or corporate entities and are classified as entities with significant influence, subsidiaries, associates, other related parties and key personnel (Notes 2 and 11).

The Group has several business relationships with related parties. Transactions with such parties are made in the ordinary course of business and on substantially same terms, including interest and collateral, as those prevailing at the time for comparable transactions with other parties. These transactions also did not involve more than the normal risk of collectibility and did not present other unfavorable conditions.

The Parent Company has a Related Party Transactions Committee (RPTC) and a Related Party Transactions Management Committee (RPTMC), both of which are created to assist the BOD in ensuring that transactions with related parties are reviewed to assess risks and are subjected to appropriate restrictions to ensure that these are conducted at arm's-length terms and that corporate or business resources of the Parent Company are not misappropriated or misapplied. After appropriate review, RPTMC (through RPTC) and RPTC disclose all information and endorses to the BOD with recommendations, the proposed related party transactions. The members of the RPTC are appointed annually by the BOD, composed of at least three (3) Board non-executive members, two (2) of whom should be independent directors, including the Chairman. Currently, RPTC is composed of three (3) independent directors (including the Committee's Chairman); the head of Internal Audit Group (as Resource Person); and the Compliance Officer (as the Committee Secretary) and meets bimonthly or as the need arises. On the other hand, RPTMC members are appointed annually by the President, composed of at least four (4) members. RPTC's and RPTMC's review of the proposed related party transactions considers the following:

- a. Identity and relationship of the parties involved in the transaction;
- b. Terms of the transaction and whether these are no less favorable than terms generally available to an unrelated third party under the same circumstances;
- c. Business purpose, timing, rationale and benefits of the transaction;
- d. Approximate monetary value of the transaction and the approximate monetary value of the related party's interest in the transaction;
- e. Valuation methodology used and alternative approaches to valuation of the transaction;
- f. Information concerning potential counterparties in the transaction;
- g. Description of provisions or limitations imposed as a result of entering into the transaction;
- h. Whether the proposed transaction includes any potential reputational risk issues that may arise as a result of or in connection with the transaction;
- i. Impact to a director's independence;
- j. Extent that such transaction or relationship would present an improper conflict of interest; and
- k. The availability of other sources of comparable products or services.

Further, no director or officer participates in any discussion of a related party transaction for which he, she, or any member of his or her immediate family is a related party, including transactions of subordinates, except in order to provide material information on the related party transaction to RPTC.

Major subsidiaries, which include FMIC, PSBank, MCC (until 2019 - see Note 11) and MBCL, have their own respective RPTCs which assist their respective BODs in ensuring that transactions with related parties are reviewed to assess risks and are subjected to appropriate restrictions to ensure that these are conducted at arm's-length terms and that their corporate or business resources are not misappropriated or misapplied.

Details on significant related party transactions of the Group and the Parent Company follow (transactions with subsidiaries have been eliminated in the consolidated financial statements):

Includes accrued interest

As of December 31, 2021 and 2020, government bonds with total face value of P60.0 million (classified as 'Investment securities at FVOCI'), are pledged by PSBank to the Parent Company to secure the latter's payroll account with PSBank. Also, the Parent Company has assigned to PSBank government securities with total face value of P3.5 billion (classified as 'Investment securities at amortized cost') and P4.0 billion (classified as 'Investment securities at FVOCI'), respectively, to secure PSBank's deposits to the Parent Company.

Receivables from customers and deposit liabilities and their related statement of financial position and statement of income accounts resulted from the lending and deposit-taking activities of the Group and the Parent Company. Together with the sale of investment properties, borrowings, contingent accounts including derivative transactions, outright purchases and sales of securities and foreign currency buy and sell, leasing of office premises, securing of insurance coverage on loans and property risk, and other management services rendered, these are conducted in the normal course of business, at arm's-length transactions and are generally settled in cash. The amounts and related volumes and changes are presented in the summary above. Terms of receivables from customers, deposit liabilities and borrowings are also disclosed in Notes 9, 16 and 17, respectively, while other related party transactions above have been referred to their respective note disclosures.

The compensation of the key management personnel of the Group and the Parent Company follows:

	Consolidated			Par	ent Company	y
	2021	2020	2019	2021	2020	2019
Short-term employee benefits	₽3,817	₽3,879	₽3,446	₽2,902	₽3,120	₽2,500
Post-employment benefits	120	132	140	84	73	56
	₽3,937	₽4,011	₽3,586	₽2,986	₽3,193	₽2,556

Director's fees and bonuses of the Parent Company in 2021, 2020 and 2019 amounted to ₱68.0 million, ₱69.0 million and ₱66.1 million, respectively.

Transactions with Retirement Plans

Under PFRS, certain post-employment benefit plans are considered as related parties. The Parent Company has business relationships with a number of related party retirement plans pursuant to which it provides trust and management services to these plans. Certain trustees of the plans are either officers or directors of the Parent Company and/or the subsidiaries. Income earned by the Parent Company from such services amounted to P98.2 million, P99.6 million and P98.3 million in 2021, 2020 and 2019, respectively. In 2021, 2020 and 2019, the Parent Company purchased securities totaling P4.9 billion, P938.7 million and P2.1 billion, respectively, from its related party

retirement plans and also sold securities totaling P6.1 billion, P3.4 billion and P4.5 billion, respectively, and recognized net trading gains of P15.1 million and P46.6 million in 2021 and 2020, respectively, and net trading loss of P11.3 million in 2019. Further, as of December 31, 2021 and 2020, the total outstanding deposit liabilities of the Group from these related party retirement funds amounted to P73.1 million and P112.0 million, respectively. Interest expense on deposit liabilities amounted to P0.4 million, P1.6 million and P23.7 million in 2021, 2020 and 2019, respectively.

As of December 31, 2021 and 2020, the related party retirement plans also hold investments in the equity shares of various companies within the Group amounting to $\mathbb{P}235.9$ million and $\mathbb{P}240.3$ million, respectively, with unrealized trading losses of $\mathbb{P}64.3$ million and $\mathbb{P}73.4$ million, respectively, and investments in mutual funds and trust funds of various companies within the Group amounting to $\mathbb{P}749.5$ million and $\mathbb{P}733.1$ million, respectively, with unrealized trading loss of $\mathbb{P}0.5$ million and unrealized trading gain of $\mathbb{P}3.4$ million, respectively. Further as of December 31, 2021 and 2020, investments in the corporate bonds of the Parent Company by the related party retirement plans amounted to $\mathbb{P}1.6$ billion and $\mathbb{P}1.7$ billion, respectively, with unrealized trading gains of $\mathbb{P}13.0$ million and $\mathbb{P}71.9$ million, respectively. In 2021, 2020 and 2019, realized trading gains amounted to $\mathbb{P}2.8$ million, $\mathbb{P}11.2$ million and $\mathbb{P}92.0$ million, respectively. The related party retirement plans also recognized dividend income of $\mathbb{P}1.5$ million, $\mathbb{P}2.8$ million and $\mathbb{P}0.7$ million in 2021, 2020 and 2019, realized trading gains

33. Foreign Exchange

Closing rates as of December 31 and WAR for each of the year ended December 31 are as follows:

		BAP			
	2021	2020	2019		
Closing	₽51.00	₽48.02	₽50.64		
WAR	49.28	49.63	51.79		

34. Other Matters

The Group has no significant matters to report in 2021 on the following:

- a. Known trends, events or uncertainties that would have material impact on liquidity and on the sales or revenues except that in order to anticipate the impact of COVID-19 pandemic, as required by the expected credit loss model of PFRS 9, the Group recorded provisions for credit and impairment losses by ₱11.8 billion for the year ended December 31, 2021.
- b. Explanatory comments about the seasonality or cyclicality of operations.
- c. Issuances, repurchases and repayments of debt and equity securities except for (a) issuance of the ₱19.0 billion fixed rate bonds and redemptions of ₱11.25 billion and ₱10.5 billion fixed rate bonds and ₱6.25 billion LTNCD of the Parent Company, (b) redemption of the ₱6.3 billion fixed rate bonds of PSBank, and (c) redemption of the ₱4.16 billion fixed rate bonds of Orix Metro, as discussed in Notes 16 and 19.
- d. Unusual items as to nature, size or incidents affecting assets, liabilities, equity, net income or cash flows except for the payment of cash dividends by the Parent Company, as discussed in Note 23; and
- e. Effect of changes in the composition of the Group during the year, including business combinations, acquisition or disposal of subsidiaries and long-term investments, restructurings, and discontinuing operations (except as discussed in Note 11).

35. Subsequent Events

- a. On January 17, 2022, the BOD of PSBank declared 7.50% regular cash dividend for the fourth quarter of 2021 amounting to ₱320.14 million or ₱0.75 per share, payable on February 16, 2022 to stockholders of record as of February 2, 2022.
- b. On February 23, 2022, the BOD of the Parent Company approved a new dividend policy of increasing the regular cash dividends from ₱1.00 to ₱1.60 per share for the year, payable on a semi-annual basis at ₱0.80 per share. In addition, a special cash dividend of ₱1.40 per share was also declared. The first tranche of the regular cash dividend of ₱0.80 per share and the special cash dividend of ₱1.40 per share are payable on March 31, 2022 to all stockholders of record as of March 17, 2022.

36. Approval of the Release of the Financial Statements

The accompanying financial statements of the Group and of the Parent Company were authorized for issue by the BOD on February 23, 2022.

37. Report on the Supplementary Information Required under BSP Circular No. 1074

Supplementary Information Under BSP Circular No. 1074

On January 8, 2020, the Monetary Board approved the amendments to the relevant provisions of the Manual of Regulations for Banks and Manual of Regulations for Foreign Exchange Transactions. Among the provisions is the requirement to include the following additional information to the Audited Financial Statements.

a. Quantitative indicators of financial performance

The following basic ratios measure the financial performance of the Group and the Parent Company:

	Consolidated			Parent Company		
-	2021	2020	2019	2021	2020	2019
Return on average equity (1)	6.89%	4.36%	9.47%	6.88%	4.29%	9.16%
Return on average assets ⁽²⁾	0.89%	0.56%	1.20%	1.03%	0.65%	1.42%
Net interest margin on average						
earning assets ⁽³⁾	3.39%	3.98%	3.84%	3.14%	3.76%	3.09%

⁽¹⁾ Net income attributable to equity holders of the Parent Company for the year divided by average total equity attributable to the Parent Company. ⁽²⁾ Net income attributable to equity holders of the Parent Company for the year divided by average total assets.

⁽³⁾ Net interest income for the year divided by average interest-earning assets.

b. Description of capital instrument issued

The Group and the Parent Company consider its common stock and subordinated debts as capital instruments eligible as Tier 1 and Tier 2 capitals.

c. Significant Credit Exposures

Significant credit exposures as to industry, gross of unearned discount and capitalized interest, follows:

		Consolid	ated		Parent Company			
	2021		2020		2021		2020	
	Amount	%	Amount	%	Amount	%	Amount	%

Non-performing loans (NPLs) included in the total loan portfolio of the Group and the Parent Company, as reported to the BSP, are presented below:

	Conse	olidated	Parent Company		
_	2021	2020	2021	2020	
Gross NPLs	₽27,354	₽30,919	₽16,507	₽17,790	
Less allowance for credit losses	18,101	17,593	13,546	14,194	
Net carrying amount	₽9,253	₽13,326	₽2,961	₽3,596	

Under banking regulations, loan accounts shall be considered non-performing, even without any missed contractual payments, when they are considered impaired under existing accounting standards, classified as doubtful or loss, in litigation, and/or there is evidence that full repayment

of principal or interest is unlikely without foreclosure of collateral, if any. All other loans, even if not considered impaired, shall be considered non-performing if any principal and/or interest are unpaid for more than ninety (90) days from contractual due date, or accrued interests for more than ninety (90) days have been capitalized, refinanced, or delayed by agreement. Restructured loans shall be considered non-performing. However, if prior to restructuring, the loans were categorized as performing, such classification shall be retained. Moreover, NPLs shall remain classified as such until (a) there is sufficient evidence to support that full collection of principal and interests is probable and payments of interest and/or principal are received for at least six (6) months; or (b) written-off. Microfinance and other small loans with similar credit characteristics shall be considered non-performing after contractual due date or after they have become past due.

e. Information on related party loans

In the ordinary course of business, the Group has loan transactions with investees and with certain directors, officers, stockholders and related interests (DOSRI) based on BSP Circular No. 423 dated March 15, 2004, as amended. Existing banking regulations limit the amount of individual loans to DOSRI, 70.00% of which must be secured, to the total of their respective deposits and book value of their respective investments in the lending company within the Group. In the aggregate, loans to DOSRI generally should not exceed the respective total equity or 15.00% of the respective total loan portfolio, whichever is lower, of the Parent Company, PSBank, FMIC, and ORIX Metro.

The following table shows information on related party loans as reported to the BSP:

BSP Circular Nos. 560 and 654 provide the rules and regulations that govern loans, other credit accommodations and guarantees granted to subsidiaries and affiliates of banks and quasi-banks which require that the total outstanding loans, other credit accommodations and guarantees to each of the bank's/quasi-bank's subsidiaries and affiliates shall not exceed 10.00% while a separate individual limit of 25.00% for those engaged in energy and power generation, of the net worth of the lending bank/quasi-bank, provided that the unsecured portion of which shall not exceed 5.00% or 12.50%, respectively, of such net worth. Further, the total outstanding loans, credit accommodations and guarantees to all subsidiaries and affiliates shall not exceed 20.00% of the net worth of the lending bank/quasi-bank; and the subsidiaries and affiliates of the lending bank/quasi-bank are not related interest of any director, officer and/or stockholder of the lending institution, except where such director, officer or stockholder sits in the BOD or is appointed officer of such corporation as representative of the bank/quasi-bank as reported to the BSP. As of December 31, 2021 and 2020, the total outstanding loans, other credit accommodations and guarantees to each of the Parent Company's subsidiaries and affiliates did not exceed 10.00% of the Parent Company's net worth, as reported to the BSP, and the unsecured portion did not exceed 5.00% of such net worth wherein the total outstanding loans, other credit accommodations and guarantees to all such subsidiaries and affiliates represent 11.51% and 13.18%, respectively, of the Parent Company's net worth. The Parent Company has no outstanding loans, other credit accommodations and guarantees to subsidiaries and affiliates engaged in energy and power generation.

Total interest income on DOSRI loans in 2021, 2020 and 2019 amounted to ₱255.9 million, ₱367.8 million and ₱485.8 million, respectively, for the Group, and ₱250.3 million, ₱366.0 million and ₱468.7 million, respectively, for the Parent Company.

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY SCHEDULES

The Board of Directors and Stockholders Metropolitan Bank & Trust Company Metrobank Plaza, Sen. Gil Puyat Avenue Urdaneta Village, Makati City Metro Manila, Philippines

We have audited in accordance with Philippine Standards on Auditing, the consolidated financial statements of Metropolitan Bank & Trust Company and Subsidiaries (the Group) as at December 31, 2021 and 2020, and for each of the three years in the period ended December 31, 2021, included in this Form Preliminary IS, and have issued our report thereon dated February 23, 2022. Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The schedules listed in the Index to the Supplementary Schedules are the responsibility of the Group's management. These schedules are presented for purposes of complying with the Revised Securities Regulation Code Rule 68, and are not part of the basic consolidated financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in our opinion, fairly state, in all material respects, the financial information required to be set forth therein in relation to the basic consolidated financial statements taken as a whole.

INDEPENDENT AUDITOR'S REPORT ON COMPONENTS OF FINANCIAL SOUNDNESS INDICATORS

The Board of Directors and Stockholders Metropolitan Bank & Trust Company Metrobank Plaza, Sen. Gil Puyat Avenue Urdaneta Village, Makati City Metro Manila, Philippines

We have audited in accordance with Philippine Standards on Auditing, the consolidated financial statements of Metropolitan Bank & Trust Company and Subsidiaries (the Group) as at December 31, 2021 and 2020 and for each of the three years in the period ended December 31, 2021, and have issued our report thereon dated February 23, 2022. Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The Supplementary Schedule on Financial Soundness Indicators, including their definitions, formulas, calculation, and their appropriateness or usefulness to the intended users, are the responsibility of the Group's management. These financial soundness indicators are not measures of operating performance defined by Philippine Financial Reporting Standards (PFRSs) and may not be comparable to similarly titled measures presented by other companies. This schedule is presented for the purpose of complying with the Revised Securities Regulation Code Rule 68 issued by the Securities and Exchange Commission, and is not a required part of the basic consolidated financial statements prepared in accordance with PFRSs. The components of these financial soundness indicators have been traced to the Group's consolidated financial statements as at December 31, 2021 and 2020 and for each of the three years in the period ended December 31, 2021 and no material exceptions were noted.
