What is a UITF?

Unit Investment Trust Fund (UITF) is a collective investment scheme where money is pooled from various investors and invested collectively by professional fund managers in different high-yielding financial instruments. Investing in UITFs is an easy and affordable way to grow and diversify your money.

Metrobank has a wide range of UITFs through **My Choice Investment funds** that are suitable for your risk profile, investment horizon, and financial goals starting at PHP 1,000 and USD 500.

Whatever your financial goal is, there is a suitable investment P.A.T.H. for you. Whether short or long-term, the important thing is choosing to make your money grow by investing.

Before investing, think about your P.A.T.H.:

Purpose. Why are you investing? Define your goals and objectives.

Appetite for Risk. What is your level of risk for growth potential? Choose funds that best suits you.

Time Horizon. How long are you willing to invest? Set a time frame that's best for your goals.

Hurdles. What are your considerations? Make more strategic choices by factoring other aspects.

IMPORTANT NOTE ON UNIT INVESTMENT TRUST FUNDS (UITFs):

Unit Investment Trust Funds (UITFs) are **NEITHER deposit accounts NOR obligations of, NOR guaranteed, NOR insured** by the METROPOLITAN BANK & TRUST COMPANY or its affiliates or subsidiaries, UITFs are not covered by the Philippine Deposit Insurance Corporation (PDIC) and do not offer a guaranteed return or yield. Any income or loss arising from market fluctuations and price volatility of the securities held by the UITF, even if invested in government securities, is for the account of the investor/s. As such, units of participation of the investor/s when redeemed, may be worth more than or less than his/her initial investment/principal. **Historical performance is purely for reference purposes** and is not an assurance of future performance. **The Trustee is not liable for investment losses** unless such was incurred upon willful default, bad faith or gross negligence.

Prospective clients undergo a **profiling process** to determine their suitability to invest in a particular UITF based on their investment objectives and risk tolerance. Clients are advised to **read the Declaration of Trust/Plan Rules of the Fund**, which may be obtained from the Trustee, before making a decision to invest. Investors in the UITF are susceptible to different kinds of risks with varying degrees depending on the underlying securities of the UITF they choose and a clear understanding of these risks must be established before any investment is made. **A detailed explanation of these risks may be found in the Key Information and Investment Disclosure Statement (KIIDS) of each UITF.** Fees other than the Trust/Management Fee, such as External Audit and Custodianship Fees are described more thoroughly in the Key Information and Investment Disclosure Statement (KIIDS) of the Funds.
