*Record Date.* Stockholders of record as of March 10, 2023 shall be entitled to attend and vote at the Meeting.

Stockholders may attend the Meeting either through remote communication or by proxy. The Meeting will be recorded. All votes cast shall be subject to the validation of SGV & Co.

Registration, Joining and Voting Procedures for the ASM.

Pre-Registration.

Stockholders intending to participate by remote communication should pre-register by sending an email to <u>ASMregistration@metrobank.com.ph</u> on or before April 19, 2023 together with the following requirements:

### For Certified Stockholders:

- (a) Individual Stockholders
  - i. A scanned copy of the Stockholder's valid government-issued ID showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
  - ii. A valid and active e-mail address and contact number
  - iii. Electronically-signed documents are accepted pursuant to relevant laws.

### (b) Corporate Stockholders

 A Secretary's Certificate attesting to the authority of the representative to participate by remote communication for, and on behalf of the Corporation (in JPG format). The file size should be no larger than 2MB;

- ii. A scanned copy of the valid government-issued ID of the Stockholder's representative showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
- iii. A valid and active e-mail address and contact number of the Stockholder's representative.
- iv. All documentary requirements must be notarized.
- (c) Stockholders under Joint Accounts

In addition to the above requirements, a scanned copy of an authorization letter signed by all Stockholders jointly owning the shares designating who among them is authorized to cast the vote for the account, has to be submitted. The authorization letter must also be in a digital, JPG format with a file size no larger than 2MB.

For Stockholders under PCD Participant/Broker account or "Scripless Shares"

- i. A broker certification on the Stockholder's number of shareholdings (in JPG format). The file size should be no larger than 2MB;
- ii. A scanned copy of the Stockholder's valid government-issued ID showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
- iii. A valid and active e-mail address and contact number.

Important Notes: The Company shall continue to accept documents executed by individual stockholders via electronic signature pursuant to relevant laws. However, documents required to be submitted by corporations (such as Secretary's Certificate and Broker's Certification) must be notarized. The Company reserves the right to request additional information, including submission of original signed and notarized copies of these documents at a later time. Incomplete or inconsistent information may result in an unsuccessful event registration. As a result, such Stockholders who are unable to provide the foregoing may not be allowed to participate in the virtual ASM.

Successful registrants will receive an email with the event details from the following addresses:

Email address	Information/Instructions to be received		
ASMregistration@metrobank.com.ph	An electronic invitation with complete guide on how to join the Meeting.		
	Note: You will be asked to click a link which will lead you to the WEBEX registration page. As in any streaming platform, only your name and email address will be asked. You are not required to give any other personal information.		
messenger@webex.com	Official WEBEX event link		

For registration concerns and questions related to the meeting and about Metrobank, please get in touch with us through <u>ASMregistration@metrobank.com.ph</u>.

Proxy.

REGIS V. PUNO Corporate Secretary

### Annual Meeting of the Stockholders April 26, 2023 at 2:00 P.M. VIRTUAL MEETING

# EXPLANATORY NOTES TO AGENDA ITEMS THAT WILL BE SUBMITTED FOR RATIFICATION / APPROVAL OF THE STOCKHOLDERS

### Agenda Item 1

Call to order

At 2:00 in the afternoon on April 26, 2023, Mr. Arthur V. Ty, Chairman of the Metrobank Board of Directors, will call the Meeting to order.

### <u>Agenda Item 2</u>

Certification of Notice and Quorum

The Corporate Secretary, Atty. Regis V. Puno, will certify that the Notice for the 2023 Annual Stockholders Meeting has been duly published and distributed to the Stockholders as of Record Date of March 10, 2023 pursuant to existing regulations of the Securities and Exchange Commission (SEC). He will also attest whether the required quorum is present for the transaction of the business included in the Agenda.

### Agenda Item 3

- 1. Approval of the following Minutes of the Annual Meeting of Stockholders held on April 27, 2022:
  - *i.* Call to Order and Certification of Quorum. The meeting was called to order by Chairman Arthur Ty at 2:00 o'clock in the afternoon. The Corporate Secretary, Regis V. Puno, certified that there were 3,178,094,065 common shares actually present in person or by proxy, out of the 4,497,415,555 common shares outstanding. This constituted 70.66% of the outstanding capital stock.

Voting Results Per Resolution

*ii.* Approval of the Minutes of the Annual Stockholders' Meeting held on April 28, 2021 via the following:

100% of shareholders virtually present and represented voted in favor of the proposal, none voted against none abstained.

### RESOLUTION NO. 075-MBTC-SH-2022

RESOLVED, that the Minutes of the Annual Stockholders' Meeting on April 28, 2021 are hereby approved.

*iii.* President's Report on the performance of Metrobank for 2021, as further detailed in the Annual Report for 2021.

During the Meeting, the Host-Moderator Minda A. Olonan picked questions received via email and/or sent via the Q&A panel at <u>ASMRegistration@metrobank.com.ph</u>

- 1. From Ishmael Sam D. Cannua (Coal Financial Grp., Inc.)
  - a. Of the number of COVID-19 vaccines bought by the Company, how many have been administered to its employees? What were the brands of vaccines and how many employees were vaccinated per brand?
  - b. What will be the impact on the performance of the Bank in the passage of the amendments to the Retail Trade Liberalization Act, the Foreign Investment Act, and the Public Service Act?
  - c. What are the recommendations for the next administration to improve the country's banking industry and make it more reliable and secure for customers?

President Dee replied that of the total employees of the Bank, 99.6% have received COVID-19 vaccines with 74% under mRNA brands.

On the second query, he mentioned that these initiatives will be quite good for the country to the extent that it will encourage and open areas for foreign investments which will stimulate the economy and generate more employment. He hopes that such legislations could bring in new technological solutions that will result to better products and services that will benefit the population.

Finally, he hopes the next administration will continue strengthening the rural and thrift bank sector to provide "last mile" micro credits to grassroots emerging business where community lending is effective.

2. Advance question received via email:

What are the Bank's growth prospects and key strategies for 2022?

President Dee was enthused to say that the Bank's growth prospects are quite optimistic for this year. Given management's 6.8% GDP growth forecast, the Bank is hoping for a sustained pick up in loan demand in both corporate and consumer segments as economic activities continue to gain momentum. The current inflation will also most likely translate to high-borrowing needs of businesses to replenish and sustain inventories. This will help drive up volumes for the Bank's risk assets and with its strong balance sheet, it puts us in a good position to immediately take advantage of growth opportunities.

Fee income is expected to continue to recover as transaction volumes normalize and as the Bank continues to implement its cross-selling strategies.

The rising interest rates is positive for net interest margins. Aside from higher loan pricing, the rising rates can give opportunities to invest our liquid assets in longer term investment securities, to further improve our accrual income. However, President Dee mentioned that this could also possibly limit potential for trading income but can be offset by supplementary activities with customers taking up more wealth products given that rates are at their higher levels right now.

On OPEX, he stated that the Bank will continue with its cost management initiatives and sustain low single-digit 5% growth this year and next year.

Finally, President Dee explained that if NPL formation trend stays manageable coupled with better economic outlook, the Bank will have more leeway to trim its loan loss provision expenses.

iv. Ratification of All Acts and Resolutions of Management, Board and Management Committees including among others, the approval April 28, 2021 to April 26, 2022.

99.92% of shareholders virtually present and represented voted in favor, none voted against while 0.08% abstained.

### RESOLUTION NO. 076-MBTC-SH-2022

RESOLVED, that all acts, transactions and resolutions of Management, Board and Management Committees and the Board of Directors, including among others, the approval of loans, investments, new Bank products and services and related party transactions, from April 28, 2021 to April 26, 2022, are hereby ratified and confirmed.

### v. Election of Twelve (12) Directors for the Year 2022 - 2023

*Mr.* Marcelo C. Fernando, Jr. of the Nominations Committee, explained that the Nominations Committee and the Corporate Governance and Compensation Committee chaired by Angelica H. Lavares had jointly evaluated the qualifications of all nominees to the Board of Directors, and that the Committees found that the nominees had all the qualifications and none of the disqualifications prescribed by law and regulations, and that out of the twelve(12) nominees, five(5) were nominated as independent directors. Twelve (12) directors were elected for the year 2022-2023:

Each Director received at least 96.82% votes from shareholders present and represented.

### RESOLUTION NO. 077-MBTC-SH-2022

RESOLVED, that the following are hereby elected as directors of Metrobank effective immediately and until the successors are elected and qualified:

1)	Mr. Arthur Ty	7)	Mr. Jose Vicente L. Alde
2)	Mr. Francisco C. Sebastian.	8)	Mr. Edgar O. Chua*
3)	Mr. Fabian S. Dee	9)	Ms. Angelica H. Lavares*
4)	Mr. Alfred V. Ty	10)	Mr. Philip G. Soliven*
5)	Mr. Vicente R. Cuna, Jr.	11)	Mr. Marcelo C. Fernando, Jr.*
6)	Mr. Solomon S. Cua	12)	Mr. Juan Miguel L. Escaler*
* Inda	prendent directors		

\* Independent directors

vi. Appointment of Sycip Gorres Velayo & Co. as External Auditors via the following:

96.92% of shareholders virtually present and represented voted in favor, 3.08% voted against while none abstained.

### RESOLUTION NO. 078-MBTC-SH-2022

RESOLVED, that as recommended by the Audit Committee and approved by the Board of Directors, Sycip Gorres Velayo & Co. is hereby appointed as the External Auditors of Metrobank for the year 2022.

There being no other matters for discussion, the meeting was adjourned.

### <u>Agenda Item 4</u>

President's Report to the Stockholders

The President will report the highlights of Metrobank's Performance for the year 2022.

### <u>Agenda Item 5</u>

Ratification of Corporate Acts

The matters for ratification include all acts, transactions and resolutions of the Board of Directors, management and all Committees done in the ordinary course of business from April 27, 2022 until April 25, 2023, including,

among others, the approval of loans, investments, new Bank products and services and significant related party transactions as reflected in the Definitive Information Statement.

### <u>Agenda Item 6</u>

### Election of Directors for 2023-2024

The persons listed in the table below have been nominated to become directors for 2023-2024. All directors are elected for a term of one year and until their successors shall have been elected and qualified. The table below indicates their current board position (Chairman, Vice-Chairman, President, Director, Independent Director) board committee assignments, age, academic qualification, date of first appointment, experience, and directorships in other listed companies. All nominees are incumbent directors of Metrobank.

### Agenda Item 7

### Appointment of External Auditors

SyCip Gorres Velayo & Co., CPAs (SGV) has been the external auditors of the Bank since 1962. Representatives of SGV are expected to be present at the Meeting and will have the opportunity to make a statement if they desire to do so, and will be available to answer appropriate questions from the stockholders.

Ms. Janeth T. Nuñez-javier, SGV Partner, reviewed/audited the Group's financial statements as of December 31, 2022 and 2021 and for each of the three years ended December 31, 2022. In compliance with the amended SRC Rule 68 (3) (b) (ix), the signing partners are rotated after every five years reckoned from the year 2002 (increased to seven years effective August 2019 per Professional Regulatory Board of Accountancy Resolution No. 53, Series of 2019).

The Bank intends to retain SGV as its external auditors for the year 2023 and is submitting the same to the stockholders for ratification as endorsed by the Audit Committee with the approval of the Board of Directors.

### <u>Agenda Item 8</u>

Other Matters

The Stockholders may raise questions and comments as may be relevant to the Annual Stockholders Meeting.

### <u>Agenda Item 9</u>

Adjournment

After consideration of all business in the Agenda, the Chairman will adjourn the 2023 Annual Stockholders Meeting.

### WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

### Item 2. Dissenter's Right of Appraisal

There is no matter included in the Agenda of the Annual Stockholders' Meeting ("Meeting") which may give rise to the exercise by the stockholders of the right of appraisal.

In general, any stockholder of a corporation shall have the right to dissent and demand payment of the fair value of his shares in case any amendment to the articles of incorporation has the effect of changing or restricting the rights of any stockholder or class of shares, or of authorizing preferences in any respect superior to those of outstanding shares of any class, or of extending or shortening the term of corporate existence. Appraisal right is also available in case of merger or consolidation, sale, lease, exchange, transfer, mortgage, pledge or other disposition of all or substantially all of the corporate property and assets of the corporation.

In the above instances, the appraisal right may be exercised by any stockholder who shall have voted against the proposed corporate action by making a written demand on the corporation for payment of the fair value of his shares within thirty (30) days after the date on which the vote was taken: Provided, that failure to make the demand within such period shall be deemed a waiver of the appraisal right. If the proposed corporate action is implemented or effected, the corporation shall pay to such stockholder, upon surrender of the certificate(s) of stock representing his shares, the fair value thereof as of the day prior to the date on which the vote was taken, excluding any appreciation or depreciation in anticipation of such corporate action.

### Item 3. Interests of Certain Persons in or Opposition to Matters to be Acted Upon

- (a) No director, officer or nominee for election as director, or any associate of the foregoing persons has any substantial interest, direct or indirect, by security holdings or otherwise, which needs to be acted upon during the Meeting, other than the election of the nominees to the 2023-2024 Board of Directors.
- (b) No director has informed Metrobank that he intends to oppose any action to be taken up at the Meeting.

### **B. CONTROL AND COMPENSATION INFORMATION**

### Item 4. Voting Securities and Principal Holders Thereof

(a) Number of shares outstanding as of March 10, 2023	:	4,497,415,555 shares
Number of votes entitled	:	One (1) vote per share

(b) Record date to determine stockholders entitled to notice and to vote at the regular meeting		March 10. 2023
<ul><li>(c) Number of holders as of March 10, 2023</li></ul>	:	2,953 holders

All of the securities of the issuer are listed in the Philippine Stock Exchange (PSE).

(d) Election of Directors

Majority vote is required for the election of directors. Stockholders shall have the right to cumulative voting. Cumulative voting is allowed provided that the total number of votes cast by a stockholder does not exceed the number of shares registered in his name in the books of Metrobank as of the record date multiplied by the number of directors to be elected. There is no condition precedent to the exercise of the right to cumulative voting.

- (e) Security Ownership of Certain Record and Beneficial Owners and Management
  - (1) Security Ownership of Certain Record and Beneficial Owners

As of March 10, 2023, the following stockholders own more than 5% of the common shares of stock:

Class of Shares	Name, address of record owner and relationship with issuer	Name of Beneficial Owner and Relationship with Record Owner	Citizenship	No. of Shares Held	Percentage
1 Common	GT CAPITAL HOLDINGS, INC. Stockholder 43/F GT Tower International Ayala Avenue Corner H.V. Dela Costa Street, Makati City Arthur Ty is authorized to vote the shares of GT Capital Holdings, Inc.(GTCAP) in Metrobank.	Beneficial and Record Owner The following persons own more than 5% of the outstanding voting shares of GTCAP as of March 10, 2023: Grand Titan Capital Holdings, Inc. – 55.93% PCD Nominee Corporation (Non- Filipino) – 17.69% PCD Nominee Corporation (Filipino) – 25.91% GTCAP is a publicly-listed company that is majority-owned and controlled by the family of the late George S.K. Ty through Grand Titan Capital Holdings, Inc.	Filipino	1,670,611,010	37.146%

	Class of Shares	Name, address of record owner and relationship with issuer	Name of Beneficial Owner and Relationship with Record Owner	Citizenship	No. of Shares Held	Percentage
2	Common	PCD NOMINEE CORPORATION (Filipino) 29 <sup>th</sup> Floor, BDO Equitable Tower, 8751 Paseo de Roxas, 1226, Makati City	Various Scripless Stockholders There is no participant of PCD who holds more than 5% of the common stock of Metrobank.	Filipino	1,270,321,127	28.246%
3	Common	PCD NOMINEE CORPORATION (Non- Filipino) 29 <sup>th</sup> Floor, BDO Equitable Tower, 8751 Paseo de Roxas, 1226, Makati City	Various Scripless Stockholders There is no participant of PCD who holds more than 5% of the common stock of Metrobank.	Foreign	917,502,650	20.401%
		TOTAL			3,858,434,787	85.792%

PCD Nominee Corporation (Filipino and Non-Filipino) (PNC) is a wholly-owned subsidiary of the Philippine Central Depository (PCD) and acts as trustee-nominee for all shares lodged in the PCD system where trades effected on the PSE are finally settled and lodged. Persons who opt to trade through the PCD do not receive stock certificates as an evidence of ownership as trading using the PCD is completely scripless. Beneficial ownership of shares lodged with the PCD remains with the lodging stockholder.

(2) Security Ownership of Directors and Management

As of March 10, 2023, the registrant's directors and officers as a group held a total of 34,949,966 common voting shares, broken down as follows:

The above executive officers are not related to each other or to the directors either by consanguinity or affinity.

None of the Bank's directors and officers works with the government.

C. Significant Employee

Except for the above list of executive officers, there are no other significant employees as contemplated under the Securities Regulation Code.

### **Nomination Procedure**

- 1. Any stockholder may submit nominations for directorial positions to the Nominations Committee.
- 2. The nominating stockholder is required to submit his proposed nomination to the Nominations Committee, together with the bio-data, acceptance and conformity of the would-be nominee. In the case of a nominee for the position of an independent director, the would-be nominee is also required to submit a Certification that he/she has all the qualifications and none of the disqualifications to become an independent director.
- 3. The Nominations Committee will screen the nominations of directors prior to the submission of the Definitive Information Statement and come up with a Final List of Candidates.

The Nominations Committee is composed of independent directors Juan Miguel L Escaler, Committee Chairman, with Edgar O. Chua, Philip G. Soliven and Marcelo C. Fernando, Jr. as Committee Members.

4. Only nominees whose names appear in the Final List of Candidates shall be eligible for election as director.

### **Nominee Directors - Final List of Candidates**

Based on the Bank's Articles of Incorporation and By-laws, the total number of directors is twelve (12). Out of this number, existing regulations as well as the Bank's Corporate Governance Manual provide that at least twenty percent (20%) but not less than two (2) members of the Board shall be independent directors.

As of the date of this report, there are five (5) nominees for independent directors, namely, Messrs. Edgar O. Chua, Atty. Angelica H. Lavares, Philip G. Soliven, Marcelo C. Fernando, Jr. and Juan Miguel L. Escaler. They were nominated by stockholders Evelyn V. Castillo, Jose Roberto C. Bautista, Alan M. Lirio, June Uy Go, Bernardo A. Cruz, respectively. The nominees for independent directors are not related either by consanguinity or affinity to the persons who nominated them. Likewise, there are seven (7) nominees for non-independent director positions, namely, Messrs. Arthur Ty, Francisco C. Sebastian, Fabian S. Dee, Alfred Ty, Vicente R. Cuna Jr., Solomon S. Cua and Jose Vicente L. Alde.

The nominees are all incumbent directors of the Bank. All twelve (12) nominees confirmed and accepted their nomination to become directors.

For a complete background information on the other nominee directors, please refer to item 5, Directors and Executive Officers.

Based on an evaluation made by the Nominations Committee, all nominees have the qualifications and none of the disqualifications provided by law. The evaluation was made following the requirements of the Securities Regulation Code, the applicable regulations of the Bangko Sentral ng Pilipinas and the Securities and Exchange Commission (including SEC Memorandum Circular No. 4, series of 2017 on the term limit of independent directors), as well as the Bank's Corporate Governance Manual.

Pursuant to the requirements of SEC Circular No. 5, series of 2017, please refer to the attached certificates of qualification from the nominated independent directors as EXHIBITS "1", "2", "3", "4" and "5".

### Legal Proceedings

To the Bank's best knowledge and information, there are no material legal proceedings filed by or against Metrobank's directors and executive officers during the past five years such as:

- (a) Any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;
- (b) Any conviction by final judgment, including the nature of the offense, in a criminal proceeding, domestic or foreign, or being subject to a pending criminal proceeding, domestic or foreign, excluding traffic violations and other minor offenses;
- (c) Being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities, commodities or banking activities; and
- (d) Being found by a domestic or foreign court of competent jurisdiction (in a civil action), the Commission or comparable foreign body, or a domestic or foreign Exchange or other organized trading market or selfregulatory organization, to have violated a securities or commodities law or regulation, and the judgment has not been reversed, suspended, or vacated.

### **Certain Relationships and Related Transactions**

The Group has several business relationships with related parties. Transactions with such parties are made in the ordinary course of business and on substantially same terms, including interest and collateral, as those prevailing at the time for comparable transactions with other parties. These transactions also did not involve more than the normal risk of collectibility and did not present other unfavorable conditions.

The Bank has a Related Party Transactions Committee (RPTC) and a Related Party Transactions Management Committee (RPTMC), both of which are created to assist the BOD in ensuring that transactions with related parties are reviewed to assess risks and are subjected to appropriate restrictions to ensure that these are conducted at arm's-length terms and that corporate or business resources of the Bank are not misappropriated or misapplied. After appropriate review, RPTMC (through RPTC) and RPTC disclose all information and endorses to the BOD with recommendations, the proposed related party transactions. Major subsidiaries, which include FMIC, PSBank and MBCL, have their own respective RPTCs which assist their respective BODs in ensuring that transactions with related parties are reviewed to assess risks and are subjected to appropriate restrictions to ensure that these are conducted at arm's-length terms and that their corporate or business resources are not misappropriated or misapplied.

Moreover, in the ordinary course of business, the Group has loan transactions with investees and with certain directors, officers, stockholders and related interests (DOSRI) based on BSP Circular No. 423 dated March 15, 2004, as amended. Existing banking regulations limit the amount of individual loans to DOSRI, 70.00% of which must be secured, to the total of their respective deposits and book value of their respective investments in the lending company within the Group. In the aggregate, loans to DOSRI generally should not exceed the respective total equity or 15.00% of the respective total loan portfolio, whichever is lower, of the Bank, PSBank, FMIC, and ORIX Metro.

Transactions with related parties and with DOSRI are discussed in Note 32 and 37 of the audited financial statements of the Group as presented in Exhibit 6.

In 2022, none of the Bank's directors had self-dealing/related party transactions with the Bank directly by themselves that required disclosure.

### Others

No director has resigned or declined to stand for re-election because of disagreement with Metrobank.

No director has informed Metrobank in writing that he intends to oppose any action to be taken up at the Annual Stockholders' Meeting.

\* Inclusive of directors per diem and transportation allowances amounting to P44.16 million, P42.51 million and P42.72 million as of December 31, 2023, 2022, and 2021, respectively, or an average of P283,076.92, P272,500.00 and P296,645.83 per month/per director in 2023, 2022 and 2021, respectively.

For the protection and security of its directors and officers, the Bank is unable to provide their individual compensation.

The directors receive other fees that are already included in the amounts stated above. Aside from the said amounts, they have no other compensation plan or arrangement with the registrant. The directors receive compensation based on their banking or finance experience and their attendance in the meetings of the board and the committees where they are members or chairs of.

The executive officers receive salaries, bonuses and other usual cash benefits that are also already included in the amounts stated above. Aside from the said amounts, they have no other compensation plan or arrangement with Metrobank.

None of the directors and officers holds any warrant or option related to Metrobank.

### Item 7. Independent Public Accountants

SyCip Gorres Velayo & Co., CPAs (SGV) has been the external auditors of the Bank since 1962. Representatives of SGV are expected to be present at the Meeting and will have the opportunity to make a statement if they desire to do so, and will be available to answer appropriate questions from the stockholders.

Ms. Janeth T. Nuñez-Javier, SGV Partner, reviewed/audited the Group's financial statements as of December 31, 2022 and 2021 and for each of the three years ended December 31, 2022. In compliance with the amended SRC Rule 68 (3) (b) (ix), the signing partners are rotated after every five years reckoned from the year 2002 (increased to seven years effective August 2019 per Professional Regulatory Board of Accountancy Resolution No. 53, Series of 2019).

The Bank intends to retain SGV as its external auditors for the year 2023 and is submitting the same to the stockholders for ratification as endorsed by the Audit Committee with the approval of the Board of Directors.

### **C. OTHER MATTERS**

*i.* Call to Order and Certification of Quorum. The meeting was called to order by Chairman Arthur Ty at 2:00 o'clock in the afternoon. The Corporate Secretary, Regis V. Puno, certified that there were 3,178,094,605 common shares actually present in person or by proxy, out of the 4,497,415,555 common shares outstanding. This constituted 70.66% of the outstanding capital stock.

Voting Results Per Resolution

ii. Approval of the Minutes of the Annual Stockholders' Meeting held on April 28, 2021 via the following:

100% of shareholders virtually present and represented voted in favor of the proposal, none voted against none abstained.

### RESOLUTION NO. 075-MBTC-SH-2022

RESOLVED, that the Minutes of the Annual Stockholders' Meeting held on April 28, 2021 be, as they are hereby approved.

*iii.* President's Report on the performance of Metrobank for 2021, as further detailed in the Annual Report for 2021.

During the Meeting, the Host-Moderator Minda A. Olonan picked questions received via email and/or sent via the Q & A panel at <u>ASMregistration@metrobank.com.ph</u>

- 1. From Ishmael Sam D. Cannua (Coal Financial Grp., Inc.)
  - a. Of the number of COVID-19 vaccines bought by the Company, how many have been administered to its employees? What were the brands of vaccines and how many employees were vaccinated per brand?
  - b. What will be the impact on the performance of the Bank in the passage of the amendments to the Retail Trade Liberalization Act, the Foreign Investment Act, and the Public Service Act?
  - c. What are the recommendations for the next administration to improve the country's banking industry and make it more reliable and secure for customers?

President Dee replied that of the total employees of the Bank, 99.6% have received COVID-19 vaccines with 74% under mRNA brands.

On the second query, he mentioned that these initiatives will be quite good for the country to the extent that it will encourage and open areas for foreign investments which will stimulate the economy and generate more employment. He hopes that such legislations could bring in new technological solutions that will result to better products and services that will benefit the population.

Finally, he hopes the next administration will continue strengthening the rural and thrift bank sector to provide "last mile" micro credits to grassroots emerging business where community lending is effective.

2. Advance question received via email:

What are the Bank's growth prospects and key strategies for 2022?

President Dee was enthused to say that the Bank's growth prospects are quite optimistic for this year. Given management's 6.8% GDP growth forecast, the Bank is hoping for a sustained pick up in loan demand in both corporate and consumer segments as economic activities continue to gain momentum. The current inflation will also most likely translate to high-borrowing needs of businesses to replenish and sustain inventories. This will help drive up volumes for the Bank's risk assets and with its strong balance sheet, it puts us in a good position to immediately take advantage of growth opportunities.

Fee income is expected to continue to recover as transaction volumes normalize and as the Bank continues to implement its cross-selling strategies.

The rising interest rates is positive for net interest margins. Aside from higher loan pricing, the rising rates can give opportunities to invest our liquid assets in longer term investment securities, to further improve our accrual income. However, President Dee mentioned that this could also possibly limit

potential for trading income but can be offset by supplementary activities with customers taking up more wealth products given that rates are at their higher levels right now.

On OPEX, he stated that the Bank will continue with its cost management initiatives and sustain low single-digit 5% growth this year and next year.

Finally, President Dee explained that if NPL formation trend stays manageable coupled with better economic outlook, the Bank will have more leeway to trim its loan loss provision expenses.

- iv. Ratification of All Acts and Resolutions of Management, Board and Management Committees including among others, the approval from April 28, 2021 to April 26, 2022.
  - 99.92% of shareholders virtually present and represented voted in favor, none voted against while 0.08% abstained.

### RESOLUTION NO. 076-MBTC-SH-2022

RESOLVED, that all acts, transactions and resolutions of Management, Board and Management Committees and the Board of Directors, including among others, the approval of loans, investments, new Bank products and services and related party transactions, from April 28, 2021 to April 26, 2022, are hereby ratified and confirmed.

v. Election of Twelve (12) Directors for the Year 2022 - 2023

*Mr.* Marcelo C Fernando, Jr. of the Nominations Committee, explained that the Nominations Committee and the Corporate Governance and Compensation Committee chaired by Atty. Angelica H. Lavares had jointly evaluated the qualifications of all nominees to the Board of Directors, and that the Committees found that the nominees had all the qualifications and none of the disqualifications prescribed by law and regulations, and that out of the twelve (12) nominees, five (5) were nominated as independent directors. Twelve (12) directors were elected for the year 2022-2023:

Each Director received at least 96.82% votes from shareholders present and represented.

### RESOLUTION NO. 077-MBTC-SH-2022

*RESOLVED, that the following are hereby elected as directors of Metrobank effective immediately and until the successors are elected and qualified:* 

1)	Mr. Arthur Ty	7)	Jose Vicente L. Alde
2)	Mr. Francisco C. Sebastian.	8)	Mr. Edgar O. Chua*
3)	Mr. Fabian S. Dee	9)	Atty. Angelica H. Lavares*
4)	Mr. Alfred V. Ty	10)	Mr. Philip G. Soliven*
5)	Mr. Vicente R. Cuna, Jr.	11)	Mr. Marcelo C. Fernando, Jr.*
6)	Mr. Solomon S. Cua	12)	Juan Miguel L. Escaler*
* L. J.	n ou dout din o stong		

\* Independent directors

vi. Appointment of SyCip Gorres Velayo & Co. as External Auditors via the following:

96.92% of shareholders virtually present and represented voted in favor, 3.08% voted against while none abstained.

### RESOLUTION NO. 078-MBTC-SH-2022

RESOLVED, that as recommended by the Audit Committee and approved by the Board of Directors, SyCip Gorres Velayo & Co. is hereby appointed as the External Auditors of Metrobank for the year 2022.

There being no other matters for discussion, the meeting was adjourned.

Description of the Voting and Voting Tabulation Procedures during the 2022 Annual Stockholders' Meeting

- a. Stockholders were allowed to vote by submitting an accomplished proxy or electronically by registering to <u>ASMregistration@metrobank.com.ph</u> and joining the Meeting through an official WEBEX event link sent thereafter
- b. Votes were counted by shares and not per capita. Each outstanding share of stock entitled the registered stockholder to one vote.
- c. Majority vote was required for the following:
  - a. Approval of the minutes of the annual meeting of the stockholders held on April 28, 2021
  - b. Ratification of Corporate Acts
  - c. Appointment of External Auditors
- d. For the purpose of the election of the directors, cumulative voting was allowed provided that the total votes cast by a stockholder did not exceed the number of shares registered in the stockholders' name as of the record date multiplied by the number of directors to be elected.
- e. Votes received via the validated proxy and through the Official Webex Event Link were tabulated by the Company's Stock and Transfer Agent.
- f. The voting results were validated by SGV & Co.
- 2. President's Report to the Stockholders

The President will report the highlights of Metrobank's Performance for the year 2022.

3. Ratification of Corporate Acts

The matters for ratification include all acts, transactions and resolutions of the Board of Directors, management and all Committees done in the ordinary course of business from April 27, 2022 until April 25, 2023, including, among others, the approval of loans, investments, new Bank products and services and significant related party transactions as reflected in the Information Statement.

- 4. Election of Directors Please refer to the list of nominees under Item 5 "Directors and Executive Officers Nominee Directors" for the details.
- 5. Appointment of SyCip Gorres Velayo & Co. (SGV) as External Auditors Please refer to the write-up under Item 7 –"Independent Public Accountants" for the details.

### **Votes Required for Approval or Election**

- 1. Majority vote is required for the following:
  - a) Approval of the minutes of the annual meeting of the stockholders held on April 27, 2022
  - b) Ratification of Corporate Acts
  - c) Appointment of External Auditors

On the election of directors, nominees receiving the highest number of votes shall be declared elected following the provisions of the Revised Corporation Code of the Philippines.

- 2. Every stockholder entitled to vote on a particular question or matter involved shall be entitled to one (1) vote for each share of stock in his name. Cumulative voting is allowed provided that the total votes cast by a stockholder shall not exceed the number of shares registered in his name as of the record date multiplied by the number of directors to be elected. Matters submitted to stockholders for ratification shall be decided by the required vote of stockholders present in person or by proxy.
- 3. Metrobank has not solicited any discretionary authority to cumulative voting.
- 4. Votes cast at the meeting shall be counted by the Bank's Stock Transfer Agent and validated by SGV & Co.

Please refer below to the detailed procedures for the registration, viewing of the Meeting, and voting during the Meeting.

### **Registration, Joining and Voting Procedures for the Meeting**

Record Date. Stockholders of record as of March 10, 2023 shall be entitled to attend and vote at the Meeting.

Stockholders may attend the Meeting either through remote communication or by proxy. The Meeting will be recorded. All of the votes cast shall be validated by SGV & Co.

**Pre-Registration**. Stockholders who will participate remote communication should pre-register using a valid and active e-mail address and send a message to <u>ASMregistration@metrobank.com.ph</u> on or before April 19, 2023 and submit the following requirements:

### For Certified Stockholders:

(a) Individual Stockholders

- i. A scanned copy of the Stockholder's valid government-issued ID showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
- ii. A valid and active e-mail address and contact number.
- iii. Electronically-signed documents are accepted pursuant to relevant laws.
- (b) Corporate Stockholders
- i. A Secretary's Certificate attesting to the authority of the representative to participate by remote communication for and on behalf of the Corporation (in JPG format). The file size should be no larger than 2MB;
- ii. A scanned copy of the valid government-issued ID of the Stockholder's representative showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
- iii. A valid and active e-mail address and contact number of the Stockholder's representative.
- iv. All documentary requirements must be notarized.
- (c) Stockholders under Joint Accounts

In addition to the above requirements, a scanned copy of an authorization letter signed by all Stockholders jointly owning the shares designating who among them is authorized to cast the vote for the account, has to be submitted. The authorization letter must also be in a digital, JPG format with a file size no larger than 2MB.

### For Stockholders under PCD Participant/Broker account or "Scripless Shares"

- i. A broker certification on the Stockholder's number of shareholdings (in JPG format). The file size should be no larger than 2MB;
- ii. A scanned copy of the Stockholder's valid government-issued ID showing photo, signature and personal details, preferably with residential address (in JPG format). The file size should be no larger than 2MB;
- iii. A valid and active e-mail address and contact number.

Important Note: The Company shall continue to accept documents executed by individual stockholders via electronic signature pursuant to relevant laws. However, documents required to be submitted by corporations (such as the Secretary's Certificate and Broker's Certification) must be notarized. The Company reserves the right to request additional information, including submission of original signed and notarized copies of these documents at a later time. ### Metrobank's Dividend Policy Statement

The Bank's dividend policy is part of its capital management process that ensures the Bank has sufficient resources to support long term growth. At the same time, it aims to improve the returns to shareholders.

In February 2022, the Board approved a new dividend policy. The annual regular cash dividends will be equal to PHP1.60 per common share which is equivalent to 8% of par value. The regular cash dividend will be paid in two (2) equal semi-annual tranches of PHP0.80 per share, in March and in September.

The Board determines according to laws and regulations how the dividends are declared and paid out of the Bank's unrestricted retained earnings.

The majority of the Board approves the declaration of cash dividends. The record date should not be earlier than ten trading days from the declaration, while payment date should not be later than eighteen trading days from the record date. Meanwhile, stock dividends require prior clearance from the BSP, the SEC, and the PSE.

The Board may also approve special cash dividends in addition to the regular cash dividends from time to time. The cash dividend payout depends on the Bank's earnings, cash flows, financial condition, and regulatory requirements for capital, among other factors.

On the other hand, payout may be restricted should the Bank undertake major projects and developments that will require substantial cash outflow, among other circumstances. In these cases, the Board may change the dividend ratio based on results of its operations, plans, and projects.

# **SIGNATURES**

After reasonable inquiry and to the best of my knowledge and belief, I certify that the information set forth in this report is true, complete and correct. This report is signed in Makati City on March 17, 2023.

Pursuant to the requirements of the Securities Regulation Code, the registrant has duly caused this statement to be signed on its behalf by the undersigned hereunto duly authorized.

## METROPOLITAN BANK & TRUST COMPANY

## PART I – BUSINESS

### **DESCRIPTION OF BUSINESS**

## 1. Business Development

Metropolitan Bank & Trust Company ("Metrobank" or "the Bank") was incorporated on April 6, 1962 by a group of Filipino businessmen to provide financial services to the Filipino-Chinese community. Since its formation, the Bank has diversified its business, and to date provides a broad range of banking and collateral services to all sectors of the Philippine economy. The original Certification of Incorporation of the Bank was issued by the Securities and Exchange Commission (SEC) for a 50-year corporate term. The SEC approved the renewal on November 19, 2007.

The Bank opened its first office in Binondo, Manila on September 5, 1962. Within a year, the Bank opened its second branch in Divisoria, Manila. Soon after, the Bank started expanding outside Manila with the opening of its first provincial branch in Davao. In 1975, the Bank rolled out its first international branch in Taipei, followed by offices in New York, Guam, Hong Kong, and Tokyo towards the early 1980s. Initially, the role of the Bank's foreign offices was to tap expanding Overseas Filipino Workers (OFW) remittance business and to complement its corresponding branch network. This strategy proved successful as the OFW market grew strongly and the political turbulence in the Philippines made access to foreign exchange difficult. It was during this period that the Bank started its Foreign Currency Deposit Unit (FCDU) operations. The Philippine Central Bank authorized Metrobank to operate its FCDU on April 15, 1977.

In November 1980, the SEC approved and certified the listing of 500,000 common shares of Metrobank's capital stock. On February 26, 1981, Metrobank's common shares were listed on the Makati Stock Exchange Inc. and the Manila Stock Exchange (which has since unified to become The Philippine Stock Exchange, Inc. or PSE), with the trading symbol of *MBT*.

On August 21, 1981, Metrobank became one of the first to be granted a universal banking license by the Philippine Central Bank, now Bangko Sentral ng Pilipinas (BSP). This license allowed the Bank to engage in "non-allied undertakings" which include automobile manufacturing, travel services and real estate, as well as finance-related businesses such as insurance, savings and retail banking, credit card services and leasing.

On August 13, 2013, the SEC approved the amendment of the Articles of Incorporation of the Bank increasing its authorized capital stock from  $\pm$ 50 billion to  $\pm$ 100 billion composed of 4.0 billion common shares and 1.0 billion non-voting preferred shares, each with a par value of  $\pm$ 20 per share. The Bank declared a 30% stock dividend equivalent to 633.4 million common shares (approved for listing by PSE on September 10, 2013) which was applied as payment for the required minimum 25% subscription to the increase in authorized capital stock. Total outstanding shares increased to 2,744,801,066 after the stock dividend.

On February 24, 2015, the SEC confirmed the exemption of a rights offer for up to P32.0 billion worth of common shares from the registration requirements under Section 8 of the Securities Regulation Code. Subsequently, in April 2015, the Bank completed a rights offer for 435,371,720 common shares with par value of P20.00. Total outstanding shares increased to 3,180,172,786 after the transaction. On April 12, 2018, the Bank completed another stock rights offer for 799,842,250 common shares with par value of P20.00. Total outstanding shares increased to 3,980,015,036 after the transaction.

On October 4, 2019, the SEC approved the amendment of the Articles of Incorporation of the Bank increasing its authorized capital stock from P100 billion to P140 billion composed of 6.0 billion common shares and 1.0 billion non-voting preferred shares, each with a par value of P20 per share. The Bank declared a 13% stock dividend equivalent to 517.4 million common shares (approved for listing by PSE on November 19, 2019) which was applied as payment for the required minimum 25% subscription to the increase in authorized capital stock. Total outstanding shares increased to 4,497,415,555 after the stock dividend.

On March 13, 2019, the respective BODs of the Bank and MCC approved the proposal to merge MCC into the Bank which will unlock the value of MCC and help realize the following objectives: (1) improve synergy and cross-sell; (2) increase the profitability and improve capital efficiency; and (3) enable the Bank to be more competitive in the credit card business. The proposed merger was ratified by the stockholders of the Bank on April 24, 2019, approved by the BSP on October 23, 2019, and approved by the SEC on January 3, 2020.

## 2. Business of Registrant

### Services/Customers/Clients

Metrobank offers a complete range of commercial and investment banking services. The Bank's customer base covers a cross section of the top Philippine corporate market. The Bank has always been particularly strong in the middle market corporate sector, a significant proportion of which consists of Filipino-Chinese business.

Metrobank and its subsidiaries (the Group) are engaged in all aspects of banking, financing, leasing, real estate and stock brokering. As a bank, Metrobank, which is the ultimate parent of the Group, provides products and services such as deposits, loans and trade finance, credit card products, programs and facilities, electronic banking facilities, cash management, domestic and foreign fund transfers, treasury products, remittances, institutional fund-management, private banking and trust services. The Bank is also a major participant in the Philippine foreign exchange market. It is accredited as a Government Securities Eligible Dealer (GSED) and has played an active role in the development of the domestic capital markets.

The Bank provides investment banking services through First Metro Investment Corporation (FMIC) and retail banking through the Bank and its subsidiary Philippine Savings Bank (PSBank).

### Contribution to Sales/Revenues

The net interest income derived from lending, investment and borrowing activities represents 75.67%, 73.98% and 70.64% of the Group's revenue net of interest and finance charges in 2022, 2021 and 2020, respectively. Other operating income (consisting of service charges, fees and commissions; net trading and securities gains; net foreign exchange gain; leasing income; profit from assets sold; income from trust operations; dividend income; gain on disposal of investment securities at amortized cost and miscellaneous income) and share in net income of associates and a joint venture account for 24.33%, 26.02% and 29.36% of the Group's revenue net of interest and finance charges in 2022, 2021 and 2020, respectively.

### Contribution of Foreign Offices

The percentage contributions of the Group's offices in Asia, the United States and Europe to the Group's revenue, net of interest and finance charges, and external net operating income for the years 2022, 2021 and 2020 are as follows:

		Percentage Contribution to		
Offices in	Year		External Net	
		Revenue, Net	<b>Operating Income</b>	
Asia	2022	3.15	3.11	
(Other than	2021	3.18	3.35	
Philippines)	2020	2.39	3.34	
	2022	0.49	0.53	
United States	2021	0.49	0.55	
	2020	0.36	0.54	
	2022	0.03	0.04	
Europe	2021	0.03	0.04	
	2020	0.03	0.05	

## Significant Subsidiaries

1. First Metro Investment Corporation (FMIC)

FMIC is the investment banking arm of the Metrobank Group. It is an investment house incorporated in the Philippines on June 25, 1963 with principal place of business at 45th Floor, GT Tower International, Ayala Avenue corner H.V. dela Costa Street, Makati City. On September 22, 2000, FMIC was merged with Solidbank Corporation (Solidbank). Solidbank became the surviving entity and was subsequently renamed First Metro Investment Corporation. FMIC's shares of stocks (originally Solidbank) were listed on the PSE on October 25, 1963 and were subsequently delisted effective December 21, 2012. FMIC is a 99.27%-owned subsidiary of Metrobank.

On March 25, 2021, FMIC's application to return its quasi-banking (QB) license was approved by the BSP. The return of the company's QB license was part of its transformation plan to strengthen its core business of investment banking, further develop its brokering and distribution of capital markets issuances and forge greater synergy with its subsidiaries, FirstMetroSec and FAMI, and Parent, Metrobank. This new strategy will allow the company to better serve the needs of its clients, respond aptly to the changing demands of the market and contribute more effectively in the development of the Philippine capital markets.

FMIC is primarily engaged in investment banking. FMIC and its subsidiaries offer a wide range of services, from debt and equity underwriting to loan syndication, project finance, financial advisory, government securities and corporate debt trading, equity brokering, online trading, asset management and research. It operates through its two main strategic business units:

• **Investment Banking Group (IBG)** - the Group manages the investment banking business of FMIC. FMIC stands at the forefront of the Philippine capital markets as the investment bank of choice for prominent corporations and government agencies. Its track record in debt and equity underwriting rests on its key strength in origination, structuring and execution. The IBG perennially engages in the lion's share of transactions in the debt and equites markets.

FMIC is widely recognized as a leader in debt capital market issuances. The company provides debt financing solutions to help achieve client objectives that normally include expansion plans, refinancing, strategic acquisitions or buy-outs, or complex project financing. For years, it has been actively involved in originating and underwriting Philippines equity issuances, whether private placement or public offering. IBG integrates its expertise and experience in structuring, execution, and distribution to provide optimal solutions for its clients' capital requirements. FMIC is also a PSE-accredited financial advisor providing strategic advice on enhancing corporate value, selecting optimal fundraising structure, and addressing valuation issues.

- Sales & Distribution Group (SDG) the Group is primarily responsible for offering the various FMIC underwritten products to the investing public. As an active brokering participant, SDG makes available to its clients the wide range of tradeable fixed income securities in the market. Driving the success of FMIC's underwritten deals is the dynamic synergy between its two main strategic business units, the IBG and SDG. FMIC's underwriting strength is complemented by its ability to distribute securities widely.
- 2. Philippine Savings Bank (PSBank)

PSBank was incorporated on June 30, 1959 to primarily engage in savings and mortgage banking. PSBank is the country's first publicly listed thrift bank. Its principal office is located at the PSBank Center, 777 Paseo de Roxas corner Sedeño Street, Makati City. PSBank is 88.38% - owned subsidiary of Metrobank.

It has outpaced some of its key competitors and is now the country's leading thrift bank in terms of assets. It mainly caters the retail and consumer markets and offers a wide range of products and services such as deposits, loans, treasury and trust functions. PSBank's network comprises 250 branches and 557 ATMs in strategic locations nationwide.

PSBank has a 30% interest in Sumisho Motor Finance Corporation (SMFC), a joint venture with Sumitomo Corporation of Japan. SMFC is not listed in the stock exchange.

ORIX METRO was incorporated in the Philippines and was registered with the SEC on June 28, 1977. Its primary purpose is to engage in financing by leasing all kinds of real and personal property; to extend credit facilities to consumers and enterprises by discounting commercial papers or accounts receivable, or by buying or selling evidences of indebtedness; and to underwrite securities. On August 24, 2007, ORIX METRO was authorized by the BSP to engage in quasi-banking functions. ORIX METRO engaged in quasi-banking functions effective January 1, 2008 as agreed to by the BSP subject to certain conditions. On April 20, 2022, ORIX METRO's BOD approved the voluntary surrender of its quasi-banking license. On June 23, 2022, ORIX METRO voluntarily surrendered its quasi-banking license, which was approved by the Monetary Board of the BSP on the same date per Circular Letter no. CL-2022-053.

ORIX METRO is owned by Orix Corporation, Metrobank and FMIC, with shareholdings of 40%, 40%, and 20%, respectively. ORIX METRO and its subsidiaries' Parent Company is Metrobank. The registered office address of ORIX METRO is at 21st Floor, GT Tower International, Ayala Avenue corner H.V. Dela Costa Street, Makati City.

4. Metropolitan Bank (China) Ltd. (MBCL)

MBCL is a wholly-owned subsidiary of Metrobank established in the People's Republic of China with the approval of China Banking Regulatory Commission (CBRC) (now China Banking Regulatory and Insurance Commission) on January 14, 2010. Within the territory of China, MBCL may engage in provision of all kinds of foreign exchange services to all types of customers and except for PRC citizens, provide all kinds of Renminbi services to all types of customers, with the business scope to include: accepting deposits; granting short-term, medium-term and long-term loans; handling acceptance and discount of negotiable instruments; buying and selling treasury bonds, financial bonds and other foreign exchange securities (other than stocks); offering L/C services and guarantees; arranging settlements of both domestic and overseas accounts; buying and selling foreign exchange either for itself or on behalf of its clients; handling insurance business as an agent; undertaking inter-bank borrowing or lending; providing service of safety deposit box; providing credit standing investigation and consultation service; and other business activities as approved by CBRC.

MBCL started its operations on March 2, 2010. Its headquarters is located in Nanjing, Jiangsu Province. It is the first wholly foreign-owned bank incorporated in Jiangsu Province, China. The former Metrobank Shanghai Branch and Pudong Sub-Branch were absorbed by MBCL. At present, aside from its Head Office, MBCL has ten (10) branches/sub-branches as follows: Nanjing Branch, Shanghai Branch, Shanghai-Pudong Sub-Branch, Changzhou Branch, Quanzhou Branch, Changzhou Xinbei Sub-Branch, Changzhou Wujin Sub-Branch, Xiamen Branch, Suzhou Branch and Ningbo Branch.

5. First Metro International Investment Company Limited (FMIIC)

FMIIC is a Hong Kong-registered company incorporated in 1972. It was engaged mainly in deposit-taking, loans, and remittances. However, since 2008, its activity was limited to investment; non-operating entity. Metrobank acquired majority shares in FMIIC in 1978. FMIIC is 100% owned by Metrobank.

6. Metro Remittance (Hong Kong) Limited

A wholly-owned subsidiary of Metrobank incorporated in October 1994 to provide money transmission services in Hong Kong. At present, MRHKL has five (5) branches located in United Centre, Worldwide House, Shatin, Tsuen Wan and Tsueng Kwan O.

7. Metro Remittance (Singapore) Pte. Ltd.

A wholly-owned remittance subsidiary of Metrobank established in April 2004 to conduct money-changing businesses and provide remittance services to Filipinos and other nationals in Singapore. The Company started commercial operations on November 12, 2004.

8. Metro Remittance (USA), Inc. (MRUSA)

A wholly-owned remittance subsidiary of Metrobank was initially established to pursue the plan of expanding its remittance operations in California, U.S.A. On December 28, 2017, MRUSA was merged with Metro Remittance Center, Inc. (a wholly-owned subsidiary of Metrobank incorporated under the General Corporation

Law of the State of Delaware on November 12, 1992). MRUSA, as a surviving company reclassified its type of business from a money service business to a holding company effective August 1, 2019. Its subsidiaries are:

- Metro Remittance (Canada), Inc. The Company was established to further strengthen the Bank's presence and address the remittance needs of the growing number of Filipinos in Canada. Its branches are located in Vancouver and Toronto which opened on August 1 and November 6, 2006, respectively.
- MB Remittance Center Hawaii, Ltd. The Company, established in 2002 and acquired by MRCI in 2005, provides money transmission services to Filipinos in Hawaii.
- 9. Metro Remittance (UK) Limited (MRUK)

Metrobank acquired all of the outstanding shares of MRUK in May 2004. It was incorporated on September 24, 2002 in England as a private limited company and commenced trading at its premises at Kensington Church Street in London on June 4, 2003. The Company provides fast, secure and affordable money transmission services to the Philippines. It utilizes on-line, real-time computerized links with Metrobank which completes the funds delivery processes to named beneficiaries.

10. Metro Remittance (Japan) Co. Ltd. (MR Japan)

A wholly-owned subsidiary of Metrobank incorporated in Yokohama, Japan on May 8, 2013. It started its remittance operations on October 31, 2013. The Company was established to expand the Bank's presence as well as to strengthen its remittance business in Japan.

### Distribution Methods of Products and Services

To remain strongly positioned and retain its leadership, Metrobank continued to upgrade and expand its distribution channels:

1. Branches

Metrobank ended 2022 and 2021 with 697 and 701 branches, respectively. The Bank believes that it has reached its optimal state in terms of its branch network and is confident that it has the size and scale to pursue its growth plans.

2. Remittance Centers

To further expand the remittance business of the Bank and its presence in the international market, remittance alliances were established between the Bank and several well-established businesses in the country.

- 2022 New International Remittance Tie-Ups
- a. Global Remittance Company
- d. Currenxie Limited
- e. Al Nada International Exchange Co. WLL

c. Global Money Express Limited

b. Instant Cash FZE

3. ATMs

All of Metrobank's 1,759 ATMs are full-featured and allow a wide array of financial and non-financial transactions for its clients and those of BancNet member banks. Apart from being the first bank to secure EMV-chip (Euro MasterCard VISA) certification in the Philippines, it has deployed 169 Cash Accept Machines to allow clients to make real-time cash deposits to their accounts. We have installed security device in machines, thus providing more secure and convenient solutions to meet its clients' banking needs. For 2022, 10 Cash Recycling Machines were deployed as pilot machines.

4. Mobile Banking

The Metrobank Mobile App is Metrobank's mobile banking channel which allows clients to do various banking transactions through the convenience of their mobile phone or tablet anytime, anywhere.

5. Online Banking

Metrobank Online is Metrobank's internet banking service that features a mobile-optimized user interface, allowing customers to do various banking transactions conveniently, 24/7.

- 6. MBOS (Metrobank Business Online Solution) is a web-based application that provides real-time access to client account statement and transaction history. Corporate enrolled in the facility can likewise initiate transactions at their own convenience. A fully integrated platform that supports latest technology that the market needed. MBOS embodied new functionalities for Cash and Trade solution for corporate clients.
- 7. E-Government Facilities
  - Tax Direct facility is a web based payment facility of Metrobank that allows both retail and corporate clients to pay their tax dues on tax returns filed through the BIR EFPS website.
  - Bancnet's eGov Payment facility is a highly convenient online service that allows clients to electronically remit their monthly SSS, Philhealth and PAG-IBIG contributions and loan payments.
- 8. Direct Sales and Telesales for Credit Card Products and Services
  - Direct Sales is a third-party channel used by the Bank to market and sell its credit card products outside of its physical locations and offer services to open market segment.
  - Telesales is a dedicated team of accredited third-party telesales agents and representatives facilitating credit card applications and promotions of the Bank. It involves contacting potential customers by phone to offer them products and services and operates during specified hours and is staffed by trained professionals who are dedicated to providing excellent customer service.

## **Competition**

The Bank faces competition from both domestic and foreign banks. The number of foreign banks operating in the country has increased in recent years, in part as a result of the liberalization of the banking industry by the Government in 1994 and again in 2014.

As of December 31, 2022, the Philippine universal/commercial banking sector consisted of 45 banks, including 26 foreign bank entities. In terms of classification, there are 22 universal banks and 23 commercial banks. Of the 22 universal banks, 13 are private domestic banks, three are government banks and six are branches of foreign banks. Of the 23 commercial banks, three are private domestic banks, two are subsidiaries of foreign banks and 18 are branches of foreign banks. The ten largest universal/commercial banks in the country accounted for over 80% of total assets, loans and total deposits of the universal/commercial banking system based on published statements of condition as of September 30, 2022.

Products and services offered by the larger commercial banks are fairly similar, and banks have used competitive pricing to attract clients. Customer coverage, accessibility and customer experience also act as other key differentiating factors. The smaller domestic banks and foreign banks, on the other hand usually operate in smaller niche markets.

The BSP has been encouraging consolidation among banks in order to strengthen the Philippine banking system. Mergers and consolidations may result in greater competition as it strengthens the financial capabilities of a smaller group of "top tier" banks. In December 2016, the BSP issued a memorandum providing regulatory incentives for mergers, consolidations and acquisition of majority or all outstanding shares of stock of a bank or quasi bank.

### Innovations and Promotions

In 2022, the Metrobank Group continued to introduce campaigns and promotions to address the market's needs.

• Metrobank further strengthened its drive on financial education by introducing Moneybility, an e-book that aims to help Filipinos to be financially resilient. Moneybility is a pioneering comprehensive and dynamic

financial education e-book and platform in the country aimed as one of Metrobank's initiatives in keeping its commitment to be the Bank that educates.

- As for Metrobank's high-net worth clients, the Bank has created an online portal called Wealth Insights. Through Wealth Insights, the Bank's finance experts, as well as independent third-party research providers such as CreditSights can impart timely and relevant investment ideas, thoughtful perspectives on wealth management, and curated market moving news for free.
- To help manage clients' wealth and diversify their portfolio, Metrobank Wealth Manager was created to allow clients to securely access their investments easier. Metrobank Wealth Manager is an investment facility available on Metrobank Online which allows clients to view their outstanding treasury portfolio, explore additional options for investing, and raise call requests for a more in-depth discussion with an Investment Specialist.
- Metrobank has expanded its partnership with remittance company PERA HUB, allowing individuals to conveniently send money to Metrobank account holders nationwide. With this service, individuals who need to send cash to Metrobank account holders simply need to head to the nearest PERA HUB branch, accomplish their remittance form; and show one valid ID to the agent. Senders can remit Php 100 up to Php 25,000, with a minimal fee of Php 100 per transaction. Meanwhile, recipients can easily withdraw the money they received from any Metrobank ATM or over-the-counter in Metrobank branches for passbook account holders.
- Metrobank released its latest banking app, the NEW Metrobank App which is linked to Metrobank Online and can be used on mobile devices. It allows clients to enjoy more features and an improved app experience such as sending money instantly through deposit account or credit card, paying bills conveniently using deposit or credit card, and availing of credit card installments like Cash2Go, Balance Transfer, and Balance Conversion.
- For Metrobank's 60<sup>th</sup> year, the Bank introduced a 60<sup>th</sup> Anniversary Car and Home Loan promo by offering its lowest car and home loan rates ever and is waiving fees as much as Php 60,000. Additionally, once clients' loans are approved, they will also pre-qualify for a Metrobank credit card.
- To further celebrate its 60<sup>th</sup> year, Metrobank offered the Spend Away to Win Php 60,000 offer. This allowed Metrobank Prime Debit or Prepaid Mastercard cardholders to win Php 60,000 for every minimum purchase of Php 2,000.
- The Bank allowed Metrobank Credit, Debit, and Prepaid cardholders to donate to a charity of their choice through online or money transfer via PayNow. Charities included Action Against Hunger, GMA Kapuso Foundation, Inc., Haribon Foundation for the Conservation of Natural Resources, Inc., Ronald McDonald's House Charities of the Philippines, Save the Children, and more.
- Partnership with AXA Philippines which provided Metrobank's new account holders with the AXA Protect Package Promo. With the AXA Protect Package, new Metrobank deposit account holders will enjoy a personal accident insurance coverage worth Php 100,000; in-hospital benefit of up to Php 5,000 for accident-related confinement; and FREE access to emergency services such as roadside, ambulance, fire, and police assistance via AXA Rescue Line.
- PSBank along with Toyota Motor Philippines (TMP) teamed up for the Say Hi to Hybrid Auto Loan promo, an offering that aims to help pave the way for sustainability by making Hybrid Electric Vehicles (HEVs) more accessible to Filipinos. PSBank and TMP's promo offering includes free one year comprehensive car insurance and lower rates when availing any of the two Toyota HEVs through PSBank Auto Loan.
- AXA Philippines has partnered with Cropital, a financing and marketing platform for smallholder farmers, to promote inclusive protection and financial literacy. Cropital is a globally recognized organization that aims to support Filipino farmers by helping provide them with a sure market for their produce and giving them access to affordable capital through their Sustainability Fund. Through this partnership, AXA Philippines has committed to donate a minimum of Php 100,000 to Cropital's Sustainability Fund, which can provide loan access and capital to farmers from Cropital's partner communities. AXA Philippines will also be conducting a financial literacy and savings program for more long-term benefits for the partner farmers.
- First Metro Investment Corporation (FMIC), together with its subsidiaries, First Metro Securities Brokerage Corporation and First Metro Asset Management, Inc., has partnered with The Philippine Star in a Features supplement entitled "Market Moves" to bring First Metro Group's latest views about the Philippine capital markets.

- First Metro Securities Brokerage Corporation (FMSBC) hosted several investment literacy seminars to provide clients with economic and market information, analysis and guidance. One is the learning series seminar called Guided Investor, Fearless Trader which was especially curated for those who have already been trading the market and want to improve portfolio performance. FMSBC was awarded as the *Best Online Broker* and *Best Online Trading Platform* by London-based publishing firm International Finance for the fifth time in a row. It was also awarded as *Best Brokerage House* and *Best Online Trading Platform* by Global Economics. It was also named 2022 Philippines' Best Broker by FinanceAsia.
- First Metro Asset Management Inc. (FAMI) presented Investment for Every Juan in partnership with FMIC and FMSBC which aimed to educate Filipinos the basics of investments and enable everyone to identify the best investment instruments to serve their individual investment goals.

# Transactions with and/or Dependence on Related Parties

Transactions with related parties and with certain directors, officers, stockholders and related interests (DOSRI) are discussed in Notes 32 and 37 of the audited financial statements of the Group as presented in Exhibit 6.

### Patents, Trademarks, Copyrights, Licenses, Franchises, Concessions, and Royalty Agreements Held

The Bank's major products and service lines are sold through Metrobank trade names or trademarks, among others:

- 1. For ATMs: Metrobank Prime Debit Card, Metrobank Debit Card and Metrobank Prepaid Card
- For credit cards: Metrobank Rewards Plus Visa; Metrobank Titanium Mastercard; Metrobank Cashback Visa; Metrobank Femme Signature Visa; Metrobank Travel Platinum Visa; Metrobank Peso Platinum Mastercard; Metrobank World Mastercard; Metrobank ON Mastercard; Metrobank MFree Mastercard; Toyota Mastercard; PSBank Credit Mastercard. Features: Cash2Go; Balance Transfer; Bills2Pay; M Here (Shopping Perks & Privileges); Rewards and PayNow.

Prepaid Card: YAZZ Reloadable Prepaid Visa; Victory Liner Premiere Visa; PisoPay Prepaid Visa; AXA Rewards Card; Ardeur Bonus Card; JAC Liner My Ride Prepaid VISA; WeEvolve Prepaid VISA; UniPrint Elite Prepaid VISA; IAM Worldwide Prepaid VISA; GMBT Premier Prepaid VISA; Synergreens Prepaid Visa; Rusty Lopez Rewards Prepaid VISA; Metrobank Prepaid Mastercard; Metrobank PayCard; Sta. Ana Multipurpose Cooperative Prepaid Mastercard and STI Alumni Association Prepaid Mastercard.

- 3. For internet banking: Online Banking and MBOS
- 4. For mobile banking: Metrobank Mobile Banking
- 5. For remittance services: Metro Remit, PayStation, and Superbilis Padala and Ecourier
- 6. For consumer lending: MetroHome and MetroCar
- 7. For special current account: AccountOne
- 8. For special savings account for kids below 18 years old.: Fun Savers Club
- 9. For Trust products: Metro Money Market Fund; Metro Short Term Fund; Metro Max-3 Bond Fund; Metro Max-5 Bond Fund; Metro Corporate Bond Fund; Metro Balanced Fund; Metro Unit Paying Fund; Metro Equity Fund; Metro Philippine Equity Index Tracker Fund; Metro High Dividend Yield Fund; Metro Multi-Themed Equity Fund of Funds; Metro Clean Energy Equity Feeder Fund; Metro\$ Money Market Fund; Metro\$ Short Term Fund; Metro\$ Max-3 Bond Fund; Metro\$ Max-5 Bond Fund; Metro\$ Asian Investment Grade Bond Fund; Metro \$ World Equity Feeder Fund; Metro\$ US Investment Grade Corporate Bond Feeder Fund; Metro Aspire Bond Feeder Fund; Metro Aspire Equity Feeder Fund; M

Corporate licenses include the following:

- 1. For Metrobank: expanded commercial banking license, FCDU license, license for trust operations, type 2 limited dealer authority, government securities eligible dealer (GSED) with broker-dealer of securities functions
- 2. For PSBank: thrift banking license, FCDU license, license for trust operations, GSED (non-market maker) as dealer-broker, type 3 limited user authority and quasi-banking license
- 3. For FMIC: investment house, GSED and investment company adviser
- 4. For ORIX Metro: financing company
- 5. For MBCL: financial license to expire on January 13, 2040

All the Bank's trademark registrations are valid for 10 years. The Bank closely monitors the renewal dates of registrations to protect and secure its rights to these trademarks. Corporate licenses issued by different regulatory bodies have no specific expiration dates except for the GSED licenses of Metrobank, FMIC and PSBank which is renewable annually every November.

#### Government Approval of Principal Products or Services

The Group regularly obtains approvals and permits from regulatory bodies and agencies, as applicable, prior to the offering of its products and services to the public.

#### Effect of Existing or Probable Government Regulations

#### **BSP** Reporting

#### Regulatory Qualifying Capital

Under existing BSP regulations, the determination of the compliance with regulatory requirements and ratios is based on the amount of the "unimpaired capital" (regulatory net worth) as reported to the BSP, which is determined on the basis of regulatory accounting policies that differ from PFRS in some respects.

The Group complied with BSP Circular No. 781, *Basel III Implementing Guidelines on Minimum Capital Requirements*, which provides the implementing guidelines on the revised risk-based capital adequacy framework particularly on the minimum capital and disclosure requirements for universal banks and commercial banks, as well as their subsidiary banks and quasi-banks, in accordance with the Basel III standards. BSP Circular No. 781 sets out a minimum CET1 ratio of 6.00% and Tier 1 capital ratio of 7.50%; capital conservation buffer of 2.50% comprised of CET1 capital and Total Capital Adequacy Ratio (CAR) of 10.00%. These ratios shall be maintained at all times. Further, BSP Circular No. 856 covers the implementing guidelines on the framework for dealing with domestic systemically important banks (DSIBs) in accordance with the Basel III standards. Banks identified as DSIBs shall be required to have higher loss absorbency, on top of the minimum CET1 capital and capital conservation buffer (CCB) and countercyclical capital buffer (CCYB).

Qualifying capital and risk-weighted assets (RWA) are computed based on BSP regulations. The Group and its individually regulated operations have complied with all externally imposed capital requirements throughout the year.

The Internal Capital Adequacy Assessment Process (ICAAP) supplements the BSP's risk-based capital adequacy framework. In compliance with this, the Group has adopted and developed its ICAAP framework to ensure that appropriate level and quality of capital are maintained by the Group. Under this framework, the assessment of risks extends beyond the Pillar 1 set of credit, market and operational risks and onto other risks deemed material by the Group. The level and structure of capital are assessed and determined in light of the Group's business environment, plans, performance, risks and budget as well as regulatory edicts.

#### Basel III Leverage Ratio (BLR)

BSP Circular Nos. 881 and 990 cover the implementing guidelines on the BLR framework designed to act as a supplementary measure to the risk-based capital requirements and shall not be less than 5.00%. Effective July 1, 2018, the monitoring of the leverage ratio was implemented as a Pillar I minimum requirement.

#### *Liquidity Coverage Ratio (LCR)*

BSP Circular No. 905 provides the implementing guidelines on LCR and disclosure standards that are consistent with the Basel III framework. The LCR is the ratio of high-quality liquid assets to total net cash outflows which should not be lower than 100.00%. Compliance with the LCR minimum requirement commenced on January 1, 2018 with the prescribed minimum ratio of 90.00% for 2018 and 100.00% effective January 1, 2019.

## Net Stable Funding Ratio (NSFR)

On June 6, 2018, the BSP issued BSP Circular No.1007 covering the implementing guidelines on the adoption of the Basel III Framework on Liquidity Standards – NSFR. The NSFR is aimed to promote long-term resilience against liquidity risk by requiring banks to maintain a stable funding profile in relation to the composition of its

10

assets and off-balance sheet activities. It complements the LCR, which promotes short term resilience of a bank's liquidity profile. Banks shall maintain an NSFR of at least 100 percent (100%) at all times. The implementation of the minimum NSFR shall be phased in to help ensure that covered banks can meet the standard through reasonable measures without disrupting credit extension and financial market activities. An observation period was set from July 1 to December 31, 2018. Effective, January 1, 2019, banks shall comply with the prescribed minimum ratio of 100%.

The details of CAR, BLR, LCR and NSFR of the Group and the Bank, as reported to the BSP, are discussed in Note 4 of the Audited Financial Statements as presented in Exhibit 6.

### Applicable Tax Regulations

Under Philippine tax laws, the Bank and its domestic subsidiaries are subject to percentage and other taxes (presented as 'Taxes and licenses' in the statements of income) as well as income taxes. Percentage and other taxes paid consist principally of gross receipts tax (GRT) and documentary stamp tax (DST). Income taxes include regular corporate income tax (RCIT) and 20% final taxes paid which is still final withholding tax on gross interest income from government securities and other deposit substitutes.

On March 26, 2021, Republic Act (RA) No. 11534, otherwise known as Corporate Recovery and Tax Incentives for Enterprises (CREATE) was signed into law. CREATE reduced the RCIT rate for large corporations from 30% to 25% effective July 1, 2020. With the implementation of this Act, the allowable deduction for interest expense was reduced from 33% to 20% of the interest income subjected to final tax.

The regulations also provide for MCIT of 2.00% (prior to CREATE) and 1.00% (from July 1, 2020 to June 30, 2023 before reverting to 2.00%) on modified gross income and allow a NOLCO. The MCIT and NOLCO may be applied against the Bank and its domestic subsidiaries' income tax liability and taxable income, respectively, over a three-year period from the year of inception. For the taxable years 2020 and 2021, the NOLCO incurred can be carried over as a deduction for the next five (5) consecutive taxable years, pursuant to Revenue Regulations (RR) No. 25-2020.

Current tax regulations also provide for the ceiling on the amount of EAR expense that can be claimed as a deduction against taxable income. Under the regulation, EAR expense allowed as a deductible expense for a service company like the Bank and its domestic subsidiaries is limited to the actual EAR paid or incurred but not to exceed 1.00% of net revenue.

FCDU offshore income (income from non-residents) is tax-exempt while gross onshore income (income from residents) is subject to 10% income tax. In addition, interest income on deposit placements with other FCDU's offshore banking units (OBUs) is taxed at 15.00%. Income derived from FCDU from foreign currency-denominated transactions with non-residents, OBUs, local commercial banks including branches of foreign banks, is tax-exempt while interest income on foreign currency loans from residents other than OBUs or other depository banks under the expanded system is subject to 10.00% income tax.

The applicable taxes and tax rates for the foreign branches of the Bank are discussed in Note 28 of the Audited Financial Statements as presented in Exhibit 6.

# Research and Development Costs

For the last three fiscal years, the Bank has not incurred any expenses for research and development.

# Employees

Metrobank had 13,908 employees (including foreign branches) as of December 31, 2022. By year-end 2023, the Bank projects to have 15,427 employees.

	Officers	Rank and File	Total
As of year-end 2022:			
AVPs and up	648		648
Senior Managers and down	6,239	7,021	13,260
	6,887	7,021	13,908
By year-end 2023 (projected):			
AVPs and up	756		756
Senior Managers and down	7,274	7,397	14,671
	8,030	7,397	15,427

Majority of the registrant's rank and file employees are members of the employees' union. Benefits or incentive arrangements of the rank and file employees are covered by the Collective Bargaining Agreement (CBA) that is effective for three years. The Bank continues to ensure that its employees are properly compensated. The latest CBA that is effective for three years beginning January 2022 will end in December 2024. The Bank has not experienced any labor strikes and the management of the Bank considers its relations with its employees and the Union to be harmonious.

## **Risk Management**

The Group has exposure to the following risks from its use of financial instruments: (a) credit; (b) liquidity; and (c) market risks. Detailed discussions and analysis on Risk Management of the Group are disclosed in Note 4 of the Audited Financial Statements as presented in Exhibit 6.

#### Risk management framework

The Board of Directors (BOD) has overall responsibility for the oversight of the Bank's risk management process. On the other hand, the risk management processes of the subsidiaries are the separate responsibilities of their respective BOD. Supporting the BOD in this function are certain Board-level committees such as Risk Oversight Committee (ROC), Audit Committee (AC) and senior management committees through the Executive Committee (EXCOM) and Asset and Liability Committee (ALCO) among others.

The ROC, which is composed primarily of independent members of the BOD, is responsible for overseeing the Bank's risk infrastructure, the adequacy and relevance of risk policies, and the compliance to defined risk appetite and levels of exposure. The ROC is assisted in this responsibility by the Risk Management Group (RSK). The RSK undertakes the implementation and execution of the Bank's Risk Management framework which involves the identification, assessment, control, monitoring and reporting of risks.

The Bank and its subsidiaries manage their respective financial risks separately. The subsidiaries have their own risk management processes but are structured similar to that of the Bank. To a certain extent, the respective risk management programs and objectives are the same across the Group. The risk management policies adopted by the subsidiaries and affiliates are aligned with the Bank's risk policies. To further promote compliance with PFRS and Basel III, the Bank created a Risk Management Coordinating Council (RMCC) composed of risk officers of the Bank and its financial institution subsidiaries.

### Credit Risk

Credit risk is the risk of financial loss to the Group if a counterparty to a financial instrument fails to meet its contractual obligations. The Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, related groups of borrowers, market segments, and industry concentrations, and by monitoring exposures in relation to such limits, among others. The same is true for treasury-related activities. Each business unit is responsible for the quality of its credit portfolio and for monitoring and controlling all credit risks in its portfolio. Regular reviews and audits of business units and credit processes are undertaken by the RSK and Internal Audit Group, respectively.

## Liquidity Risk

Liquidity risk is the current and prospective risk to earnings or capital arising from the inability to meet obligations when they become due. This may be caused by the inability to liquidate assets or to obtain funding to meet the liquidity needs. The Group manages its liquidity risk by holding adequate stock of high-quality liquid assets, analyzing net funding requirements over time, diversifying funding sources and contingency planning. To measure the prospective liquidity needs, the Group uses Maximum Cumulative Outflow (MCO), a liquidity gap tool to project short-term and long-term cash flow expectations on a business-as-usual condition. The MCO is generated by distributing the cash flows of the Group's assets, liabilities and off-balance sheet items to time bands based on cash flow expectations such as contractual maturity, nature of the account, behavioral patterns, projections on business strategies, and/or optionality of certain products. The incorporation of behavioral cash flow assumptions and business projections or targets results in a dynamic gap report that realistically captures the behavior of the products and creates a forward-looking cash flow projection.

Cash flows from assets are considered as cash inflows, while cash flows from liabilities are considered cash outflows. The net cash flows are determined for each given time period. If the inflows exceed the outflows, the Group is said to have a positive liquidity gap or excess funds for the given time bucket. Conversely, if the outflows exceed the inflows, the Group is said to have a negative liquidity gap or has funding need for the given time bucket.

The MCO is monitored regularly to ensure that it remains within the set limits. The Bank generates and monitors daily its MCO, while the subsidiaries generate the report at least monthly. The liquidity profile of the Group is reported monthly to the Bank's ALCO and ROC. To supplement the business-as-usual scenario parameters reflected in the MCO report, the Group also conducts liquidity stress testing to determine the impact of extreme factors, scenarios and/or events to the Group's liquidity profile. Liquidity stress testing exercise is performed quarterly on a per firm basis, and at least annually on the Group-wide level.

## <u>Market Risk</u>

Market risk is the possibility of loss to future earnings, fair values, or future cash flows that may result from changes in the price of a financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates, and other market factors. Market risk originates from holdings in foreign currencies, debt securities, and derivatives transactions. Depending on the business model for the product, that is, whether they belong to the trading book or banking book, the Group applies different tools and processes to manage market risk exposures. Risk limits, approved by the BOD, are enforced to monitor and control this risk. RSK, as an independent body under the ROC, performs daily market risk analyses to ensure compliance to policies and limits, while Treasury Group manages the asset/liability risks arising from both banking book and trading operations in financial markets. The ALCO, chaired by the President, manages market risks within the parameters approved by the BOD.

As part of group supervision, the Bank regularly coordinates with subsidiaries to monitor their compliance to their respective risk tolerances and to ensure alignment of risk management practices. Each subsidiary has its own risk management unit responsible for monitoring its market risk exposures. The Bank, however, requires regular submission of market risk profiles from subsidiaries which are presented to ALCO and ROC in both individual and consolidated forms to provide senior management and ROC a holistic perspective, and ensure alignment of strategies and risk appetite across the Group.

### Market Risk - Trading Book

In measuring the potential loss in its trading portfolio, the Bank uses Value-at-Risk (VaR). VaR is an estimate of the potential decline in the value of a portfolio, under normal market conditions, for a given "confidence level" over a specified holding period. The Bank measures and monitors the Trading Book VaR daily and this value is compared against the set VaR limit. Meanwhile, the Group VaR is monitored and reported monthly. The limitations of the VaR methodology are recognized by supplementing VaR limits with other position and sensitivity limit structures and by doing stress testing analysis. These processes address potential product concentration risks, monitor portfolio vulnerability and give the management an early advice if an actual loss goes beyond what is deemed to be tolerable to the Group and the Bank, even before the VaR limit is hit.

Stress testing is performed by the Bank on a quarterly basis and the results are reported to the ALCO and, subsequently, to the ROC and BOD. On a group-wide perspective, stress testing is done, at least, annually. The results are reported by the Bank's Risk Management Group to the BOD through ROC.

Market Risk - Banking Book

The Group has in place their own risk management system and processes to quantify and manage market risks in the banking book. To the extent applicable, these are generally aligned with the Bank's framework/tools.

The Group assesses interest rate risk in the banking book using measurement tools such as Interest Rate Repricing Gap, Earnings-at-Risk (EaR), Delta Economic Value of Equity ( $\Delta$ EVE) and Sensitivity Analysis.

Interest Rate Repricing Gap is a tool that distributes rate-sensitive assets and liabilities into pre-defined tenor buckets according to time remaining to their maturity (if fixed rate) or repricing (if floating rate). Items lacking definitive repricing schedules (for example, current and savings account) and items with actual maturities that could vary from contractual maturities (for example, securities with embedded options) are assigned to repricing tenor buckets based on an analysis of historical patterns, past experience and/or expert judgment.

The Group calculates EaR using Historical Simulations (HS) approach, with one-year horizon and using five years data. EaR is then derived as the 99th percentile biggest drop in net interest income.

### Foreign currency risk

Foreign exchange risk is the probability of loss to earnings or capital arising from changes in foreign exchange rates. Foreign currency liabilities generally consist of foreign currency deposits in the Group's FCDU account. Foreign currency deposits are generally used to fund the Group's foreign currency-denominated loan and investment portfolio in the FCDU. Banks are required by the BSP to match the foreign currency liabilities with the foreign currency assets held in FCDUs. Outside the FCDU, the Group has additional foreign currency assets and liabilities in its foreign branch network. The Group's policy is to maintain foreign currency exposure within acceptable limits and within existing regulatory guidelines.

# PART II – SECURITIES OF THE REGISTRANT

## MARKET PRICE OF AND DIVIDENDS ON REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

### **Market Information**

In November 1980, the SEC approved and certified the listing of 500,000 common shares of Metrobank's capital stock with par value of P100.00 each. On February 26, 1981, the listing and trading of Metrobank's common shares with the Makati Stock Exchange Inc. and Manila Stock Exchange (which unified) took effect with the trading symbol of *MBT*. Today, the Bank's common shares are all listed at the PSE.

Average market prices per share for each quarter within the last two years and subsequent interim period were as follows:

	<b>QUARTER/ PERIOD</b>	MARKET PRICES			
YEAR	ENDED	HIGH	LOW	CLOSE	AVERAGE
2023	February 28	62.50	58.20	58.20	60.22
	January 31	59.80	54.70	57.25	57.93
2022	March 31	60.75	52.00	57.00	56.74
	June 30	57.00	47.75	47.80	52.50
	September 30	54.00	45.65	48.50	50.24
	December 31	57.30	48.40	54.00	52.62
2021	March 31	51.60	44.40	44.40	47.77
	June 30	50.10	43.55	48.70	46.46
	September 30	49.50	43.00	43.70	45.88
	December 31	57.00	43.70	55.70	50.34

### Holders

The Bank has a total of 2,953 stockholders as of March 10, 2023, all of whom have the same voting rights. Due to the huge number of certificated stockholders (2,953) and an even bigger number of scripless stockholders, the Company shall provide herein the list of the Top 20 stockholders. Stockholdings of the members of the majority owners (Ty

Family and their related companies) were aggregated so as to include both the certificated and scripless shares. Stockholdings held by the PCD Nominee Corporation are broken down into nationality. All in all, the list of stockholders provided here represents approximately 98.209% of the total outstanding capital stock.

Pursuant to Article III, Section 4 of the Bank's By-Laws, at each meeting of the stockholders, every stockholder entitled to vote on the particular question or matter involved shall be entitled to one (1) vote for each share of stock standing in his name on the books of the Bank at the time of the closing of the transfer books for each meeting.

## **Top Twenty Stockholders**

Following are the top 20 stockholders as of March 10, 2023:

NAME OF STOCKHOLDER		TOTAL NO. OF COMMON SHARES HELD	PERCENT TO TOTAL NO. OF OUTSTANDING COMMON SHARES
1	GT Capital Holdings, Inc.	1,670,611,010	37.146
2	PCD Nominee Corporation (Filipino) <sup>a</sup>	1,270,321,127	28.246
3	PCD Nominee Corporation (Non-Filipino)	917,502,650	20.401
4	Grand Titan Capital Holdings, Inc.	203,246,909	4.519
5	Nove Ferum Holdings, Inc.	76,226,918	1.695
6	82 Alpha Holdings Corporation	54,871,292	1.220
7	Neiman Rhodes Holdings, Inc.	28,607,046	0.636

20	Dy Buncio, Anjanette	7,377,216	0.164

*a* Net of 7,465,361 shares owned by Metrobank Foundation, Inc.; 645,036 shares owned by Arthur Ty; and 265,557 shares owned by Alesandra V. Ty.

b. Inclusive of 7,465,361 shares lodged with PCD Nominee Corporation

c. Inclusive of 645,036 shares lodged with PCD Nominee Corporation

e. Inclusive of 265,557 shares lodged with PCD Nominee Corporation

As of March 10, 2023, public ownership on the Bank was at 48.02%. Of the total shares issued, 20.434% represents foreign ownership.

#### Dividends

There are no restrictions that limit the ability of the Bank to pay cash dividends. Details of cash dividend distribution from 2020 to 2022 follow:

		Amount		
Date of Declaration	Per Share	(In Millions)	Record Date	Payment Date
February 23, 2022	₽0.80 (regular)	₽3,598	September 9, 2022	September 23, 2022
February 23, 2022	P0.80 (regular)	₽3,598	March 17, 2022	March 31, 2022
February 23, 2022	₽1.40 (special)	₽6,296	March 17, 2022	March 31, 2022
February 17, 2021	₽1.00 (regular)	₽4,497	March 5, 2021	March 18, 2021
February 17, 2021	₽3.00 (special)	₽13,492	March 5, 2021	March 18, 2021
February 19, 2020	₽1.00 regular	<del>₽</del> 4,497	March 6, 2020	March 20, 2020

On February 23, 2022, the BOD of the Bank approved a new dividend policy of increasing the regular cash dividends from P1.00 to P1.60 per share for the year, payable on semi-annual basis at P0.80 per share.

The computation of surplus available for dividend declaration in accordance with SEC Memorandum Circular No. 11 issued in December 2008 differs to a certain extent from the computation following BSP guidelines.

### **Recent Sales of Unregistered or Exempt Securities**

The information required under Part II paragraph (A) (4) of Annex C of the Securities Regulation Code (SRC) under SRC Rule 12 is not applicable to the Bank.

## **Compliance with Lead Practice on Corporate Governance**

Metrobank's accomplishments over the past year were built upon 60 years of making sure that its mission is within reach: to empower Filipinos to realize their goals and reach their full potential. These accomplishments were a direct result of the Bank's doing the right business the right way. In no small part, the Bank had contributed to making banking easier, faster, and more accessible.

Metrobank's business accelerated in the last six decades and will grow further in the years to come because it has embedded corporate governance in its whole ecosystem.

As a testament to its excellence in building a strong corporate governance foundation, the Bank received the prestigious ASEAN Asset Class Award conferred by the ASEAN Capital Markets Forum, a high-level grouping of capital market regulators from all ten ASEAN countries.

#### **Embedding Corporate Governance by Design**

The Bank sees compliance with the laws and regulations of the land as its minimum requirement. Going beyond the minimum is the true essence of good corporate governance.

The way Metrobank behaves, acts, and do its business is an expression of the Bank's Corporate Governance Manual (CGM). This document allows the Bank to embody and put into action the same values that its shareholders also hold dear: accountability, integrity, fairness, and transparency. The CGM defines the roles and responsibilities of the Bank's officials and employees and lays down the organization's sound practices and procedures. The CGM guides the Bank in making sure that the organization adhere to high standards of good governance.

These principles and values are observed in all the Bank's operations and dealings, even during these challenging and unprecedented times. These pillars of the Bank's organization's corporate governance framework are always being considered in every decision and action.

## ACCOUNTABILITY

The Bank takes full responsibility for its decisions and actions. The decisions that the Bank make are bound by rules and its actions are for the benefit of the company and its stakeholders.

## **Strong Leadership at the Top**

Metrobank becomes resilient more than ever as its leaders have taken an active role in bringing to focus the Bank's long-term growth and success. Taking good care of the Bank is led at the top by the Board.

The Board has regularly reviewed and monitored the execution of the Bank's strategies for 2022 that allowed the Bank to grow amid the economic challenges and move closer to the path of sustainability. Among these include the Bank's corporate governance framework, strategic and business plans, risk management, internal control systems, financial performance, consumer protection framework, and the adoption of sustainability/ESG principles. The Board's role entails identifying priorities, setting goals and objectives, and allocating funds to support the necessary decisions.

With the support of the Bank's units and an independent Corporate Secretary, the Board develops, reviews, and approves how the Bank's executes its business strategies, manages risks, sets up internal controls, evaluates its financial performance, and adopts its sustainability program. The Board adheres to the Bank's CGM, which can be found on the Metrobank's website.

## Nurturing A Competent, Diverse Board

Metrobank had shown strong performance in 2022 due to its diverse streams of income. The Bank benefited from the wisdom of the Board whose diversity in expertise, policy-making experience, social background, and perspective has translated to sound and balanced decision-making and risk management.

Metrobank has deliberately created a diverse Board to bring objectivity and independence in the body's decisionmaking process. The Board is composed of twelve directors, ten non-executive directors (NEDs) and two executive directors (EDs). Half of the NEDs are Independent Directors (IDs), including one female ID.

The Board understands its responsibility to address the needs of the Bank's shareholders and leads the Bank in a rapidly changing business environment. As such, the following measures were set in place measures to protect the Bank's best interest:

- Term limits for independent directors
- Threshold of board memberships in publicly-listed companies
- Disclosure about board memberships and other significant commitments
- Periodic evaluation of directors with interlocking positions by the Board through the Corporate Governance and Compensation Committee which is tasked to keep a hawk's eye on any conflict of interest and adverse effect on the Bank.

None of the Non-Executive Directors have interlocking directorship roles in more than five publicly listed companies. Likewise, none of the Executive Directors serve in more than two boards of publicly listed companies outside of the Group.

Metrobank ensures that the Independent Directors do not perform management roles nor have engaged or engage in any transaction with the Bank or with any of its related companies or with any of its majority shareholders, whether by themselves or with other persons or through a firm which they are partners or a company of which they are directors or majority shareholders, other than transactions which are conducted at arm's length and could not materially interfere with or influence exercise of their judgment.

To further safeguard the interest of shareholders, the Bank perpetually bars re-election of Independent Directors who have served their maximum term. Independent Directors are only allowed to serve for a maximum cumulative term of nine years. They may continue, however, to be nominated and elected as a regular director. For 2022, none of the Bank's Independent Directors have exceeded the maximum term.

In the 2022 Annual Stockholders Meeting, Mr. Juan Miguel L. Escaler was elected as Independent Director, replacing Mr. Francisco F. Del Rosario who retired after serving the Board for nine years. Mr. Escaler is most suited to join the Board for his outstanding career in banking and finance. He has expertise in using data science and technology to promote financial inclusion, backed by past stints in various international banks.

Replacing Director Edmund Go, who passed away in 2021, is Mr. Jose Vicente L. Alde, who is the current President of Philippine Savings Bank, a Metrobank subisidiary.

The current Directors possess all qualifications and none of the disqualifications to become part of the Board. First-time Directors have attended a seminar on corporate governance and received copy of the general and specific duties and responsibilities of the Board which they need to fully understand and accept as prescribed by the BSP Manual of Regulations for Banks (MORB).

### **Choosing the Right Leaders**

The task of screening and recommending candidates to the Board and Senior Management falls on the shoulders of the Nominations Committee. Through the Committee, the Board always considers that it is run by leaders with the optimal mix of skills, talent, and background.

The Nominations Committee brings in a diverse pool of exceptional candidates who embody the Bank's values and culture, and firmly believe in its strategic directions. It follows the Bank's By-Laws and CGM and considers relevant Bangko Sentral ng Pilipinas (BSP) and Securities and Exchange Commission (SEC) regulations in assessing whether the candidates fit the qualifications.

The Nominations Committee is empowered to screen candidates through various means such as referrals from existing directors and officers. It can also utilize external databases or external search firms. Only nominees who appear in the Final List of Candidates are eligible for election.

Metrobank knows that its long-term value is dependent on the stockholders' strong ownership of the Bank's success. That is why it also welcome and encourage any stockholder to submit their nomination for directorial positions to the Nominations Committee.

#### The Chairman of the Board & the President

The Chairman of the Board and the President are the captains of the Bank. In accordance with the Bank's By-laws and CGM, they carry out their clearly defined roles and responsibilities autonomously. This is to make sure they both uphold the Board's own decision-making and act for the Bank's benefit.

The Chairman of the Board, Mr. Arthur Ty, steers the Board's overall leadership and direction. The Chairman ensures the Board carries its obligations to the Bank and its shareholders. As such, the Chairman creates an environment for Board Members to openly discuss matters with trust and respect, and collectively decide for the Bank's greater good.

Acting on the Board's decisions and based on his sound judgment, the President, Mr. Fabian S. Dee, manages the Bank' business and operations. The President embodies and articulates to the organization the Bank's vision and mission. He is in charge of directing and engaging all officers and employees to perform their duties well.

In 2020, to support the Chairman and promote check and balance, the Bank appointed a Lead Independent Director (LID), Director Philip G. Soliven. The description of the LID's role is included in the CGM posted on the Metrobank's website.

#### Efficiently Deliberating on the Bank's Success

The Bank's Board of Directors understand their role in carrying out their responsibilities no matter what the situation is.

The Board holds its regular meetings typically every third Wednesday of each month. Special meetings may be called anytime by either the Chairman, or in his absence, the Vice Chairman, or pursuant to the written request from four directors. With the easing of in-person restrictions, Board meetings transitioned to a hybrid setup, allowing directors to attend face-to-face should they choose to do so.

The Corporate Secretary and various Board-level committee secretaries provide the directors the meeting schedules in advance and assist them in participating in meetings via in person or remote communications and in actively taking part in the decision-making process in accordance with the applicable rules and regulations.

The Bank requires a majority of the Board of Directors as a quorum for the transaction of business, and the vote of a majority of the quorum of the board of directors shall always be needed to decide any action.

To help the Board create an informed and focused discussion, the Corporate Secretary ensures that the members are provided the required meeting materials five days ahead of the meeting, which are accessible via the Bank's intranet.

As shown below, the directors' attendance at the board meetings demonstrates their commitment and dedication to their board responsibilities.

Board	Name	Board Meetings Attendance
Chairman (NED)	Arthur Ty	12/12
Vice Chairman (NED)	Francisco C. Sebastian	11/12
President/Director (ED)	Fabian S. Dee	12/12
Director (NED)	Alfred V. Ty	11/12
Director (ED)	Vicente R. Cuna, Jr	12/12
Director (NED)	Solomon S. Cua	12/12
Independent	Francisco F. Del Rosario, Jr. <sup>(1)</sup>	3/3
Independent	Edgar O. Chua	12/12
Independent	Angelica H. Lavares	12/12
Independent	Philip G. Soliven	12/12
Independent	Marcelo C. Fernando, Jr.	12/12
Director (ED)	Jose Vicente L. Alde <sup>(2)</sup>	9/9
Independent	Juan Miguel L. Escaler <sup>(2)</sup>	9/9

(1) Retired in April 2022

(2) New member as of April 2022

The Lead Independent Director, Mr. Philip G. Soliven, headed the non-executive directors' periodic meeting with the external auditor and heads of the internal audit, compliance and risk functions on November 27, 2022. As mandated by the BSP, the meeting was held without the presence of executive directors. Risk management dashboards,

strengthening operational risk management, and reminder on the disclosures of interlocking positions and transactions involving Bank's securities were on the agenda of the NEDs meeting.

# **Bringing Business Critical Matters to the Fore**

The Board gets things done more effectively through its ten (10) committees that deliberate and examine specific and complex issues.

Seven of the committees are chaired by independent directors. Their respective charters, which state the comprehensive details of Committee's duties and responsibilities, purposes, compositions, reporting process and other relevant information, are fully disclosed in the Bank's CGM and posted on the Bank's website.

## Anti-Money Laundering Committee (AMLACOM)

The committee helps the Board fulfill its oversight responsibility over Anti-Money Laundering Compliance Management, the Anti-Money Laundering Act (AMLA), its revised Implementing Rules and Regulations, and other related orders. The committee is composed entirely of four (4) Non-Executive Directors (NEDs), three (3) of whom are Independent Directors, including the Chairperson. It meets every other month or as often as necessary.

Members	Committee Membership	Attendance
Angelica H. Lavares, ID	Chairman	7/7
Arthur V. Ty, Chairman	Regular Member	6/7
Edgar O. Chua, ID	Regular Member	7/7
Jose Vicente L. Alde, NED	Regular Member	5/5
Philip G. Soliven, ID	Regular Member	2/2

## Audit Committee (AUDITCOM)

The committee serves as the Board's arm in fulfilling statutory and fiduciary responsibilities, enhancing shareholder value, and protecting shareholders' interest. It oversees the internal and external audit functions and controls, transparency and proper reporting, compliance with laws and the Code of Conduct, and implementation of adequate and effective internal controls. It is also mainly responsible for selecting, appointing or re-appointing, and dismissing the internal auditor and independent external auditor, following fair and transparent criteria. The committee is composed entirely of four (4) NEDs, three (3) of whom are Independent Directors, including the Chairperson, who meet monthly or as often as necessary.

Members	Committee Membership	Attendance
Edgar O. Chua, ID	Chairman	12/12
Solomon S. Cua, NED	Regular Member	12/12
Angelica H. Lavares, ID	Regular Member	11/12
Francisco F. Del Rosario, ID*	Regular Member	4/4

\*retired on April 27, 2022

## Corporate Governance and Compensation Committee (CGCCOM)

The committee ensures that the Bank fulfills its corporate governance responsibilities and effectively implement the Compliance System. It is primarily responsible for creating a formal and transparent process in determining the remuneration of directors and officers based on culture, strategy, business environment, and the industry practice. It is run fully by Independent Directors, including the Chairperson.

Members	Committee Membership	Attendance
Arthur V. Ty, Chairman	Adviser	3/4
Angelica H. Lavares, ID	Chairman	4/4
Marcelo C. Fernando, Jr. ID	Regular Member	4/4
Juan Miguel L. Escaler*, ID	Regular Member	3/3
Arnulfo B. Pascioles, Jr.	Corporate Governance Officer	4/4

\*Joined on April 27, 2022

#### Executive Committee (EXCOM)

The committee is mainly tasked to review and approve credit proposals and policies within its authority and limitations, as well as provide sound recommendations or conditions on lending. It may also attend on matters delegated by the Board and/or stockholders within its capability and following the By-Laws.

Members	Committee Membership	Attendance
Arthur V. Ty, Chairman	Chairman	49/53
Francisco C. Sebastian, Vice-Chairman	Vice Chairman	44/53
Fabian S. Dee, President	Regular Member	49/53
Vicente R. Cuna Jr., Director	Regular Member	49/53

## Information Technology Steering Committee (ITSC)

The committee is chiefly responsible for governing and overseeing how the Bank's manages its information technology (IT) resources and ensures the alignment of IT strategies with its business objectives. It also supervises the IT Risk Management Program and lends its competence by helping develop policies, controls, and specific accountabilities in line with the IT Risk Management Framework. The Board can delegate to the committee the approval of IT-related requests and services/arrangements, including outsourcing/insourcing activities. The committee submits periodic reports about the IT performance, status of major IT projects, and other significant issues on IT risk matters. The committee is composed of four (4) Directors, the Head of Financial Control Sector, and the Head of the Information Technology Group.

Members	Committee Membership	Attendance
Arthur V. Ty, Chairman	Adviser	5/5
Vicente R. Cuna Jr., Director	Chairman	5/5
Jose Vicente L. Alde, Director	Regular Member	4/4
Fabian S. Dee, President	Regular Member	5/5
Juan Miguel L. Escaler, ID	Regular Member	4/4

### Nominations Committee (NOMCOM)

The committee reviews and evaluates the qualifications of all persons nominated to the Board. It also scrutinizes the eligibility of persons nominated to other positions that require the Board's approval. It is also composed entirely of Independent Directors, including the Chairperson.

Members	Committee Membership	Attendance
Juan Miguel L. Escaler, ID	Chairman	8/8
Marcelo C. Fernando, Jr., ID	Chairman	12/12
Edgar O. Chua, ID	Regular Member	12/12
Philip G. Soliven, ID	Regular Member	12/12

### **Overseas Banking Committee (OBCOM)**

The committee watches over the conduct of operations and financial performance of the overseas branches and subsidiaries of Metrobank. It also serves as the Board's eye on Metrobank expatriates assigned in countries without a foreign office, but with remittance tie-up arrangements. It also helps the Board oversee whether the overseas branches and subsidiaries comply with rules and regulations of their host countries and their adherence to the business and corporate governance policies.

Members	Committee Membership	Attendance
Francisco A. Sebastian, Vice Chairman	Chairman	6/6
Alfred V. Ty, NED	Regular Member	6/6
Solomon S. Cua, NED	Regular Member	6/6

### **Related Party Transactions Committee (RPTC)**

The committee helps the Board in ensuring that transactions with related parties are reviewed to minimize and mitigate risks, and that appropriate actions are enforced. It also makes sure that related party transactions are conducted at arm's length and misappropriation of resources is avoided. Three Independent Directors, including the chairperson, composed the committee, which meets monthly and is supported by the Compliance Officer.

Members	Committee Membership	Attendance
Philip G. Soliven, Lead ID	Chairman	13/14
Edgar O. Chua, ID	Regular Member	14/14
Angelica H. Lavares, ID	Regular Member	13/14

### Risk Oversight Committee (ROC)

The committee develops and oversees how the Bank, its subsidiaries and affiliates, and its trust-banking arm strictly follow the risk management framework. It is steered by NEDs, majority of whom are Independent Directors, including the Chairperson. The Bank ensures that committee members are experts in risk management and have a deep understanding of the Bank's risk exposures.

Members	Committee Membership	Attendance
Francisco C. Sebastian, Vice-Chairman	Adviser	9/12
Vicente R. Cuna, Jr., Director	Adviser	10/12
Marcelo C. Fernando, Jr., ID	Chairman	12/12
Philip G. Soliven, ID	Regular Member	7/8
Jose Vicente L. Alde, Director	Regular Member	8/8

## Trust Committee (TrustCOM)

The committee has oversight control over the trust and fiduciary activities. Its mandate comes from the rules of the BSP, as laid down in the Manual of Regulations for Banks and Circular No. 766, which outlines the guidelines for strengthening corporate governance and risk management on trust, other fiduciary business, and investment management activities. The committee is run by three (3) NEDs, President and Trust Officer. The Chairperson is an independent director and is not a part of the Audit Committee.

Members	Committee Membership	Attendance
Philip G. Soliven, Lead ID	Chairman	12/12
Marcelo C. Fernando, Jr., ID	Regular Member	12/12
Fabian S. Dee, President	Regular Member	12/12
Jose Vicente L. Alde, Director	Regular Member	8/8

The Bank's Board-level committees meet in person or via remote communications, and as prescribed in their respective charters.

### Nurturing a Board of Competent Directors

The Board recognizes that the Bank's long-term success depends on the quality of its leaders. Through orientation programs for new directors and continuing education for incumbent directors, Metrobank makes sure that Board members competently meet the Bank's needs. These programs help the Directors to:

- Fulfill their fiduciary duty to be fully informed about our actions and decisions
- Enhance their leadership qualities and skills
- Get fresh insights and perspectives on Board matters
- Gain knowledge that will enable Board effectiveness

First-time directors are required to attend an orientation session for at least eight hours in line with applicable SEC rules and as stated in the Bank's CGM. They are given an orientation kit, which contains, among others, a copy of the Bank's Articles of Incorporation, By-Laws, Code of Conduct, CGM, and applicable Board Committee Charters. During their orientation, they learn about the general responsibilities and specific duties of the Board and as an individual director. To hold them to account, first-time directors certify under oath that they have received copies of, fully understand, and wholeheartedly accept their general responsibilities and specific duties. They are also required to attest that they meet all the qualifications and none of the disqualifications for the post to comply with the requirements of Section 136 of the BSP Manual of Regulations for Banks.

For Board of Directors to be an effective overseer, they must continually learn about the Bank's organization, the industry, and its operating environment. With shareholders holding high expectations for the Board, directors are required to undergo and complete their annual training. The Compliance Division, supported by the Organizational Effectiveness and Learning Division, rolls out a four-hour training program for directors every year. Directors get updated on corporate governance matters in these training sessions conducted by an accredited SEC training provider.

The Bank's directors, Corporate Secretary, and key officers have completed the 2022 Advanced Corporate Governance Training Program facilitated by the Institute of Corporate Directors and Risks Opportunities, Assessment and Management, Inc. on various dates via Zoom virtual meeting platform. Among the topics presented by the facilitators are Environmental, Social and Governance issues, Anti-Money Laundering, Cybersecurity, and Disruptive Strategy.

Directors are highly encouraged to further take professional offerings provided by external parties. Those who participate in these offerings may be requested to conduct an echo session for fellow directors and selected officers of the Bank.

## **Appraising Board Performance**

The Board, through the Corporate Governance and Compensation Committee, conducts an annual performance evaluation of the entire Board, Chairman, President, Board Committees, and Individual Directors.

This appraisal is intended to improve board effectiveness so that directors can run meetings smoothly, process information better, acquire greater influence, and focus on the Bank's long-term prospects. By undergoing this evaluation process, the Board hopes its directors can improve their relationship with other members and carry out more open discussions with the Bank's management and officers.

The Bank adopts an internal five-point self-rating system (with 5 =Strong as the highest and 1 =Critically Deficient as the lowest) to assess whether the Board adheres to the Bank's Code of Corporate Governance. This system follows a two-level process:

- Each director self-rates and collectively rates the Board, the Chairman of the Board, and the President
- The Corporate Governance, Audit, Risk Oversight, and other Board-level Committees also conduct self-rating of their performance

Available in print format and via online, the rating forms use questionnaires based on the Bank's needs and objectives. This process is aimed at accomplishing the following:

- Assess the accomplishments of the Board as a whole, as individual directors, Board Committees, Chairman of the Board, the President, and the efficiency of the execution of their roles and responsibilities to meet the requirements of the SEC related to the Code of Corporate Governance for Publicly Listed Companies, and that of the BSP MORB.
- Serve as an important avenue to revisit and improve existing processes and other areas.

The Corporate Governance and Compensation Committee (CGCCOM) Secretariat presented the summary results of the self-assessment to the CGCCOM in its meeting on March 29, 2022. Included in the report were details of the areas for improvement and the actions to be taken.

An external facilitator also conducted an independent assessment of the corporate governance performance. In 2021, Reyes Tacandong & Co. found that the corporate governance was effective and substantially compliant with all the regulatory requirements. In line with SEC rules, another assessment by an external facilitator is scheduled to be performed in 2024.

### **Retirement and Succession**

The Bank's long-term success depends on the Board's ability to remain a strong and stable force of leadership. Thus, the Board built a succession plan to identify, encourage, and take care of top-caliber leaders who can readily assume high-level positions in case of change, vacancies, and retirement.

The Bank's By-Laws provides that any vacancy in the Board may be filled by the vote of most of the remaining directors which must constitute a quorum. Through a regular or special meeting, stockholders can also fill a vacant directorial post that may result from the removal by stockholders, term expiration, and increase in the number of directors.

As a rule, no director may be re-elected following the calendar year when they turn 75 years old. The Nominations Committee can recommend to the Board that the age requirement may be waived if this serves the Bank's best interest. Retirement is compulsory for employees who reach 55 years old or complete a period of continuous service for 30 years, whichever comes first.

### INTEGRITY

The Bank strives to be honest and act right based on its community's morals, its ethics, laws, and own policies. The Bank adheres to the following in order to guide its decisions and actions:

#### **Upholding Good Conduct and Ethics for Directors**

Being fair, accountable, transparent, and ethical is the bare minimum expected of the Board.

Bank leaders are expected to walk the talk. As articulated in its Code of Conduct and Ethics for Directors ("Code"), they must not use their position to profit or benefit from bank dealings. They must not prioritize their self-interest above the Bank's needs, and must avoid situations that may compromise their impartiality. As the Bank's highest leaders, they are expected to show utmost integrity, develop their skills, widen their knowledge and deepen their understanding of Bank-related activities.

The Code is included in the director's orientation kit to ensure they fully understand the rules governing their professional and ethical behavior. Directors are expected to adhere to the Code's standards. The details of the Code are incorporated in the Bank's CGM accessible through the Bank's intranet and uploaded on the Corporate Governance page of the Metrobank website.

## **Upholding Good Conduct for Employees**

Integrity starts with the individual employee. It is the obligation of employees to take good care of the Bank. As such, employees must act in accordance with the Bank's governing rules and policies, abide by authority, and become protectors of the Bank's stakeholders.

How employees must act and decide are laid down in the Code of Conduct for Employees, which requires them to do the following, among other things, in any circumstance:

- Avoid conflict of interest between the Bank's business and personal activities
- Preserve confidential information
- Avoid accepting any form of gift or gratuity from any person, which can influence their judgment when performing their duties for the Bank

All employees, including new hires, receive a copy of the Bank's Code, which is also accessible through the Bank's intranet and uploaded on the Corporate Governance page of the Metrobank website. Aside from distributing the policy, the Human Resource Management Group actively communicates it by releasing regular advisories about the Bank values.

## Building an empowered, satisfied workforce

Good governance starts with people. That is why Metrobank ensures its employees are inspired, proud, and confident to take on their responsibilities and act with the Bank's best interest in mind.

### Learning

Metrobank equips its employees with responsive learning solutions to help them make informed decisions and do the right things always for the Bank.

In 2022, the Bank rolled out learning programs and courses that would improve the employee's communication skills, increase their data analytics capability, and amp up their cybersecurity knowledge. The Bank also empowers employees to learn on their own - anytime, anywhere - with digital platforms such as LinkedIn Learning.

## **Employee Performance Assessment Program**

Employees are the Bank's greatest asset. As such, the Bank makes sure that its employees are given the right motivation to perform and lead the change for the Bank. Performance assessment program is designed to evaluate employees on the following basis:

- Their ability to carry out their roles and achieve their performance objectives
- Their capacity for leadership
- Their will to lead change within the Bank

To kick off performance assessment, individual employees and their respective supervisors discuss their performance in one-on-one recaps. This is followed by a calibration among leaders who deliberate and evaluate evidence-based performance metrics.

### **Talent and Succession Management**

The success and continuity of the Bank rests on its current pool of employees who can take on leadership roles in the future. That is why the Bank, through talent review sessions, periodically assess leadership talents to identify the right leaders with the right capabilities.

To build an effective learning intervention, the Bank looks at the employees' strengths, areas for development, and career aspirations for leadership roles. Metrobank's interventions combine online learning, coaching and mentoring, and in-role stretch assignments or new role assignments.

Metrobank also recruit high-potential external talents who can bring in new ideas, innovative practices, and fresh perspectives with the existing top-capital internal talents. This talent diversity contributes to the strength of the Bank's management capability.

## Senior Management Selection

Senior leaders of the Bank are selected and appointed based on a rigorous behavioral assessment of leadership potential. Their appointments are further assessed and approved by the Bank's Manpower Committee, Nominations Committee, and the Board of Directors.

## Managing Compliance Risk Exposures

Given the depth and breadth of business and reach, the Bank is subject to various risks and uncertainties, including compliance risk, which may impact its operations and financial results. The Bank stands ready to manage, defend, protect, and mitigate any risk exposures coming from the business, industry, regulations, ownership of its stocks, and general risks.

To counter these risks, the Bank has a dynamic and responsive Compliance Risk Management System (CRMS), which enables the organization to identify and mitigate risks that may erode the Bank's franchise value. This system is spelled out in the Compliance Policy Manual, which forms part of the Bank's risk governance framework.

The Manual provides a reasonable assurance that the Bank, its directors, officers, and employees follow all banking and corporate laws, rules, regulations, and standards. The Manual also empowers the Bank to create a system of values, beliefs, and behaviors that will make sure compliance is a way of life and culture at Metrobank.

Helping create this culture of compliance is the Bank's Compliance Division, which performs the following roles:

- Keep employees informed of the latest rules and regulations
- Act as an overseer of all our activities
- Collaborate with business and support units in identifying, assessing, monitoring, and managing possible regulatory compliance risks
- Provide sound advice to management with regard to managing regulatory and compliance risks
- Actively encourage the Bank to implement its compliance system and address any breach that may arise
- Build a culture of compliance by conducting regular compliance awareness trainings and issuing advisories whenever needed

Providing strong leadership for the Compliance Division is the Compliance Officer, who reports to the Board through the Corporate Governance and Compensation Committee and performs the following:

- Act as the overseer in identifying and managing regulatory compliance risks that may arise
- Supervise the compliance function staff and exercise functional supervision over designated Compliance Coordinators of the Head Office units and domestic branches and Compliance Officers of foreign branches
- Provide essential compliance oversight function on Compliance Officers of the BSP-supervised financial institutions under the Metrobank Group.

# FAIRNESS

Metrobank plays by the rules and observe fair play. No one is above the law. With the help of the Board, the Bank make sure its actions are fair by following these policies and programs:

# Fair Business Transactions and Managing Conflicts of Interest

The Bank has zero tolerance for bribery and corruption practices.

All directors and officers are prohibited from:

- Soliciting, arranging or accepting a bribe, facilitating payments and kickbacks for the benefit of the Bank, director or employee or for the benefit of his/her family, friends, associate or acquaintances
- Taking advantage of their positions and privileges in the Bank to gain or profit directly or indirectly

All directors and employees strictly follow the Bank's Anti-Bribery and Corruption Policy. Any knowledge of corruption or bribery may be reported following the guidelines under the Bank's Whistleblowing Policy.

The Board also transacts business fairly with the Bank and set aside personal interests when performing their duties for the Bank. They lead and govern based on ethics, moral principles, and upright values. They notify with speed any material fact or conflict of interest and take appropriate actions to avoid such conflict.

Meanwhile, employees manage their personal affairs so that any conflict is avoided. They also manage situations or business endeavors arising from associations, interests, or relationships that could lead to conflict or potential conflict with the Bank's interest.

As part of the Bank's corporate governance, all related parties are properly identified and related party transactions are vetted and approved by either of the following committees, depending on the threshold:

- Related Party Transactions Management Committee (RPTMC), a management-level committee comprised of the Bank's senior officers
- Related Party Transactions Committee (RPTC), a Board-level committee fully composed of Independent Directors

Directors and officers with personal interest in a given transaction for which they or any member of their close family or related interests are involved are mandated to abstain from the discussion, approval, and management of such transaction. This includes transactions of subordinates, except to provide material information on the related party transaction.

An appointed external independent party will evaluate material related party transactions that reach 10% or higher of the Bank's total consolidated assets. All acts of the Board, including material related party transactions, are confirmed by the majority vote of the Bank's stockholders during the Annual Stockholders' Meeting.

We assure our shareholders that the Bank's policies on related party transactions are periodically updated and aligned with recent regulatory issuances. Related party transactions are discussed in the Audited Financial Statements, particularly under Notes to the Financial Statements No. 32.

# **Protecting Stockholders' Rights and Interests**

The Bank assures that all shareholders are treated fairly and stockholders are respected in line with the Revised Corporation Code.

The Bank is open and fair in conducting annual and special stockholders' meetings. It shares all material information in a timely manner to the SEC and encourage active shareholders to participate in the meetings by sending notices with sufficient information.

Stockholders can take part on any particular question or matter, exercise their right, and are entitled to one vote for each share of stock in their name. Minority stockholders have a right to vote on all matters requiring their consent or approval. This includes, but is not limited to, approval of shareholders on sale of corporate assets, inspection of books and records, dividends, and appraisal rights. They can also put items on agenda for regular/special stockholders' meetings and call for special meetings, etc. These basic shareholder rights are properly disclosed in the Bank's CGM.

Cumulative voting is allowed as long as the total votes cast by a stockholder shall not exceed the number of shares in their name as of the record date, and multiplied by the number of directors to be elected.

Matters submitted to stockholders for their approval shall be decided by the required vote of stockholders who are present in person or by proxy. The Bank has created a safe space and process so that everyone has the opportunity to seek effective redress for alleged violation of their rights.

Majority vote is required for the following matters:

- Approval of the minutes of the annual meeting of stockholders
- Approval of corporate acts
- Election of external auditors

Meanwhile, nominees for directorship who received the highest number of votes shall be declared elected in line with the Revised Corporate Code.

Due to the COVID-19 pandemic, the 2022 Annual Stockholders' Meeting (ASM) was held virtually on April 27, 2022. An organizational meeting was held immediately after the ASM and Board-level committees were reconstituted during this meeting.

The notice for the 2022 ASM was published and distributed to all stockholders as of record date, March 11, 2022, pursuant to the SEC rules of sending notices of at least twenty-one days before the meeting. Those who cannot attend were apprised ahead of time of their right to appoint a proxy. Subject to our By-Laws, the exercise of their right shall not be unduly restricted and any doubt about the validity of a proxy should be resolved in the stockholder's favor.

The proxies, attendance, and votes cast at the 2022 ASM were tabulated by the Stock Transfer Agent (Metrobank-Trust Banking Group), and validated by SGV & Co. in its capacity as third-party validator.

The results of the votes taken were disclosed the following working day. The Minutes of the Annual Stockholders' Meeting was made publicly available on May 2, 2022 and posted on the Bank's website.

### Protecting Customers Anytime, Anywhere

It is the obligation and privilege of the Bank to protect the interests of its customers. From the Board and management, to all our employees, it is everyone's duty to serve and protect the customers.

The Bank sets a high standard of service when dealing with customers and creditors. Everyone must follow the five pillars of customer protection:

- Disclosure and Transparency
- Protection of Client Information
- Fair Treatment
- Effective Recourse
- Financial Education and Awareness

The Bank makes sure everyone lives up to these ideals by coming up with a Customer Protection Policy. This allowed the Bank to integrate a customer-centric mindset in its daily operations and dealings. Overseeing the Bank's practices is the Board, through the Executive Committee.

To meet the requirements of the regulators and the expectations of customers, the Bank keeps its policy and processes updated such as standardizing customer handling processes and redefining turnaround time for resolving incidents.

Through its Social Media Risk Management Policy, the Bank makes sure customers are protected on social media. The policy guides covered individuals on the business and legal risks in using social media.

All these rules enable the Bank to respect coworkers and customers' privacy, protect their information confidentiality and security, and safeguard the Bank's information and assets.

### **Supplier and Contractor Selection**

The Bank has set in place accreditation/re-accreditation and selection mechanisms to make sure it partners with the right and capable suppliers and contractors. This is in accordance with BSP regulations. The Bank's suppliers and contractors are subject to rigorous annual performance evaluation.

When purchasing products or contracts for services, the Bank undertakes strict canvassing and bidding so that it secures the best deals in terms of price, quality of materials or work, delivery timeframe, and other related terms and conditions.

The Bank's Outsourcing Policy, which is compliant with BSP regulations, serves as a reference whenever a business unit intends to tap third parties for an activity or function.

### Putting Employees' Health, Safety and Welfare First

Employees' health and wellbeing is the Bank's top priority. As such, safety and wellness programs are designed to ensure all aspects of the employees' well-being.

## **Physical Well-being**

In support of the government's goal to reach herd immunity, the Bank intensified its #VaxForMetrobankers program. Employees gained better understanding and knowledge about vaccination through webinars and other helpful FAQs content provided by the Bank's health partner, ActiveOne.

Ninety-eight percent of more than 13,000 Metrobankers and 99.7% or 4,998 of agency employees have received at least one dose of the COVID-19 vaccine as of 2022.

### Other efforts

- The Bank, with ActiveOne, continues to manage and monitor all employees affected by COVID-19 whether they are a probable, suspect, confirmed case, or close contact case.
- Educate employees about COVID-19 through safety advisories, webinars, and other informational content.

- Health and safety protocols (e.g., face mask wearing, social distancing, and safety precautions for employees living with healthcare workers) are also updated to align with the government's latest COVID-19 guidelines.
- Dining halls in Metrobank Plaza, Metropark, Metrobank Center, and Metrobank Card Center are installed with a good ventilation system and reconfigured for safer physical distancing.

MetrobankCARES is the Bank's flagship mental health and wellness program aimed at enabling a healthy, productive workforce.

The program focuses on these pillars:

- Implement the Mental Health Social Policy
- Advocate all aspects of wellness in the workplace be it physical, emotional, social, financial, occupation, and spiritual
- Promote self-awareness, self-care, and care for others by responding promptly to employee's needs through Look, Listen, and Link model
- Educate and build one's capability through training such as Mental Wellness Self-Check

## TRANSPARENCY

Metrobank ensures and promote transparency in all its affairs, especially when it is aimed at protecting the welfare of the Bank, its shareholders, and customers. To show its openness, the Bank complies with the following policies and obligations:

# **Prohibiting Insider Trading**

As a publicly listed company, Metrobank protects shareholders from individuals who may get hold of valuable information that are not readily available in the market for their unfair benefit. The Bank's Insider Trading Policy, which is part of the CGM and available on the company website, ensures that it strictly follows a "need-to know basis" for disclosing material and non-public information about any of the companies within the Metrobank Group or its partners.

In accordance with this policy, the following are prohibited from trading during blackout periods:

- All directors and specific employees within the Metrobank Group and their immediate family members residing in the same household
- Corporate, other entities, and funds subject to their influence or control

These individuals and reporting insiders disclose their respective beneficial ownership of Metrobank shares, if they have any. They also report to the Bank any changes on the next trading day following the date of the change, as per the SEC and Philippine Stock Exchange requirements.

## Whistleblowing Policy

Whistleblowing prevents corruption, violations, and malpractice. As such, the Bank follows a Whistleblowing Policy to create a safe space and secure process so that anyone can "blow the whistle" and speak up without fear of retribution. Reports or concerns may be filed through Metrobank website or emailed to <u>whistleblowing@metrobank.com.ph</u> or messaged via the text hotline at (+63)9427471359.

Employees of Metrobank and other stakeholders may file complaints with the Chief Audit Executive/Head of the Internal Audit. Exceptional cases may be filed directly with the Chairman of the Board.

Employees have continuously taken a proactive stance to protect the Bank. In 2022, the Bank received reports on varying issues – from health and safety protocol, to alleged violations of the Code of Conduct. All reports were reviewed and investigated by the involved business units to ensure they are addressed and closed.

### **Dividend Policy**

The Bank's dividend policy is part of its capital management process that ensures the Bank has sufficient resources to support long term growth. At the same time, it aims to improve the returns to shareholders.

In February 2022, the Board approved a new dividend policy. The annual regular cash dividends will be equal to PHP1.60 per common share which is equivalent to 8% of par value. The regular cash dividend will be paid in two (2) equal semi-annual tranches of PHP0.80 per share, in March and in September.

The Board determines according to laws and regulations how the dividends are declared and paid out of the Bank's unrestricted retained earnings.

The majority of the Board approves the declaration of cash dividends. The record date should not be earlier than ten trading days from the declaration, while payment date should not be later than eighteen trading days from the record date. Meanwhile, stock dividends require prior clearance from the BSP, the SEC, and the PSE.

The Board may also approve special cash dividends in addition to the regular cash dividends from time to time. The cash dividend payout depends on the Bank's earnings, cash flows, financial condition, and regulatory requirements for capital, among other factors.

On the other hand, payout may be restricted should the Bank undertake major projects and developments that will require substantial cash outflow, among other circumstances. In these cases, the Board may change the dividend ratio based on results of its operations, plans, and projects.

### **Compensation Policy**

The Bank makes sure its compensation packages are attuned to the operations and risk culture, long-term strategic and financial interests, and labor laws and regulations. It is designed to promote people to perform and excel at what they do. To attract and retain the best people, the Bank ensures that compensation remains competitive against industry standards.

## Directors' Compensation Package

Board directors take home a fixed package, which includes a per diem, transportation allowance, and other fees. They receive pay based on their banking or finance experience, professional background, level of responsibilities, attendance in Board and committee meetings, and market conditions.

As such, Executive Directors receive compensation as our full-time executive officers, while Non-Executive Directors receive a per diem and other fees for attending Board and committee meetings.

### Executive and Employee Compensation

Executive officers and employees receive salaries that are proportionate to their qualifications and experience, job nature, position, and level of responsibility within an approved salary scale.

Composed of fixed pay and variable bonus, the package is reviewed regularly and benchmarked against competition through an annual industry compensation and benefit surveys. The Bank's Corporate Governance and Compensation Committee makes sure that the compensation strategy follows the Bank's culture, business environment, and industry practice.

### Pay for Performance

The Bank rewards performance through annual merit increases and performance bonuses (non-guaranteed to officers) based on the Bank's, group, and individual performances, as well as market conditions.

The Bank makes sure that the pay based on performance is done right by implementing annual performance scorecards.

# Fair Compensation

Labor laws and requirements guide the compensation package for non-officers or rank-and-file employees whose salaries are also linked to both their performance and our contractual obligation under a collective bargaining agreement. The CBA includes loyalty bonuses for long-term employees.

### Supporting the Country Towards Sustainability

Metrobank believes banking is a social business that empowers people and their communities to realize and reach their full potential. Thus, the Bank supports initiatives that create better education outcomes, bring peace and order, and put the arts at the center of nation building. Comprehensive community and social responsibility programs are conducted by the Metrobank Foundation, the Bank's corporate social responsibility arm, and the employees through the Purple Hearts Club (PHC).

The Bank also enables customers and clients to create more opportunities and values by building innovative products and raising their knowledge through financial education initiatives.

As a responsible corporate citizen, the Bank is conscious of its environmental footprint and thus continuously seek to integrate sustainable practices that contribute to the operational eco-efficiency, as well as to a thriving, resilient economy.

## **Corporate Governance Scorecard**

The Bank's Integrated Annual Corporate Governance Report (I-ACGR) was submitted to SEC on May 27, 2022 and a copy was posted in the Bank's website. The I-ACGR provides a consolidated reporting tool to disclose compliance/non-compliance with the recommendations provided under the Corporate Governance Code for Publicly-Listed Companies as well as practices under the PSE CG Guidelines and the ASEAN Corporate Governance Scorecard.

The Bank has substantially complied with the recommendations of the Code of Corporate Governance for Publicly-Listed Companies.

## Plans for Improvement of Corporate Governance

Commitment to having good corporate governance remains at the heart of the Bank's overall strategy and strong risk culture. The Board plays a key role in overseeing management performance and ensuring that controls and systems of check and balance are in place and effective. Hence, continuous adoption of best practices in corporate governance coupled with the aim of facilitating sustained growth and steady improvement of the corporate value in the medium and long term will be the foremost focus.

## Awards

- Bank of the Year in the Philippines, The Banker
- Strongest Bank in the Philippines, The Asian Banker

A separate schedule showing financial soundness indicators of the Group as of December 31, 2022 and 2021 is presented in Exhibit "7" as an attachment to this report.

#### 2022 Performance

#### **Financial Position**

The audited consolidated total assets and total liabilities of the Metrobank Group as of December 31, 2022 stood at P2.84 trillion and P2.52 trillion, respectively. Compared with December 31, 2021, total assets and total liabilities went up by P340.27 billion or 13.60% and by P339.92 billion or 15.63%, respectively. On the other hand, equity attributable to equity holders of the Parent Company stood at P318.51 billion as of December 31, 2022 and 2021.

Due from BSP which represents 8.89% of the Group's total assets decreased by 0.25% on account of lower levels of term deposit and overnight facility placements maintained with BSP. Due from Other Banks increased by P26.64 billion or 54.56% as a result of the net movements in the balances maintained with various local and foreign banks.

Total investment securities which consisted of FVTPL, FVOCI and securities at amortized cost represents 32.07% and 31.30% of the Group's total assets as of December 31, 2022 and 2021, respectively, went up by P128.43 billion or 16.39%. The increase was due to the net effect of the growth in the portfolios of FVTPL and securities at amortized cost partially reduced by lower portfolio of FVOCI securities. Securities at amortized cost went up by P233.97 billion particularly on investments in treasury notes and bonds. FVTPL securities consist of HFT securities and derivative assets amounting to P39.16 billion and P24.44 billion, respectively, as of December 31, 2022 and P40.94 billion and P9.85 billion, respectively, as of December 31, 2021. FVOCI securities decreased by P118.34 billion due to lower portfolio of debt securities.

Net loans and receivables, representing 49.89% and 49.39% of the Group's total assets as of December 31, 2022 and December 31, 2021, respectively, went up by P182.31 billion or 14.75% contributed by the growths in all segments – corporate, commercial and consumer (particularly credit card portfolio). Property and Equipment increased by P1.37 billion or 5.31% due to acquisitions of various furniture, fixture and office equipment, renovations of various branches and recognition of ROU assets on new assets/properties leased in 2022. Investment Properties increased by P0.57 billion or 7.83% due to new foreclosures during the year. Other Assets decreased by P1.39 billion or 11.38% from P12.25 billion to P10.86 billion primarily due to the net movements in miscellaneous assets, software cost and inter-office float items.

Deposit liabilities represent 88.32% and 88.75% of the consolidated total liabilities of the Group as of December 31, 2022 and 2021, respectively, wherein, low cost deposits represent 66.61% and 75.78% of the Group's total deposits, respectively. The Group's deposit level, sourced by the Bank, PSBank and MBCL reached P2.22 trillion as of December 31, 2022, an increase of P290.84 billion or 15.07% from P1.93 trillion as of December 31, 2021 on account of the growth in time deposits by P277.37 billion and CASA deposits by P16.83 billion partially reduced by the maturity of the P3.36 billion LTNCD of PSBank.

Bills Payable and SSURA went up by P20.99 billion or 29.84% largely on account of the P16.32 billion increase in SSURA and P4.67 billion increases in other borrowings including interbank borrowings. Derivative Liabilities which represent mark-to-market of foreign currency forwards, interest rate swaps, cross currency swaps, foreign currency options and bond futures with negative fair value increased by P8.52 billion or 102.0%. The increase of P1.11 billion or 20.48% in Manager's Checks and Demand Drafts Outstanding resulted from the normal banking operations of the Bank and PSBank. Income Taxes Payable decreased by P0.27 billion or 15.49%. Accrued Interest and Other Expenses went up by P4.10 billion or 41.57% due to the increase in interest accruals for deposit liabilities and borrowings (volume-related) and other bank expenses. Bonds payable increased by P8.59 billion or 10.76% due to the net effect of the P23.7 billion additional bonds issued in October 2022; redemption of P17.5 billion fixed rate bonds in April 2022; and the movement in the peso value of the USD-denominated senior unsecured notes issued by the Parent Company. Other Liabilities increased by P6.53 billion or 11.36% primarily due to the increases in accounts payable, bills purchased contra and marginal deposits.

Equity attributable to equity holders of the Parent Company stood at P318.51 billion as of December 31, 2022 or a very minimal movement compared with previous year. The P32.78 billion net income for the year reduced by the P13.49 billion total cash dividends paid by the Bank and the P19.33 billion increase in net unrealized loss recognized in investment securities at FVOCI, accounted for the minimal movement in this account.

## **Results of Operations**

For the year ended December 31, 2022, net income attributable to equity holders of the Parent Company improved to P32.78 billion or by 47.93% (P10.62 billion) from the P22.16 billion net income reported in previous year. The increase was driven by the following:

Interest income went up by P15.19 billion or 17.43% mainly due to increases in interest income on investment securities by P9.62 billion (due to higher volume of investment securities at amortized cost), interest income on loans and receivables by P4.66 billion and interest income on interbank loans receivable by P0.68 billion. Meanwhile, total interest expense increased by P4.71 billion or 38.86% due to the net effect of the higher interest expense on deposit liabilities by P5.92 billion and lower interest expense on borrowings by P1.21 billion (mainly due to maturities of various fixed rate bonds). As a result, net interest income improved by P10.48 billion or by 13.96%.

Other operating income of P26.79 billion was up by P0.96 billion or 3.72% from P25.83 billion in 2021 on account of higher fee-based income by P1.62 billion and profit from asset sold by P0.52 billion reduced by the P1.33 billion decrease in net trading securities and foreign exchange gain.

Total operating expenses were maintained at almost same level with previous year and increased only by P1.52 billion or 2.56% from P59.47 billion to P61.0 billion contributed mainly by higher compensation and fringe benefits of P0.86 billion or 3.41% and miscellaneous expenses of P1.07 billion or 6.0% on account of the increases in IT expenses and advertising and publicity. Total provision for credit and impairment losses of the Group amounted to P8.11 billion for the year ended December 31, 2022 or P3.72 billion lower compared with P11.83 billion provision in 2021. Provision for income tax was higher by P2.84 billion from P7.78 billion to P10.62 billion due to net movements in corporate, final and deferred income taxes. Last year's provision for income tax rate under CREATE law.

Income attributable to non-controlling interests went up to P0.52 billion from P0.21 billion or by P0.31 billion or 150.96% due to higher net income of majority owned subsidiaries.

Total comprehensive income went up by P1.30 billion from P12.70 billion for the year ended December 31, 2021 to P14.0 billion for the same year in 2022 mainly due to improvement in net income reduced by the increase in net unrealized loss recognized this year on FVOCI investments. This caused the total comprehensive income attributable to equity holders of the Parent Company to increase by P1.20 billion from P12.30 billion in 2021 to P13.50 billion for the year ended December 31, 2022.

Market share price as of December 31, 2022 was at P54.0 (from P55.70 as of December 31, 2021) with a market capitalization of P242.86 billion.

### 2021 Performance

## Financial Position

As of December 31, 2021, the Metrobank Group posted a total assets of  $\cancel{P}2.50$  trillion or higher by  $\cancel{P}47.65$  billion compared with  $\cancel{P}2.46$  trillion as of December 31, 2020. Total liabilities of the Group increased to  $\cancel{P}2.18$  trillion from  $\cancel{P}2.12$  trillion or by  $\cancel{P}53.10$  billion. On the other hand, equity attributable to equity holders of the Parent Company was lower by  $\cancel{P}5.70$  billion from  $\cancel{P}324.20$  billion to  $\cancel{P}318.51$  billion.

Cash and Other Cash Items increased by P2.83 billion or 7.36%. Due from BSP which represents 10.12% of the Group's total assets decreased by 16.94% on account of lower level of overnight deposit facility placement partially offset by the increases in term deposit and reserve requirement. Due from Other Banks increased by P10.60 billion or 27.72% as a result of the net movements in the balances maintained with various local and foreign banks. Interbank Loans Receivable and SPURA went down by P8.95 billion or 11.27% due to the P22.12 billion decrease in SPURA offset by the P13.17 billion increase in interbank loans receivable.

Total investment securities which consisted of FVTPL, FVOCI and securities at amortized cost and represents 31.30% and 27.30% of the Group's total assets as of December 31, 2021 and 2020, respectively, went up by P113.12 billion or 16.88%. The increase was due to the net effect of the growth in FVOCI and securities at amortized cost and decrease in FVTPL securities. FVOCI securities increased by P79.36 billion particularly on treasury notes and bonds (P90.88 billion) and BSP bonds (P48.42 billion) offset by the decrease in treasury bills (P63.44 billion). Securities at amortized

34

cost went up by P60.52 billion particularly on treasury bills, notes and bonds. In 2020, the Group disposed of investment securities at amortized cost with total carrying value of P113.5 billion as disclosed in Note 8 of the audited financial statements of the Group as presented in Exhibit 6. FVTPL securities consist of HFT securities and derivative assets amounting to P40.94 billion and P9.85 billion, respectively, as of December 31, 2021 and P65.71 billion and P11.85 billion, respectively, as of December 31, 2020.

Net loans and receivables, representing 49.39% and 51.03% of the Group's total assets as of December 31, 2021 and 2020, respectively, went down by P16.86 billion or 1.35% due to lower portfolio of consumer loans offset by the higher portfolios of corporate loans. Investments in Associates and a Joint Venture went down by P0.40 billion or 6.35% due to lower net income of the associates and additional impairment recognized on the investment in LCMC (as discussed on Note 11 of the audited financial statements of the Group as presented in Exhibit 6). Deferred Tax Assets decreased by P0.93 billion or 6.66% due to net effect of the decrease in tax rate under the CREATE Law and movements on temporary tax differences. Other Assets decreased by P0.94 billion or 7.09% from P13.18 billion to P12.25 billion primarily due to movements in miscellaneous assets, chattel properties acquired in foreclosures, amortization of software cost and prepaid expenses.

Deposit liabilities represent 88.75% and 84.69% of the consolidated total liabilities as of December 31, 2021 and 2020, respectively, wherein, low cost deposits represent 75.78% and 72.97% of the Group's total deposits, respectively. The Group's deposit level, sourced by the Bank, PSBank and MBCL reached P1.93 trillion as of December 31, 2021, an increase of P133.07 billion or 7.40% from P1.80 trillion as of December 31, 2020. The increment came from demand and savings deposits by P73.06 billion and P78.30 billion, respectively, while time deposits went down by P12.06 billion. Further, the P6.25 billion LTNCD of the Parent Company had matured in November 2021.

Bills Payable and SSURA representing 3.23% and 6.58% of the Group's total liabilities as of December 31, 2021 and 2020, respectively, went down by P69.28 billion or 49.62% due to the P42.26 billion decrease in SSURA and lower borrowings from foreign banks, local banks and deposit substitutes by P12.09 billion, P10.66 billion and P4.27 billion, respectively. Derivative Liabilities which represent mark-to-market of foreign currency forwards, interest rate swaps, cross currency swaps, credit default swaps and foreign currency options with negative fair value decreased by P5.12 billion or 37.99%.

The decrease of P0.63 billion or 10.42% in Manager's Checks and Demand Drafts Outstanding resulted from normal banking operations of the Bank and PSBank. Income taxes payable decreased by P0.96 billion or 35.49% due to lower tax base and new tax rate and Accrued Interest and Other Expenses went up by P0.71 billion or 7.75% due to the increase in accruals of other bank expenses. Total bonds payable decreased by P11.57 billion on account of the movements on the fixed rate bonds issued by the Parent Company - P19.0 billion additional bonds issued in June 2021 and redemption of the P11.25 billion and P10.5 billion bonds in July and September of this year, respectively; and the redemption of the P6.3 billion fixed rate bonds of PSBank in July 2021 and the P4.16 billion fixed rate bonds of ORIX METRO. Details of these bonds are discussed in Note 19 of the audited financial statements of the Group as presented in Exhibit 6.

Non-equity Non-controlling Interest representing the portion of net income and net assets of the mutual fund subsidiaries of FMIC not attributed to the Group went up by P2.30 billion or 27.71% on account of the net increase in income of these mutual funds. Other Liabilities increased by P4.57 billion or 8.64% primarily due to the P7.83 billion increase in marginal deposits offset by the P4.76 billion decrease in bills purchased contra.

Equity attributable to equity holders of the Parent Company decreased by P5.70 billion or 1.76% primarily due to the P17.99 billion total cash dividends paid by the Bank, net unrealized loss on investments securities at FVOCI recognized during the year offset by the P22.16 billion net income for the year.

# **Results of Operations**

For the year ended December 31, 2021, interest income went down by P20.61 billion or 19.12% mainly due to lower interest income on loans and receivables by P20.17 billion (volume related and interest rate cap on credit card) and interest income on investment securities by P0.96 billion partially offset by the P0.52 billion increase in interest income on deposit with banks and others. Meanwhile, lower interest expense on deposit liabilities by P5.82 billion and on borrowings by P3.73 billion accounted for the decrease of P9.55 billion or 44.06% in interest and finance charges. These resulted to a P11.06 billion or 12.84% decline on net interest income.

Other operating income of P25.83 billion decreased by P9.30 billion or 26.47% from P35.13 billion in 2020 on account of lower net trading and securities gain by P11.38 billion (due to last year's disposal of investment securities at amortized cost by the Group with total carrying value of P113.5 billion as discussed in Note 8 of the audited financial statements of the Group as presented in Exhibit 6) and the P2.46 billion decrease in foreign exchange gain offset by the

increases in fee-based income by P1.71 billion, profit from assets sold by P0.37 billion and miscellaneous income by P2.33 billion.

Total operating expenses was maintained at same level with slight decrease of P0.65 billion or 1.08% from P60.12 billion to P59.47 billion with lower occupancy and equipment-related costs by P0.13 billion or 6.35% and taxes and licenses by P2.0 billion or 20.09% offset by the increases in miscellaneous expenses by P0.21 billion or 1.21% and compensation and fringe benefits by P0.38 billion or 1.52%. Total provision for credit and impairment losses of the Group amounted to P11.83 billion for the year ended December 31, 2021 or P28.93 billion lower compared with P40.76 billion provision in 2020. Provision for income tax, after considering the net impact of the new tax rate under CREATE Law, was higher by P0.73 billion from P7.05 billion to P7.78 billion due to net movements in corporate, final and deferred income taxes.

Income attributable to non-controlling interests went up to P0.21 billion from P0.14 billion or by P0.07 billion or 45.45% due to higher net income of majority owned subsidiaries.

As a result, net income attributable to equity holders of the Parent Company for the year ended December 31, 2021 improved by <del>P</del>8.33 billion or 60.19% to P22.16 billion from the P13.83 billion net income reported in 2020.

Total comprehensive income went down by P6.62 billion from P19.32 billion to P12.70 billion for the year ended December 31, 2021 and 2020, respectively, due to the net effect of the net unrealized loss recognized this year on FVOCI investments compared with gain in previous year, mitigated by the higher net income and increase in translation adjustment and others. This caused the total comprehensive income attributable to equity holders of the Parent Company to decrease by P6.84 billion from P19.14 billion in 2020 to P12.30 billion for the year ended December 31, 2021.

Market share price as of December 31, 2021 was at P55.70 (from P49.05 as of December 31, 2020) with a market capitalization of P250.51 billion.

#### 2020 Performance

#### **Financial Position**

As of December 31, 2020, the Metrobank Group posted a total assets of P2.46 trillion or higher by P4.35 billion compared with P2.45 trillion as of December 31, 2019. Total liabilities of the Group decreased to P2.12 trillion from P2.13 trillion or by P10.33 billion. On the other hand, equity attributable to equity holders of the Parent Company was higher by P14.65 billion from P309.55 billion to P324.20 billion.

Cash and Other Cash Items increased by  $\clubsuit5.51$  billion or 16.73%. Due from BSP which represents 12.42% of the Group's total assets increased by 38.60% due to the net effect of the increase in overnight deposit facility placement and term deposit with the BSP and lower reserve requirement. Due from Other Banks decreased by  $\clubsuit16.53$  billion or 30.19% as a result of the net movements in the balances maintained with various local and foreign banks. Interbank Loans Receivable and SPURA went up by  $\clubsuit7.22$  billion or 10.0% due to the  $\clubsuit20.25$  billion increase in interbank loans receivable reduced by the  $\clubsuit13.03$  billion decrease in securities under resale agreement with the BSP.

Total investment securities which consisted of FVTPL, FVOCI and securities at amortized cost and represents 27.30% and 21.05% of the Group's total assets as of December 31, 2020 and 2019, respectively, went up by  $\clubsuit$ 154.27 billion or 29.90%. FVTPL securities consist of HFT securities and derivative assets amounting to  $\clubsuit$ 65.71 billion and  $\clubsuit$ 11.85 billion, respectively, as of December 31, 2020 and  $\clubsuit$ 53.38 billion and  $\clubsuit$ 8.49 billion, respectively, as of December 31, 2020 and  $\clubsuit$ 53.38 billion and  $\clubsuit$ 8.49 billion, respectively, as of December 31, 2019. The  $\clubsuit$ 366.93 billion increase in FVOCI securities was mainly due to the net effect of the increases in investments in treasury notes and bonds ( $\clubsuit$ 230.56 billion), treasury bills ( $\clubsuit$ 81.50 billion) and BSP bonds ( $\clubsuit$ 30.05 billion). In 2020, the Group disposed of investment securities at amortized cost as discussed in Note 8 of the audited financial statements of the Group as presented in Exhibit 6.

Net loans and receivables, representing 51.03% and 60.53% of the Group's total assets as of December 31, 2020 and 2019, respectively, went down by P230.64 billion or 15.55% due to lower portfolios of corporate, commercial and consumer loans. Investments in Associates and a Joint Venture went down by P0.34 billion or 5.20% due to lower net income and other comprehensive income of the associates and a joint venture. Deferred Tax Assets increased by P3.52 billion or 33.45% due to movements on temporary tax differences. Other Assets decreased by P2.39 billion or 15.35% from P15.57 billion to P13.18 billion primarily due to the decreases in interoffice float items and creditable withholding tax.

Deposit liabilities represent 84.69% and 80.39% of the consolidated total liabilities as of December 31, 2020 and 2019, respectively, wherein, low cost deposits represent 72.97% and 62.86% of the Group's total deposits, respectively. The Group's deposit level, sourced by the Bank, PSBank and MBCL reached  $\cancel{P}1.80$  trillion as of December 31, 2020, an increase of  $\cancel{P}83.07$  billion or 4.85% from  $\cancel{P}1.71$  trillion as of December 31, 2019. The increment came from demand and savings by  $\cancel{P}103.51$  billion and  $\cancel{P}130.35$  billion, respectively, while time deposits went down by  $\cancel{P}142.79$  billion. Further, the  $\cancel{P}8.00$  billion long-term negotiable certificates of deposits of the Parent Company had matured in April 2020.

Bills Payable and SSURA representing 6.58% and 11.17% of the Group's total liabilities as of December 31, 2020 and 2019, respectively, went down by P98.67 billion or 41.41% due to the net effect of lower borrowings from foreign banks by P38.43 billion, local banks by P7.81 billion and deposit substitutes by P53.99 billion offset by the P1.57 billion increase in SSURA. Derivative Liabilities which represent mark-to-market of foreign currency forwards, interest rate swaps, cross currency swaps, credit default swaps and foreign currency options with negative fair value increased by P6.04 billion or 81.30%.

The decrease of P0.78 billion or 11.49% in Manager's Checks and Demand Drafts Outstanding resulted from normal banking operations of the Bank and PSBank. Income taxes payable decreased by P1.48 billion or 35.27% and Accrued Interest and Other Expenses went down by P1.35 billion or 12.86% due to decrease in accruals of interest expenses. Bonds payable increased by P10.91 billion or 13.56% on account of the  $\Huge{P}4.65$  billion fixed rate bonds issued by PSBank, the  $\Huge{P}10.50$  billion fixed rate bonds and USD500 million senior unsecured notes net of the maturity of  $\Huge{P}28.0$  billion fixed rate bonds issued by the Parent Company. Details of these bonds are discussed in Note 19 of the audited financial statements of the Group as presented in Exhibit 6. On August 8, 2020, the Parent Company redeemed its 2025 Notes ahead of its maturity, which caused the decrease in Subordinated Debts.

Non-equity Non-controlling Interest representing the portion of net income and net assets of the mutual fund subsidiaries of FMIC not attributed to the Group went up by P1.76 billion or 26.89% due to the net effect of the increase in income and the decrease in ownership of these mutual funds. Other Liabilities decreased by P3.35 billion or 5.95% primarily due to the decreases in bills purchased contra (P3.10 billion), notes payable (maturity in 2020 of the unsecured notes issued by ORIX Metro amounting to P2.59 billion) and marginal deposits (P0.77 billion) offset by the increases in accounts payable (P2.59 billion) and miscellaneous liabilities (P2.84 billion).

Equity attributable to equity holders of the Parent Company increased by P14.65 billion or 4.73% mainly due to the net income reported during the year and improvement in net unrealized gain on investment securities at FVOCI.

#### **Results of Operations**

For the year ended December 31, 2020, interest income went down by  $\mathbb{P}8.40$  billion or 7.23% resulting from lower interest income on loans and receivables by  $\mathbb{P}10.16$  billion partially offset by the improvements in interest income on investment securities by  $\mathbb{P}0.54$  billion and on interbank loans receivable, deposit with banks and others by  $\mathbb{P}1.22$  billion. Meanwhile, lower interest expense on deposit liabilities by  $\mathbb{P}12.08$  billion and on borrowings by  $\mathbb{P}5.43$  billion accounted for the decrease of  $\mathbb{P}17.51$  billion or 44.67% in interest and finance charges. These resulted to a  $\mathbb{P}9.11$  billion or 11.83% improvement on net interest income.

Other operating income of  $\mathbb{P}35.13$  billion increased by  $\mathbb{P}6.08$  billion or 20.91% from  $\mathbb{P}29.05$  billion in 2019 on account of higher net trading and securities and gain by  $\mathbb{P}9.27$  billion and foreign exchange gain by  $\mathbb{P}0.61$  billion net of the decreases in fee-based income by  $\mathbb{P}2.56$  billion and miscellaneous income by  $\mathbb{P}0.73$  billion. The disposal of investment securities at amortized cost by the Group in 2020 (as discussed in Note 8 of the audited financial statements of the Group as presented in Exhibit 6) resulted to a gain of  $\mathbb{P}8.18$  billion.

Total operating expenses increased by P2.21 billion or 3.82% from P57.91 billion to P60.12 billion with higher compensation and fringe benefits by P1.18 billion or 4.99%, occupancy and equipment-related costs by P0.21 billion or 11.41% and miscellaneous expenses by P1.10 billion or 6.66%. To recognize the impact of the current COVID-19 pandemic, the Group's provision for credit and impairment losses was increased to P40.76 billion from P10.08 billion in previous year. Provision for income tax was lower by P3.02 billion from P10.06 billion to P7.05 billion due to net movements in corporate, final and deferred income taxes.

Income attributable to non-controlling interests went down to P0.14 billion from P0.82 billion or by P0.68 billion or 82.54% due to lower net income. The audited income attributable to equity holders of the Parent Company for the year 2020 went down by P14.22 billion or 50.70% to P13.83 billion from the P28.06 billion net income reported in 2019.

Total comprehensive income went down by P13.22 billion from P32.54 billion to P19.32 billion for the year ended December 31, 2020 and 2019, respectively, due to the net effect of the decrease in net income, lower net unrealized gain recognized this year on FVOCI investments and the gain recognized in retirement liability. Total comprehensive income attributable to equity holders of the Parent Company for the year ended December 31, 2020, went down to P19.14 billion or by P12.07 billion from P31.21 billion for the same year in 2019.

Market share price was at P49.05 from P66.30 as of December 31, 2019 with a market capitalization of P220.60 billion as at December 31, 2020.

#### Key Variable and Other Qualitative and Quantitative Factors

#### Plans for 2023

As business activities continue to increase, Metrobank looks forward to grow alongside the economy in supporting clients' needs. Key strategies are focused on enhancing customer experience by building capacity to expand digital banking solutions, grow the branch network, continue to improve controls and operational efficiency, optimize cross-selling opportunities, and invest in people development.

The Bank is cognizant that the evolving digital and operating environment calls for a robust IT infrastructure, strong control and risk management practices. Thus, substantial investment is allocated to the Bank's IT projects to enhance information security, process efficiencies, and risk management & control systems to protect its shareholders and clients' interest.

The Bank remains dedicated to continue its financial education initiatives across new and unserved markets through its recently launched e-book platform - Moneybility, as well as the traditional face-to-face banking relations, and other electronic channels such as ATMs, mobile applications and online capabilities. The Bank will also continue to support Corporate Social Responsibility (CSR) activities, recognizing its role of being an active participant in the pursuit of nation-building.

Despite the lingering uncertainties brought about by the pandemic and the Russian-Ukraine conflict, the Bank is firmly focused on its objectives and core business of delivering Meaningful Banking services with relevant financial solutions, best-in-class customer experience and secured & efficient operations. These efforts are anchored on the Bank's Core Values program, reinforcing its customer promise that "You're in Good Hands".

#### **Capital position**

The Bank will continue to actively improve on the Group's strong capital position. The Bank has benefited from a series of capital markets transactions to raise Tier 1 and Tier 2 capital.

In 2006, the Bank issued US\$125.0 million Hybrid Tier 1 capital security in February and 173,618,400 common shares at P38.00 per common share in October. In May 2010, the Bank raised an additional P5.0 billion in capital through a private placement of common shares. In January 2011, the Bank raised approximately US\$220.0 million through a rights offer for 200 million common shares at the offer price of P50.00 per rights share. In August 2013, the Bank increased its capital stock from P50 billion to P100 billion and on September 16, 2013, it issued a stock dividend equivalent to 633,415,049 common shares (with a par value of P20) that was applied as payment of the required subscription to the increase in capital stock. In April 2015, the Bank raised P32.0 billion through a rights offer for 435,371,720 common shares with par value of P20.00 priced at P73.50 per share. The newly issued shares were listed on the PSE on April 7, 2015. Further, in April 2018, the Bank raised P60.0 billion through a rights offer for 799,842,250 common shares with par value of P20.00 priced at P75.00 per share. The newly issued shares were listed on the PSE on April 12, 2018. In October 2019, the Bank increased its capital stock from P100 billion to P140 billion and on November 26, 2019, it issued a stock dividend equivalent to 517,401,955 common shares (with a par value of P20) that was applied as payment of the required subscription to the increase in capital stock dividend equivalent to 517,401,955 common shares (with a par value of P20) that was applied as payment of the required subscription to the increase in capital stock, which further improved the Bank's capital position.

The Bank also issued Tier 2 instruments to boost its capital adequacy ratio. The Bank issued Basel II compliant Tier 2 subordinated notes in October 2007 for  $\clubsuit8.5$  billion with a coupon of 7.0%; in October 2008 for  $\clubsuit5.5$  billion with a coupon of 7.75%; and in May 2009 for  $\clubsuit4.5$  billion with a coupon of 7.5%. With the advent of Basel III, the Bank subsequently redeemed these previously issued subordinated debt issuances as they would not have been considered as capital beginning January 1, 2014. The Bank exercised the call option on its \$8.5 billion 7.0%; \$5.5 billion 7.75% and \$4.5 billion 7.5% Lower Tier 2 Notes on October 22, 2012, October 4, 2013 and May 6, 2014, respectively. The early redemptions of these instruments were in accordance with the terms and conditions of the notes when they were originally issued. By redeeming the notes, the Bank avoided a step-up in the interest rate and the capital decay from the

instruments. In 2014, the Bank raised a total of P22.5 billion in subordinated debt wherein P16.0 billion was issued on March 27, 2014 at a coupon rate of 5.375% and P6.5 billion on August 8, 2014 at 5.25%. The terms of the notes contain a loss absorption feature, allowing them to be recognized as bank capital in accordance with Basel III standards. The transactions were done in part to replace the Basel II Tier 2 notes which were redeemed on their call option dates. As approved by the BSP on April 25, 2019, on June 27, 2019, the Bank redeemed its 2024 Peso Notes amounting to P16.0 billion, ahead of its maturity. Likewise, on August 8, 2020, the Bank redeemed the 2025 Peso Notes amounting to P6.5 billion, ahead of its maturity after approval by the BSP on May 7, 2020.

As part of the Group's capital efficiency initiatives, the Group has been active in optimizing its allied and non-allied undertakings. Among the initiatives include the sale of the Bank's ownership in Toyota Motor Philippines Corporation in tranches between 2012 and 2013 as well as the sale of FMIC's holdings in Global Business Power Corporation in tranches between 2013 and 2016 and FMIC's holdings in Charter Ping An Insurance Corporation in 2014. In 2014, the Bank and PSBank also disposed of its holdings in Toyota Financial Services Philippines Corporation. Altogether, these sales further improved the Bank's capital adequacy under Basel III. As discussed in Part I - Business item number 2 "Description of Business-Business of Registrant", on March 13, 2019, the respective BODs of the Bank and MCC approved the proposal to merge MCC into the Bank. The proposed merger was ratified by the stockholders of the Bank on April 24, 2019, approved by the BSP on October 23, 2019, and approved by the SEC on January 3, 2020.

As of December 31, 2022, the Group's Capital Adequacy Ratio (CAR) and Common Equity Tier 1 (CET1) Ratio are 17.68% and 16.83%, respectively, both well above the regulatory requirements.

#### **2022 Economic Performance**

Despite more relaxed mobility restrictions and the reopening of most countries, the previously anticipated faster global growth for 2022 was unexpectedly hampered by geopolitical tensions and external events. In February 2022, the conflict between Russia and Ukraine broke out, which disrupted supply chains and induced an energy crisis especially in Europe, as well as shockwaves in the global commodities market pushing inflation up globally. This led to a more aggressive monetary policy tightening by the US to abate inflation, which then strengthened the dollar and weakened other global currencies. Moreover, this was also the year when China stressed its zero-COVID policy that triggered market volatility, as much relied on said country's demand. These three major events affected the global economy, with global GDP growth in 2022 expected to fall to 2.9% as per estimates of the World Bank and Euromonitor, versus the 3.4% forecast of the International Monetary Fund (IMF), from 6% growth in 2021.

Despite these global headwinds, the Philippines outperformed growth expectations in 2022, as improved domestic conditions offset external challenges. The economy grew by 7.6% for FY 2022, versus 5.7% in 2021. First quarter growth posted the sharpest increase for said year, mostly on base effects. The positive expansions in the 2nd and 3rd quarters put the Philippines as the second-best performing nation among emerging Southeast Asian economies, while 4<sup>th</sup> quarter growth was the highest among Asian economies that have already released their GDP data as of writing. Growth was primarily fueled by private consumption, with pent-up demand driving revenge spending due to the reduction in COVID-19 cases and subsequently the accelerated pace of the economic reopening. Note that election-related and campaign activities during the first half of the year likewise boosted domestic demand and bolstered certain industries such as travel, accommodation, information and publishing, and communication industries, among others.

Full-year average inflation, on the other hand, came in at 5.8%, versus 3.9% in 2021. This was in the face of inflationary pressures from the supply-chain bottlenecks caused by the conflict in Eastern Europe, which elevated global commodity prices, especially for food and fuel items. Further exacerbating headline inflation were the weather disturbances that constricted the supply of various agricultural commodities, as well as shortages in select commodities throughout the year such as salt, sugar, fertilizer, and onions, among others. Second-round effects, which have seeped into transport costs and wages, also pushed prices higher.

Because of the high-inflation environment experienced globally, the US Federal Reserve adopted a hawkish monetary policy stance in 2022, increasing benchmark rates by a cumulative total of 425 basis points (bps) to a range of 4.25% to 4.50% by year-end 2022. As a result, central banks around the world, including the Bangko Sentral ng Pilipinas (BSP), had to assume a tighter monetary stance as well. The BSP hiked policy rates by a total of 350 bps to 5.5% by year-end 2022 to mitigate heightened inflation expectations, the weakening of the local currency, the rise of second-round effects manifested in wage increases and transport fare hikes, and the higher suggested retail prices of several commodities.

Because of aggressive Fed rate action, the peso depreciated substantially in 2022, where it closed at record lows of PHP59:US\$1 twice, during September and October, depreciating by 15.7% since year-end 2021. Nonetheless, the peso was able to rebound in the last few months of 2022 due to interventions by the BSP, the seasonal increase in OFW remittances, and the export season towards yearend. Additionally, markets seemed to already price in rate cuts despite the Fed's continued rate hike signals, which likely strengthened the peso.

In the near term, high inflation is expected to persist, but it will likely ease throughout 2023 to 2024. Thus, borrowing costs will peak this year and will come down in 2024 based on inflation expectations.

For the USD/PHP rate, markets are already pricing in rate cuts even if the Fed is still on hike mode, but the peso is still projected to weaken towards yearend as a potential recovery in China's demand may rally oil prices up in Q2 and also because of the import season of the PH in Q3 as the economy continues to expand.

Though robust growth is still anticipated for the PH in 2023, it is assumed to be lower versus growth in 2022 on account of external headwinds such as the continued conflict between Russia and Europe which will likely continue disrupting supply chains; second-round effects of inflation; effects of BSP's policy rate hikes on spending; and potential acceleration of prices due to a rebound of China's demand stemming from its zero-COVID policy pivot, which will likely push central banks to continue raising interest rates to arrest rising prices whilst reining in consumption and therefore growth. Consequently, the slowdown of advanced economies may pull down the country's growth this year.

#### **Liquidity**

To ensure that funds are more than adequate to meet its obligations, the Bank proactively monitors its liquidity position daily. Based on this system of monitoring, the Bank does not anticipate having any cash flow or liquidity problem within the next twelve months. As of December 31, 2022, the contractual maturity profile shows that the Bank has at its disposal about P1.183 trillion of cash inflows in the next twelve (12) months from its portfolio of cash, placements with banks, debt securities and receivable from customers. This will cover 61.47% of the P1.925 trillion total deposits that may mature during the same period. These cash inflows exclude securities booked in FVTPL and FVOCI whose maturities beyond one (1) year but may easily be liquidated in an active secondary market. Inclusive of these securities, the total current assets will cover 80.02% of the total deposits that may mature within one (1) year. On the other hand, historical balances of deposits showed that no substantial portion has been withdrawn in one year.

#### **Events That Will Trigger Material Direct or Contingent Financial Obligation**

In the normal course of the Group's operations, there are various outstanding commitments and contingent liabilities which are not reflected in the accompanying financial statements. No material losses are anticipated as a result of these transactions.

Several suits and claims relating to the Group's lending operations and labor-related cases remain unsettled. In the opinion of management, these suits and claims, if decided adversely, will not involve sums having a material effect on the Group's financial statements.

#### Material Off-Balance Sheet Transactions, Arrangements or Obligations

The following is a summary of contingencies and commitments of the Group at their peso-equivalent contractual amounts arising from off-balance sheet items as of December 31, 2022 and 2021 (in millions):

	2022	2021
Trust Banking Group accounts	₽510,510	₽589,145
Credit card lines	233,331	188,099
Unused commercial letters of credit	49,097	48,813
Undrawn commitments – facilities to lend	24,578	14,898
Bank guaranty with indemnity agreement	18,023	14,563
Credit line certificate with bank commission	4,771	5,116
Outstanding guarantees	3,769	4,598
Inward bills for collection	2,071	3,165
Outstanding shipside bonds/airway bills	1,294	1,208
Late deposits/payments received	1,047	185
Outward bills for collection	710	848
Confirmed export letters of credits	278	781
Others	35,709	25,475
	<b>₽885,188</b>	<b>₽896,894</b>

The Group has ownership in the following significant unconsolidated entities as of December 31, 2022:

Effective
% of Ownership
35.00%
34.49%
26.52%
30.00%
27.97%
20.00%
13.36%

\* Represents investments in a joint venture of the Group and effective ownership interest of the Bank through PSBank.

## **Material Commitments for Capital Expenditures**

For the year 2023, the Bank estimates to incur capital expenditures of about P3.0 to P5.0 billion, of which 70% is estimated to be incurred for information technology.

## Significant Elements from Continuing Operations

## Standards Issued But Not Yet Effective

Standards issued but not yet effective up to date of issuance of the Group's financial statements are listed in Note 2 of the audited financial statements of the Group as presented in Exhibit 6. The listing consists of standards and interpretations issued, which the Group reasonably expects to be applicable at a future date. The Group intends to adopt these standards when they become effective. Except as otherwise indicated, the Group does not expect the adoption of these new and amended PFRS and Philippine Interpretations to have significant impact on its financial statements. The Group will assess impact of these amendments on its financial position or performance when they become effective.

## **Information on Independent Accountant**

SGV has been the external auditors of the registrant since 1962. In compliance with the revised SRC Rule 68 (3) (b) (ix), the signing partners are rotated after every five years reckoned from the year 2002 (increased to seven cumulative years effective August 2019 per Professional Regulatory Board of Accountancy Resolution No. 53, Series of 2019). The following SGV Partners have reviewed/audited the financial statements of the registrant and signed the reports of the independent auditors for the years ended as indicated below:

SGV Partner	Years Ended December 31
Ms. Janeth T. Nuñez-Javier	2022 and 2021
	2021 and 2020
Ms. Josephine Adrienne A. Abarca	2020 and 2019
	2019 and 2018
Ms. Janeth T. Nuñez-Javier	2018 and 2017
	2017 and 2016
	2016 and 2015
	2015 and 2014
	2014 and 2013
Mr. Aris C. Malantic	2013 and 2012
	2012 and 2011
	2011 and 2010
	2010 and 2009
	2009 and 2008

- 2. The Bank intends to retain SGV as its external auditors for the year 2023. The external auditors are appointed annually by the registrant's BOD and the appointment is ratified by the stockholders during the Annual Stockholders' Meeting.
- 3. The aggregate fees billed and paid for each of the last two fiscal years for professional services rendered by the registrant's external auditors are summarized below:

Nature of Services Rendered		Aggregate Fees (in millions)	
		2022	2021
Audit and Audit-Related Fees	Annual audit of the Bank's financial statements in connection with statutory and regulatory filings; annual audit of the Trust financial statements; limited review of financial statements and offering circulars based on agreed-upon procedures and issuance of comfort letters relative to the issuances of debt securities.	₽17.24	₽24.50
Tax Fees		-	-
All Other Fees	Seminars and others	0.57	0.89
Total Fees		<b>P</b> 17.81	₽25.39

#### Audit Committee's Approval Policies and Procedures for Above Services

The Institutional Accounting Division of the Bank's Controllership Group, upon consultation with the Controller, the Financial and Control Sector Head and the President, reviews the continuing eligibility of the Bank's external auditor and/or other probable candidates, considering certain criteria.

Upon selection by the Controller, the Financial and Control Sector Head and the President, the recommendation for engaging the preferred external auditor shall be presented by the Controller to the Audit Committee, which shall then evaluate and endorse the appointment of the external auditor to the Board of Directors for approval.

On March 23, 2022, the BOD approved the endorsement of the Audit Committee re-appointing SyCip Gorres Velayo & Co. (SGV) as the external auditors for 2022, and it was ratified by the stockholders during the Annual Stockholders' Meeting on April 27, 2022.

#### Appointment of Members and Composition of the Audit Committee

The members of the Audit Committee are appointed annually by the BOD. It shall be composed of at least three (3) qualified non-executive directors, and majority of whom shall be independent directors, including the Chairperson. All of the members of the Audit Committee must have relevant background, knowledge, skills and/or experience in the areas of accounting, auditing and finance commensurate with the size, complexity of operations and risk profile of the bank. It shall have access to independent experts to assist them in carrying out its responsibilities. The Chairman of the Audit Committee should not be the chairman of the board or of any other board-level committees.

Each member shall serve for a maximum tenure of nine years. If a member does not serve the position of director within the term, his/her Audit Committee membership is automatically removed; the vacancy should then be filled up by the remaining BOD, if still constituting a quorum. Once an independent director loses his/her independent director's position within the term, he/she will automatically lose qualification of Audit Committee chairperson. A new chairperson shall be appointed subject to the approval of the BOD. The Audit Committee chairperson or member so appointed to fill a vacancy shall be appointed only for the unexpired term of his predecessor in office. The committee members, including the chairperson, may also be occasionally rotated.

Name of Member	Designation - Audit Committee	<b>Designation - Registrant</b>
Edgar O. Chua	Chairman	Independent Director
Francisco F. Del Rosario, Jr.*	Regular Member	Independent Director
Solomon S. Cua	Regular Member	Director
Atty. Angelica H. Lavares	Regular Member	Independent Director

Metrobank's Audit Committee is composed of the following:

\* Retired in April 2022

As provided for in its amended charter, among the duties and responsibilities of the Audit Committee is the exercise of an effective oversight of external audit function. With respect to the registrant's independent external auditor, the Audit Committee is responsible to:

- 1. Recommend the appointment or selection, re-appointment and dismissal of the independent external auditor based on fair and transparent criteria. The external auditor shall be selected from the List of Selected External Auditors for Bangko Sentral Supervised Financial Institutions and the recommendation should be approved by the Board and ratified by the stockholders. If the external auditor resigns or communicates an intention to resign, the Audit Committee should follow up the reasons or explanations giving rise to such resignation, and should consider whether it needs to take any action in response to those reasons. For removal of the external auditor, the reasons for removal or change should be disclosed to the regulators and the public through the company website and required disclosures. The external auditor, including the engagement and quality control partners, shall be periodically rotated in accordance with the relevant regulatory requirements.
- 2. Discuss and agree to the terms of the engagement letter issued by the external auditor prior to the approval of the engagement; obtain an understanding of the nature, audit approach, and scope of work covering areas specifically prescribed by the BSP and other regulators and those relevant to the Bank's operations and risk exposures. These include (i) review of the adoption of applicable reporting framework as well as the assessment of the accuracy, adequacy, and reliability of accounting records and financial reports; (ii) assessment of the propriety and adequacy of disclosures in the financial statements; (iii) assessment of the adequacy and effectiveness of internal controls and risk management systems; (iv) assessment of the quality of capital in relation to risk exposures; and (v) evaluation of the quality of corporate governance, among others.
- 3. Set compensation of the external auditor in relation to the scope of its duties upon recommendation of Controller and ensure coordination where more than one audit firm is involved in the activity to secure proper coverage and minimize duplication of efforts.
- 4. Ensure that the external auditor shall have free and full access to all the Bank's records, properties and personnel relevant to the audit activity, and that audit be given latitude in determining the scope of auditing examinations, performing work, and communicating results and shall be free from interference by outside parties in the performance of work.
- 5. Assess the extent of cooperation provided by the management during the conduct of external audit.
- 6. Evaluate and determine non-audit work by external auditor and keep under review the non-audit fees paid to the external auditor both in relation to the significance to the total annual income of the external auditor and in relation to the Bank's total expenditure on consultancy and disallow any non-audit work that will conflict with or pose a threat to the independence of the external auditor. The non-audit work, if allowed, should be disclosed in the Annual Report and Annual Corporate Governance Report.
- 7. Review management representation letters before these are transmitted to the external auditor to ensure that items in the letter are complete and appropriate.
- 8. Review the disposition of the recommendations in the external auditor's management letter.
- 9. Review and monitor the overall suitability and effectiveness and conduct of regular performance appraisal of external auditor on an annual basis. These shall involve assessing and monitoring the integrity, independence and objectivity of external auditor, and the effectiveness of the audit process, taking into consideration relevant Philippine professional and regulatory requirements.
- 10. Continually engage external auditor on matters concerning audit quality and enhancements in audit processes.
- 11. Oversee the financial reporting process, practices, and controls; and ensure that the reporting framework enables the generation and preparation of accurate and comprehensive information and reports. The Audit Committee shall perform review of independent external auditor's report on the results of the financial statements audit, focusing particularly on any change/s in accounting policies and procedures; areas where a significant amount of judgment has been exercised; significant adjustments resulting from the audit; going concern assumption; compliance with accounting standards, and tax, legal and regulatory requirements; and, full funding of employee pension funds or recognition of corresponding liability in the books; and conduct discussion with external auditor and management to decide on the appropriate action to be taken to address issues noted before these are submitted to the BOD for approval.

12. Understand and assess the external auditor's opinion regarding the capability of the management and the adequacy of accounting or information systems to comply with the financial and prudential reporting responsibilities.

#### Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

SGV has been the external auditors of the Bank since 1962 with engagement partner being changed every five (5) years effective 2002 (increased to seven cumulative years effective August 2019 per Professional Regulatory Board of Accountancy Resolution No 53, Series of 2019) in accordance with SEC and BSP regulations. There have been no disagreements with the Bank's independent accountants on any matter of accounting principles or practices, financial statement disclosures, or auditing scope or procedure.

#### **Material Subsequent Events**

- a. On January 26, 2023, the BOD of PSBank declared 7.50% regular cash dividend for the fourth quarter of 2022 amounting to P320.14 million or P0.75 per share, payable on February 27, 2023 to all stockholders of record as of February 10, 2023.
- b. On February 4, 2023, the #4.65 billion fixed rate bonds of PSBank matured.
- c. On February 22, 2023, the BOD of the Bank approved the declaration of cash dividend amounting to ₱13.49 billion or ₱3.00 per share consisting of a regular cash dividend of ₱1.60 per share payable on a semi-annual basis at ₱0.80 per share and a special cash dividend of ₱1.40 per share. The first tranche of the regular cash dividend of ₱0.80 per share and the special cash dividend of ₱1.40 per share are payable on March 31, 2023 to all stockholders of record as of March 17, 2023. Record and payment dates for the second tranche of the regular cash dividend of ₱0.80 per share will be determined during the regular meeting of the BOD of the Bank in August 2023.

#### **Others**

As of December 31, 2022, the Group has no significant matters to report on the following:

- 1. Known trends, events or uncertainties that would have material impact on liquidity and on the sales or revenues.
- 2. Explanatory comments about the seasonality or cyclicality of operations.
- 3. Issuances, repurchases and repayments of debt and equity securities except for the issuance of the #23.72 billion fixed rate bonds of the Bank and maturities of the #3.38 billion LTNCD of PSBank and #17.5 billion fixed rate bonds of the Bank as discussed in Notes 16 and 19 of the audited financial statements of the Group as presented in Exhibit 6.
- 4. Unusual items as to nature, size or incidents affecting assets, liabilities, equity, net income or cash flows except for the payment of cash dividends by the Bank, as discussed in Note 23 of the audited financial statements of the Group as presented in Exhibit 6; and
- 5. Effect of changes in the composition of the Group during the year, including business combinations, acquisition or disposal of subsidiaries and long-term investments, restructurings, and discontinuing operations except as discussed in Note 11 of the audited financial statements of the Group as presented in Exhibit 6.

#### SEC FORM 17-A (ANNUAL REPORT)

A copy of SEC Form 17-A (2022 Annual Report) will be provided free of charge upon request to corpsecoffice@metrobank.com.ph

#### **PART IV – SIGNATURE**

After reasonable inquiry and to the best of my knowledge and belief, I certify that the information set forth in this report is true, complete and correct.

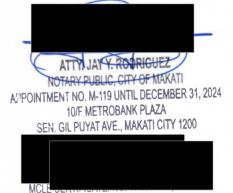

This report is signed in the City of Makati on March 17, 2023.

#### STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

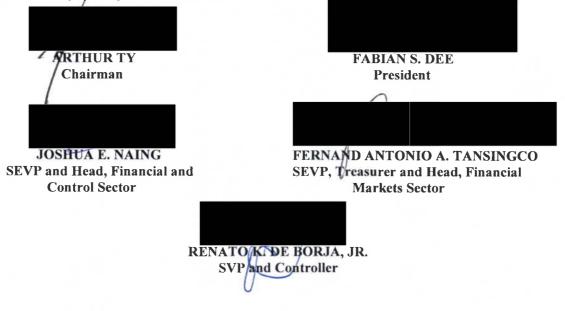

The management of Metropolitan Bank & Trust Company and Subsidiaries (the Group) and of Metropolitan Bank & Trust Company (the Parent Company) is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, as of December 31, 2022 and 2021 and for each of the three years in the period ended December 31, 2022, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Parent Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders.

SyCip Gorres Velayo & Co., the independent auditors, appointed by the stockholders has audited the financial statements of the Group and of the Parent Company in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upor completion of such audit.

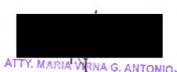

Signed this 22nd day of February, 2023.

## **INDEPENDENT AUDITOR'S REPORT**

The Board of Directors and Stockholders Metropolitan Bank & Trust Company Metrobank Plaza, Sen. Gil Puyat Avenue Urdaneta Village, Makati City Metro Manila, Philippines

## **Report on the Consolidated and Parent Company Financial Statements**

## Opinion

We have audited the consolidated financial statements of Metropolitan Bank & Trust Company and its subsidiaries (the Group) and the parent company financial statements of Metropolitan Bank & Trust Company (the Parent Company), which comprise the consolidated and parent company statements of financial position as at December 31, 2022 and 2021, and the consolidated and parent company statements of income, consolidated and parent company statements of comprehensive income, consolidated and parent company statements of changes in equity and consolidated and parent company statements of the three years in the period ended December 31, 2022, and notes to the consolidated and parent company financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated and parent company financial statements present fairly, in all material respects, the financial position of the Group and the Parent Company as at December 31, 2022 and 2021, and their financial performance and their cash flows for each of the three years in the period ended December 31, 2022, in accordance with Philippine Financial Reporting Standards (PFRS).

### **Basis for Opinion**

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated and Parent Company Financial Statements* section of our report. We are independent of the Group and the Parent Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the consolidated and parent company financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and parent company financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and parent company financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Consolidated and Parent Company Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated and parent company financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated and parent company financial statements.

## Applicable to the audit of the consolidated and parent company financial statements

## Allowance for Credit Losses

The Group's and the Parent Company's application of the expected credit loss (ECL) model in calculating the allowance for credit losses on loans and receivables is significant to our audit as it involves the exercise of significant management judgment. Key areas of judgment include: segmenting the Group's and the Parent Company's credit risk exposures; determining the method to estimate ECL; defining default; identifying exposures with significant deterioration in credit quality, taking into account extension of payment terms and payment holidays provided as a result of the coronavirus pandemic; determining assumptions to be used in the ECL model such as the counterparty credit risk rating, the expected life of the financial asset, expected recoveries from defaulted accounts, and impact of any financial support and credit enhancements extended by any party; and incorporating forward-looking information, including the impact of the coronavirus pandemic, in calculating ECL.

Allowance for credit losses on loans and receivables as of December 31, 2022 for the Group and the Parent Company amounted to P51.45 billion and P41.21 billion, respectively. Provision for credit losses of the Group and the Parent Company in 2022 amounted to P7.78 billion and P5.74 billion, respectively.

Refer to Notes 2, 3 and 15 of the financial statements for the disclosure on the details of the allowance for credit losses using the ECL model.

#### Audit response

We obtained an understanding of the board approved methodologies and models used for the Group's and the Parent Company's different credit exposures and assessed whether these considered the requirements of PFRS 9, *Financial Instruments*, to reflect an unbiased and probability-weighted outcome, and to consider time value of money and the best available forward-looking information.

We (a) assessed the Group's and the Parent Company's segmentation of its credit risk exposures based on homogeneity of credit risk characteristics; (b) tested the definition of default and significant increase in credit risk criteria against historical analysis of accounts, credit risk management policies and practices in place, and management's assessment of the impact of the coronavirus pandemic on the counterparties; (c) tested the Group's and the Parent Company's application of internal credit risk rating system, including the impact of the coronavirus pandemic on the borrowers, by reviewing the ratings of sample credit exposures; (d) assessed whether expected life is different from the contractual life by testing the maturity dates reflected in the Group's and the Parent Company's records and considering management's assumptions regarding future collections, advances, extensions, renewals and modifications; (e) tested loss given default by inspecting historical recoveries and related costs, write-offs and collateral valuations, and the effects of any financial support and credit enhancements provided by any party; (f) tested exposure at default considering outstanding commitments and repayment scheme; (g) checked

the forward-looking information used for overlay through statistical test and corroboration using publicly available information and our understanding of the Group's and the Parent Company's lending portfolios and broader industry knowledge, including the impact of the coronavirus pandemic; and (h) tested the effective interest rate used in discounting the expected loss.

Further, we checked the data used in the ECL models by reconciling data from source system reports to the data warehouse and from the data warehouse to the loss allowance analysis/models and financial reporting systems. To the extent that the loss allowance analysis is based on credit exposures that have been disaggregated into subsets of debt financial assets with similar risk characteristics, we traced or re-performed the disaggregation from source systems to the loss allowance analysis. We also assessed the assumptions used where there are missing or insufficient data.

We recalculated impairment provisions on a sample basis. We involved our internal specialists in the performance of the above procedures. We reviewed the completeness of the disclosures made in the financial statements.

## Realizability of Deferred Tax Assets

As of December 31, 2022, the deferred tax assets of the Group and the Parent Company amounted to  $\mathbb{P}13.36$  billion and  $\mathbb{P}12.27$  billion, respectively. The recognition of deferred tax assets is significant to our audit because it requires significant judgment and is based on assumptions such as availability of future taxable income and the timing of the reversal of the temporary differences that are affected by expected future market or economic conditions and the expected performance of the Group and the Parent Company. The estimation uncertainty on the Group's and Parent Company's expected performance has increased as a result of the uncertainties brought about by the coronavirus pandemic.

The disclosures in relation to deferred income taxes are included in Notes 3 and 28 of the financial statements.

### Audit Response

We involved our internal specialist in interpreting the tax regulations, testing the temporary differences identified by the Group and the Parent Company and the applicable tax rate. We also re-performed the calculation of the deferred tax assets. We reviewed the management's assessment on the availability of future taxable income in reference to financial forecast and tax strategies. We evaluated management's forecast by comparing the loan portfolio and deposit growth rates to the historical performance of the Group and Parent Company and the industry, including future market circumstances and taking into consideration the impact associated with the coronavirus pandemic.

## Applicable to the audit of the consolidated financial statements

### Recoverability of Goodwill

As of December 31, 2022, the Group has goodwill amounting to  $\clubsuit$ 5.19 billion as a result of various business acquisitions. Under PFRS, the Group is required to annually test the amount of goodwill for impairment. The Group performed the impairment testing using the cash generating unit's (CGU) fair value less costs to sell (FVLCTS). The annual impairment test is significant to our audit because the determination of the CGU's FVLCTS requires significant judgment and is based on assumptions which are subject to higher level of estimation uncertainty due to the current economic conditions which have been impacted by the coronavirus pandemic. The CGU's assets include significant investments in unquoted equity shares and their fair values were determined using price-to-earnings (P/E) ratios of comparable companies and adjusted net asset valuation (NAV) method. Other assets of the CGU include investments in quoted

- 4 -

equity shares and debt financial assets, and real properties, while liabilities include unquoted debt financial liabilities.

The disclosures relating to goodwill are included in Notes 3 and 11 to the financial statements.

#### Audit response

We involved our internal specialist in evaluating the assumptions and methodology used by the Group in determining the FVLCTS of the CGU, in particular those relating to the use of P/E ratios of comparable companies and adjusted NAV method in the valuation of the unquoted equity shares. We tested the fair value of the other assets and liabilities by referring to the quoted prices of listed equity and debt instruments, agreeing the appraised values of real estate properties to the appraisal reports, comparing the future cash flows of unquoted debt instruments to the related contracts, and comparing the discount rates used against prevailing interest rates for similar instruments, taking into consideration the impact associated with the coronavirus pandemic. We also re-performed the calculation of the FVLCTS.

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2022, but does not include the consolidated and parent company financial statements and our auditor's report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2022 are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and parent company financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated and parent company financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated and parent company financial statements or our knowledge obtained in the audits, or otherwise appears to be materially misstated.

# Responsibilities of Management and Those Charged with Governance for the Consolidated and Parent Company Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated and parent company financial statements in accordance with PFRS, and for such internal control as management determines is necessary to enable the preparation of consolidated and parent company financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and parent company financial statements, management is responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Parent Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Parent Company's financial reporting process.

# Auditor's Responsibilities for the Audit of the Consolidated and Parent Company Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and parent company financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and parent company financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and parent company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Parent Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and parent company financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Parent Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and parent company financial statements, including the disclosures, and whether the consolidated and parent company financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

- 5 -

- 6 -

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and parent company financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on the Supplementary Information Required Under Bangko Sentral ng Pilipinas (BSP) Circular No. 1074 and Revenue Regulations No. 15-2010

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under BSP Circular No. 1074 in Note 37 and Revenue Regulations No. 15-2010 in Note 38 to the financial statements is presented for purposes of filing with the BSP and Bureau of Internal Revenue, respectively, and is not a required part of the basic financial statements. Such information is the responsibility of the management of the Parent Company. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The engagement partner on the audit resulting in this independent auditor's report is Janeth T. Nuñez-Javier.

# METROPOLITAN BANK & TRUST COMPANY AND SUBSIDIARIES NOTES TO FINANCIAL STATEMENTS

# 1. Corporate Information

Metropolitan Bank & Trust Company (the Parent Company) is a universal bank incorporated in the Philippines on April 6, 1962. The Securities and Exchange Commission (SEC) approved the renewal on November 19, 2007. The Parent Company's shares were listed with the Philippine Stock Exchange, Inc. (PSE) on February 26, 1981, as approved by the SEC in November 1980. It has a universal banking license granted by the Bangko Sentral ng Pilipinas (BSP) on August 21, 1981.

The Parent Company and its subsidiaries (the Group) are engaged in all aspects of banking, financing, leasing, real estate and stock brokering. As of December 31, 2022, the Group has 952 branches, 1,279 Automated Teller Machines (ATMs) in the branches (on-site) and 1,032 ATMs in other locations (off-site). As a bank, the Parent Company, which is the ultimate parent of the Group, provides products and services such as deposits, loans and trade finance, credit card products, programs and facilities, electronic banking facilities, cash management, domestic and foreign fund transfers, treasury products, remittances, institutional fund-management, private banking and trust services. Its principal place of business is at Metrobank Plaza, Sen. Gil Puyat Avenue, Urdaneta Village, Makati City, Metro Manila, Philippines.

# 2. Summary of Significant Accounting Policies

# **Basis of Preparation**

The accompanying financial statements have been prepared on a historical cost basis, except for financial assets and financial liabilities at fair value through profit or loss (FVTPL) and fair value through other comprehensive income (FVOCI) that have been measured at fair value.

The financial statements of the Parent Company and Philippine Savings Bank (PSBank) include the accounts maintained in the Regular Banking Unit (RBU) and Foreign Currency Deposit Unit (FCDU). The functional currency of RBU and FCDU is Philippine Peso (PHP or ₱) and United States Dollar (USD), respectively. For financial reporting purposes, FCDU accounts and foreign currency-denominated accounts in the RBU are translated into their equivalents in PHP (see accounting policy on Foreign Currency Translation). The financial statements of these units are combined after eliminating inter-unit accounts.

Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. The respective functional currencies of the subsidiaries are presented under Basis of Consolidation. The financial statements are presented in PHP, and all values are rounded to the nearest million pesos (₱000,000), except when otherwise indicated.

# Statement of Compliance

The financial statements of the Group and the Parent Company have been prepared in compliance with Philippine Financial Reporting Standards (PFRS).

# Presentation of Financial Statements

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. This is not generally the case with master netting agreements, and the related assets

and liabilities are presented gross in the statement of financial position. Income and expense are not offset in the statement of income unless required or permitted by any accounting standard or interpretation, and as specifically disclosed in the accounting policies of the Group.

#### **Basis of Consolidation**

The consolidated financial statements include the financial statements of the Parent Company and of its subsidiaries and are prepared for the same reporting period as the Parent Company using consistent accounting policies. The following are the wholly and majority-owned foreign and domestic subsidiaries of the Parent Company in 2022 and 2021 (Note 11):

	Principal Place of Business and Country of	Effective Percentage	Functional

* In process of dissolution			
** In process of liquidation			
*** Fully liquidated in January 2021			

\*\*\*\*Fully liquidated in December 2021

All significant intra-group balances, transactions, income and expenses and profits and losses resulting from intra-group transactions are eliminated in full at consolidation (Note 32). Subsidiaries are fully consolidated from the date on which control is transferred to the Group. Control is achieved where the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Consolidation of subsidiaries ceases when control is transferred out of the Group or the Parent Company. The results of subsidiaries acquired or disposed of during the year are included in the consolidated statements of income and consolidated statements of comprehensive income from the date of acquisition or up to the date of disposal, as appropriate.

Changes in the Parent Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for within equity. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid (or to be paid) or received is recognized directly in equity included as part of 'Translation adjustment and others' and attributed to the owners of the Parent Company.

When a change in ownership interest in a subsidiary occurs which results in a loss of control over the subsidiary, the Parent Company:

- a. Derecognizes the assets (Including goodwill) and liabilities of the subsidiary;
- b. Derecognizes the carrying amount of any non-controlling interest;
- c. Derecognizes the related other comprehensive income (OCI) recorded in equity and recycles the same to statement of income or 'Surplus';
- d. Recognizes the fair value of the consideration received;
- e. Recognizes the fair value of any investment retained;
- f. Recognizes any surplus or deficit in the statement of income; and
- g. Reclassifies the Parent Company's share of components' gains (losses) previously recognized in OCI to profit or loss or surplus, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

# Entity with Significant Influence over the Group

GT Capital Holdings, Inc. (GT Capital) holds 37.15% interest in the Parent Company as of December 31, 2022 and 2021 (Note 32).

# Non-controlling Interest

Non-controlling interest represents the portion of profit or loss and the net assets of the funds not held by the Group and is presented separately in the consolidated statement of income, consolidated statement of comprehensive income and within equity in the consolidated statement of financial position, separately from equity attributable to the Parent Company. Any losses applicable to the non-controlling interests in excess of the non-controlling interests are allocated against the interests of the non-controlling interest even if this results in the non-controlling interest having a deficit balance. Acquisitions of non-controlling interests are accounted for as equity transactions.

# Non-equity Non-controlling Interest

The Group has seed capital investments in a number of funds where it is in a position to be able to control those funds. These funds are consolidated.

Non-equity non-controlling interest represents the portion of net assets of the consolidated funds not attributed, directly or indirectly, to the Parent Company and is presented separately in the liability section in the consolidated statement of financial position. This liability is accounted for at FVTPL and measured using net asset value per unit with changes recognized in 'Trading and securities gain - net' in the consolidated statement of income.

# Legal Merger between Parent Company and Subsidiary

In the parent company financial statements, the legal merger between the Parent Company and its subsidiary, with the Parent Company as the surviving entity, is accounted for as follows:

- The acquired assets and assumed liabilities are recognized at the carrying amounts in the consolidated financial statements as of the date of the legal merger;
- The difference between the carrying amount of the net assets of the subsidiary and the carrying amount of the investment in the merged subsidiary before the legal merger is recognized under "Translation adjustment and others" account in the equity section of the parent company statement of financial position; and

• The comparative financial information in the parent company financial statements for period prior to the legal merger is not restated. The financial position and results of operations of the merged subsidiary are reflected in the parent company financial statements only from the date of the legal merger.

The legal merger has no impact in the consolidated financial statements.

# Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of new standards effective in 2022. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Unless otherwise indicated, adoption of these new standards did not have an impact on the consolidated financial statements of the Group.

Amendments to PFRS 3, *Business Combinations, Reference to the conceptual framework* The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements. The amendments added an exception to the recognition principle of PFRS 3 to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of PAS 37, *Provisions, Contingent Liabilities and Contingent Assets*, or Philippine-IFRIC 21, *Levies*, if incurred separately.

At the same time, the amendments add a new paragraph to PFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

# Amendments to PAS 16, Plant and Equipment, Proceeds before intended use

The amendments prohibit entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the costs of producing those items, in the statement of income.

# Amendments to PAS 37, *Provisions, Contingent Liabilities and Contingent Assets, Onerous contract* – costs of fulfilling a contract

The amendments specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a "directly related cost approach". The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

# Annual Improvements to PFRSs 2018-2020 Cycle

# Amendments to PFRS 1, *First-time Adoption of Philippine Financial Reporting Standards, Subsidiary as a first-time adopter*

The amendment permits a subsidiary that elects to apply paragraph D16(a) of PFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent's date of transition to PFRS. This amendment is also applied to an associate or joint venture (JV) that elects to apply paragraph D16(a) of PFRS 1.

# Amendments to PFRS 9, Financial Instruments, Fees in the '10 percent' test for derecognition financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

# Amendments to PAS 41, Agriculture, Taxation in fair value measurements

The amendment removes the requirement in paragraph 22 of PAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of PAS 41.

# **Significant Accounting Policies**

#### Foreign Currency Translation

# Transactions and balances

For financial reporting purposes, the foreign currency-denominated monetary assets and liabilities in the RBU are translated in Philippine peso based on the Bankers Association of the Philippines (BAP) closing rate prevailing at the statement of financial position date and foreign currency-denominated income and expenses, at the prevailing exchange rates as at the date of transaction. Foreign exchange differences arising from revaluation and translation of foreign currency-denominated assets and liabilities are credited to or charged against operations in the year in which the rates change. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

#### FCDU, foreign branches and subsidiaries

As at the reporting date, the assets and liabilities of foreign branches and subsidiaries and FCDU of the Parent Company and PSBank are translated into the Parent Company's presentation currency (the PHP) at BAP closing rate prevailing at the statement of financial position date, and their income and expenses are translated at historical rate (except for the foreign subsidiaries in which the income and expenses are translated at monthly average rate). Exchange differences arising on translation are taken to the statement of comprehensive income under 'Translation adjustment and others'. Upon disposal of a foreign entity or when the Parent Company ceases to have control over the subsidiaries or upon actual remittance of FCDU profits to RBU, the deferred cumulative amount recognized in the statement of comprehensive income is recognized in the statement of income.

# Fair Value Measurement

The Group measures certain financial instruments, such as derivatives, at fair value at each statement of financial position date. Also, fair values of financial instruments measured at amortized cost and investment properties are disclosed in Note 5.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (that is, an exit price). The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability; or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible to the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

If an asset or a liability measured at fair value has a bid price and an ask price, the price within the bid - ask spread that is most representative of fair value in the circumstances shall be used to measure fair value regardless of where the input is categorized within the fair value hierarchy.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For assets and liabilities not listed in an active market, the Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each statement of financial position date. The Group determines the policies and procedures for both recurring fair value measurement, such as financial assets and liabilities at FVTPL, and for non-recurring measurement, such as investment properties.

External valuers are involved for valuation of significant assets, such as investment properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

# Financial Instruments - Initial Recognition and Subsequent Measurement

# Date of recognition

Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the settlement date. Derivatives are recognized on trade date basis. Deposits, amounts due from banks and customers and loans and receivables are recognized when cash is received by the Group or advanced to the borrowers.

# Initial recognition of financial instruments

All financial instruments are initially measured at fair value. Except for financial assets and financial liabilities at FVTPL, the initial measurement of financial instruments includes transaction costs.

# 'Day 1' difference

Where the transaction price in a non-active market is different from the fair value from other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Group recognizes the difference between the transaction price and fair value (a 'Day 1' difference) in the statement of income. In cases where the transaction price used is made of data which is not observable, the difference between the transaction price and model value is only recognized in the statement of income when the inputs become observable or when the instrument is derecognized. For each transaction, the Group determines the appropriate method of recognizing the 'Day 1' difference amount.

#### Classification and subsequent measurement

Financial assets are measured at FVTPL unless these are measured at FVOCI or at amortized cost. Financial liabilities are classified as either financial liabilities at FVTPL or financial liabilities at amortized cost. The classification of financial assets depends on the contractual terms and the business model for managing the financial assets. Subsequent to initial recognition, the Group may reclassify its financial assets only when there is a change in its business model for managing these financial assets. Reclassification of financial liabilities is not allowed.

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios. If cash flows after initial recognition are realized in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

As a second step of its classification process, the Group assesses the contractual terms of financial assets to identify whether they pass the contractual cash flows test (SPPI test). For the purpose of the SPPI test, principal is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortization of the premium or discount). The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. In contrast, contractual terms that introduce a more than de minimis exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are SPPI. In such cases, the financial asset is required to be measured at FVTPL.

#### Financial assets at FVTPL

These are recorded in the statements of financial position at fair value with changes in fair value recognized in 'Trading and securities gain - net'. Interest earned is recorded in 'Interest income' while dividend income is recorded in 'Dividends' when the right to receive payment has been established. Included in this classification are debt and equity securities which have been acquired principally for the purpose of selling or repurchasing in the near term.

#### Derivatives recorded at FVTPL

The Parent Company and some of its subsidiaries are counterparties to derivative contracts, such as currency forwards, currency swaps, interest rate swaps (IRS), call options, non-deliverable forwards (NDF) and other interest rate derivatives. These derivatives are entered into as a service to customers and as a means of reducing or managing their respective foreign exchange and interest rate exposures, as well as for trading purposes. Such derivative financial instruments are initially recorded at fair value on the date at which the derivative contract is entered into and are subsequently remeasured at fair value. Any gains or losses arising from changes in fair values of derivatives (except those accounted for as accounting hedges) are taken directly to the statement of income and are included in

'Trading and securities gain - net'. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

#### Investment securities at FVOCI

Investment securities at FVOCI include debt and equity securities. After initial measurement, investment securities at FVOCI are subsequently measured at fair value. The unrealized gains and losses arising from the fair valuation of investment securities at FVOCI are excluded, net of tax as applicable, from the reported earnings and are included in the statement of comprehensive income as 'Change in net unrealized gain (loss) on investment in debt securities at FVOCI' or 'Change in net unrealized gain (loss) on equity securities at FVOCI'. Debt securities at FVOCI are those that meet both of the following conditions:

- a. The asset is held within a business model whose objective is to hold the financial assets in order to both collect contractual cash flows and sell financial assets; and
- b. The contractual terms of the financial asset give rise on specified dates to cash flow that are SPPI on the outstanding principal amount.

The effective yield component of debt securities at FVOCI, as well as the impact of restatement on foreign currency-denominated debt securities at FVOCI is reported in the statement of income. Interest earned on holding debt securities at FVOCI are reported as 'Interest Income' using the effective interest rate (EIR) method. When the debt securities at FVOCI are disposed of, the cumulative gain or loss previously recognized in the statement of comprehensive income is recognized as 'Trading and securities gain - net' in the statement of income. The expected credit loss (ECL) arising from impairment of such investments are recognized in OCI with a corresponding charge to 'Provision for credit and impairment losses' in the statement of income.

Equity securities designated at FVOCI are those that the Group made an irrevocable election to present in OCI the subsequent changes in fair value. Dividends earned on holding equity securities at FVOCI are recognized in the statement of income as 'Dividends' when the right of the payment has been established, except when the Group benefits from such proceeds as a recovery part of the cost of the instrument, in which case, such gains are recorded in OCI. Gains and losses on disposal of these equity securities are never recycled to profit or loss, but the cumulative gain or loss previously recognized in the statement of comprehensive income is reclassified to 'Surplus' or any other appropriate equity account upon disposal. Equity securities at FVOCI are not subject to impairment assessment.

#### Financial assets at amortized cost

Financial assets at amortized cost are debt financial assets that meet both of the following conditions:

- a. These are held within a business model whose objective is to hold the financial assets in order to collect contractual cash flows; and
- b. The contractual terms give rise on specified dates to cash flows that are SPPI on the outstanding principal amount.

This accounting policy relates to the statement of financial position captions 'Due from BSP', 'Due from other banks', 'Interbank loans receivable and securities purchased under resale agreements (SPURA)', 'Investment securities at amortized cost' and 'Loans and receivables'.

After initial measurement, financial assets at amortized cost are subsequently measured at amortized cost using the EIR method, less impairment in value. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the EIR. The amortization is included in 'Interest income' in the statement of income. Gains and losses are recognized in statement of income when these investments are derecognized or impaired, as well as through the amortization process. The ECL are recognized in the statement of income under

'Provision for credit and impairment losses'. The effects of revaluation on foreign currencydenominated investments are recognized in the statement of income.

# Financial liabilities at FVTPL

These are recorded in the statements of financial position at fair value with changes in fair value recognized in 'Trading and securities gain - net', with the exception of movements in fair value of liabilities designated at FVTPL due to changes in the Group's own credit risk. Such changes in fair value are recorded in OCI and do not get recycled to the statement of income. Interest incurred is accrued in 'Interest expense' using the EIR, taking into account any discount/premium and qualifying transaction costs being an integral part of the instrument.

# Financial liabilities at amortized cost

Issued financial instruments or their components, which are not designated at FVTPL, are classified as liabilities under 'Deposit liabilities', 'Bills payable and securities sold under repurchase agreements (SSURA)', 'Bonds payable', or 'Subordinated debts' or other appropriate financial liability accounts, where the substance of the contractual arrangement results in the Group having an obligation either to deliver cash or another financial asset to the holder, or to satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares. The components of issued financial instruments that contain both liability and equity elements are accounted for separately, with the equity component being assigned the residual amount after deducting from the instrument as a whole the amount separately determined as the fair value of the liability component on the date of issue.

After initial measurement, bills payable and similar financial liabilities not qualified as and not designated at FVTPL, are subsequently measured at amortized cost using the EIR method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the EIR.

#### Financial guarantees and undrawn loan commitments

The Group issues financial guarantees and loan commitments. Financial guarantees are those issued by the Group to creditors as allowed under existing rules and regulations whereby it guarantees third party obligations by signing as guarantor in the contract/agreement. Undrawn loan commitments and letters of credit are commitments under which over the duration of the commitment, the Group is required to provide a loan with pre-specified terms to the customer. The nominal contractual value of financial guarantees and undrawn loan commitments, where the loan agreed to be provided is on market terms, are not recorded in the statement of financial position. These contracts are in the scope of the ECL requirements where the Group estimates the expected portion of the undrawn loan commitments that will be drawn over their expected life. The ECL related to financial guarantees and undrawn loan commitments is recognized in 'Miscellaneous liabilities' under 'Other liabilities'.

# Derecognition of Financial Assets and Financial Liabilities

# Financial assets

A financial asset (or, when applicable, a part of a financial asset or part of a group of financial assets) is derecognized when:

- The rights to receive cash flows from the asset have expired; or
- The Group retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or
  - The Group has transferred its rights to receive cash flows from the asset and either:
    - a. Has transferred substantially all the risks and rewards of the asset; or
    - b. Has neither transferred nor retained the risks and rewards of the asset but has transferred the control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Group's continuing involvement in the asset. The extent of the Group's continuing involvement in the asset. The extent of the value of the transferred asset.

When the Group's continuing involvement takes the form of guaranteeing the transferred asset, the extent of the Group's continuing involvement is the lower of:

- a. The amount of the asset; and
- b. The maximum amount of the consideration received that the Group could be required to repay ('the guarantee amount').

When the Group's continuing involvement takes the form of a written or purchased option (or both) on the transferred asset, the extent of the Group's continuing involvement is the amount of the transferred asset that the Group may repurchase. However, in case of a written put option to an asset that is measured at fair value, the extent of the Group's continuing involvement is limited to the lower of the fair value of the transferred asset and the option exercise price. When the Group's continuing involvement takes the form of a cash-settled option or similar provision on the transferred asset, the extent of the Group's continuing involvement is measured in the same way as that which results from non-cash settled options.

The Group derecognizes a financial asset such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognized as a derecognizing gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognized loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be purchased or originated credit impaired (POCI) assets.

When assessing whether or not to derecognize a loan to a customer, amongst others, the Group considers the following factors:

- Change in currency of the loan
- Introduction of an equity feature
- Change in counterparty
- If the modification is such that the instrument would no longer meet the SPPI criterion

If the modification does not result in cash flows that are substantially different as set out below, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded. The Group considers a modification substantial based on qualitative factors.

Financial assets are written off either partially or in their entirety only when the Group has stopped pursuing the recovery. If a write-off is later recovered, any amounts formerly charged are credited to 'Recovery on charged-off assets' under 'Miscellaneous income' in the statement of income.

# Financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a

new liability, and the difference in the respective carrying amounts is recognized in the statement of income.

The Group considers a modification substantial based on qualitative factors and if it results in a difference between the adjusted discounted present value and the original carrying amount of the financial liability of or greater than ten percent (10%).

Similar with financial assets, when the modification of a financial liability is not considered substantial, the Group records a modification gain or loss based on the change in cash flows discounted at the original EIR.

#### Repurchase and reverse repurchase agreements

Securities sold under agreements to repurchase at a specified future date ('repos') are not derecognized from the statement of financial position. The corresponding cash received, including accrued interest, is recognized in the statement of financial position as SSURA included in 'Bills payable and SSURA' and is considered as a loan to the Group, reflecting the economic substance of such transaction.

Conversely, securities purchased under agreements to resell at a specified future date ('reverse repos') are not recognized in the statement of financial position. The corresponding cash paid including accrued interest, is recognized in the statement of financial position as SPURA, and is considered a loan to the counterparty. The difference between the purchase price and resale price is treated as interest income and is accrued over the life of the agreement using the EIR method.

#### Reclassification of Financial Assets

The Group reclassifies its financial assets when there is a change in its business model for managing financial assets. A change in business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. The Group applies the reclassification prospectively from the reclassification date (that is, the first day of the next quarterly reporting period following the change in business model) and does not restate any previously recognized gains, losses or interest.

#### Impairment of Financial Assets

The Group follows the PFRS 9 loss impairment method on financial assets through a forward-looking ECL approach which covers all loans and other debt financial assets not held at FVTPL, together with loan commitments and financial guarantee contracts.

# Overview of the ECL principles

ECL represents credit losses that reflect an unbiased and probability weighted amount which is based on reasonable and supportable information about past events, current conditions and forecasts of future economic conditions, and time value of money. The ECL allowance is based on the credit losses expected to arise on a 12-month duration if there has been no significant increase in credit risk (SICR) of the financial asset since origination. Otherwise, if a SICR is observed, then the ECL estimation is extended until the end of the life of the financial asset. The 12-month ECL represents the losses that result from default events on a financial asset which may happen within 12 months after the statement of financial position date. The Lifetime ECL on the other hand represents the losses that result from default events on a financial asset which may happen over its life. Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments.

The major portfolios of financial assets identified upon initial analysis of the Group's credit exposure are loan receivables, treasury accounts, and other receivables. Loan receivables may be availed by specific individuals, corporations or organizations. Hence, these portfolios can be further segmented to commercial, consumer and credit card portfolios. After segmentation, financial assets are grouped into Stage 1, Stage 2, and Stage 3 as described below.

# Definition of "default" and "cure"

The Group defines a financial instrument as in default, which is fully aligned with the definition of non-performing loans that is, credit impaired, in all cases when the borrower becomes more than ninety (90) days past due on its contractual payments. As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate unlikeliness to pay. When such events occur, the Group carefully considers whether the event should result in treating the customer as defaulted. An instrument is considered to be no longer in default (that is, to have cured) when it no longer meets any of the default criteria and has exhibited a satisfactory track record.

Treasury exposures are considered in default upon occurrence of a credit event such as but not limited to bankruptcy of counterparty, restructuring, failure to pay on agreed settlement date, or request for moratorium.

# SICR

In order to determine whether an instrument is subject to 12-month or Lifetime ECL, the Group assesses whether there has been a SICR since initial recognition. The criteria for determining whether credit risk has increased significantly vary by portfolio and include quantitative and qualitative factors. The credit risk of a particular exposure is deemed to have increased significantly since initial recognition if, based on the Group's internal credit assessment, the borrower or counterparty is determined to have well-defined credit weaknesses (that is, with internal credit rating of 6 due to financial or repayment concerns or lower). These may include adverse trends or developments of financial, managerial, economic or political nature, or a significant weakness in collateral. Credit weakness may be manifested by unfavorable record or unsatisfactory characteristics or may only be potential that deserves management's close attention and may lead to significant losses or may result in collection or liquidation of the outstanding loan amount to be highly improbable. For exposures without internal credit grades, if contractual payments are more than 30 days past due, the credit risk is deemed to have increased significantly since initial recognition. The days past due (dpd) are determined by counting the number of days since the earliest elapsed due date in respect of which at least a partial payment has not been received. In subsequent reporting periods, if the credit risk of the financial asset improves over an observable period such that there is no longer a SICR since initial recognition, the Group reverts to recognizing a 12-month ECL.

#### Staging assessment

For non-credit-impaired financial assets:

- Stage 1 is comprised of all non-impaired financial assets which have not experienced a SICR since initial recognition. The Group recognizes a 12-month ECL for Stage 1 financial assets.
- Stage 2 is comprised of all non-impaired financial assets which have experienced a SICR since initial recognition. The Group recognizes a lifetime ECL for Stage 2 financial assets.

For credit-impaired financial assets:

• Financial assets are classified as Stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a financial asset or a portfolio of financial assets. ECL for Stage 3 exposure is computed per account, taking into consideration the present value of the expected recoverable cash flows from each transaction.

Financial assets that are credit-impaired on initial recognition are classified as POCI assets. These are recorded at fair value at original recognition and interest income is subsequently recognized based on a credit-adjusted EIR. ECL is only recognized or released to the extent that there is a subsequent change in the ECLs.

# Assessment of ECL on a collective basis

The Group calculates ECL either on an individual or a collective basis. The Group performs collective impairment by grouping exposures into smaller homogenous portfolios based on a combination of borrower and account characteristics. Accounts with similar risk attributes (that is, facility, security, credit rating, months-on-books, utilization and collateral type, etc.) are pooled together for calculating provisions based on the ECL models.

# ECL parameters and methodologies

ECL is a function of the probability of default (PD), exposure-at-default (EAD), and loss-given default (LGD), with the timing of the loss also considered, and is estimated by incorporating forward-looking economic information and through the use of experienced credit judgement.

The PD represents the likelihood that a credit exposure will not be repaid and will go into default in either a 12-month horizon for Stage 1 or lifetime horizon for Stage 2. The PD for each individual financial asset is modelled based on historical data and is estimated based on current market conditions and reasonable and supportable information about future economic conditions. The Group segmented its credit exposures based on homogenous risk characteristics and developed a corresponding PD methodology for each portfolio. The PD methodology for each relevant portfolio is determined based on the underlying nature or characteristic of the portfolio, behavior of the accounts and materiality of the segment as compared to the total portfolio.

LGD is the amount that may not be recovered in the event of default and is modelled based on historical cash flow recovery and reasonable and supportable information about future economic conditions, where appropriate. LGD takes into consideration the amount and quality of any collateral held.

EAD consists of the amortized cost and any accrued interest receivable. For off-balance sheet and undrawn committed amounts, EAD includes a credit conversion factor which is an estimate of any further amount to be drawn at the time of default. For the credit card business, EAD is modelled based on historical data on card limit utilization.

The Group applies a simplified ECL approach for its accounts receivables wherein the Group uses a provisioning matrix that considers historical changes in the behavior of the portfolio to predict conditions over the span of a given observation period.

The Parent Company offers credit card facilities, in which it has the right to cancel and/or reduce the facilities with one-day notice. It does not limit its exposure to credit losses to the contractual notice period, but instead, calculates ECL over a period that reflects its expectations of the customers' behavior, their likelihood of default, and its future risk mitigation procedures, which could include reducing or cancelling the facilities. Based on past experience and expectations, the period over

which ECL is calculated for these products is two (2) years. The interest rate used to discount the ECL for credit cards is based on contractual interest rate. These rates are also used to discount future recoveries over a period of five years as these cover the cost of securing an equivalent fund. The contractual interest rate is used as discounting factor since the Parent Company estimates that this rate is reflective of the EIR.

# Forward-looking information

The Group incorporates forward-looking information into both its assessment of whether the credit risk of a financial asset has increased significantly since its initial recognition and its measurement of ECL. A broad range of forward-looking information are considered as economic inputs, such as growth of the gross domestic product, inflation rates, unemployment rates, interest rates and BSP statistical indicators. The inputs and models used for calculating ECL may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

The following economic inputs were determined to be statistically significant in measuring ECL:

- GDP growth
- Inflation rate
- Unemployment rate
- Minimum wage
- USDPHP exchange rate
- Consumer confidence index
- Peso interest rate
- USD interest rate
- WTI crude oil price
- Business confidence index
- GVA of some industries

# Debt investment securities measured at FVOCI

The ECL for debt securities at FVOCI does not reduce the carrying amount of these financial assets in the statement of financial position, which remains at fair value. Instead, an amount equal to the allowance that would arise if the assets were measured at amortized cost is recognized in 'Net unrealized gain (loss) on investment securities at FVOCI' as an accumulated impairment amount, with a corresponding charge to profit or loss. The accumulated loss recognized in OCI is recycled to profit or loss upon derecognition of these financial assets.

# Restructured Loans

Where possible, the Group seeks to restructure loans rather than to take possession of collateral. This may involve extending the payment arrangements and the agreement of new loan conditions. Once the terms have been renegotiated, the loan is no longer considered past due. Management continuously reviews and monitors restructured loans until derecognition to ensure that all criteria are met and that future payments are likely to occur. The loans continue to be subject to an individual or collective impairment assessment, calculated using the loan's original EIR. The difference between the recorded value of the original loan and the present value of the restructured cash flows, discounted at the original EIR, is recognized in 'Provision for credit and impairment losses' in the statement of income. When the loan has been restructured but not derecognized, the Group also reassesses whether there has been a SICR and considers whether the assets should be classified as Stage 3. If the restructuring terms are substantially different, the loan is derecognized and a new 'asset' is recognized at fair value using the revised EIR.

# Collateral Valuation of Financial Assets

Collateral, unless repossessed, is not recorded in the Group's statement of financial position. However, the fair value of collateral affects the calculation of ECLs. It is generally assessed, at a minimum, at inception and re-assessed every other year. However, some collaterals, for example, cash or securities relating to margining requirements, are valued daily.

# **Revenue Recognition**

Revenue from contracts with customers is recognized upon transfer of services to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those services.

The Group assesses its revenue arrangements against specific criteria in order to determine if it is acting as a principal or agent. The Group concluded that it is acting as a principal in all of its revenue arrangements except for certain brokerage transactions. The following specific recognition criteria must also be met before revenue is recognized.

# Fee and commission income

The Group earns fee and commission income from a diverse range of services it provides to its customers, which are divided into the following two categories:

a. Fee income earned from services that are provided over a certain period of time Fees earned for the provision of services over a period of time are accrued over that period as the customer simultaneously receives and consumes the benefits provided by the Group. Using an output method, revenue is recognized if the Group has a right to invoice the customer for services directly corresponding to performance completed to date. These fees include investment fund fees, custodian fees, fiduciary fees, asset management fees, and income from trust operations.

# b. Fee income from providing transaction services

Fees arising from negotiating or participating in the negotiation of a transaction for a third party such as commission income, underwriting fees, corporate finance fees, advisory fees and brokerage fees for the arrangement of the acquisition of shares or other securities or the purchase or sale of businesses are recognized on completion of the underlying transaction. Fees or components of fees that are linked to a certain performance are recognized after fulfilling the corresponding criteria.

# Discounts earned, membership fees and awards revenue on credit cards

The following table provides information about the nature and timing of the satisfaction of performance obligations for the Parent Company's credit card business (under Metrobank Card Corporation (MCC) prior to merger - see Note 11), including significant payment terms, and the related revenue recognition policies.

Type of Product/Service	Nature and Timing of Satisfaction of Performance Obligations, including Significant Payment Terms	Revenue Recognition under PFRS 15
Discounts earned	Charges arising from credit availments by the Parent Company's and other credit companies' cardholders when the Parent Company is acting as an acquirer. These discounts are computed based on certain agreed rates. These also include interchange income from transactions processed by other acquirers through VISA and Mastercard and fees from cash advance transactions of cardholders.	Recognized as revenue upon receipt from member establishments of charges arising from credit availments by the Parent Company's cardholders and other credit companies' cardholders when the Parent Company is acting as an acquirer.
Membership fees and dues	Periodically charged to cardholders upfront.	Deferred and recorded under 'Deferred revenue' and recognized on a straight-line basis over the period the fee entitles the cardholders to use the card.

Type of	Nature and Timing of Satisfaction of Performance	Revenue Recognition
Product/Service	Obligations, including Significant Payment Terms	under PFRS 15
Awards revenue	The Parent Company operates a loyalty points program, which allows customers to accumulate points when they purchase from member establishments using the issued card of the Parent Company. The points accumulate and do not expire.	The Parent Company allocates a portion of the consideration received from discounts earned and interchange fees from credit cards to the reward points based on the estimated stand-alone selling prices. The amount allocated to the loyalty program is deferred, and is recognized as revenue when loyalty points are redeemed or the likelihood of the customer redeeming the loyalty points becomes remote.

# Revenues outside the scope of PFRS 15

# Interest income

For all financial instruments measured at amortized cost and interest-bearing financial instruments classified as investment securities at FVOCI investments, interest income is recorded at the EIR, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options), including any fees or incremental costs that are directly attributable to the instrument and are an integral part of the EIR. The adjusted carrying amount is calculated based on the original EIR. The change in carrying amount is recorded as 'Interest income'. Loan commitment fees that are likely to be drawn down are deferred (together with any incremental costs) and recognized as an adjustment to the EIR of the loan.

Under PFRS 9, when a financial asset becomes credit-impaired and is, therefore, regarded as Stage 3 (as discussed in "Impairment of Financial Assets" above), the Group calculates interest income by applying the EIR to the net amortized cost of the financial asset. If the financial asset cures and is no longer credit-impaired, the Group reverts to calculating interest income on a gross basis.

Purchases by credit cardholders, collectible on an installment basis, are recorded at the cost of the items purchased plus a certain percentage of cost. The excess over cost is credited to 'Unearned discount' and is shown as a deduction from 'Loans and receivables' in the statement of financial position. The unearned discount is taken up to interest income over the installment terms and is computed using the EIR method.

Interbank Offered Rate (IBOR) reform Phase 2 requires, as a practical expedient, that changes to the basis for determining contractual cash flows that are necessary as a direct consequence of IBOR reform are treated as a change to a floating rate of interest provided that the transition from IBOR to a risk-free-rate (RFR) takes place on a basis that is 'economically equivalent'. To qualify as 'economically equivalent', the terms of the financial instrument must be the same before and after transition except for the changes required by IBOR reform.

For changes that are not required by IBOR reform, the Group applies judgement to determine whether they result in the financial instrument being derecognized. Therefore, as financial instruments transition from IBOR to RFRs, the Group applies judgment to assess whether the transition has taken place on an economically equivalent basis. In making this assessment, the Group considers the extent of any changes to the contractual cash flows as a result of the transition and the factors that have given rise to the changes, with consideration of both quantitative and qualitative factors. Examples of changes that are economically equivalent include changing the reference interest rate from an IBOR to an RFR, changing the reset period for days between coupons to align with the RFR, adding a fallback to automatically transition to an RFR when the IBOR ceases, and adding a fixed credit adjustment spread based on that calculated by the International Swaps and Derivatives Association or which is implicit in market forward rates for the RFR.

#### Recovery on charged-off assets

Income arising from collections on accounts or recoveries from impairment of items previously written off are recognized in the year of recovery.

#### Leasing income - Finance lease

The excess of aggregate lease rentals plus the estimated residual value over the cost of the leased equipment constitutes the unearned lease income. Residual values represent estimated proceeds from the disposal of equipment at the time lease is estimated. The unearned lease income is amortized over the term of the lease, commencing on the month the lease is executed using the EIR method.

#### Dividend income

Dividend income is recognized when the Group's right to receive payment is established.

#### Gain on disposal of investment securities at amortized cost

Results arising from gains and losses from disposal of investment securities at amortized cost.

# Trading and securities gain - net

Results arising from trading activities include all gains and losses from changes in fair value for financial assets and financial liabilities at FVTPL and gains and losses from disposal of debt securities at FVOCI.

# Rental income

Rental income arising on leased properties is accounted for on a straight-line basis over the lease terms on ongoing leases and is recorded in the statement of income under 'Leasing'.

# Income on receivables financed

Income on loans and receivables financed with short-term maturities is recorded in 'Interest income' and is recognized using the EIR method. Interest and finance fees on finance leases and loans and receivables financed with long-term maturities and the excess of the aggregate lease rentals plus the estimated terminal value of the leased equipment over its cost are credited to unearned discount and amortized over the term of the note or lease using the EIR method.

#### Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash and other cash items, amounts due from BSP and other banks, and interbank loans receivable and SPURA with original maturities of three months or less from dates of placements and that are subject to insignificant risk of changes in value.

# Property and Equipment

Land is stated at cost and depreciable properties, including buildings, furniture, fixtures and equipment and leasehold improvements, are stated at cost less accumulated depreciation and amortization, and allowance for impairment losses. Such cost includes the cost of replacing part of the property and equipment when that cost is incurred, if the recognition criteria are met but excludes repairs and maintenance costs. Building under construction (BUC) is stated at cost and includes cost of construction and other direct costs. BUC is not depreciated until such time that the relevant asset is completed and put into operational use.

Depreciation is calculated on the straight-line method over the estimated useful life of the depreciable assets. Leasehold improvements are amortized over the shorter of the terms of the covering leases and the estimated useful lives of the improvements. The range of estimated useful lives of property and equipment follows:

Buildings	25 to 50 years
Furniture, fixtures and equipment	2 to 5 years
Leasehold improvements	5 to 20 years

The depreciation and amortization method and useful life are reviewed periodically to ensure that the method and period of depreciation and amortization are consistent with the expected pattern of economic benefits from items of property and equipment.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of income under 'Profit from assets sold' in the year the asset is derecognized.

# Investments in Subsidiaries, Associates and a Joint Venture (JV)

# Investment in subsidiaries

Subsidiaries pertain to all entities over which the Group has control. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements; and
- The Group's voting rights.

# Investment in associates

Associates pertain to all entities over which the Group and the Parent Company have significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies. Investment in associates is accounted for under the equity method of accounting.

# Investment in a JV

A JV is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the JV. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. Investment in a JV is accounted for under the equity method of accounting. The Group's investment in a JV represents the 30% interest of PSBank in Sumisho Motor Finance Corporation (SMFC) (Note 11).

Upon loss of significant influence over the associate or joint control over the JV, the Group and the Parent Company measure and recognize any retained investment at its fair value. Any difference between the carrying amount of the associate or JV upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognized in the statement of income.

Under the equity method, investments in associates and a JV are carried in the statement of financial position at cost plus post-acquisition changes in the Group's and the Parent Company's share of the net assets of the associate or JV less allowance for impairment losses. Post-acquisition changes in the share of net assets of the associate or a JV include the share in the:

- a. Income or losses; and
- b. Unrealized gain or loss on investment securities, remeasurement of retirement plans and others.

Dividends received are treated as a reduction in the carrying values of the investments. Goodwill relating to the associate and a JV is included in the carrying value of the investment and is not amortized.

When the Group and the Parent Company increase its ownership interest in an associate or a JV that continues to be accounted for under the equity method, the cost for the additional interest is added to the existing carrying amount of the associate or JV and the existing interest in the associate or JV is not remeasured. The share in an associate or a JV's post-acquisition profits or losses is recognized in the statement of income as 'Share in net income of subsidiaries, associates and a joint venture' while its share of post-acquisition movements in the associate or JV's equity reserves is recognized directly in the statement of comprehensive income. When the share of losses in an associate or a JV equals or exceeds its interest in the associate or JV, including any other unsecured receivables, the Group and the Parent Company do not recognize further losses, unless it incurred obligations or made payments on behalf of the associate or JV which is recognized as miscellaneous liabilities. Profits and losses resulting from transactions between the Group or the Parent Company and an associate or JV are eliminated to the extent of the Group or the Parent Company's interest in the associate or JV.

Investments in subsidiaries in the separate financial statements are accounted for under the equity method similarly as investments in associates and JV. Equity in other comprehensive income (losses) of subsidiaries and changes therein are included in 'Remeasurement losses on retirement plans', 'Net unrealized gain (loss) on investment securities at FVOCI', and 'Translation adjustments and others', as appropriate, together with the Parent Company in the separate statement of financial position and statement of comprehensive income.

# **Investment Properties**

Investment properties are measured initially at cost, including transaction costs. An investment property acquired through an exchange transaction is measured at fair value of the asset acquired unless the fair value of such an asset cannot be measured, in which case, the investment property acquired is measured at the carrying amount of asset given up. The difference between the fair value of the asset received and the carrying amount of the asset given up is recorded as 'Gain on initial recognition of investment properties' under 'Miscellaneous income'. Foreclosed properties are classified under 'Investment properties' upon:

- a. Entry of judgment in case of judicial foreclosure;
- b. Execution of the Sheriff's Certificate of Sale in case of extra-judicial foreclosure; or
- c. Notarization of the Deed of Dacion in case of dation in payment (dacion en pago).

Subsequent to initial recognition, investment properties are carried at cost less accumulated depreciation (for depreciable investment properties) and allowance for impairment losses.

Investment properties are derecognized when they have either been disposed of or when the investment property is permanently withdrawn from use and no future benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognized in the statement of income under 'Profit from assets sold' in the year of retirement or disposal.

Expenditures incurred after the investment properties have been put into operations, such as repairs and maintenance costs, are normally charged to operations in the year in which the costs are incurred. Depreciation is calculated on a straight-line basis using the remaining useful lives from the time of acquisition of the investment properties based on appraisal reports but not to exceed 50 years for buildings and condominium units.

Transfers are made to investment properties when, and only when, there is a change in use evidenced by ending of owner occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is a change in use evidenced by commencement of owner occupation or commencement of development with a view to sale.

# Interest in Joint Operations

The Group is a party to joint operations whereby it contributed parcels of land for development into residential and commercial units. In respect of the Group's interest in the joint operations, the Group recognizes the following:

- a. The assets that it controls and the liabilities that it incurs; and
- b. The expenses that it incurs and its share of the income that it earns from the sale of units by the joint operations.

The assets contributed to the joint operations are measured at the lower of cost or net realizable value. Net realizable value is the estimated selling price in the ordinary course of business less estimated costs necessary to make the sale (Note 14).

# **Chattel Mortgage Properties**

Chattel mortgage properties comprise of repossessed vehicles. Chattel mortgage properties are stated at cost less accumulated depreciation and allowance for impairment losses. Depreciation is calculated on a straight-line basis using the remaining useful lives from the time of acquisition of the vehicles. The useful lives of chattel mortgage properties are estimated to be five (5) years.

# Subordinated Notes

Subordinated notes issued by Special Purpose Vehicles (SPV) (presented as 'Investment in SPVs' under 'Other assets') are stated at amortized cost reduced by an allowance for credit losses. The allowance for credit losses is determined based on the difference between the outstanding principal amount and the recoverable amount which is the present value of the future cash flow expected to be received as payment for the subordinated notes.

# Intangible Assets

# Software costs

Software costs (presented under 'Other assets') are capitalized on the basis of the cost incurred to acquire and bring to use the specific software. These costs are amortized over three to five years on a straight-line basis. Costs associated with maintaining the computer software programs are recognized as expense when incurred. Software costs are carried at cost less accumulated amortization.

# Exchange trading right

Exchange trading right (included in 'Miscellaneous assets' presented under 'Other assets') is a result of the PSE conversion plan to preserve access of First Metro Securities Brokerage Corporation (FMSBC), a subsidiary of FMIC, to the trading facilities and continue transacting business in the PSE. The exchange trading right has an indefinite useful life as there is no foreseeable limit to the period over which this asset is expected to generate net cash inflows. It is carried at the amount allocated from the original cost to the exchange membership seat (after a corresponding allocation

was made to the value of the PSE shares) less any allowance for impairment losses. FMSBC does not intend to sell the exchange trading right in the near future.

# Goodwill

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost of the business combination over the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities. With respect to investments in associates and a JV, goodwill is included in the carrying amounts of the investments. Following initial recognition, goodwill is measured at cost, net of allowance for impairment losses (see accounting policy on "Impairment of Non-financial Assets").

# Customized System Development Cost

Customized system development cost consists of payments for customization of various banking systems. This account will be reclassified to appropriate accounts upon completion and will be depreciated and amortized from the time the asset is ready for its intended use (Note 14).

# Impairment of Non-financial Assets

Property and equipment, investments in subsidiaries, associates and a JV, investment properties, chattel mortgage properties, intangible assets with finite useful lives and other assets At each statement of financial position date, the Group assesses whether there is any indication that its non-financial assets may be impaired. When an indicator of impairment exists or when an annual impairment testing for an asset is required, the Group makes a formal estimate of recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell (FVLCTS) and its value-in-use (VIU) and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is assessed as part of the cash generating unit to which it belongs. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing VIU, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to operations in the year in which it arises.

An assessment is made at each statement of financial position date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation and amortization, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of income. After such a reversal, the depreciation and amortization expense is adjusted in future years to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining life.

# Intangible assets with indefinite useful lives and customized system development cost not yet available for use

Intangible assets with indefinite useful lives such as exchange trading right and customized system development cost not yet available for use are tested for impairment annually at statement of financial position date either individually or at the cash generating unit (CGU) level, as appropriate.

#### Goodwill

Goodwill is reviewed for impairment, annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of the CGU (or group of CGUs) to which the goodwill relates. Where the recoverable amount of the CGU (or group of CGUs) is less than the carrying amount of the CGU (or group of CGUs) to which goodwill has been allocated, an impairment loss is recognized immediately in the statement of income. The Group uses the higher of FVLCTS and VIU using cash flow projections from financial budgets approved by the Board of Directors (BOD) in determining the recoverable amount.

#### Leases

# Group as lessee

The Group assesses at contract inception whether a contract is, or contains a lease. A contract contains a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use (ROU) assets representing the right-of-use the underlying assets.

#### ROU assets

The Group recognizes ROU assets (included in 'Property and Equipment') at the commencement date of the lease (that is, the date the underlying asset is available for use). ROU assets are measured at cost less any accumulated depreciation and allowance for impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of ROU assets includes the amount of lease liabilities recognized and lease payments made at or before the commencement date less any lease incentives received. ROU assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Office space	1 to 29 years
ATM site and equipment	1 to 5 years

#### Lease liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest (included in 'Interest expense on bills payable and SSURA, bonds payable, subordinated debts and others') and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term or a change in the lease payments.

The Group's lease liabilities are included in Other Liabilities (Note 21).

#### Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of office spaces and ATM sites (that is, those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of ATM site and other equipment that are considered to be of low value (that is, those with value of less than ₱250,000). Lease payments on short-term leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

# Residual value of leased assets and deposits on lease contracts

The residual value of leased assets, which approximates the amount of guaranty deposit paid by the lessee at the inception of the lease, is the estimated proceeds from the sale of the leased asset at the end of the lease term. At the end of the lease term, the residual value of the leased asset is generally applied against the guaranty deposit of the lessee when the lessee decides to buy the leased asset.

# Group as lessor

Finance leases, where the Group transfers substantially all the risks and benefits incidental to the ownership of the leased item to the lessee, are included in the statement of financial position under 'Loans and receivables'. All income resulting from the receivable is included in 'Interest income' in the statement of income.

Leases where the Group does not transfer substantially all the risks and benefits of ownership of the assets are classified as operating leases. Initial direct costs incurred in negotiating operating leases are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as the rental income. Contingent rents are recognized as revenue in the year in which they are earned.

# Retirement Cost

The Group has a non-contributory defined benefit retirement plans, except for FMIIC and its subsidiary which follow the defined contribution retirement benefit plan and the Mandatory Provident Fund Scheme (MPFS). The retirement cost of the Parent Company and most of its subsidiaries is determined using the projected unit credit method. Under this method, the current service cost is the present value of retirement benefits payable in the future with respect to services rendered in the current year. The net defined benefit liability or asset is the aggregate of the present value of the defined benefit obligation (DBO) at the end of the statement of financial position date reduced by the fair value of plan assets, adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan. The cost of providing benefits under the defined benefit plans is actuarially determined using the projected unit credit method.

Defined benefit costs comprise the following:

- Service cost; and
- Net interest on the net defined benefit liability or asset.

Service costs which include current service costs, past service costs and gains or losses on nonroutine settlements are recognized as expense in the statement of income. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuaries. Net interest on the net defined benefit liability or asset is the change during the year in the net defined benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net defined benefit liability or asset. Net interest on the net defined benefit liability or asset is recognized as expense or income in the statement of income. Retirement expense is presented under 'Compensation and fringe benefits' in the statement of income.

Remeasurements comprising actuarial gains and losses, return on plan assets and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to the statement in income in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the Group, nor can they be paid directly to the Group. Fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations).

If the fair value of the plan assets is higher than the present value of the DBO, the measurement of the resulting defined benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The Group's right to be reimbursed of some or all of the expenditure required to settle a DBO is recognized as a separate asset at fair value when and only when reimbursement is virtually certain. Payments to the defined contribution retirement benefit plans and the MPFS are recognized as expenses when employees have rendered service entitling them to the contributions.

# Equity

When the shares are sold at a premium, the difference between the proceeds and par value is credited to 'Capital paid in excess of par value', net of direct costs incurred related to the equity issuance. If 'Capital paid in excess of par value' is not sufficient, the excess is charged against 'Surplus'. When the Group issues more than one class of stock, a separate account is maintained for each class of stock and the number of stocks issued.

Surplus represents accumulated earnings of the Group less dividends declared.

Own equity instruments which are reacquired or Parent Company's shares acquired by its subsidiaries (treasury stock) are recognized at cost and deducted from equity. No gain or loss is recognized in the statement of income on the purchase, sale, issue or cancellation of the Parent Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in 'Capital paid in excess of par value'. Voting rights related to treasury stocks are nullified and no dividends are allocated. When the stocks are retired, the Common stock account is reduced by its par value and the excess of cost over par value upon retirement is debited to 'Capital paid in excess of par value' at the time the stocks were issued and to 'Surplus' for the remaining balance.

#### Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of income, net of any reimbursement. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as 'Interest expense'.

# Contingent Liabilities and Contingent Assets

Contingent liabilities are not recognized in the financial statements but are disclosed in the notes to financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized but are disclosed in the notes to financial statements when an inflow of economic benefits is probable.

# Income Taxes

# Current taxes

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the statement of financial position date.

# Deferred taxes

Deferred tax is provided on temporary differences at the statement of financial position date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- a. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- b. In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, carryforward of unused tax credits from the excess of minimum corporate income tax (MCIT) over the regular income tax, and unused net operating loss carryover (NOLCO), to the extent that it is probable that taxable income will be available against which the deductible temporary differences and carryforward of unused tax credits from MCIT and unused NOLCO can be utilized except:

- a. Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- b. In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each statement of financial position date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each statement of financial position date and are recognized to the extent that it has become probable that future taxable income will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the statement of financial position date.

Current tax and deferred tax relating to items recognized directly in equity are recognized in OCI and not in the statement of income.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to offset current tax assets against current tax liabilities and deferred taxes relate to the same taxable entity and the same tax authority.

# Earnings Per Share

Basic earnings per share is computed by dividing net income for the year attributable to equity holders of the Parent Company by the weighted average number of common shares outstanding during the year after giving retroactive effect to stock dividends declared and stock rights exercised during the year. The Group does not have dilutive potential common shares.

#### **Dividends on Common Shares**

Cash dividends on common shares are recognized as a liability and deducted from the equity when approved by the BOD of the Parent Company while stock dividends are deducted from equity when approved by BOD and shareholders of the Parent Company. Dividends declared during the year but are paid or issued after the statement of financial position date are dealt with as a subsequent event.

#### Debt Issuance Costs

Issuance, underwriting and other related costs incurred in connection with the issuance of debt instruments are deferred and amortized over the terms of the instruments using the EIR method. Unamortized debt issuance costs are included in the related carrying amount of the debt instrument in the statement of financial position.

#### Capital Securities Issuance Costs

Issuance, underwriting and other related costs incurred in connection with the issuance of the capital securities are treated as a reduction of equity against 'Capital paid in excess of par value'.

# Events after the Statement of Financial Position Date

Post year-end events that provide additional information about the Group's position at the statement of financial position date (adjusting event) are reflected in the financial statements. Post year-end events that are not adjusting events, if any, are disclosed when material to the financial statements.

# Segment Reporting

The Group's operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Financial information on business segments is presented in Note 6.

#### **Fiduciary Activities**

Assets and income arising from fiduciary activities together with related undertakings to return such assets to customers are excluded from the financial statements where the Parent Company and PSBank act in a fiduciary capacity such as nominee, trustee or agent.

# Standards Issued but not yet Effective

The list below consists of standards and interpretations issued, which the Group reasonably expects to be applicable at a future date. The Group intends to adopt these standards when they become effective. Except as otherwise indicated, the Group does not expect the adoption of these new and amended standards and interpretations to have significant impact on its financial statements.

# Effective beginning on or after January 1, 2023

# Amendments to PAS 12, *Income Taxes, Deferred tax related to assets and liabilities arising from a single transaction*

The amendments narrow the scope of the initial recognition exception under PAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments also clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognized in the financial statements (and interest expense) or to the related asset component (and interest expense).

The amendment is effective for annual reporting periods beginning on or after January 1, 2023 to transactions that occur on or after the beginning of the earliest comparative period presented.

# Amendments to PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors, Definition of accounting estimates*

The amendments introduce a new definition of accounting estimates and clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, the amendments clarify that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023, with early adoption permitted.

# Amendments to PAS 1, *Presentation of Financial Statements*, and PFRS Practice Statement 2, *Disclosure of Accounting Policies*

The amendments provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by:

- Replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies; and
- Adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments to PAS 1 are effective for annual periods beginning on or after January 1, 2023, with early adoption permitted.

# Effective beginning on or after January 1, 2024

# Amendments to PAS 1, Presentation of Financial Statements, Classification of liabilities as current or non-current

The amendments clarify paragraphs 69 to 76 of PAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement;
- That a right to defer must exist at the end of the statement of financial position date;
- That classification is unaffected by the likelihood that an entity will exercise its deferral right; and
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023 and must be applied retrospectively. However, in November 2021, the International Accounting Standards Board (IASB) tentatively decided to defer the effective date to no earlier than January 1, 2024.

# Amendments to PFRS 16, Lease Liability in a Sale and Leaseback

The amendments specify how a seller-lessee measures the lease liability arising in a sale and leaseback transaction in a way that it does not recognize any amount of the gain or loss that relates to the right of use retained.

The amendments are effective for annual reporting periods beginning on or after January 1, 2024 and must be applied retrospectively. Earlier adoption is permitted and that fact must be disclosed.

# Effective beginning on or after January 1, 2025

# PFRS 17, Insurance Contracts

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, *Insurance Contracts*. This new standard on insurance contracts applies to all types of insurance contracts (that is, life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach); and
- A simplified approach (the premium allocation approach) mainly for short-duration contracts.

On December 15, 2021, the Financial Reporting Standards Council (FRSC) amended the mandatory effective date of PFRS 17 from January 1, 2023 to January 1, 2025. This is consistent with Circular Letter No. 2020-62 issued by the Insurance Commission, which deferred the implementation of PFRS 17 by two (2) years after its effective date as decided by the IASB.

PFRS 17 is effective for reporting periods beginning on or after January 1, 2025, with comparative figures required. Early application is permitted.

# Deferred effectivity

Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Investments in Associates and Joint Ventures, Sale or contribution of assets between an investor and its associate or JV* The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or JV. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or JV involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investor's interests in the associate or JV.

On January 13, 2016, the FRSC postponed the original effective date of January 1, 2016 of the said amendments until the IASB has completed its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and JVs.

# 3. Significant Accounting Judgments and Estimates

The preparation of the financial statements in compliance with PFRS requires the Group to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the disclosures of contingent assets and contingent liabilities. Future events may occur which can cause the assumptions used in arriving at the estimates to change. The effects of any change in estimates are reflected in the financial statements as they become reasonably determinable. Judgments and estimates are continuously evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The following are the critical judgments and key assumptions that have a significant risk of material adjustment to the carrying amounts of assets and liabilities within the next financial year:

# Judgments

a. Classification of financial assets

The Group classifies its financial assets depending on the results of the SPPI test and on the business model used for managing those financial assets.

When performing the SPPI test, the Group applies judgement and evaluates relevant factors and characteristics such as the behavior and nature of contractual cash flows, its original currency denomination, the timing and frequency of interest rate repricing, contingent events that would alter the amount and/or timing of cash flows, leverage features, prepayments or extension options and other features that may modify the consideration for the time value of momey.

As a second step, the Group performs business model assessment to reflect how financial assets are managed in order to generate net cash inflows based on the following factors:

- business objectives and strategies for holding the financial assets;
- performance measures and benchmarks being used to evaluate the Group's key management personnel accountable to the financial assets;
- risks associated to the financial assets and the tools applied in managing those risks;
- compensation structure of business units, including whether based on fair values changes of the investments managed or on the generated cash flows from transactions; and
- frequency and timing of disposals.

In applying judgment, the Group also considers the circumstances surrounding the the transaction as well as the prudential requirements of the BSP.

In 2020, the Parent Company disposed investment securities at amortized cost and assessed that this resulted from a change in business model. PSBank also disposed investment securities at amortized cost and assessed that the disposal was not inconsistent with the hold-to-collect (HTC) business model (see Note 8).

# b. Consolidation of subsidiaries

The determination whether the Group has control over an investee company requires significant judgment. The Group considers that the following criteria are all met, including:

- An investor has the power over an investee;
- The investor has exposure, or rights, to variable returns from its involvement with the investee; and
- The investor has the ability to use its power over the investee to affect the amount of the investor's return.

In accordance with PFRS 10, the Group included the accounts of First Metro Save and Learn Balance Fund, Inc. (FMSALBF), First Metro Save and Learn Equity Fund, Inc. (FMSALEF), First Metro Save and Learn Dollar Bond Fund Inc. (FMSLDBF), First Metro Save and Learn Fixed Income Fund, Inc. (FMSLFIF), First Metro Philippine Equity Exchange Traded Fund, Inc. (FMPETF), First Metro Save and Learn F.O.C.C.U.S. Dynamic Fund, Inc. and First Metro Save and Learn Money Market Fund, Inc., collectively the "Funds", in its consolidated financial statements. The Group re-assessed the control conclusion for these Funds. Although the ownership is less than half of the voting power of these investees, the Group has control due to its power to direct the relevant activities of the Funds through First Metro Asset Management Inc. (FAMI), a subsidiary of FMIC, which acts as the fund manager of the Funds. Further, the Group has the exposure to variable returns from its investments and its ability to use its power over the Funds to affect their returns.

- c. Existence of significant influence over an associate with less than 20.00% ownership As discussed in Note 11, there are instances that an investor exercises significant influence even if its ownership is less than 20.00%. The Group applies significant judgment in assessing whether it holds significant influence over an investee and considers the following:
  - Representation in the BOD or equivalent governing body of the investee;
  - Participation in policy-making processes, including participation in decisions about dividends or other distributions;
  - Material transactions between the investor and the investee;
  - Interchange of managerial personnel;
  - Joint voting agreement with other investors; or
  - Provision of essential technical information.

# d. Fair value of financial instruments

Where the fair values of financial assets and financial liabilities recorded in the statement of financial position or disclosed in the notes to financial statements cannot be derived from active markets, these are determined using internal valuation techniques using generally accepted market valuation models. The inputs to these models are taken from observable markets where possible, but when this is not feasible, a degree of judgment is required in establishing fair values. These judgments may include considerations of liquidity and volatility for longer dated derivatives (Note 5).

e. Contingencies

The Group is currently involved in legal proceedings. The estimate of the probable cost for the resolution of claims has been developed in consultation with and the aid of the outside legal counsel handling the Group's defense in this matter and is based upon an analysis of potential results. It is probable, however, that future results of operations could be materially affected by changes in the estimates or in the effectiveness of the strategies relating to these proceedings (Note 30).

# **Estimates**

a. Credit losses on financial assets

The Group reviews its debt financial assets subject to ECL at least on a semi-annual basis with updating provisions made during the intervals as necessary based on the continuing analysis and monitoring of individual accounts by credit officers, as has been the case since 2020 when quarterly reviews and ECL adjustments are made in response to the changing credit environment brought about by the COVID-19 pandemic. The measurement of credit losses under PFRS 9 across all categories of such financial assets requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining credit losses and the assessment of a SICR. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Group's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgments and estimates include, among others:

- Segmentation of the portfolio, where the appropriate model or ECL approach is used.
- Criteria for assessing if there has been a SICR and so allowances for debt financial assets should be measured on a lifetime ECL basis and the qualitative assessment.
  - The Group likewise performed quarterly reviews of its credit exposures to determine the occurrence of SICR notwithstanding said reprieves. Exposures belonging to sectors widely determined to be most at-risk and non-essential (for example, tourism, entertainment and leisure, hotels and restaurants, airlines), and projected to experience significant revenue and liquidity strain in the event of prolonged economic inactivity, were also included under Stage 2.
- Segmentation of debt financial assets when their ECL is assessed on a collective basis.
- Development of ECL models, including the various formulas and the choice of inputs. The Parent Company and the Group as a whole continuously review and calibrate their models based on the results of the model validation and regular backtesting.
- Determination of associations between macroeconomic scenarios and economic inputs, such as unemployment levels and collateral values, and the effect on PDs, LGDs and EADs.
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models.

The gross carrying amounts of financial assets subject to ECL as of December 31, 2022 and 2021 are disclosed in Note 4, while the related allowances for expected credit losses are disclosed in Note 15. In 2022, 2021 and 2020, provision for credit losses on these financial assets amounted to P7.8 billion, P11.7 billion and P40.8 billion, respectively, for the Group, and P5.7 billion, P7.7 billion and P32.7 billion, respectively, for the Parent Company (Note 15).

b. Recognition of deferred income taxes

Deferred tax assets are recognized for all unused tax losses and deductible temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits together with future tax planning strategies. The estimates of future taxable income indicate that certain temporary differences will be realized in the future. The Group and the Parent Company have considered the impact of the COVID-19 pandemic on future taxable income and on the recognized tax assets. The recognized net deferred tax assets and unrecognized deferred tax assets for the Group and the Parent Company are disclosed in Note 28.

# c. Impairment of non-financial assets

The Group assesses impairment on non-financial assets (property and equipment, investments in subsidiaries, associates and a JV, investment properties, software costs, chattel mortgage properties and other assets) whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The factors that the Group considers important which could trigger an impairment review include the following:

- Significant underperformance relative to expected historical or projected future operating results;
- Significant changes in the manner of use of the acquired assets or the strategy for overall business; and
- Significant negative industry or economic trends.

The Group uses the higher of FVLCTS and VIU in determining the recoverable amount of the asset In 2022 and 2021, the Group considered the impact of the COVID-19 pandemic in determining the VIU. Based on the Group's impairment testing as of December 31, 2022 and 2021, allowance for impairment losses on investment in associates amounted to P883.4 million and P671.9 million, respectively, and P101 million for the Parent Company.

The carrying values of the property and equipment, investments in subsidiaries, associates and a JV, investment properties, software costs, chattel mortgage properties, and other assets of the Group and the Parent Company are disclosed in Notes 10, 11, 12 and 14, respectively.

#### Goodwill

Goodwill is reviewed for impairment, annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of the CGU (or group of CGUs) to which the goodwill relates. Where the recoverable amount of the CGU (or group of CGUs) is less than the carrying amount of the CGU (or group of CGUs) to which goodwill has been allocated, an impairment loss is recognized immediately in the statement of income. The recoverable amount of the CGU is determined based on FVLCTS.

The fair value of the CGU is determined using the cost approach, specifically the adjusted Net Asset Value (NAV) method. This method requires the measurement of the fair value of the individual assets and liabilities recognized in the CGU, as well as the fair value of any unrecognized assets and liabilities at the measurement date. The resulting net fair values of the assets and liabilities represent the fair value of the CGU. In determining the fair value of the CGU's net assets, the Group used the discounted cash flow method for unquoted debt financial assets/liabilities at the appropriate market rate, the price-to-earnings (P/E) valuation and adjusted NAV model for unquoted equity investments, and the appraisal reports for the valuation of real properties. Fair values of listed debt and equity securities are based on their quoted market prices. The Group applied the P/E valuation model by reference to P/E ratios of listed comparable companies of the investee company. The FVLCTS calculation of the CGU is most sensitive to the P/E ratios of listed comparable companies of the investee company. As of December 31, 2022 and 2021, based on the sensitivity analysis performed, a one percent (1%) reduction in the P/E ratio used will result in impairment of the goodwill. The Group considered the impact of the COVID-19 pandemic in determining the recoverable amount. As of December 31, 2022 and 2021, the Group's goodwill amounted to ₱5.2 billion (Note 11).

# 4. Financial Risk and Capital Management

#### Introduction

The Group has exposure to the following risks from its use of financial instruments:

- a. Credit;
- b. Liquidity; and
- c. Market risks.

# Risk management framework

The BOD has overall responsibility for the oversight of the Parent Company's risk management process. On the other hand, the risk management processes of the subsidiaries are the separate responsibilities of their respective BOD. Supporting the BOD in this function are certain Board-level committees such as Risk Oversight Committee (ROC), Audit Committee (AC) and senior management committees through the Executive Committee (EXCOM) and Asset and Liability Committee (ALCO) among others.

The ROC, which is composed primarily of independent members of the BOD, is responsible for overseeing the Parent Company's risk infrastructure, the adequacy and relevance of risk policies, and the compliance to defined risk appetite and levels of exposure. The ROC is assisted in this responsibility by the Risk Management Group (RSK). The RSK undertakes the implementation and execution of the Parent Company's Risk Management framework which involves the identification, assessment, control, monitoring and reporting of risks.

The Parent Company and its subsidiaries manage their respective financial risks separately. The subsidiaries have their own risk management processes but are structured similar to that of the Parent Company. To a certain extent, the respective risk management programs and objectives are the same across the Group. The risk management policies adopted by the subsidiaries and affiliates are aligned with the Parent Company's risk policies. To further promote compliance with PFRS and Basel III, the Parent Company created a Risk Management Coordinating Council (RMCC) composed of risk officers of the Parent Company and its financial institution subsidiaries.

# Credit Risk

Credit risk is the risk of financial loss to the Group if a counterparty to a financial instrument fails to meet its contractual obligations. The Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, related groups of borrowers, market segments, and industry concentrations, and by monitoring exposures in relation to such limits, among others. The same is true for treasury-related activities. Each business unit is responsible for the quality of its credit portfolio and monitoring and controlling all credit risks in its portfolio. Regular reviews and audits of business units and credit processes are undertaken by the RSK and Internal Audit Group, respectively.

# Management of credit risk

The Group faces potential credit risks every time it extends funds to borrowers, commits funds to counterparties, guarantees the paying performance of its clients, invests funds to issuers (for example, investment securities issued by either sovereign or corporate entities) or enter into either market-traded or over-the-counter derivatives, either through implied or actual contractual agreements (that is, on- or off-balance sheet exposures). The Parent Company manages its credit risk at various levels (that is, strategic level, portfolio level down to individual obligor or transaction) by adopting a credit risk management environment that has the following components:

- Formulating credit policies in consultation with business units, covering collateral requirements, credit/financial assessment, risk grading and reporting, and compliance with regulatory requirements;
- Establishment of authorization limits for the approval and renewal of credit facilities;
- Limiting concentrations of exposure to counterparties and industries (for loans), and by the issuer (for investment securities);
- Utilizing the Internal Credit Risk Rating System (ICRRS) to categorize exposures according to their risk profile. The risk grading system is used for determining loan loss provisions against credit exposures. The current risk grading framework consists of ten grades reflecting varying degrees of risk of default and the availability of collateral or other credit risk mitigation; and
- Monitoring compliance with approved exposure limits.

Borrowers, counterparties, or groups of related accounts across the Group are aggregated and managed by the Parent Company's Institutional Banking Sector as the "Control Unit". Group Limits for conglomerates are set-up and approved to guide subsidiaries and affiliates of the Group. Consolidated exposures are regularly reported to senior management, the EXCOM, and the ROC.

# Credit risk at initial recognition

The Group uses internal credit assessment and approvals at various levels to determine the credit risk of exposures at initial recognition. Assessment can be quantitative or qualitative and depends on the materiality of the facility or the complexity of the portfolio to be assessed.

#### *Modification*

In certain circumstances, the Group modifies the original terms and conditions of a credit exposure to form a new loan agreement or payment schedule. The modifications can be given depending on the borrower's or counterparty's current or expected financial difficulty. The modifications may include, but are not limited to, change in interest rate and terms, principal amount, maturity date, date and amount of periodic payments and accrual of interest and charges.

On March 24, 2020, Republic Act (RA) No. 11469 or the "Bayanihan to Heal as One Act" (Bayanihan 1) was enacted declaring a state of national emergency over the entire country to control the spread of the COVID-19. Among the provisions of Bayanihan 1 is the implementation of a 30-day grace period for all loans with principal and/or interest falling due within the period of the Enhanced Community Quarantine without incurring interest on interest, on penalties, fees and other charges. Further, on September 11, 2020, RA No. 11494 or the "Bayanihan to Recover as One Act" (Bayanihan 2) was enacted and part of the provisions of the Bayanihan 2 is the implementation of a one-time 60-day grace period to be granted for the payment of all existing, current and outstanding loans falling due, or any part thereof, on or before December 31, 2020, without incurring interest on interest, penalties, fees and other charges, thereby extending the maturity of said loans. In addition, Bayanihan 2 allows loans to be settled on a staggered basis without interest on interest, penalties, fees until December 31, 2020 or as may be agreed upon by both parties.

As of December 31, 2020, the impact of loan modifications as a result of the Bayanihan 1 and Bayanihan 2 Acts amounted to a loss of  $\mathbb{P}1.7$  billion for the Group and  $\mathbb{P}1.2$  billion for the Parent Company. For the year ended December 31, 2022 and 2021, total accretion arising from the accretion of the modified loans arising from the Bayanihan 1 and Bayanihan 2 Acts amounted to  $\mathbb{P}107.0$  million and  $\mathbb{P}134.6$  million, respectively, for the Group, and nil for the Parent Company.

#### Maximum exposure to credit risk

An analysis of the maximum credit risk exposure (net of allowance for ECL) relating to financial assets with collateral or credit enhancements is shown below:

The maximum exposure to credit risks for the other financial assets is limited to their carrying values as of December 31, 2022 and 2021.

Collaterals on loans and receivables includes real estate and chattel mortgages, guarantees, and other registered securities over assets. Generally, collateral is not held over loans and advances to banks, except for reverse repurchase agreements and certain due from other banks. Collateral usually is not held against investment securities, and no such collateral was held as of December 31, 2022 and 2021. Estimates of fair values of the collateral are based on the value of collateral assessed at the time of borrowing and are regularly updated according to internal lending policies and regulatory guidelines. The Group is not permitted to sell or repledge the collateral in the absence of default by the counterparty.

The following tables show the effect of rights of set-off associated with the recognized financial assets

# Excessive risk concentration

Credit risk concentrations can arise whenever a significant number of borrowers have similar characteristics and are affected similarly by changes in economic or other conditions. The Parent Company analyzes the credit risk concentration to an individual borrower, related group of accounts, industry, internal rating buckets, and security. For risk concentration monitoring purposes, the financial assets are broadly categorized into (1) loans and receivables and (2) trading and financial investment securities. To mitigate risk concentration, the Parent Company constantly checks for breaches in regulatory and internal limits.

*Concentration of risks of financial assets with credit risk exposure* Below is an analysis of concentrations of credit risk at the statement of financial position date based on carrying amount:

Comprised of due from BSP, due from other banks and interbank loans receivable and SPURA.
 Comprised of debt securities at FVOCI and investment securities at amortized cost.
 Comprised of applicable accounts under other assets, financial guarantees and loan commitments and other credit-related liabilities.
 Comprised of loans and investments to the National Government.

# 

#### Credit quality per class of financial assets

The credit quality of financial assets is assessed and managed using external and internal ratings (applying ICRRS).

#### The ICRRS contains the following:

 Borrower Risk Rating (BRR) - an assessment of the credit worthiness of the borrower (or guarantor) without considering the type or amount of the facility and security arrangements. It is an indicator of the probability that a borrower cannot meet its credit obligations when they fall due. The components of the assessment are described below:

Component	Description	Credit Factor Weight
Financial Condition	Refers to the financial condition of the borrower based on audited financial statements as indicated by certain financial ratios. The Financial Factor Evaluation is conducted manually.	40.00%
Industry Analysis	Refers to the prospects of the industry, as well as the company's performance and position in the industry.	30.00%
Management Quality	Refers to the management's ability to run the company successfully.	30.00%

- b. Facility Risk Factor (FRF) determined for each individual facility considering the term of the facility, security arrangement and quality of documentation. This factor can downgrade or upgrade the BRR based on the elements relating to cover (collateral including pledged cash deposits and guarantee), quality of documentation and structure of transactions.
- c. Adjusted Borrower Risk Rating combination of BRR and FRF.

#### Loans and receivables

The credit quality is generally monitored using the 10-grade ICRRS, which is integrated in the credit process. The validation of the individual borrower's risk rating is performed by the Credit Group to maintain accurate and consistent risk ratings across the credit portfolio. For commercial loans, the credit quality with the corresponding ICRRS Grade and description follows:

#### High Grade

#### 1 - Excellent

An excellent rating is given to a borrower with a very low probability of going into default and with high degree of stability, substance and diversity. Borrower has access to raise substantial amounts of funds through public market at any time; very strong debt service capacity and has conservative balance sheet ratios. Track record in profit terms is very good. Borrower exhibits highest quality under virtually all economic conditions.

#### 2 - Strong

This rating is given to borrowers with low probability of going into default in the coming year. Normally has a comfortable degree of stability, substance and diversity. Under normal market conditions, borrower has good access to public markets to raise funds. Have a strong market and financial position with a history of successful performance. Overall debt service capacity is deemed very strong; critical balance sheet ratios are conservative. Concerned multinationals or local corporations are well capitalized.

#### Standard Grade

#### 3 - Good

This rating is given to smaller corporations with limited access to public capital markets or to alternative financial markets during favorable economic and/or market conditions. As it bears characteristics of some degree of stability and substance, probability of default is quite low. However, susceptibility to cyclical changes and more concentration of business risk, by product or

market, may be present. Typical is the combination of comfortable asset protection and an acceptable balance sheet structure. Debt service capacity is strong.

#### 4 - Satisfactory

A 'satisfactory' rating is given to a borrower where clear risk elements exist and probability of default is somewhat greater. Due to volatility of earnings and overall performance, borrower normally has limited access to public markets. Borrower should be able to withstand normal business cycles, but any prolonged unfavorable economic period would create deterioration beyond acceptable levels. With the combination of reasonable sound asset and cash flow protection, the debt service capacity is adequate. Reported profits in the past year and is expected to report a profit in the current year.

#### 5 - Acceptable

An 'acceptable' rating is given to a borrower whose risk elements are sufficiently pronounced although borrower should still be able to withstand normal business cycles. Any prolonged unfavorable economic and/or market period would create an immediate deterioration beyond acceptable levels. Risk is still acceptable as there is sufficient cash flow either historically or expected in the future from new business or projected finance transaction; an existing borrower where the nature of the exposure represents a higher risk because of extraordinary developments but for which a decreasing risk within an acceptable period can be expected.

#### Watchlist Grade

#### 5 - Watchlist

This rating is given to a borrower that belongs to an unfavorable industry or has company-specific risk factors which represent a concern. Operating performance and financial strength may be marginal and it is uncertain if borrower can attract alternative course of finance.

#### 6 - Watchlist

Borrower finds it hard to cope with any significant economic downturn and a default in such a case is more than a possibility. Credit exposure is not at risk of loss at the moment but performance of the borrower has weakened which, unless present trends are reversed, could lead to losses.

#### **Classified Grade**

#### 7 - Especially Mentioned

This rating is given to a borrower that exhibits pronounced weaknesses that deserve management's close attention. These potential weaknesses, if left uncorrected, may affect the repayment of the loan and thus, increase credit risk of the Group. Classification can be worsened if borrower is endorsed to Special Accounts Management Group for collection.

#### 8 - Substandard

These are loans or portions thereof which appear to involve a substantial and unreasonable degree of risk to the Group because of unfavorable record or unsatisfactory characteristics. There exists the possibility of future losses to the Group unless given closer supervision. Borrower has well-defined weaknesses or weaknesses that jeopardize loan liquidation. Such well-defined weaknesses may include adverse trends or development of financial, managerial, economic or political nature, or a significant weakness in collateral.

#### 9 - Doubtful

This rating is given to a nonperforming borrower whose loans or portions thereof have the weaknesses inherent in those classified as Substandard, with the added characteristics that existing facts, conditions, and values make collection or liquidation in full, highly improbable and in which substantial loss is probable.

#### 10 - Loss

This rating is given to a borrower whose loans or portions thereof are considered uncollectible or worthless and of such little value that their continuance as bankable assets is not warranted although the loans may have some recoveries or salvage value. The amount of loss is difficult to measure and it is not practical or desirable to defer writing off these basically worthless assets even though partial recovery may be obtained in the future.

The credit quality of consumer loan applicants is currently evaluated using quantitative and qualitative criteria. For booked consumer loans, the description of credit quality is as follows:

#### High Grade

### Good credit rating

This rating is given to a good repeat client with very satisfactory track record of its loan repayment (paid at least 50.00%) and whose account did not turn past due during the entire term of the loan.

#### Standard Grade

#### Good

A good rating is given to accounts which did not turn past due for 90 days and over.

#### Limited

This rating is given to borrowers who have average track record on loan repayment (paid less than 50.00%) and whose account did not turn past due for 90 days and over.

#### Substandard Grade

#### Poor

A poor rating is given to accounts who reached 90 days past due regardless of the number of times and the number of months past due.

#### Poor litigation

This rating is given to accounts that were past due for 180 days and over and are currently being handled by lawyers.

#### Impaired

Poor repossessed This rating is given to accounts whose collaterals were repossessed.

#### Poor written-off

This rating is given to accounts that were recommended for write-off.

For booked credit card receivables, the description of credit quality is as follows:

#### Excellent

These are customers that have exhibited the best payment behavior and are generally those without history of past due which have been paying the outstanding balance in full over a period of twelve (12) months.

#### Very Satisfactory

These are customers that have exhibited the good payment behavior and are generally those without history of past due but could have revolved over a period of twelve (12) months.

#### Satisfactory

These are customers that have shown history of past due but not impaired, and are still within the average level of the credit card portfolio which remains to be profitable.

#### Poor

These are customers that are past due but not yet impaired and could still be cured by collection mitigation strategies.

#### Default

These are customers that are already impaired. Recovery strategies are needed to reduce exposure to these customers.

#### Investment securities

In ensuring quality investment portfolio, the Group uses the credit risk rating from the published data providers like Moody's, Standard & Poor's (S&P) or other reputable rating agencies. The following indicates the levels of equivalent credit quality and its relevant external rating:

Credit Quality	External Rating									
High grade	Aaa	Aa1	Aa2	A1	A2	A3	Baa1	Baa2	Baa3	_
Standard grade	Ba1	Ba2	Ba3	B1	B2					
Substandard grade	B3	Caa1	Caa2	Caa3	Ca	С				
Impaired	D									

The Group considers a debt security to have low credit risk when its credit risk rating is equivalent to those rated by external rating agencies as 'Investment grade' (that is, those under High grade in the table above).

The following table shows the credit quality of loans and advances to banks, gross of allowance for credit losses, as of December 31, 2022 and 2021. All loans and advances to banks are classified as Stage 1 in 2022 and 2021.

	Consolidated		Parent Company	
	2022	2021	2022	2021
Due from BSP

#### Liquidity Risk

Liquidity risk is the current and prospective risk to earnings or capital arising from the inability to meet its obligations when they become due. This may be caused by the inability to liquidate assets or to obtain funding to meet the liquidity needs. The Group manages its liquidity risk by holding adequate stock of high-quality liquid assets, analyzing net funding requirements over time, diversifying funding sources and contingency planning.

To measure the prospective liquidity needs, the Group uses Maximum Cumulative Outflow (MCO), a liquidity gap tool to project short-term and long-term cash flow expectations on a business-as-usual condition.

The MCO is generated by distributing the cash flows of the Group's assets, liabilities and off-balance sheet items to time bands based on cash flow expectations such as contractual maturity, nature of the account, behavioral patterns, projections on business strategies, and/or optionality of certain products. The incorporation of behavioral cash flow assumptions and business projections or targets results in a dynamic gap report that realistically captures the behavior of the products and creates a forward-looking cash flow projection.

Cash flows from assets are considered as cash inflows, while cash flows from liabilities are considered cash outflows. The net cash flows are determined for each given time period. If the inflows exceed the outflows, the Group is said to have a positive liquidity gap or has excess funds for the given time bucket. Conversely, if the outflows exceed the inflows, the Group is said to have a negative liquidity gap or has funding needs for the given time bucket.

The MCO is monitored regularly to ensure that it remains within the set limits. The Parent Company generates and monitors daily its MCO, while the subsidiaries generate the report at least monthly. The liquidity profile of the Group is reported monthly to the Parent Company's ALCO and ROC.

- 58 -

To supplement the business-as-usual scenario parameters reflected in the MCO report, the Group also conducts liquidity stress testing to determine the impact of extreme factors, scenarios and/or events to the Group's liquidity profile. Liquidity stress testing exercise is performed quarterly on a per firm basis, and at least annually on the Group-wide level.

#### Financial assets

Analysis of debt securities into maturity groupings is based on the expected date on which these assets will be realized. For other financial assets, the analysis into maturity groupings is based on the remaining period from the end of the reporting period to the contractual maturity date or, if earlier, the expected date the assets will be realized.

#### Financial liabilities

The maturity groupings are based on the remaining period from the end of the reporting period to the contractual maturity date. When a counterparty has a choice of when the amount is paid, the liability is allocated to the earliest period in which the Group can be required to pay.

The tables below summarize the maturity profile of financial instruments and gross-settled derivatives based on contractual undiscounted cash flows:

#### Market Risk

Market risk is the possibility of loss to future earnings, fair values or future cash flows that may result from changes in the price of a financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates, and other market factors. Market risk originates from holdings in foreign currencies, debt securities and derivatives transactions.

Depending on the business model for the product, that is, whether they belong to the trading book or banking book, the Group applies different tools and processes to manage market risk exposures. Risk limits, approved by the BOD, are enforced to monitor and control this risk. RSK, as an independent body under the ROC, performs daily market risk analyses to ensure compliance to policies and limits, while Treasury Group manages the asset/liability risks arising from both banking book and trading operations in financial markets. The ALCO, chaired by the President, manages market risks within the parameters approved by the BOD.

As part of group supervision, the Parent Company regularly coordinates with subsidiaries to monitor their compliance to their respective risk tolerances and to ensure alignment of risk management practices. Each subsidiary has its own risk management unit responsible for monitoring its market risk exposures. The Parent Company, however, requires regular submission of market risk profiles from subsidiaries which are presented to ALCO and ROC in both individual and consolidated forms to provide senior management and ROC a holistic perspective and ensure alignment of strategies and risk appetite across the Group.

#### Market risk - trading book

In measuring the potential loss in its trading portfolio, the Parent Company uses Value-at-Risk (VaR). VaR is an estimate of the potential decline in the value of a portfolio, under normal market conditions, for a given "confidence level" over a specified holding period. The Parent Company measures and monitors the Trading Book VaR daily and this value is compared against the set VaR limit. Meanwhile, the Group VaR is monitored and reported monthly.

#### VaR methodology assumptions and parameters

Historical Simulation (HS) is used to compute the VaR. This method assumes that market rates volatility in the future will follow the same movement that occurred within the 260-day historical period. In calculating VaR, a 99.00% confidence level and a one-day holding period are assumed.

This means that, statistically, within a one-day horizon, the trading losses will exceed VaR in 1 out of 100 trading days.

Like any other model, the HS method has its own limitations. To wit, it cannot predict volatility levels which did not happen in the specified historical period. The validity of the VaR model is verified through a daily backtesting analysis, which examines how frequently both actual and hypothetical daily losses exceed VaR. The result of the daily backtesting analysis is reported to the ALCO and ROC monthly.

A summary of the VaR levels of the trading portfolio of the Parent Company appears below:

	<b>Rates and FX</b>	<b>Fixed Income</b>	FX Options
As of December 31, 2022			
December 29	₽320.71	<b>₽170.14</b>	₽1.13
Average	286.32	201.64	1.05
Highest	596.04	495.86	9.07
Lowest	83.06	94.88	0.07
As of December 31, 2021			
December 31	₽70.23	₽111.55	₽1.51
Average	88.42	97.98	7.88
Highest	210.43	300.29	29.64
Lowest	44.37	31.31	0.15

Rates and Foreign Exchange (FX) VaR is the correlated VaR of the following products: FX spot, outright forward, non-deliverable forwards, FX swaps, interest rate swaps, and cross-currency swaps. The Fixed Income VaR is the correlated VaR of these products: peso and foreign currency bonds, bond forwards and credit default swaps (CDS).

Subsidiaries with trading books perform daily mark-to-market valuation and VaR calculations for their exposures. Risk exposures are bounded by a system of risk limits and monitoring tools to effectively manage these risks.

The table below summarizes the VaR levels of FMIC and PSBank:

	FMIC		PSBan	k
	Bonds		Bond	s
	РНР	USD	PHP	FX
As of December 31, 2022				
December 30			<b>₽0.001</b>	<b>₽0.85</b> 7
Average			0.002	1.669
Highest			0.001	0.263
Lowest			-	-
As of December 31, 2021				
December 29	₽2.05	₽0.00	₽0.001	₽0.45
Average	9.95	0.28	2.18	0.54
Highest	37.87	3.74	8.31	1.07
Lowest	2.05	1.02	0.00	0.01

The limitations of the VaR methodology are recognized by supplementing VaR limits with other position and sensitivity limit structures and by doing stress testing analysis. These processes address potential product concentration risks, monitor portfolio vulnerability and give the management an early advice if an actual loss goes beyond what is deemed to be tolerable to the Group and the Parent Company, even before the VaR limit is hit.

Stress testing is performed by the Parent Company on a quarterly basis and the results are reported to the ALCO and, subsequently, to the ROC and BOD. On a group-wide perspective, stress testing is done, at least, annually. The results are reported by the Parent Company's Risk Management Group to the BOD through ROC.

#### Market risk - banking book

The Group has in place their own risk management system and processes to quantify and manage market risks in the banking book. To the extent applicable, these are generally aligned with the Parent's framework/tools.

The Group assesses interest rate risk in the banking book using measurement tools such as Interest Rate Repricing Gap, Earnings-at-Risk (EaR), Delta Economic Value of Equity ( $\Delta$ EVE) and Sensitivity Analysis.

Interest Rate Repricing Gap is a tool that distributes rate-sensitive assets and liabilities into predefined tenor buckets according to time remaining to their maturity (if fixed rate) or repricing (if floating rate). Items lacking definitive repricing schedules (for example, current and savings account) and items with actual maturities that could vary from contractual maturities (for example, securities with embedded options) are assigned to repricing tenor buckets based on an analysis of historical patterns, past experience and/or expert judgment.

EaR measures the possible decline in the Group's net interest income as a result of adverse interest rate movements, given the current repricing profile. It is a tool used to evaluate the sensitivity of the accrual portfolio to changes in interest rates in the adverse direction over the next twelve (12) months.

#### EaR methodology assumptions and parameters

The Group calculates EaR using Historical Simulations (HS) approach, with one-year horizon and using five years data. EaR is then derived as the 99th percentile biggest drop in net interest income.

The table below shows the EaR profile of the Parent Company and certain subsidiaries as of December 31, 2022 and 2021:

	Parent			
	Company	PSBank	ORIX Metro	Group
2022	(₽4,422.29)	(₽448.88)	(₽28.18)	(₽4,671.29)
2021	(₱1,730.80)	(₱362.00)	(₱124.00)	(₽2,048.93)

The Parent Company generates and monitors daily its EaR exposure while the subsidiaries generate their EaR reports at least monthly.

The Parent Company employs the Delta EVE model to measure the overall change in the economic value of the bank at one point. It reflects the changes in the net present value of its banking book at different interest rate shocks and stress scenarios.  $\Delta EVE$  is calculated by slotting the notional repricing cash flows arising from rate-sensitive assets and liabilities into pre-defined tenor buckets. The present value of the net repricing cash flows is then calculated using various interest rate scenarios prescribed by Basel, as well as scenarios internally developed by the Parent Company. For 2022 and 2021, the  $\Delta EVE$  of the Parent Company ranges from (P0.1 billion) to (P0.5 billion) and (P0.1 billion) to (P25.4 billion), respectively. As of December 31, 2022 and 2021, the  $\Delta EVE$  stood at (P1.2 billion) (0.56% of Common Equity Tier 1 (CET1) Capital) and (P0.5 billion) (0.24% of CET1 Capital), respectively. The Parent Company has adequate capital to support potential change in value of equity even at worst stress scenario.

Aside from the tools above, the Parent Company and its subsidiaries perform regular sensitivity and stress testing analyses on their banking books to broaden their forward-looking analysis. This way, management can craft strategies to address and/or arrest probable risks, if necessary.

#### Foreign currency risk

Foreign exchange risk is the probability of loss to earnings or capital arising from changes in foreign exchange rates. Foreign currency liabilities generally consist of foreign currency deposits in the Group's FCDU account. Foreign currency deposits are generally used to fund the Group's foreign currency-denominated loan and investment portfolio in the FCDU. Banks are required by the BSP to match the foreign currency liabilities with the foreign currency assets held in FCDUs. Outside the FCDU, the Group has additional foreign currency assets and liabilities in its foreign branch network. The Group's policy is to maintain foreign currency exposure within acceptable limits and within existing regulatory guidelines.

The following table sets forth, for the year indicated, the impact of reasonably possible changes in the USD exchange rate and other currencies per Philippine peso on pre-tax income and equity:

			Consol	idated					Parent Co	ompany		
		2022			2021			2022			2021	
	]	Effect on			Effect on			Effect on			Effect on

Information relating to the Parent Company's currency derivatives is included in Note 8. As of December 31, 2022 and 2021, the Parent Company has outstanding foreign currency spot transactions (in equivalent peso amounts) of  $\mathbb{P}18.6$  billion and  $\mathbb{P}10.9$  billion, respectively (sold), and  $\mathbb{P}18.4$  billion and  $\mathbb{P}11.2$  billion, respectively (bought).

The impact on the Parent Company's equity already excludes the impact on transactions affecting the statements of income.

#### IBOR reform

Following the decision by global regulators to phase out IBORs and replace them with alternative benchmark reference rates, the Parent Company created a transition team early on to assess the business and customer impact and to establish a viable transition and communication plan. The team involves stakeholders from different units across the Parent Company and ensures compliance with the requirements of BSP Memorandum No. M-2020-083 (Transition from the LIBOR and Reporting Requirements on LIBOR-Related Exposures). The Parent Company is continuously working on the transition of its IBOR exposure to RFRs.

IBOR reform exposes the Parent Company to various risks, which the project team is managing and monitoring closely. These risks include but are not limited to the following:

- Conduct risk arising from discussions with clients and market counterparties due to the amendments required to existing contracts necessary to effect IBOR reform.
- Financial risk to the Parent Company and its clients that markets are disrupted due to IBOR reform giving rise to financial losses.

- Pricing risk from the potential lack of market information if liquidity in IBORs reduces and RFRs are illiquid and unobservable.
- Operational risk arising from changes to the Parent Company's IT systems and processes, also the risk of payments being disrupted if an IBOR ceases to be available.

The tables below show the Group and the Parent Company's exposure to significant IBORs subject to reform that have yet to transition to risk free rates as of December 31, 2022 and 2021:

		C	onsolidated

#### Capital Management

The primary objectives of the Group's capital management are to ensure that it complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholders' value.

The Group manages its capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend payment to shareholders, return capital structure, or issue capital securities. No changes were made in the objectives, policies and processes from the previous year.

#### **BSP** Reporting

#### Regulatory Qualifying Capital

Under existing BSP regulations, the determination of the compliance with regulatory requirements and ratios is based on the amount of the "unimpaired capital" (regulatory net worth) as reported to the BSP, which is determined on the basis of regulatory accounting policies that differ from PFRS in some respects.

The Group complied with BSP Circular No. 781, *Basel III Implementing Guidelines on Minimum Capital Requirements*, which provides the implementing guidelines on the revised risk-based capital adequacy framework, particularly on the minimum capital and disclosure requirements for universal banks and commercial banks, as well as their subsidiary banks and quasi-banks, in accordance with the Basel III standards. BSP Circular No. 781 sets out a minimum CET1 ratio of 6.00% and Tier 1 capital ratio of 7.50%; capital conservation buffer of 2.50% comprised of CET1 capital and Total Capital Adequacy Ratio (CAR) of 10.00%. These ratios shall be maintained at all times. Further, BSP Circular No. 856 covers the implementing guidelines on the framework for dealing with domestic systemically important banks (DSIBs) in accordance with the Basel III standards. Banks identified as DSIBs shall be required to have higher loss absorbency, on top of the minimum CET1 capital and capital conservation buffer (CCB) and countercyclical capital buffer (CCYB).

The details of CAR, as reported to the BSP, as of December 31, 2022 and 2021 follow:

	Consolid	lated	Parent Com	oany
-	2022	2021	2022	2021

Tier 1 capital ratio	16.83%	19.28%	14.86%	18.17%
Total capital ratio	17.68%	20.13%	15.72%	19.04%
* of which capital conservation buffer in 202	2 and 2021 is 10.83% and	d 13.28% for the Group an	d 8.86% and 12.17%, resi	pectively, for the Pare

\* of which capital conservation buffer in 2022 and 2021 is 10.83% and 13.28% for the Group and 8.86% and 12.17%, respectively, for the Parent Company.

Qualifying capital and risk-weighted assets (RWA) are computed based on BSP regulations. Under Basel III, the regulatory qualifying capital of the Parent Company consists of CET1 capital, which comprises paid-up common stock, additional paid-in capital, retained earnings, including current year profit, retained earnings reserves, OCI and non-controlling interest less required regulatory deductions. The other component of regulatory capital is Tier 2 (supplementary) capital, which includes unsecured subordinated debts and general loan loss provision. RWA consist of total assets excluding cash on hand, due from BSP, loans covered by hold-out on or assignment of deposits, loans or acceptances under letters of credit to the extent covered by margin deposits and other non-risk items determined by the Monetary Board (MB) of the BSP. Operational RWA are computed using the Basic Indicator Approach.

The Group and its individually regulated operations have complied with all externally imposed capital requirements throughout the year.

The Internal Capital Adequacy Assessment Process (ICAAP) supplements the BSP's risk-based capital adequacy framework. In compliance with this, the Group has adopted and developed its ICAAP framework to ensure that appropriate level and quality of capital are maintained by the Group. Under this framework, the assessment of risks extends beyond the Pillar 1 set of credit, market and operational risks and onto other risks deemed material by the Group. The level and structure of capital are assessed and determined in light of the Group's business environment, plans, performance, risks and budget as well as regulatory edicts.

#### Basel III Leverage Ratio (BLR)

BSP Circular Nos. 881 and 990 cover the implementing guidelines on the BLR framework designed to act as a supplementary measure to the risk-based capital requirements and shall not be less than 5.00%. Effective July 1, 2018, the monitoring of the leverage ratio was implemented as a Pillar I minimum requirement.

The details of the BLR, as reported to the BSP, as of December 31, 2022 and 2021 follow:

	Consol	idated	Parent Company		
	2022	2021	2022	2021	
Tier 1 Capital	₽283,141	₽282,682	₽205,367	₽213,811	
Exposure Measure	₽3,016,548	₽2,579,529	₽2,598,795	₽2,184,771	
BLR	9.39%	10.96%	7.90%	9.79%	

Under the framework, BLR is defined as the capital measure divided by the exposure measure. Capital measure is Tier 1 capital. Exposure measure is the sum of on-balance sheet exposures, derivative exposures, security financing exposures and off-balance sheet items.

#### Liquidity Coverage Ratio (LCR)

BSP Circular No. 905 provides the implementing guidelines on LCR and disclosure standards that are consistent with the Basel III framework. The LCR is the ratio of high-quality liquid assets to total net cash outflows which should not be lower than 100.00%. Compliance with the LCR minimum requirement commenced on January 1, 2018 with the prescribed minimum ratio of 90.00% for 2018 and 100.00% effective January 1, 2019. As of December 31, 2022 and 2021, the LCR in single currency as reported to the BSP, was at 244.84% and 327.33%, respectively, for the Group, and 265.21% and 394.05%, respectively, for the Parent Company.

#### *Net Stable Funding Ratio (NSFR)*

On June 6, 2018, the BSP issued BSP Circular No.1007 covering the implementing guidelines on the adoption of the Basel III Framework on Liquidity Standards – NSFR. The NSFR is aimed to promote long-term resilience against liquidity risk by requiring banks to maintain a stable funding profile in relation to the composition of its assets and off-balance sheet activities. It complements the LCR, which promotes short term resilience of a bank's liquidity profile. Banks shall maintain an NSFR of at least 100 percent (100%) at all times. The implementation of the minimum NSFR shall be phased in to help ensure that covered banks can meet the standard through reasonable measures without disrupting credit extension and financial market activities. An observation period was set from July 1 to December 31, 2018. Effective, January 1, 2019, banks shall comply with the prescribed minimum ratio of 100%. As of December 31, 2022 and 2021, the NSFR as reported to the BSP, was at 158.25% % and 176.18%, respectively, for the Group, and 156.73% and 175.35%, respectively, for the Parent Company.

#### 5. Fair Value Measurement

#### **Financial Instruments**

The methods and assumptions used by the Group and the Parent Company in estimating the fair values of financial assets and financial liabilities are:

## *Cash and other cash items, due from BSP and other banks and interbank loans receivable and SPURA*

The carrying amounts of instruments with long-term maturities are not material to the financial statements, thus, fair values of these instruments were based on their carrying amounts.

#### Trading and investment securities

Fair values of debt and equity securities are generally based on quoted market prices. Where the debt securities are not quoted or the market prices are not readily available, the Group and the Parent Company obtained valuations from independent parties offering pricing services, used adjusted quoted market prices of comparable investments, or applied discounted cash flow methodologies. For equity securities that are not quoted, remeasurement to their fair values is not material to the financial statements.

#### Derivative instruments

Fair values are estimated based on quoted market prices, prices provided by independent parties, or prices derived using acceptable valuation models. The models utilize published underlying rates (for example, interest rates, FX rates, CDS rates, FX volatilities and spot and forward FX rates) and are implemented through validated calculation engines.

#### Loans and receivables

Fair values of the Group's loans and receivables are estimated using the discounted cash flow methodology, using current incremental lending rates for similar types of loans. Where the instrument reprices on a quarterly basis or has a relatively short maturity, the carrying amounts approximate fair values.

#### Liabilities

Fair values are estimated using the discounted cash flow methodology using the Group's current borrowing rate for similar borrowings with maturities consistent with those remaining for the liability being valued, if any. The carrying amounts of demand and savings deposit liabilities and other short-term liabilities approximate fair values considering that these are either due and demandable or with short-term maturities.

#### Non-Financial Assets

#### Investment properties

Fair value of investment properties is determined based on valuations performed by independent and in-house appraisers using a valuation technique with significant inputs that are not based on observable market data (Level 3). The valuation of investment properties was based on the Sales Comparison Approach and considered recent sales of similar or substitute properties in the same areas where the investment properties are located, taking into account the economic conditions prevailing at the time of the valuation. Other factors considered were the location and shape of the properties, environmental issues, development controls such as the height restrictions, building coverage and floor area ratio restrictions, among others. The fair value of investment properties is based on its highest and best use, which is their current use.

The following tables summarize the carrying amounts and fair values of assets and liabilities, analyzed among those whose fair value is based on:

- Quoted market prices in active markets for identical assets or liabilities (Level 1);
- Those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (Level 2); and

• Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

As of December 31, 2022 and 2021, there were no transfers between levels of the fair value hierarchy.

When fair values of listed equity and debt securities, as well as publicly traded derivatives at the statement of financial position date are based on quoted market prices or binding dealer price quotations, without any adjustments for transaction costs, the instruments are included within Level 1 of the hierarchy.

For all other financial instruments, fair value is determined using valuation techniques. Valuation techniques include net present value techniques, comparison to similar instruments for which market observable prices exist and other revaluation models. Instruments included in Level 3 include those for which there is currently no active market.

# 6. Segment Information

The Group's operating businesses are recognized and managed separately according to the nature of services provided and the different markets served with segment representing a strategic business unit. Operating segments are reported in accordance with internal reporting to the Senior Management who is responsible for allocating resources to the segments and assessing its performance. The financial reporting basis used in the internal reporting is PFRS.

The Group's business segments follow:

- Consumer Banking principally providing consumer type loans and support for effective sourcing and generation of consumer business;
- Corporate Banking principally handling loans and other credit facilities and deposit and current accounts for corporate and institutional customers;
- Investment Banking principally arranging structured financing, and providing services relating to privatizations, initial public offerings, mergers and acquisitions; and providing advisory services primarily aimed to create wealth to individuals and institutions;
- Treasury principally providing money market, trading and treasury services, as well as the management of the Group's funding operations by use of treasury bills, government securities and placements and acceptances with other banks, through treasury and corporate banking;
- Branch Banking principally handling branch deposits and providing loans and other loan related businesses for domestic middle market clients; and
- Others principally handling other services including but not limited to remittances, leasing, account financing, and other support services. Other operations of the Group comprise the operations and financial control groups.

Segment assets are those operating assets that are employed by a segment in its operating activities and that either are directly attributable to the segment or can be allocated to the segment on a reasonable basis. Segment liabilities are those operating liabilities that result from the operating activities of a segment and that either are directly attributable to the segment or can be allocated to the segment on a reasonable basis.

Interest income is reported net, as management primarily relies on the net interest income as performance measure, not the gross income and expense. The Group has no significant customers which contributes 10.00% or more of the consolidated revenue net of interest expense. Transactions between segments are conducted at estimated market rates on an arm's length basis. Interest is charged/credited to business segments based on a pool rate which approximates the cost of funds.

The following table presents revenue and income information of operating segments presented in accordance with PFRS and segment assets and liabilities:

Investment securities at FVOCI as of December 31, 2022 and 2021 consist of the following:

The equity securities are irrevocably designated at FVOCI as these are held for long term-strategic purpose rather than for trading. These equity securities include golf club shares and non-marketable equity securities. In 2022 and 2021, as part of its risk management, the Group disposed equity securities at FVOCI with total carrying value of P6.8 million and P7.6 million, respectively, and recognized a gain/(loss) on disposal charged against 'Surplus' of P1.4 million and (P6.1 million), respectively. Dividends recognized for the disposed equity securities in 2022 and 2021 amounted to P0.2 million and nil, respectively.

Outstanding equity securities at FVOCI as of December 31, 2022 and 2021 generated dividends amounting to  $\mathbb{P}42.5$  million and  $\mathbb{P}37.6$  million, respectively for the Group, and  $\mathbb{P}7.8$  million and  $\mathbb{P}11.1$  million, respectively, for the Parent Company.

As of December 31, 2022 and 2021, the ECL on debt securities at FVOCI (included in 'Net unrealized gain (loss) on investment securities at FVOCI') amounted to P740.8 million and P357.5 million respectively, for the Group and the Parent Company (Note 15).

As of December 31, 2022 and 2021, investment securities at FVOCI include floating and fixed rate private notes with total carrying value of USD10.8 million and USD11.2 million, respectively (with

peso equivalent of P604.0 million and P569.2 million, respectively) which are pledged by the Parent Company's New York Branch in compliance with the regulatory requirements of the Federal Deposit Insurance Corporation and the Office of the Controller of the Currency in New York.

Movements in net unrealized gains/(losses), including share in net unrealized gains/(losses) of subsidiaries (Note 11), presented under 'Equity' in the statements of financial position are as follows:

	Consolidated		Parent Company	
	2022	2021	2022	2021
Balance at January 1	(₽3,799)	₽7,563	(₽3,751)	₽7,611

	₽317,776	₽83,810	<b>₽285,108</b>	₽57,386

In May 2020, the BOD of the Parent Company approved the change in business model for its debt securities carried at amortized cost in line with its revised balance sheet risk strategy. The Parent Company considered the pandemic a Black Swan scenario as it is unprecedented in all aspects, with the full economic and banking industry impact still unknown. This called for the Parent Company to recalibrate its balance sheet risk strategy given the drastic change in the economic landscape. The revised balance sheet strategy provides a framework for the Parent Company to assess the appropriate mix of assets, liabilities and capital under five economic scenarios, with the objective of ensuring reliable liquidity and steady stream of accruals. Upon assessment of the current economic environment, maturity profile and credit quality of loans, CASA placements and maturity profile of the investment securities portfolio, the Parent Company deemed that the existing business model is no longer appropriate since its objective of supporting a stable growth of deposit liabilities with core holdings of investment securities can no longer be met due to the effect of the global health crisis over the foreseeable future. This resulted in disposal of investment securities at amortized cost in June 2020 with total carrying value of ₱93.9 billion. Trading gains recognized from the disposal amounted to ₱6.9 billion. On July 1, 2020, the remaining debt securities with total carrying value of ₱100.3 billion and fair value of ₱103.9 billion were reclassified to investment securities at FVOCI. As of December 31, 2022 and 2021, the carrying value of the debt securities reclassified to investment securities at FVOCI amounted to ₱83.6 million and ₱95.9 million, respectively, with net unrealized gain/(loss) of (₱7.9 million) and ₱1.7 million, respectively.

In 2020, PSBank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱19.6 billion resulting in gain on disposal of investment securities at amortized cost totaling ₱1.3 billion. The sale was made as there were changes in PSBank's funding requirements given its assessment on the impact of a prolonged pandemic. In aggregate, the sale in

2020 is not inconsistent with PSBank's HTC business model as the sale was considered infrequent even if significant in value. Accordingly, the remaining investment securities in the affected HTC portfolio continue to be measured at amortized cost. Further, PSBank assessed that the sale did not reflect a change in PSBank's objectives for the HTC business model.

Interest income on investment securities at FVOCI and at amortized cost consists of:

	Consolidated			Parent Company		
_	2022	2021	2020	2022	2021	2020
Investment securities at FVOCI	₽15,997	₽15,868	₽12,285	₽13,157	₽14,133	₽11,488

## Investment in CIRCA

On May 4, 2022, the stockholders of CIRCA 2000 Homes, Inc. approved the shortening of its corporate term to end on December 31, 2024 through an amendment of its Articles of Incorporation (AOI). The amended AOI was approved by the SEC on June 10, 2022.

### Investment in Orix Metro

On April 20, 2022, the BOD of Orix Metro approved the voluntary surrender of its quasi banking license. This was approved by the BSP on June 23, 2022.

#### Investment in FMIC

In line with its transformation initiative, the BOD of FMIC approved the proposal to return its quasi banking license with the BSP on November 24, 2020. This was approved by the BSP on March 25, 2021.

As of December 31, 2022 and 2021, the carrying amount of goodwill of the Group amounted to P5.2 billion, of which P5.0 billion pertains to the goodwill arising from the acquisition of the then Solidbank Corporation, which was merged with FMIC.

## Investment in MCC

On March 13, 2019, the respective BODs of the Parent Company and MCC approved the proposal to merge MCC into the Parent Company which will unlock the value of MCC and help realize the following objectives:

- a. Improve synergy and cross-sell;
- b. Increase the profitability and improve capital efficiency; and
- c. Enable the Parent Company to be more competitive in the credit card business.

This was ratified by the stockholders of the Parent Company on April 24, 2019, and was approved by the BSP on October 23, 2019. The SEC approved the merger of MCC into the Parent Company effective January 3, 2020.

The difference between the carrying value of the investment in MCC and the net assets of MCC amounting to  $\mathbb{P}9.8$  billion was recognized under 'Translation adjustments and others' in the statement of financial position by the Parent Company.

\* Represents investment in a JV of the Group and effective ownership interest of the Parent Company through PSBank.

The principal place of business of these associates is in the Philippines.

### Investment of FMIC in LCMC

FMIC has the ability to exercise significant influence through a 5-year agreement with Philex Mining Corporation to jointly vote their 16.7% ownership. As of December 31, 2022 and 2021, LCMC-A shares are trading at  $\mathbb{P}0.109$  per share and  $\mathbb{P}0.140$  per share, respectively, and LCMC-B shares are trading at  $\mathbb{P}0.107$  per share and  $\mathbb{P}0.142$  per share, respectively. As of December 31, 2022 and 2021, there has been a significant decline in the fair value of the shares compared to the acquisition cost. In 2022 and 2021, the Group recognized impairment loss on the investment in LCMC amounting to  $\mathbb{P}211.6$  million and  $\mathbb{P}131.6$  million, respectively (Note 3).

#### Investment in NLI

On November 27, 2019, the stockholders of NLI approved the shortening of its corporate term to end on December 31, 2021. On March 24, 2021, the shareholders of NLI subsequently approved an extension of its corporate term up to June 2022. On July 6, 2021, the SEC approved the Ammendment of Articles of Incorporation pertaining to Article IV shortening of the corporate term up to June 30, 2022.

As of December 31, 2022 and 2021, foreclosed investment properties still subject to redemption period by the borrowers amounted to  $\mathbb{P}1.6$  billion and  $\mathbb{P}867.6$  million, respectively, for the Group, and  $\mathbb{P}189.9$  million and  $\mathbb{P}167.0$  million, respectively, for the Parent Company.

As of December 31, 2022 and 2021, aggregate market value of investment properties amounted to  $\mathbb{P}16.3$  billion and  $\mathbb{P}15.0$  billion, respectively, for the Group, and  $\mathbb{P}8.7$  billion and  $\mathbb{P}8.0$  billion, respectively, for the Parent Company, of which  $\mathbb{P}9.4$  billion and  $\mathbb{P}8.9$  billion, respectively, for the Group, and  $\mathbb{P}8.5$  billion and  $\mathbb{P}7.9$  billion, respectively, for the Parent Company were determined by independent external appraisers. Information about the fair value measurement of investment properties are also presented in Note 5.

Rental income on investment properties (included in 'Leasing income' in the statements of income) in 2022, 2021 and 2020 amounted to  $\mathbb{P}86.4$  million,  $\mathbb{P}90.0$  million and  $\mathbb{P}88.1$  million, respectively, for the Group (Note 13).

Direct operating expenses on investment properties that generated rental income (included under 'Litigation expenses') in 2022, 2021 and 2020 amounted to  $\mathbb{P}0.1$  million for the Group. Direct operating expenses on investment properties that did not generate rental income (included under 'Litigation expenses') in 2022, 2021 and 2020 amounted to  $\mathbb{P}230.6$  million,  $\mathbb{P}223.3$  million and  $\mathbb{P}156.0$  million, respectively, for the Group and  $\mathbb{P}42.9$  million,  $\mathbb{P}57.1$  million and  $\mathbb{P}63.3$  million, respectively, for the Parent Company (Note 25).

Net gains from sale of investment properties (included in 'Profit from assets sold' in the statements of income) in 2022, 2021 and 2020 amounted to P435.1 million, P432.6 million and P229.4 million, respectively, for the Group, and P213.0 million, P117.7 million and P81.7 million, respectively, for the Parent Company.

# 13. Leases

### Group as a Lessee

As of December 31, 2022 and 2021, 59.40% and 59.34%, respectively, of the Parent Company's branch sites are under lease arrangements. Also, some of its subsidiaries lease the premises occupied by their Head Offices and most of their branches. The lease contracts are for periods ranging from 1 to 29 years and some are renewable at the Group's option under certain terms and conditions. Various lease contracts include escalation clauses, which bear an annual rent increase of 2% to 20% in 2022 and 2021. As of December 31, 2022 and 2021, the Group has no contingent rent payable.

The carrying amounts of lease liabilities (included in 'Other Liabilities' in Note 21) are as follows:

	Consolidated		Parent Company	
	2022	2021	2022	2021
Balance at January 1	₽5,084	₽3,922	₽3,185	₽2,248
Additions	2,360	2,664	1,621	1,767
Expiry/termination	(19)	(57)	(11)	(57)
Accretion of interest	256	244	142	137
Payments	(1,968)	(1,718)	(1,115)	(929)
Others	(52)	29	23	19
Balance at December 31	₽5,661	₽5,084	₽3,845	₽3,185

The Group and the Parent Company recognized the following:

	Consolidated		Parent Company			
	2022	2021	2020	2022	2021	2020
Interest expense on lease liabilities Rent expense from short-term leases and	₽256	₽244	₽252	₽142	₽137	₽127
leases of low-value assets*	841	813	872	633	612	708

Included under 'Occupancy and equipment -related cost

	Consolidated		Parent Company	
_	2022	2021	2022	2021
Within one year	₽1,772	₽1,524	₽905	₽887
After one year but not more than				
five years	3,291	3,508	2,233	2,372
More than five years	1,299	613	1,176	436
	₽6,362	₽5,645	<b>₽</b> 4,314	₽3,695

Future minimum rentals payable under non-cancelable leases follows:

As of December 31, 2022 and 2021, the Group and the Parent Company have undiscounted potential future rental payments arising from extension options expected not to be exercised and thus, not included in the calculation of lease liability amounting to P67.6 million and P67.7 million, respectively, for the Group, and P67.9 million and P64.9 million, respectively, for the Parent Company.

## Group as a Lessor

The Group has entered into commercial property leases on its investment property portfolio, consisting of the Group's available office spaces and investment properties and lease agreements over various items of machinery and equipment which are non-cancelable and have remaining non-cancelable lease terms of between one to seven years. In 2022, 2021 and 2020, leasing income amounted to P1.9 billion, P1.8 billion and P1.9 billion, respectively, for the Group, and P80.3 million, P103.8 million and P113.4 million, respectively, for the Parent Company.

Future minimum rentals receivable under non-cancelable operating leases follows:

	Consolidated		Parent Company	
_	2022	2021	2022	2021
Within one year After one year but not more than	₽1,959	₽1,257	₽48	₽68

Movements in chattel properties acquired in foreclosure follow:

Assets held under joint operations are parcels of land and former branch sites of the Parent Company which were contributed to separate joint operations with FLI and Federal Land Orix Corporation (Note 32). These are carried at costs, which are lower than the net realizable values.

As of December 31, 2022, 2021 and 2020, the Group recognized/(reversed) provision for credit losses on non-financial other assets amounting to ₱13.1 million, (₱22.0 million), and ₱4.5 million, respectively (Note 15).

Below is the breakdown of provision for (reversal of) credit and impairment losses:

With the foregoing level of allowance for credit and impairment losses, management believes that the Group has sufficient allowance to take care of any losses that the Group may incur from the non-collection or non-realization of its receivables and other risk assets.

# 16. Deposit Liabilities

The LTNCDs of the Group and the Parent Company consist of the following:

BSP Approval	Interest Rate	Issue Date	Maturity Date	2022	2021
Parent Company					
August 12, 2016	3.50%	September 19, 2016	September 19, 2023	₽8,650	₽8,650
August 12, 2016	3.88%	July 20, 2017	July 20, 2024	3,750	3,750
July 19, 2018	5.38%	October 4, 2018	April 4, 2024	8,680	8,680
				21,080	21,080
PSBank					
December 8, 2016	3.50%	January 30, 2017	April 30, 2022	-	3,374
July 13, 2018	5.00%	August 9, 2018	February 9, 2024	5,078	5,067
				5,078	8,441
				₽26,158	₽29,521

On September 18, 2019, the BOD of the Parent Company approved the issuance of PHP LTNCDs of up to  $\textcircledargle 25.0$  billion in one or more tranches of at least  $\textcircledargle 2.0$  billion per tranche, and tenors of 5.5 years up to 10 years, subject to market conditions. On November 25, 2019, BSP Circular No. 1059 was issued which placed an indefinite moratorium on the issuance of LTNCD except for those approved by the BSP within the allowable period. On January 10, 2020, the BSP approved the Parent Company's application to issue up to  $\textcircledargle 25.0$  billion LTNCD over a period of one year from BSP approval. As of December 31, 2021, the BSP's approval has lapsed, hence, the Parent Company can no longer issue LTNCD.

As of December 31, 2022 and 2021, 19.18% and 17.86%, respectively, of the total interest-bearing deposit liabilities of the Group, and 11.32% and 11.10%, respectively, of the total interest-bearing deposit liabilities of the Parent Company are subject to periodic interest repricing. In 2022, 2021 and 2020 the remaining peso deposit liabilities (excluding LTNCDs above) of the Group and the Parent Company earn annual fixed interest rates ranging from 0.00% to 6.59%, while the remaining foreign currency-denominated deposit liabilities earn annual fixed interest rates ranging from 0.00% to

8.84%, from 0.00% to 3.75% and from 0.00% to 3.75%, respectively for the Group and from 0.00% to 8.84%, from 0.00% to 2.50%, and from 0.00% to 2.50%, respectively, for the Parent Company.

Interest expense on deposit liabilities consists of:

	<b>₽</b> 11,420	₽5,502	₽11,326	₽7,129	₽2,835	₽7,724	

## Reserve Requirement

In 2020, BSP Circular Nos. 1082 and 1092 were issued reducing the reserve requirements against deposit and deposit substitute liabilities. Non-FCDU deposit liabilities of the Parent Company and deposit substitutes of FMIC and ORIX Metro are subject to required reserves of 12% from 14% effective reserve week April 3, 2020 while non-FCDU deposit liabilities of PSBank are subject to required reserves of 3% from 4% effective reserve week July 31, 2020. Reserves requirement for peso-denominated LTNCDs are still at 4%. The required reserves can be kept in the form of deposits maintained in the demand deposit accounts with the BSP and any government securities used as compliance until they mature. Further, BSP Circular No. 1100 issued in 2020 and amended by BSP Circular No. 1155 issued in 2022 allowing banks to use peso denominated loans that are granted after March 15, 2020 to (1) micro-small-and-medium-enterprises (MSMEs) and (2) large enterprises excluding banks and non-bank financial institutions with quasi-banking functions that met the definition of MSME/large enterprise as alternative compliance with the reserve requirements. The use of MSME loans/ loans to large enterprises as allowable alternative compliance with the reserve requirements shall be available until June 30, 2023.

Effective March 25, 2021, FMIC is no longer required to maintain a reserve requirement per BSP Circular Letter No. CL-2021-027. The Parent Company, PSBank and ORIX Metro were in compliance with the reserve requirements as of December 31, 2022 and 2021.

The total statutory and liquidity reserves (included in 'Due from BSP' account) as reported to the BSP are as follows:

	2022	2021
Parent Company	₽215,074	₽199,975
PSBank	37,554	52,427
ORIX Metro	_	855
	₽252,628	₽253,257

# 17. Bills Payable and Securities Sold Under Repurchase Agreements

This account consists of borrowings from:

	Cons	Consolidated		Company
	2022	2021	2022	2021
SSURA	₽67,120	₽50,798	₽65,934	₽50,798
Foreign banks	14,367	5,271	8,151	593

Specific terms of these bonds follow:

## Parent Company

- ₱23.7 billion fixed rate bonds issued on October 28, 2022 with issue price at 100% face value, which bear an interest rate of 5.00% per annum, payable quarterly in arrears on January 28, April 28, July 28 and October 28 of each year, commencing on January 28, 2023. The bonds will mature on April 28, 2024. Total bond issuance costs amounted to ₱194.8 million.
- ₱19.0 billion fixed rate bonds issued on June 4, 2021 with issue price at 100% face value, which bear an interest rate of 3.60% per annum, payable quarterly in arrears on March 4, June 4, September 4 and December 4 of each year, commencing on September 4, 2021. The bonds will mature on September 4, 2026. Total bond issuance costs amounted to ₱156.0 million.
- ₱13.75 billion fixed rate bonds issued on October 24, 2019 with issue price at 100% face value, which bear an interest rate of 4.50% per annum, payable quarterly in arrears on January 24, April 24, July 24 and October 24 of each year, commencing on October 24, 2019. The bonds will mature on April 24, 2023. Total bond issuance costs amounted to ₱122.1 million.
- ₱17.5 billion fixed rate bonds issued on April 11, 2019 with issue price at 100% face value, which bear an interest rate of 6.30% per annum, payable quarterly in arrears on January 11, April 11, July 11 and October 11 of each year, commencing on July 11, 2019. The bonds matured on April 11, 2022. Total bond issuance costs amounted to ₱148.47 million.
- US\$500 million senior unsecured notes issued on July 15, 2020 with issue price at 99.096% face value, which bear an interest rate of 2.125% per annum, payable semi-annually in arrears on January 15 and July 15 of each year, commencing on January 15, 2021. The bonds will mature on January 15, 2026. Total bond issuance costs amounted to ₱484.9 million.
- ₱11.25 billion fixed rate bonds issued on July 3, 2019 with bear an interest rate of 5.50% per annum. The bonds matured on July 3, 2021.
- ₱10.5 billion fixed rate bonds issued on June 24, 2020 with bear an interest rate of 3.00% per annum. The bonds matured on September 24, 2021.

# PSBank

- ₱4.65 billion fixed rate bonds issued on February 4, 2020 with issue price at 100% face value, which bear an interest rate of 4.50% per annum, payable quarterly in arrears on February 4, May 4, August 4 and November 4 of each year, commencing on May 4, 2020. The bonds will mature on February 4, 2023. Total bond issuance costs amounted to ₱42.7 million.
- ₱6.30 billion fixed rate bonds issued on July 24, 2019 which bear an interest rate of 5.60% per annum. The bonds matured on July 24, 2021.

# ORIX Metro

• ₱4.16 billion fixed rate bonds issued on November 15, 2019, which bear an interest rate of 4.55% per annum. The bonds matured on November 15, 2021.

Interest expense on bonds payable (included in 'Interest expense on bills payable and SSURA, bonds payable, subordinated debts and others') in 2022, 2021 and 2020 amounted to  $\mathbb{P}3.0$  billion,  $\mathbb{P}4.4$  billion and  $\mathbb{P}5.5$  billion, respectively, for the Group, and  $\mathbb{P}2.8$  billion,  $\mathbb{P}3.8$  billion and  $\mathbb{P}4.8$  billion, respectively, for the Parent Company. As of December 31, 2022 and 2021, unamortized bond issue costs amounted to  $\mathbb{P}585.7$  million and  $\mathbb{P}576.7$  million, respectively, for the Group, and  $\mathbb{P}584.1$  million and  $\mathbb{P}560.3$  million, respectively, for the Parent Company.

# Reserve Requirement

Peso-denominated bonds are subject to reserves equivalent to 3% in 2022 and 2021. The Parent Company and PSBank were in compliance with such requirements as of December 31, 2022 and 2021.

# 20. Subordinated Debts

This account consists of the Parent Company's Peso Notes:

2023 Peso Notes - issued by MCC on December 20, 2013 at 100.00% of the principal amount of P1.2 billion (absorbed by the Parent Company on January 3, 2020 relative to the merger as discussed in Note 11)

- Bear interest at 6.21% per annum payable quarterly in arrears every 20<sup>th</sup> of March, June, September and December each year, commencing on March 20, 2014.
- Basel III compliant unsecured subordinated notes qualified as Tier 2 capital as approved by the BSP on February 17, 2013.
- In case of insolvency or liquidation of MCC, the notes will be subordinated in the right of payment of principal and interest to all depositors and other creditors of MCC, except those creditors expressed to rank equally with, or behind holders of the notes.
- If a non-viability trigger event occurs, MCC shall immediately write down some or all of the notes in accordance with the BSP's determination.
- Subject to the written approval of the BSP, MCC may redeem all and not less than the entire outstanding 2023 Notes, at a redemption price equal to the face value together with the accrued and unpaid interest based on the interest rate.

# - 106 -

Parent Company 2025 Peso Notes - issued on August 8, 2014 at 100.00% of the principal amount of P6.5 billion

• The note bear interest at 5.25% per annum. As approved by the BSP on May 7, 2020, on August 8, 2020, the Parent Company redeemed the Notes ahead of its maturity.

As of December 31, 2022 and 2021, the Group are in compliance with the terms and conditions upon which these subordinated notes have been issued.

In 2022, 2021 and 2020, interest expense on subordinated debts included in 'Interest expense on bills payable and SSURA, bonds payable, subordinated debts and others' amounted to P73.7 million, P73.7 million and P285.6 million (including amortization of debt issue cost and premium of P1.1 million, P1.1 million and P7.1 million).

# 21. Non-equity Non-controlling Interest and Other Liabilities

Non-equity Non-controlling Interest

This account arises when mutual funds are consolidated and where the Group holds less than 100.00% of the investment in these funds. When this occurs, the Group acquires a liability in respect of non-controlling interests in the funds of which the Group has control. Such non-controlling interests are distinguished from equity non-controlling interests in that the Group does not hold an equity stake in such funds. Further, income (loss) attributable to non-equity non-controlling interests amounting to P462.7 million, (P152.4 million), and P115.0 million in 2022, 2021 and 2020, respectively, is included under 'Trading and securities gain - net' in the statements of income (Note 8).

### Other Liabilities

This account consists of:

	Consolid	Parent Company		
-	2022	2021	2022	2021
Accounts payable	₽22,660	₽19,329	₽13,665	₽10,367

# 23. Capital Stock

As of December 31, 2022 and 2021, this account consists of (amounts in millions, except par value and number of shares):

	Shares	Amount
Authorized		
Common stock – ₽20.00 par value	6,000,000,000	
Preferred stock – ₱20.00 par value	1,000,000,000	
Common stock issued and outstanding		
Balance at January 1 and December 31	4,497,415,555	₽89,948

As of December 31, 2022 and 2021, treasury shares totaling 1,328,487 and 1,280,855, respectively, represent shares of the Parent Company held by FMIC's mutual fund subsidiary (Note 32).

Preferred shares are non-voting except as provided by law; have preference over Common Shares in the distribution of dividends; subject to such terms and conditions as may be determined by the BOD and to the extent permitted by applicable law, may or may not be redeemable; and shall have such other features as may be determined by the BOD at the time of issuance.

On March 15, 2013, the BOD of the Parent Company approved (a) the amendment of the Articles of Incorporation (AOI) to increase the authorized capital stock and (b) the declaration of 30.00% stock dividend, which were ratified by the stockholders representing at least 2/3 of the outstanding capital stock on April 15, 2013. These were subsequently approved by the BSP on May 15, 2013 and by the SEC on August 13, 2013. Following this, the authorized capital stock of the Parent Company increased from P50.0 billion to P100.0 billion consisting of 4.0 billion common shares and 1.0 billion preferred shares, both with par value of P20.00 per share. The 30.00% stock dividend equivalent to 633,415,049 common shares amounting to P12.7 billion represents at least the minimum 25.00% subscribed and paid-up capital for the increase in the authorized capital stock referred to above which was issued/paid on September 16, 2013 with record date on September 3, 2013. On September 10, 2013, the PSE approved the listing of such additional common shares.

On January 21, 2015, the Parent Company's BOD approved the Stock Rights Offer (SRO) by way of issuance from the unissued portion of the authorized capital stock which was noted by BSP with the issuance of a letter of no objection to the Rights Issue on February 17, 2015. On February 24, 2015, the SEC confirmed the exemption of this issuance of  $\mathbb{P}32.0$  billion worth of common shares from the registration requirements under Section 8 of the SRC. On February 25, 2015, the PSE approved the listing of up to 500.0 million common shares to cover the SRO to all stockholders of record as of March 18, 2015. On April 7, 2015, following regulatory approvals, the Parent Company concluded the  $\mathbb{P}32.0$  billion SRO, involving 435,371,720 common shares with par value of  $\mathbb{P}20.00$  priced at  $\mathbb{P}73.50$  per share and listed with the PSE on the same date. The difference between the issued price and the par value is recognized as 'Capital paid in excess of par value'.

On January 17, 2018, the Parent Company's BOD approved the SRO by way of issuance of up to a maximum of 819,827,214 common shares to raise additional capital of up to P60.0 billion. This was noted by the BSP with the issuance of a letter of no objection to the rights issue on January 29, 2018. On April 4, 2018, following the regulatory approvals, the Parent Company concluded the P60.0 billion SRO, involving 799,842,250 common shares with par value of P20.00 priced at P75.00 per share and listed on the PSE on April 12, 2018. Transaction costs on the SRO amounting to P878.2 million were charged against 'Capital paid in excess of par value'.

On February 13, 2019, the BOD of the Parent Company approved (a) the amendment of the AOI to increase the authorized capital stock from  $\mathbb{P}100.0$  billion to  $\mathbb{P}140.0$  billion and (b) the declaration of a 13% stock dividend equivalent to 517,401,955 shares amounting to  $\mathbb{P}10.3$  billion representing the minimum 25% subscription and paid-up capital for the increase in the authorized capital stock which were ratified by the stockholders representing at least 2/3 of the outstanding capital stock on April 24, 2019. These were approved by the BSP on August 8, 2019 and by the SEC on October 4, 2019. Following this, the authorized capital stock of the Parent Company increased from  $\mathbb{P}100.0$  billion to  $\mathbb{P}140.0$  billion consisting of 6.0 billion common shares and 1.0 billion preferred shares, both with par value of  $\mathbb{P}20.0$  per share. On October 16, 2019, the Parent Company received the SEC Order fixing the Record Date of the 13% stock dividend on October 31, 2019. The 13% stock dividend was issued on November 26, 2019 with record date on October 31, 2019. On November 19, 2019, the PSE approved the listing of such stock dividend.

All issued and outstanding shares of the Parent Company are listed with the PSE (Note 1). As of December 31, 2022 and 2021, there are 2,954 and 2,979 holders, respectively, of the listed shares of the Parent Company, with share price closed at P54.00 and P55.70 a share, respectively.

The history of share issuances during the last ten years follows:

Year	Issuance	Listing Date	Number of Shares Issued
2019	Stock dividend	November 26, 2019	517,400,519
2018	Stock rights	April 12, 2018	799,842,250
2015	Stock rights	April 7, 2015	435,371,720
2013	Stock dividend	September 16, 2013	633,415,049

Details of the Parent Company's cash dividend distributions from 2020 to 2022 follow:

Date of Declaration	Per Share	Total Amount	Record Date	Payment Date
February 23, 2022	₽0.80 (regular)	₽3,598	September 9, 2022	September 23, 2022
February 23, 2022	0.80 (regular)	3,598	March 17, 2022	March 31, 2022
February 23, 2022	1.40 (special)	6,296	March 17, 2022	March 31, 2022
February 17, 2021	1.00 (regular)	4,497	March 5, 2021	March 18, 2021
February 17, 2021	3.00 (special)	13,492	March 5, 2021	March 18, 2021
February 19, 2020	1.00	4,497	March 6, 2020	March 20, 2020

On February 23, 2022, the BOD of the Parent Company approved a new dividend policy of increasing the regular cash dividends from  $\mathbb{P}1.00$  to  $\mathbb{P}1.60$  per share for the year, payable on semi-annual basis at  $\mathbb{P}0.80$  per share.

The computation of surplus available for dividend declaration in accordance with SEC Memorandum Circular No. 11 issued in December 2008 differs to a certain extent from the computation following BSP guidelines.

## 24. Surplus Reserves

This account consists of:

2022	2021
₽2,046	₽1,897
567	545
₽2,613	₽2,442
	₽2,046 567

In compliance with existing BSP regulations, 10.0% of the Parent Company's income from trust business is appropriated to surplus reserves. This yearly appropriation is required until the surplus reserve for trust business equals 20.0% of the Parent Company's regulatory net worth.

Reserve for self-insurance represents the amount set aside to cover losses due to fire, defalcation by and other unlawful acts of the Parent Company's personnel or third parties.

# 25. Other Operating Income and Expenses

#### Service Charges, Fees and Commissions

The table below presents the disaggregation of service charges, fees and commission by business segment:

	Consolidated			Par	ent Company	
	2022	2021	2020	2022	2021	2020
Consumer banking	₽7,234	₽5,749	₽5,072	₽6,735	₽5,247	₽4,618
Branch banking	3,978	3,391	3,040	2,860	2,428	2,306
Corporate banking	920	876	850	851	801	737
Investment banking/treasury	823	698	618	658	374	434
Others*	2,080	2,704	2,123	669	1,285	896
	₽15,035	₽13,418	₽11,703	₽11,773	₽10,135	₽8,991

\*Others include the remittance business of the Group and the Parent Company.

The remaining performance obligations on revenue contracts with customers of the Group under PFRS 15, which are expected to be recognized beyond one year amounting to P757.1 million and P660.5 million (included in 'Deferred revenues' under 'Other liabilities') as of December 31, 2022 and 2021, respectively, refer to the customer loyalty program of the Parent Company. The customer loyalty points have no expiration and redemptions can go beyond one year.

### Miscellaneous Income and Expenses

In 2022, 2021 and 2020, miscellaneous income includes gain on initial recognition of investment properties and other non-financial assets amounting to  $\mathbb{P}1.3$  billion,  $\mathbb{P}812.5$  million and  $\mathbb{P}127.1$  million, respectively, for the Group, and  $\mathbb{P}82.7$  million,  $\mathbb{P}41.0$  million and  $\mathbb{P}14.6$  million, respectively, for the Parent Company; recovery on charged-off assets amounting to  $\mathbb{P}1.2$  billion,  $\mathbb{P}1.4$  billion and  $\mathbb{P}691.6$  million, respectively, for the Group, and  $\mathbb{P}858.5$  million,  $\mathbb{P}1.0$  billion and  $\mathbb{P}449.3$  million, respectively, for the Parent Company; and IT service fees and other income amounting to  $\mathbb{P}645.4$  million,  $\mathbb{P}797.2$  million and  $\mathbb{P}360.5$  million, respectively, for the Group, and  $\mathbb{P}328.2$  million,  $\mathbb{P}565.5$  million and  $\mathbb{P}269.6$  million, respectively, for the Parent Company (Note 32).

#### Miscellaneous expenses consist of:

	Consolidated			Parent Company		
	2022	2021	2020	2022	2021	2020
Insurance	₽4,063	₽3,897	₽3,592	₽3,454	₽3,232	₽2,985

# 26. Notes to Statements of Cash Flows

The amounts of interbank loans receivable and SPURA, gross of allowance for credit losses, considered as cash and cash equivalents follow:

	Consolidated			Parent Company		
	2022	2021	2020	2022	2021	2020
Interbank loans receivable and SPURA Interbank loans receivable and SPURA not considered as cash and cash	₽73,763	₽70,475	₽79,408	₽65,550	₽55,999	₽57,210
equivalents	(7,977)	(14,413)	(32,739)	(5,993)	(9,971)	(27,369)
	₽65,786	₽56,062	₽46,669	₽59,557	₽46,028	₽29,841

Significant non-cash transactions of the Group and the Parent Company include:

- Additions to ROU assets as disclosed in Note 10;
- Foreclosures of properties or additions to investment and chattel properties as disclosed in Notes 12 and 14, respectively;
- Reclassifications of BUC and Furniture, Fixtures and Equipment (FFE) (Note 10);
- Impact of merger (Note 11); and
- Reclassifications of software cost from customized system development costs (Note 14).

The table below provides for the changes in liabilities arising from financing activities in 2022, 2021 and 2020:

	Consolidated						
	Beginning	Net Cash Flows	Others	Ending			
2022	Deginning		others	Enging

Others include the effect of cash flows of liabilities arising from operating activities.

# 27. Retirement Plan and Other Employee Benefits

The Parent Company and most of its subsidiaries have funded non-contributory defined benefit retirement plans covering all their respective permanent and full-time employees. Benefits are based on the employee's years of service and final plan salary.

For employees of the Parent Company, retirement from service is compulsory upon the attainment of the 55<sup>th</sup> birthday or 30<sup>th</sup> year of service, whichever comes first.

The existing regulatory framework, RA No. 7641, *Retirement Pay Law*, requires a provision for retirement pay to qualified private sector employees in the absence of any retirement plan in the entity, provided, however that the employee's retirement benefits under any collective bargaining and other agreements shall not be less than those provided under the law. The law does not require minimum funding of the plan. The Parent Company and most of its subsidiaries meet the minimum retirement benefit specified under RA No. 7641.

The principal actuarial assumptions used in determining retirement liability of the Parent Company and significant subsidiaries are shown below:

	Parent Company	FMIC	PSBank	<b>ORIX</b> Metro
As of January 1, 2022 Average remaining working life Discount rate Future salary increases	11 years 5.06% 6.00%	7 to 10 years 4.75% to 5.13% 4.0% to 5.0%	9 years 4.94% 4.00%	11 to 24 years 5.0% to 5.6% 7.00%
As of January 1, 2021 Average remaining working life Discount rate Future salary increases	9 years 3.58% 6.00%	7 to 9 years 3.38% to 3.68% 4.0% to 5.0%	10 years 3.56% 4.00%	13 to 26 years 3.5% to 3.9% 7.00%

Discount rates used in computing for the present value of the DBO of the Parent Company and significant subsidiaries as of December 31, 2022 and 2021 follow:

	Parent				
	Company	FMIC	PSBank	ORIX Metro	
2022	7.12%	6.95% to 7.20%	7.11%	7.6%	
2021	5.06%	4.75% to 5.13%	4.94%	5.0% to 5.6%	

The net retirement liability (asset) of the Group and the Parent Company is presented in the following accounts in the statements of financial position:

	Consolidated		Parent Company	
	2022	2021	2022	2021
Other assets (Note 14)	<b>(₽487)</b>	(₱1,354)	( <del>₽</del> 95)	(₱987)
Other liabilities (Note 21)	72	57	-	_
	<b>(₽415)</b>	(₽1,297)	(₽95)	(₱987)

The defined benefit plan exposes the Group and the Parent Company to actuarial risk, such as longevity risk, interest rate risk and market (investment risk).

The fair value of plan assets by each class as at the end of the statement of financial position date are as follows:

	Consolidated		Parent C	Company
—	2022	2021	2022	2021

The Group and the Parent Company expect to contribute to the defined benefit retirement plans the required funding for normal cost in 2023 amounting to  $\mathbb{P}2.4$  billion and  $\mathbb{P}2.0$  billion, respectively.

The average duration of the DBO of the Group as of December 31, 2022 and 2021 are as follows:

	Parent			
	Company	FMIC	PSBank	ORIX Metro
2022	8.26 years	6.57 to 11.04 years	9.27 years	8.2 to 10.3 years
2021	12.93 years	9.18 to 18.64 years	12.12 years	9.4 to 11 years

Shown below is the maturity analysis of the undiscounted benefit payments:

	Parent			
	Company	FMIC	PSBank	ORIX Metro

In addition, the Parent Company has a Provident Plan which is a supplementary contributory retirement plan to and forms part of the main plan, the Retirement Plan, for the exclusive benefit of eligible employees of the Parent Company in the Philippines. Based on the provisions of the plan, upon retirement or resignation, a member shall be entitled to receive as retirement or resignation benefits 100.00% of the accumulated value of the personal contribution plus a percentage of the accumulated value arising from the Parent Company's contributions in accordance with the

completed number of years serviced. The Parent Company's contribution to the Provident Fund in 2022 and 2021 amounted to ₱321.2 million and ₱334.9 million, respectively.

As of December 31, 2022 and 2021, the retirement funds of the Group's employees amounting to  $\mathbb{P}24.4$  billion and  $\mathbb{P}26.2$  billion, respectively, are being managed by its trust banking unit. The Parent Company has a Trust Committee that is mandated to approve the plan, trust agreement, investment plan, including any amendments or modifications thereto, and other activities of the retirement plan. Certain members of the BOD of the Parent Company are represented in the Trust Committee.

## 28. Income and Other Taxes

Under Philippine tax laws, the Parent Company and its domestic subsidiaries are subject to percentage and other taxes (presented as 'Taxes and licenses' in the statements of income), as well as income taxes. Percentage and other taxes paid consist principally of gross receipts tax (GRT) and documentary stamp tax (DST). Income taxes include regular corporate income tax (RCIT) and 20%.00 final taxes paid, which is final withholding tax on gross interest income from government securities and other deposit substitutes.

On March 26, 2021, Republic Act (RA) No. 11534, otherwise known as Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act was signed into law. CREATE reduced the RCIT rate for large corporations from 30.00% to 25.00% effective July 1, 2020. With the implementation of this Act, the allowable deduction for interest expense was reduced from 33% to 20% of the interest income subjected to final tax.

The regulations also provide for MCIT of 2.00% (prior to CREATE) and 1.00% (from July 1, 2020 to June 30, 2023 before reverting to 2.00%) on modified gross income and allow a NOLCO. The MCIT and NOLCO may be applied against the Parent Company's and its domestic subsidiaries' income tax liability and taxable income, respectively, over a three-year period from the year of inception. For the taxable years 2020 and 2021, the NOLCO incurred can be carried over as a deduction for the next five (5) consecutive taxable years, pursuant to Revenue Regulations (RR) No. 25-2020.

Current tax regulations also provide for the ceiling on the amount of EAR expense (Note 25) that can be claimed as a deduction against taxable income. Under the regulation, EAR expense allowed as a deductible expense for a service company like the Parent Company and its domestic subsidiaries is limited to the actual EAR paid or incurred but not to exceed 1.00% of net revenue.

FCDU offshore income (income from non-residents) is tax-exempt while gross onshore income (income from residents) is subject to 10.00% income tax. In addition, interest income on deposit placements with other FCDUs and offshore banking units (OBUs) is taxed at 15.00%. Income derived by the FCDU from foreign currency-denominated transactions with non-residents, OBUs, local commercial banks including branches of foreign banks, is tax-exempt while interest income on foreign currency loans from residents other than OBUs or other depository banks under the expanded system is subject to 10.00% income tax.

Following are the applicable taxes and tax rates for the foreign branches of the Parent Company:

Foreign Branches	Tax Rates
USA - New York Branch	21.00% federal income tax; 8.85% state tax;
	city tax of 7.25% in 2022 and 6.50% in 2020-2021 ; 2.175% MTA tax
Japan - Tokyo and Osaka Branches	23.20% income tax; various rates for business taxes and local business taxes,
Korea - Seoul and Pusan Branches	22.00% income tax; 0.50% education tax,
Taiwan - Taipei Branch	20.00% income tax; 5.00% gross business receipts tax; 5.0% value-added tax

#### - 118 -

## The provision for income tax consists of:

	₽10,620	₽7,777	₽7,046	₽9,041	₽5,798	₽6,910

\* Includes income taxes of foreign subsidiaries.

## Components of net deferred tax assets of the Group and the Parent Company follow:

	Conse	olidated	Parent Company	
	2022	2021	2022	2021
Deferred tax asset on:				
Allowance for credit and impairment losses	₽9,278	₽9,140	₽8,398	₽7,915
Unamortized past service cost	1,743	1,943	1,466	1,745
Unrealized mark-to-market losses	1,272	_	1,047	-
Accrued Expenses	693	586	627	436
Unrealized foreign exchange losses	396	1,842	408	1,847
Accumulated depreciation of investment		, ,		,
properties	245	267	116	127
Deferred membership/awards	278	213	278	214
Retirement liability	179	15	-	_
NOLCO	3	_	_	_
MCIT	1	_	_	_
Others	180	313	100	67
	14,268	14,319	12,440	12,351
Deferred tax liability on:				
Unrealized gain on initial measurement				
of investment properties	541	441	132	122
Leasing Income differential between				
finance and operating lease	266	_	-	_
Retirement asset	84	255	24	247
Unrealized mark-to-market gains	_	93	_	91
Others	15	436	10	_
	906	1,225	166	460
Net deferred tax assets	₽13,362	₽13,094	₽12,274	₽11,891

In 2022 and 2021, deferred tax credited to OCI amounted to  $\mathbb{P}2.14$  billion and  $\mathbb{P}650.2$  million, respectively, for the Group, and  $\mathbb{P}1.98$  billion and  $\mathbb{P}918.2$  million, respectively, for the Parent Company.

The Parent Company and certain subsidiaries did not recognize deferred tax assets on the following temporary differences:

	Consolidated		Parent Company	
_	2022	2021	2022	2021
Allowance for credit and impairment losses	₽14,781	₽10,214	<b>₽8,85</b> 7	₽8,857
NOLCO	1,465	912	435	58
MCIT	7	13	_	_
	₽16,253	₽11,139	₽9,292	₽8,915

The Group believes that it is not reasonably probable that the tax benefits of these temporary differences will be realized in the future.

There are no income tax consequences attaching to the payment of dividends by the Group to its shareholders. There are no temporary differences arising from undistributed profits of subsidiaries, branches, associates and a JV.

Details of the excess MCIT credits of the Group follow:

Inception Year			Consolidated	
	Expiry Year	Amount	Used/Expired	Balance
2019	2022	₽6	₽6	₽-

Effective income tax rate	24.18%	25.80%	33.52%	21.62%	20.74%	33.32%

### 29. Trust Operations

Properties held by the Parent Company and PSBank in fiduciary or agency capacity for their customers are not included in the accompanying statements of financial position since these are not their resources.

In compliance with current banking regulations relative to the Parent Company and PSBank's trust functions, the following are government securities deposited with the BSP:

	Consolidated		Parent Company	
	2022	2021	2022	2021
Investment securities at amortized cost	₽7,511	₽6,297	₽7,511	₽6,297
Investment securities at FVOCI	181	128	_	_
	₽7,692	₽6,425	₽7,511	₽6,297

## 30. Commitments and Contingent Liabilities

In the normal course of the Group's operations, there are various outstanding commitments and contingent liabilities which are not reflected in the accompanying financial statements. No material losses are anticipated as a result of these transactions. The summary of contingencies and commitments at their peso-equivalent contractual amounts arising from off-balance sheet items follows:

	Consolidated		Parent Co	ompany
-	2022	2021	2022	2021
Trust Banking Group accounts (Note 29)	₽510,510	₽589,145	₽505,715	₽578,216
Credit card lines	233,331	188,099	233,331	188,099
Unused commercial letters of credit (Note 32)	49,097	48,813	45,740	47,386
Undrawn commitments - facilities to lend	24,578	14,898	24,578	14,898
Bank guaranty with indemnity agreement (Note 32)	18,023	14,563	18,023	14,563
Credit line certificate with bank commission	4,771	5,116	4,771	5,116
Outstanding guarantees	3,769	4,598	3,769	4,598
Inward bills for collection	2,071	3,165	2,071	3,164
Outstanding shipside bonds/airway bills	1,294	1,208	1,294	1,208
Late deposits/payments received	1,047	185	1,047	185
Outward bills for collection	710	848	707	847
Confirmed export letters of credits	278	781	43	40
Others	35,709	25,475	1,004	744
	₽885,188	₽896,894	₽842,093	₽859,064

Several suits and claims relating to the Group's lending operations and labor-related cases remain unsettled. In the opinion of management, these suits and claims, if decided adversely, will not involve sums having a material effect on the Group's financial statements.

# 31. Earnings per Share

The basis of calculation for earnings per share attributable to equity holdings of the Parent Company follows (amounts in millions, except for earnings per share):

	2022	2021	2020
a. Net income attributable to equity holders of the			
Parent Company	₽32,776	₽22,156	₽13,831
b. Weighted average number of outstanding			
common shares of the Parent Company	4,496	4,496	4,496
c. Basic/diluted earnings per share (a/b)	<b>₽</b> 7.29	₽4.93	₽3.08

# 32. Related Party Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions or if they are subjected to common control or common significant influence such as subsidiaries and associates of subsidiaries or other related parties. Related parties may be individuals or corporate entities and are classified as entities with significant influence, subsidiaries, associates, other related parties and key personnel (Notes 2 and 11).

The Group has several business relationships with related parties. Transactions with such parties are made in the ordinary course of business and on substantially same terms, including interest and collateral, as those prevailing at the time for comparable transactions with other parties. These transactions also did not involve more than the normal risk of collectibility and did not present other unfavorable conditions.

The Parent Company has a Related Party Transactions Committee (RPTC) and a Related Party Transactions Management Committee (RPTMC), both of which are created to assist the BOD in ensuring that transactions with related parties are reviewed to assess risks and are subjected to appropriate restrictions to ensure that these are conducted at arm's-length terms and that corporate or business resources of the Parent Company are not misappropriated or misapplied. After appropriate review, RPTMC (through RPTC) and RPTC disclose all information and endorses to the BOD with recommendations, the proposed related party transactions. The members of the RPTC are appointed annually by the BOD, composed of at least three (3) Board non-executive members, two (2) of whom should be independent directors, including the Chairman. Currently, RPTC is composed of three (3) independent directors (including the Committee's Chairman); the head of Internal Audit Group (as Resource Person); and the Compliance Officer (as the Committee Secretary) and meets bimonthly or as the need arises. On the other hand, RPTMC members are appointed annually by the President, composed of at least four (4) members. RPTC's and RPTMC's review of the proposed related party transactions considers the following:

- a. Identity and relationship of the parties involved in the transaction;
- b. Terms of the transaction and whether these are no less favorable than terms generally available to an unrelated third party under the same circumstances;
- c. Business purpose, timing, rationale and benefits of the transaction;
- d. Approximate monetary value of the transaction and the approximate monetary value of the related party's interest in the transaction;
- e. Valuation methodology used and alternative approaches to valuation of the transaction;
- f. Information concerning potential counterparties in the transaction;
- g. Description of provisions or limitations imposed as a result of entering into the transaction;
- h. Whether the proposed transaction includes any potential reputational risk issues that may arise as a result of or in connection with the transaction;
- i. Impact to a director's independence;
- j. Extent that such transaction or relationship would present an improper conflict of interest; and
- k. The availability of other sources of comparable products or services.

Further, no director or officer participates in any discussion of a related party transaction for which he, she, or any member of his or her immediate family is a related party, including transactions of subordinates, except in order to provide material information on the related party transaction to RPTC.

Major subsidiaries, which include FMIC, PSBank, and MBCL, have their own respective RPTCs which assist their respective BODs in ensuring that transactions with related parties are reviewed to assess risks and are subjected to appropriate restrictions to ensure that these are conducted at arm's-length terms and that their corporate or business resources are not misappropriated or misapplied.

Details on significant related party transactions of the Group and the Parent Company follow (transactions with subsidiaries have been eliminated in the consolidated financial statements):

As of December 31, 2022 and 2021, government bonds with total face value of ₱60.0 million (classified as 'Investment securities at amortized cost as of December 31, 2022 and 'Investment securities at FVOCI' as of December 31, 2021), are pledged by PSBank to the Parent Company to secure the latter's payroll account with PSBank. Also, the Parent Company has assigned to PSBank government securities with total face value of ₱3.5 billion (classified as 'Investment securities at amortized cost') to secure PSBank's deposits to the Parent Company.

Receivables from customers and deposit liabilities and their related statement of financial position and statement of income accounts resulted from the lending and deposit-taking activities of the Group and the Parent Company. Together with the sale of investment properties, borrowings, contingent accounts including derivative transactions, outright purchases and sales of securities and foreign currency buy and sell, leasing of office premises, securing of insurance coverage on loans and property risk, and other management services rendered, these are conducted in the normal course of business, at arm's-length transactions and are generally settled in cash. The amounts and related volumes and changes are presented in the summary above. Terms of receivables from customers, deposit liabilities and borrowings are also disclosed in Notes 9, 16 and 17, respectively, while other related party transactions above have been referred to their respective note disclosures.

The compensation of the key management personnel of the Group and the Parent Company follows:

	Consolidated			Parent Company		
	2022	2021	2020	2022	2021	2020
Short-term employee benefits	₽4,232	₽3,817	₽3,879	₽3,303	₽2,902	₽3,120
Post-employment benefits	135	120	132	81	84	73
	₽4,367	₽3,937	₽4,011	₽3,384	₽2,986	₽3,193

Director's fees and bonuses of the Parent Company in 2022, 2021 and 2020 amounted to P68.1 million, P68.0 million and P69.0 million, respectively.

### Transactions with Retirement Plans

Under PFRS, certain post-employment benefit plans are considered as related parties. The Parent Company has business relationships with a number of related party retirement plans pursuant to which it provides trust and management services to these plans. Certain trustees of the plans are either officers or directors of the Parent Company and/or the subsidiaries. Income earned by the Parent Company from such services amounted to P127.0 million, P98.2 million and P99.6 million in 2022, 2021 and 2020, respectively. In 2022, 2021 and 2020, the Parent Company purchased securities totaling P7.4 billion, P4.9 billion and P938.7 million, respectively, from its related party retirement plans and also sold securities totaling P13.0 billion, P6.1 billion and P3.4 billion, respectively, and recognized net trading loss of P8.0 million in 2022, and net trading gains of

₽15.1 million and ₽46.6 million in 2021 and 2020, respectively. Further, as of December 31, 2022 and 2021, the total outstanding deposit liabilities of the Group from these related party retirement funds amounted to ₽515.20 million and ₽73.1 million, respectively. Interest expense on deposit liabilities amounted to ₽2.9 million, ₱0.4 million and ₱1.6 million in 2022, 2021 and 2020, respectively.

As of December 31, 2022 and 2021, the related party retirement plans also hold investments in the equity shares of various companies within the Group amounting to  $\mathbb{P}181.8$  million and  $\mathbb{P}235.9$  million, respectively, with unrealized trading losses of  $\mathbb{P}76.0$  million and  $\mathbb{P}64.3$  million, respectively, and investments in mutual funds and trust funds of various companies within the Group amounting to  $\mathbb{P}440.7$  million and  $\mathbb{P}749.5$  million, respectively, with unrealized trading losses of  $\mathbb{P}6.2$  million and  $\mathbb{P}0.5$  million, respectively. Further as of December 31, 2021, investments in the corporate bonds of the Parent Company by the related party retirement plans amounted to  $\mathbb{P}1.6$  billion with unrealized trading gain of  $\mathbb{P}13.0$  million. In 2022, 2021 and 2020, realized trading gains/(losses) recognized by the related party retirement plans amounted to  $\mathbb{P}1.2$  million, and  $\mathbb{P}11.2$  million, respectively and dividend income recognized amounted to  $\mathbb{P}1.2$  million,  $\mathbb{P}1.5$  million, and  $\mathbb{P}2.8$  million, respectively.

## 33. Foreign Exchange

Closing rates as of December 31 and WAR for each of the year ended December 31 are as follows:

		BAP	
	2022	2021	2020
Closing	₽55.76	₽51.00	₽48.02
WAR	54.50	49.28	49.63

## 34. Other Matters

The Group has no significant matters to report in 2022 on the following:

- a. Known trends, events or uncertainties that would have material impact on liquidity and on the sales or revenues.
- b. Explanatory comments about the seasonality or cyclicality of operations.
- c. Issuances, repurchases and repayments of debt and equity securities except for the issuance of the ₱23.72 billion fixed rate bonds of the Parent Company and maturities of the ₱3.38 billion LTNCD of PSBank and ₱17.50 billion fixed rate bonds of the Parent Company as discussed in Notes 16 and 19.
- d. Unusual items as to nature, size or incidents affecting assets, liabilities, equity, net income or cash flows except for the payment of cash dividends by the Parent Company, as discussed in Note 23; and
- e. Effect of changes in the composition of the Group during the year, including business combinations, acquisition or disposal of subsidiaries and long-term investments, restructurings, and discontinuing operations except as discussed in Note 11.

# 35. Subsequent Events

- On January 26, 2023, the BOD of PSBank declared 7.50% regular cash dividend for the fourth a. quarter of 2022 amounting to ₱320.14 million or ₱0.75 per share, payable on February 27, 2023 to all stockholders of record as of February 10, 2023.
- b. On February 4, 2023, the ₱4.65 billion fixed rated bonds of PSBank matured.
- c. On February 22, 2023, the BOD of the Parent Company approved the declaration of cash dividend amounting to ₱13.49 billion or ₱3.00 per share consisting of a regular cash dividend of ₽1.60 per share payable on a semi-annual basis at ₽0.80 per share and a special cash dividend of ₽1.40 per share. The first tranche of the regular cash dividend of ₽0.80 per share and the special cash dividend of ₱1.40 per share are payable on March 31, 2023 to all stockholders of record as of March 17, 2023. Record and payment dates for the second tranche of the regular cash dividend of ₱0.80 per share will be determined during the regular meeting of the BOD of the Parent Company in August 2023.

# 36. Approval of the Release of the Financial Statements

The accompanying financial statements of the Group and of the Parent Company were authorized for issue by the BOD on February 22, 2023.

# 37. Report on the Supplementary Information Required under BSP Circular No. 1074

## Supplementary Information Under BSP Circular No. 1074

On January 8, 2020, the Monetary Board approved the amendments to the relevant provisions of the Manual of Regulations for Banks and Manual of Regulations for Foreign Exchange Transactions. Among the provisions is the requirement to include the following additional information to the Audited Financial Statements.

## a. Quantitative indicators of financial performance

The following basic ratios measure the financial performance of the Group and the Parent Company:

	Consolidated			Parent Company		
	2022	2021	2020	2022	2021	2020
Return on average equity (1)	10.29%	6.89%	4.36%	10.27 %	6.88%	4.29%
Return on average assets <sup>(2)</sup>	1.23%	0.89%	0.56%	1.41%	1.03%	0.65%
Net interest margin on average						
earning assets <sup>(3)</sup>	3.56%	3.39%	3.98%	3.47%	3.14%	3.76%

(1) Net income attributable to equity holders of the Parent Company for the year divided by average total equity attributable to the Parent Company. (2) Net income attributable to equity holders of the Parent Company for the year divided by average total assets.
 (3) Net interest income for the year divided by average interest-earning assets.

#### b. Description of capital instrument issued

The Group and the Parent Company consider its common stock and subordinated debts as capital instruments eligible as Tier 1 and Tier 2 capitals.

# c. Significant Credit Exposures

Significant credit exposures as to industry, gross of unearned discount and capitalized interest, follows:

	Consolidated			Р	arent Com	pany		
	2022		2021		2022		2021

Mining and quarrying	1,034	0.07	1,090	0.09	553	0.04	529	0.05
Education	801	0.05	817	0.06	683	0.05	680	0.06
Others	269,219	18.48	212,918	16.64	208,263	16.37	166,028	15.17
	₽1,456,729	100.00	₽1,279,494	100.00	₽1,272,420	100.00	₽1,094,522	100.00

The Group considers that concentration of credit exists when total loan exposure to a particular industry or economic sector exceeds 30.00% of total loan portfolio.

#### d. Breakdown of loans

The following table shows information relating to receivables from customers by collateral, gross of unearned discounts and capitalized interest:

	Consolidated				Parent Company			
	2022		2021		2022		2021	
	Amount	%	Amount	%	Amount	%	Amount	%
Secured by:								
Other securities	₽263,540	18.09	₽242,086	18.92	₽263,540	20.71	₽242,086	22.12
Real estate	90,259	6.20	94,001	7.34	59,898	4.71	61,037	5.58
Chattel	86,128	5.91	91,882	7.18	17,760	1.40	17,796	1.63
Deposit hold-out	42,721	2.93	41,402	3.24	42,124	3.31	40,884	3.73
Equity securities	45,867	3.15	6,663	0.52	5,270	0.41	5,507	0.50
Others	14,958	1.03	10,732	0.84	374	0.03	304	0.03
	543,473	37.31	486,766	38.04	388,966	30.57	367,614	33.59
Unsecured	913,256	62.69	792,728	61.96	883,454	69.43	726,908	66.41
	₽1,456,729	100.00	₽1,279,494	100.00	₽1,272,420	100.00	₽1,094,522	100.00

Non-performing loans (NPLs) included in the total loan portfolio of the Group and the Parent Company, as reported to the BSP, are presented below:

	Conse	olidated	Parent Company		
_	2022	2021	2022	2021	
Gross NPLs	₽27,341	₽27,354	₽20,146	₽16,507	
Less allowance for credit losses	19,013	18,101	15,472	13,546	
Net carrying amount	₽8,328	₽9,253	₽4,674	₽2,961	

Under banking regulations, loan accounts shall be considered non-performing, even without any missed contractual payments, when they are considered impaired under existing accounting standards, classified as doubtful or loss, in litigation, and/or there is evidence that full repayment of principal or interest is unlikely without foreclosure of collateral, if any. All other loans, even if not considered impaired, shall be considered non-performing if any principal and/or interest are unpaid for more than ninety (90) days from contractual due date, or accrued interests for more than ninety (90) days have been capitalized, refinanced, or delayed by agreement. Restructured loans shall be considered non-performing. However, if prior to restructuring, the loans were categorized as performing, such classification shall be retained. Moreover, NPLs shall remain classified as such until (a) there is sufficient evidence to support that full collection of principal and interests is probable and payments of interest and/or principal are received for at least six (6) months; or (b) written-off. Microfinance and other small loans with similar credit characteristics shall be considered non-performing after contractual due date or after they have become past due.

e. Information on related party loans

In the ordinary course of business, the Group has loan transactions with investees and with certain directors, officers, stockholders and related interests (DOSRI) based on BSP Circular No. 423 dated March 15, 2004, as amended. Existing banking regulations limit the amount of individual loans to DOSRI, 70.00% of which must be secured, to the total of their respective deposits and book value of their respective investments in the lending company within the Group. In the aggregate, loans to DOSRI generally should not exceed the respective total equity or 15.00% of the respective total loan portfolio, whichever is lower, of the Parent Company, PSBank, FMIC, and ORIX Metro.

The following table shows information on related party loans as reported to the BSP:

	202	2	2021	l
-		<b>Related Party</b>		Related Party
	DOSRI Loans	Loans	DOSRI Loans	Loans

Loans	0.00%	1.41%	0.00%	0.00%

BSP Circular Nos. 560 and 654 provide the rules and regulations that govern loans, other credit accommodations and guarantees granted to subsidiaries and affiliates of banks and quasi-banks which require that the total outstanding loans, other credit accommodations and guarantees to each of the bank's/quasi-bank's subsidiaries and affiliates shall not exceed 10.00%, while a separate individual limit of 25.00% for those engaged in energy and power generation, of the net worth of the lending bank/quasi-bank, provided that the unsecured portion of which shall not exceed 5.00% or 12.50%, respectively, of such net worth. Further, the total outstanding loans, credit accommodations and guarantees to all subsidiaries and affiliates shall not exceed 20.00% of the net worth of the lending bank/quasi-bank; and the subsidiaries and affiliates of the lending bank/quasi-bank are not related interest of any director, officer and/or stockholder of the lending institution, except where such director, officer or stockholder sits in the BOD or is appointed officer of such corporation as representative of the bank/quasi-bank as reported to the BSP. As of December 31, 2022 and 2021, the total outstanding loans, other credit accommodations and guarantees to each of the Parent Company's subsidiaries and affiliates did not exceed 10.00% of the Parent Company's net worth, as reported to the BSP, and the unsecured portion did not exceed 5.00% of such net worth wherein the total outstanding loans, other credit accommodations and guarantees to all such subsidiaries and affiliates represent 13.50% and 11.51%, respectively, of the Parent Company's net worth. The Parent Company has no outstanding loans, other credit accommodations and guarantees to subsidiaries and affiliates engaged in energy and power generation.

Total interest income on DOSRI loans in 2022, 2021 and 2020 amounted to ₱206.6 million, ₱255.9 million and ₱367.8 million, respectively, for the Group, and ₱201.2 million, ₱250.3 million and ₱366.0 million, respectively, for the Parent Company.

## f. Secured Liabilities and Assets Pledged as Security

The following are the carrying values of government debt securities pledged and transferred under SSURA transactions of the Group and the Parent Company:

	Consolidated				Parent Company			
_	2022		2021		2022		2021

## INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY SCHEDULES

The Board of Directors and Stockholders Metropolitan Bank & Trust Company Metrobank Plaza, Sen. Gil Puyat Avenue Urdaneta Village, Makati City Metro Manila, Philippines

We have audited in accordance with Philippine Standards on Auditing, the consolidated financial statements of Metropolitan Bank & Trust Company and Subsidiaries (the Group) as at December 31, 2022 and 2021, and for each of the three years in the period ended December 31, 2022, included in this Form 17-A, and have issued our report thereon dated February 22, 2023. Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The schedules listed in the Index to the Supplementary Schedules are the responsibility of the Group's management. These schedules are presented for purposes of complying with the Revised Securities Regulation Code Rule 68, and are not part of the basic consolidated financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in our opinion, fairly state, in all material respects, the financial information required to be set forth therein in relation to the basic consolidated financial statements taken as a whole.

# INDEPENDENT AUDITOR'S REPORT ON COMPONENTS OF FINANCIAL SOUNDNESS INDICATORS

The Board of Directors and Stockholders Metropolitan Bank & Trust Company Metrobank Plaza, Sen. Gil Puyat Avenue Urdaneta Village, Makati City Metro Manila, Philippines

We have audited in accordance with Philippine Standards on Auditing, the consolidated financial statements of Metropolitan Bank & Trust Company and Subsidiaries (the Group) as at December 31, 2022 and 2021 and for each of the three years in the period ended December 31, 2022, and have issued our report thereon dated February 22, 2023. Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The Supplementary Schedule on Financial Soundness Indicators, including their definitions, formulas, calculation, and their appropriateness or usefulness to the intended users, are the responsibility of the Group's management. These financial soundness indicators are not measures of operating performance defined by Philippine Financial Reporting Standards (PFRSs) and may not be comparable to similarly titled measures presented by other companies. This schedule is presented for the purpose of complying with the Revised Securities Regulation Code Rule 68 issued by the Securities and Exchange Commission, and is not a required part of the basic consolidated financial statements prepared in accordance with PFRSs. The components of these financial soundness indicators have been traced to the Group's consolidated financial statements as at December 31, 2022 and 2021 and for each of the three years in the period ended December 31, 2022 and no material exceptions were noted.
